INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
BDT Capital Partners, LLC Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of BDT Capital Partners, LLC Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the

financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDT Capital Partners, LLC Retirement Savings Plan

Notes to Financial Statements

As of December 31, 2021 and 2020, and for the year ended December 31, 2021

1. Description of the Plan

The BDT Capital Partners, LLC Retirement Savings Plan (“the Plan”) is a defined contribution plan offered to employees of BDT Capital Partners, LLC (“BDT” or the “Company”). A Benefits Committee, appointed by BDT, controls and manages the operation and administration of the Plan. Fidelity Management Trust Company (“Fidelity”) is the trustee and Custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). All employees at least 21 years of age are considered to be eligible employees. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Contributions — Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company, (iii) discretionary contributions made by the Company; and (iv) participant rollovers from another qualified Plan. Participants have the option to make Roth elective salary reduction contributions to the Plan.

Participants may elect to contribute a percentage of their compensation, including bonuses (starting in 2021), to the Plan each year, subject to contribution limit as set by the Internal Revenue Code (IRC). Such contributions are excluded from the participant’s taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions in excess of contribution limit as set for by the IRC.

BDT makes a matching contribution to each participant’s account equal to 3% of the amount of the participant’s salary. The maximum contribution amount eligible is limited at the IRC maximum. Additional profit sharing contributions may be made at the discretion of BDT. BDT made a \$2,648,811 (4.5%) discretionary profit sharing contribution to the Plan for the year ended December 31, 2021.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain IRC limitations.

Participant Accounts — Individual accounts are maintained for each participant of the Plan. Each participants’ account is credited with the participant’s contribution, related BDT matching and profit sharing contributions, and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of Plan losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Loans to Participants — Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of one-half of the vested account balance or \$50,000. The loans are secured by an assignment of a participant’s vested interest in the Plan, and bear interest at rate commensurate with local prevailing rates at the time funds are borrowed as determined by the Plan administrator. Principal and interest are repaid ratably through payroll deductions of as a lump sum for the outstanding loan balance. Loan terms range from 1-5 years, or greater than 5 years for the purchase of a primary residence.

On March 27, 2020, the Coronavirus Aid Relief and Economic Security, or CARES Act, was passed into law. The CARES Act provided immediate and temporary relief for eligible plan participants impacted by the coronavirus (COVID-19) with respect to loans. Under the CARES Act, loan payments and the loan repayment due dates may be delayed for up to one year. This relaxation expired on December 31, 2020.

BDT Capital Partners, LLC Retirement Savings Plan

Notes to Financial Statements

As of December 31, 2021 and 2020, and for the year ended December 31, 2021

Vesting — Participants are vested immediately in their contributions and BDT matching contributions, plus actual earnings thereon. Vesting in BDT's discretionary profit sharing contributions is based on years of service subject to the vesting scheduled outlined below.

1 year of service	0% vested
2 years of service	20% vested
3 years of service	40% vested
4 years of service	60% vested
5 years of service	80% vested
6 years of service	100% vested

Investments — Participants may direct the investment of their contributions, BDT contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan offers a range of target date funds, equity funds, fixed income funds and a money market fund. Participants may direct their investments through a trustee sponsored brokerage account, which offers the option to invest in a variety of individual stocks and mutual funds.

Payment of Benefits — Upon termination of service with BDT (including termination of service due to death, disability, or retirement), the vested interest will be distributed to participant or (or beneficiary) as soon as administratively practicable. Participants may also request hardship distributions in accordance with Plan Document.

Forfeited Accounts — When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future BDT contributions or Plan administrative expenses for the plan year. As of December 31, 2021 and 2020, forfeited nonvested accounts available for Plan use were \$37,993 and \$17,143, respectively.

Termination of the Plan — The Plan is intended to be permanent, but could be terminated at any time subject to the provisions set forth in the ERISA, at which time contributions and allocations will cease. Participants will have a 100% vested interest in their Participant Accounts as of the termination date. Distribution of the Accounts will occur within a reasonable time after termination.

2. Summary of Significant Accounting Policies

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

As of December 31, 2021 and 2020, and for the year ended December 31, 2021

Risks and Uncertainties — The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risk includes the impact of global pandemics and international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

In March 2020, the World Health Organization classified the COVID-19 outbreak as a pandemic. As a result, global financial markets have experienced, and may continue to experience, significant volatility resulting from the spread of COVID-19. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions and therefore, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The extent of the impact of COVID-19 on the Plan's net assets available for benefits and contributions will depend on future developments, including the duration and continued spread of the outbreak. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans, if any, are recorded as distributions based on the terms of the Plan documents. As of December 31, 2021, loans have maturities through 2025 at an interest rate of 4.25% or 5.75%.

Benefits Payable — Benefits are recorded when paid. As of December 31, 2021 and 2020 there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but had not been paid.

Administrative Expenses — Administrative expenses of the Plan are paid by BDT or the Plan, as provided in the Plan document.

Reconciliation to Form 5500 — The Company discloses reconciling items between the financial statements and the Form 5500. There are no reconciling items within the financial statements that would differ from Form 5500 in the current period.

4. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy are described as follows:

Level I — Investments traded in an active market which are valued based on quoted prices for identical assets as of the measurement date

Level II — Investments which are valued based on observable market inputs that are readily available or Level I investments where there is a contractual restriction as of the measurement date

Level III — Investments which are valued based on significant unobservable market inputs as of the measurement date

Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price.

Collective Trust Funds — Valued at the net asset value of units of a bank collective trust. Net asset value as provided by the trustee is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner. The Collective Trust Fund held by the Plan as of December 31, 2021 has a daily redemption frequency and redemption notice period and has no unfunded commitments or other redemption restrictions. There are no participant restrictions for the investments and the redemption notice period is applicable only for the Plan.

5. Income Tax

The Plan uses a prototype plan document sponsored by Fidelity Management and Research Company. Fidelity Management and Research Company received an opinion letter from the IRS, dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon exemption by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Exempt Parties-in-interest Transactions

Certain Plan investments as of December 31, 2021 and 2020 are shares of mutual funds managed by Fidelity Management and Research Company. Fidelity Investments Institutional Operations Company, an affiliate of Fidelity Management Trust Company, is the recordkeeper as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fidelity Investments Institutional Operations Company and Fidelity Management Trust Company are underlying business units of Fidelity Management and Research Company. Fees paid by the Plan for the investment management services are included as a reduction of the return on each fund.

7. Subsequent Events

Subsequent events were evaluated through October 13, 2022, the date the financial statements were available to be issued. There were no material subsequent events that occurred between January 1, 2022 through October 13, 2022, that required disclosure in the financial statements.
