INDEPENDENT AUDITOR'S REPORT

To the Trustees,
Kyowa Kirin 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Kyowa Kirin 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplementary Schedules Required by ERISA

The supplementary schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Kyowa Kirin 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. PLAN DESCRIPTION

The following description of the Kyowa Kirin 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 1998, as a defined contribution plan. The Plan covers substantially all employees of Kyowa Kirin, Inc. (the "Plan Sponsor"), formerly Kyowa Kirin USA Holdings, Inc. and its affiliated companies (collectively, the "Company") who meet the eligibility provisions of the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility Requirements

Employees are eligible to participate in the Plan if they have completed one month of service. Participants may enter the Plan as soon as administratively possible in the next upcoming payroll following or coinciding with meeting the eligibility requirements.

Contributions

The Plan is contributory, with participants having the option of contributing up to 75% of their eligible compensation, subject to the limitations of the Internal Revenue Code ("IRC"). Participants may elect to make Roth contributions to the Plan. The Plan permits participants to make catch-up contributions, as defined in the Plan. Participants may also roll over amounts representing distributions from other plans. Participants direct their contributions into various fund investment options offered by the Plan.

Participants are automatically enrolled upon meeting the eligibility requirements to defer pre-tax 6% of eligible compensation, which may be changed during the Plan year. Unless a different percentage is selected, the contribution rate is automatically increased by 1% annually, up to a maximum of 10%.

The Company makes a safe harbor matching employer contribution. All eligible participants receive a 100% match on the first 4% of their respective contribution to the Plan. The Company made a safe harbor matching employer contribution in the amount of \$2,904,360 for the year ended December 31, 2021.

The Company, at its discretion, may make contributions in addition to the aforementioned safe harbor matching contribution. These additional discretionary nonelective contributions are determined for each designated group. Active participation is not an eligibility requirement for the discretionary nonelective contributions. Such discretionary nonelective contributions are allocated to participants based on the participant's share of the total eligible compensation. The Company may choose not to make any discretionary nonelective contributions. Except for those who died, became disabled, or retired during the Plan year, employees must complete at least 500 hours of service during the Plan year and be employed as of the last day of the Plan year to be eligible for the discretionary nonelective contributions. The Company made a discretionary nonelective contribution in the amount of \$2,103,618 for the year ended December 31, 2021.

Notes Receivable from Participants

The Plan provides for notes receivable from participants. Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. Principal and interest are paid through payroll deductions. Effective October 22, 2018, the Plan was amended so that loans are not immediately due upon termination of employment. At December 31, 2021, interest rates on outstanding loans ranged from 4.25% to 6.50%.

Notes to Financial Statements
December 31, 2021 and 2020

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's contributions and investment earnings. Allocations of the Plan's investment income are based on account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

All employee contributions and the Company's safe harbor matching contribution (after January 1, 2017), as well as earnings thereon, are 100% vested immediately. Company matching contributions (prior to January 1, 2017), discretionary nonelective contributions, if any, and earnings thereon, vest pro-rata over a five-year period from the participant's anniversary date (starting at 25% after two years of employment). Vesting is based solely on the elapsed time employed.

Payment of Benefits

In the event of termination of employment, retirement, death or disability, all of a participant's vested contributions and earnings thereon will be paid at the participant's option (subject to spousal consent) in a lump-sum distribution. Participants may defer receipt of their distribution until a later date. However, participants cannot postpone their distribution if their vested account balance is \$5,000 or less, in which case the Plan administrator will direct the trustee that any account balance exceeding \$1,000 be distributed to an IRA for their benefit. If the vested account balance is \$1,000 or less, the plan administrator will direct the trustee to distribute the funds as a lump-sum distribution without the participant's consent. The Plan also permits hardship withdrawals which must be approved by the trustee of the Plan.

Effective January 1, 2019, the Plan adopted the provisions of the Bipartisan Budget Act of 2018 relating to hardship withdrawals. The provisions eliminated the requirement for participants to obtain participant loans prior to requesting and obtaining a hardship withdrawal and the six-month suspension of employee deferrals following a hardship withdrawal.

Forfeitures

If a participant forfeits any unvested balances in their account, the forfeited assets may be used to pay Plan administrative expenses or to reduce future employer contributions. As of December 31, 2021 and 2020, non-vested forfeiture accounts amounted to \$404,185 and \$161,414, respectively. During the year ended December 31, 2021, forfeitures in the amount of \$73 and \$29,867 were used to pay Plan expenses and to reduce employer contributions, respectively.

Administrative Expenses

Except for investment fees and trustee fees, administrative expenses incurred by the Plan are paid by the Plan Sponsor on behalf of the Plan. In addition, certain investment expenses have been offset with net investment income and are not readily determinable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed by the Plan in the preparation of the financial statements:

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis. Under this method of accounting, contributions and investment income are recorded when earned, benefits are recorded when paid and expenses are recorded when incurred.

Kyowa Kirin 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Registered investment companies represent investments with various investment managers. The fair values of registered investment companies are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in registered investment companies traded on national securities exchanges are valued at quoted market prices. The Plan also offers a stable value fund via a common/collective trust which invests in investment contracts issued by insurance companies and other institutions. The Plan's investment in the stable value fund is included in the statements of net assets available for benefits at net asset value ("NAV"). NAV represents contributions made to the stable value fund, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net investment gains (losses) include the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

3. INFORMATION PREPARED AND CERTIFIED BY PLAN TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the trustee has certified the completeness and accuracy of all investments and notes receivable from participants as of December 31, 2021 and 2020 in the accompanying statements of net assets available for benefits and the related investment income and notes receivable from participants activity for the year ended December 31, 2021 in the accompanying statement of changes in net assets available for benefits, as well as the supplementary schedule of assets (held at end of year) as of December 31, 2021. No auditing procedures were performed by the independent auditors as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the trustee, except for comparing such information with the related information included in the financial statements and supplementary schedule. Based on information provided and certified by the trustee, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2021 and 2020.

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Registered Investment Companies: The fair values of the registered investment companies are based on quoted market values that are available on an active market. These are priced daily. The fair values of common stocks, corporate bonds, and U.S. government securities are based on the closing price reported in the same active market where the individual securities of the registered investment companies are traded.

Common/Collective Trust: The common/collective trust is valued based on the NAV of its respective underlying investments. The stable value fund is valued based on the reported NAV. The NAV is used as a practical expedient to estimate fair value.

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020:

	Fair Value at December 31,		Unfunded Commitment	Redemption Frequency	Redemption Notice Period (Plan Level)

Common/Collective Trust					
Morley Stable Value Fund	\$ 3,321,425	\$ 2,872,279	\$ -	30 days for non- competing option	12 months

5. COMMON/COLLECTIVE TRUSTS

The Plan invests in the Morley Stable Value Fund (the "Fund"), which is a common/collective trust fund. The Fund invests primarily in stable value products, such as conventional guaranteed investment contracts ("GIC") and synthetic investment contracts. The investment contracts are issued by insurance companies, banks, and other financial institutions. The conventional guaranteed GICs are primarily nonparticipating, wherein the contract holder does not participate in any gains and losses incurred due to performance of the underlying portfolio relative to the book value at times of withdrawals. The synthetic investment contracts are primarily participating, wherein the contract holder participates in gains and losses incurred due to performance of the underlying portfolio relative to book value at times of withdrawals.

Notes to Financial Statements
December 31, 2021 and 2020

6. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of registered investment companies managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid to the trustee by the Plan amounted to \$96,965 for the year ended December 31, 2021. Investment-related fees are reflected as an offset of net investment income and are not readily determinable. Notes receivable from participants are transactions with participants; these loan transactions qualify as exempt party-in-interest transactions.

7. INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Plan by letter dated June 30, 2020, that the Plan and related trust are designed in accordance with Section 401 (a) of the IRC. The Plan has been amended since receiving the letter. However, the Plan administrator and the Plan's tax consultant believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

8. PLAN TERMINATION

The Company has the right under the Plan to terminate the Plan at any time subject to the provisions set forth in ERISA. In the event of termination of the Plan, the right of all participants to benefits would become 100% vested and nonforfeitable. The amount of the account balance due to each participant would be distributed in accordance with the payment provisions of the Plan.

9. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits from the statements of net assets available for benefits at fair value and the filed form 5500 as of December 31:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per statements of net assets available for benefits	\$ 83,022,295	\$ 69,630,141

Kyowa Kirin 401(k) Retirement Plan

December 31, 2021 and 2020

The following is a reconciliation of the net change in net assets available for benefits per the financial statement to net income per Form 5500 for the year ended December 31, 2021:

Net change in net assets available for benefits per the statement of changes in net assets available for benefits	\$ 13,392,154
Add: Prior year employer contribution receivable	1,696,055
Less: Current year employer contribution receivable	<u>(2,103,618)</u>
Net income per filed Form 5500	<u>\$ 12,984,591</u>

The financial statements are prepared on the accrual basis of accounting while the Form 5500 for the year ended December 31, 2021 was prepared on the cash basis of accounting.

10. RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

11. SUBSEQUENT EVENTS

The Plan has evaluated the existence of subsequent events through October 13, 2022, the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that would require disclosure in the financial statements.
