INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of Physicians'
Practice Enhancement, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Physicians' Practice Enhancement, LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Physicians' Practice Enhancement, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Physicians' Practice Enhancement, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Physicians' Practice Enhancement, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Physicians' Practice Enhancement, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Physicians' Practice Enhancement, LLC 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan covers substantially all employees, except for employees that assign codes to patient charts for billing and are paid by item (Coders), who are age twenty-one or older. Effective July 1, 2016, all eligible employees 21 years or older on July 1, 2016 became eligible to participate in the Plan and the Plan allows for immediate eligibility for employees hired after July 1, 2016. Effective January 1, 2019, the Plan was amended and restated to provide for the allocation of matching contributions on the basis of employee classifications which resulted in two distinct matching classification groups.

The Plan was amended to formally adopt the hardship distribution provisions under the Bipartisan Budget Act of 2018 with an effective date of January 1, 2020.

The Plan was amended and restated effective December 1, 2021. The adoption of the DST Retirement Solutions, LLC Non-standardized Defined Contribution Pre-Approved Plan brought the plan into compliance with legislative and regulatory changes set forth in IRS Notice 2017-37. Significant changes resulting from this restatement include the removal of the provision for the allocation of matching contributions on the basis of employee classifications creating a single matching group, the reduction of the number of loans a participant may have outstanding from two to one, and no longer permitting the refinancing of participant loans. In addition, effective with the year ended December 31, 2021, the eligibility requirements for matching and profit sharing contributions were modified such that an individual that is not employed at the end of the plan year is eligible for the matching and profit sharing contributions provided that they complete a minimum of 1,000 hours of service in the plan year.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's trustee is responsible for oversight of the Plan. The Company is the Plan Administrator and is responsible for the day-to-day operations of the Plan. The Plan's trustee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Coronavirus Aid, Relief, and Economic Security (CARES) Act

The CARES Act was signed into law on March 27, 2020 in response to the economic impact caused by the coronavirus pandemic. The CARES Act includes, among other things, several optional relief provisions available to tax-qualified retirement plans and their participants. During 2020, plan management elected to implement the following provisions:

401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

1. Description of plan (Continued)

Coronavirus Aid, Relief, and Economic Security (CARES) Act (Continued)

- Permitting qualified participants to receive penalty free coronavirus-related distributions during the period January 1, 2020 through December 31, 2020 of up to \$100,000. These distributions may be repaid by the participant within three years, or the participant may elect to include these distributions in taxable income.
- Increasing the maximum loan amount available to participants during the period March 27, 2020 through September 22, 2020 to up to \$100,000.
- A temporary waiver of required minimum distributions (RMDs) permitted participants to suspend their RMDs for 2020.

The CARES Act allows for immediate utilization of these provisions with formal amendment required no later than December 31, 2025.

Contributions

Participants may contribute up to 100% of their pre-tax annual compensation, as defined by the Plan, on either a pre-tax deferral basis or on an after-tax basis as a Roth 401(k) deferral. Participants that are fifty years of age or older may make catch-up contributions to the Plan. Contributions are subject to certain statutory limitations. Participants may also contribute amounts representing distributions from other qualified plans as rollover contributions. The Company and its affiliates may make discretionary matching contributions and profit sharing contributions, which are allocated as of the last day of the plan year. Participants that terminate employment during the plan year must complete a minimum of 1,000 hours of service during the plan year to receive an allocation of matching and profit sharing contributions. Those employed on the last day of the plan year and those that separated from employment due to retirement, death or disability are eligible for an allocation of matching and profit sharing contributions regardless of service. Matching contributions are a discretionary percentage allocated proportionately to the elective deferrals. For 2021, the Company and its affiliates made matching contributions of 10% of deferrals up to 10% of compensation, with a maximum match of \$600, for all eligible participants. There were no profit sharing contributions declared for 2021. The matching contribution for the year ended December 31, 2021, which totaled \$37,247 prior to the application of forfeitures, was funded in 2022. Participants direct the investment of contributions into various investment options offered by the Plan and may change their investment options at any time.

Participant accounts

Each participant's account is credited with the participant's elective and rollover contributions and employers' matching contributions, as well as allocations of the employers' profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions. Participants are fully vested in their employer matching and profit sharing contributions, and earnings thereon, using a graded vesting schedule, after completing six years of service. Additionally, participants become 100% vested if separated from service due to death or if employed after their normal retirement date.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of 50% of the participant's vested account balance or \$50,000. During the period March 27, 2020 through September 22, 2020, the maximum amount available under the Plan's loan policy was increased to \$100,000 in accordance with the adoption of the related voluntary CARES Act provision. The loans are collateralized by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions over a period generally not to exceed sixty months, unless the loan is for the purchase of a principal residence, for which the repayment term may not exceed one hundred and twenty months. Prior to December 1, 2021, a participant could have no more than two loans outstanding at given time, refinancing of loans was permitted and loans bore interest at the prime rate in effect at the loan's inception plus 2%. Effective December 1, 2021, a participant may have no more than one loan outstanding at any time, refinancing of loans is not permitted and interest is charged at the prime rate in effect at the loan's inception plus 1%.

Payment of benefits

Benefits are generally paid in the form of a lump sum.

Participants may withdraw all or a portion of the vested portion of their accounts if they:

- terminate employment before attaining normal retirement age
- become disabled
- retire
- die
- attain normal retirement age but continue to work, or
- qualify for in-service distributions upon attaining age 59 ½

In addition, participants may withdraw their employee 401(k) contributions, and earnings thereon, if they incur a financial hardship. Hardship distributions are also permitted from non-elective and matching contributions. Additionally, in-service distributions are always permitted from a participant's rollover account.

1. Description of plan (Continued)

Forfeited accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$4,409 and \$20,232, respectively. These amounts may be used to restore previously forfeited account balances of participants, reduce future employer contributions, and pay administrative expenses. During the year ended December 31, 2021, forfeitures in the amount of \$22,076 were utilized to reduce the funding of the year ended December 31, 2020 employer matching contribution.

Remittance of contributions

The Company remits employee deferral contributions to the Plan on a payroll by payroll basis. The Company remits employer matching and profit sharing contributions after the close of the plan year.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies using information provided by the custodian or trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for loan losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Tax status

Effective January 1, 2019, the Plan adopted a Prototype Non-standardized Profit Sharing Plan with CODA developed by Professional Pension Planners, Inc. (PPP). The Internal Revenue Service (IRS) has determined and informed PPP by its IRS Opinion Letter dated March 31, 2014, that the form of the prototype non-standardized profit sharing plan as then designed was in compliance with applicable provisions of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. The Plan administrator and the Plan's legal counsel believe that the Plan is designed and operated in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt. Accordingly, there is no provision for income taxes in the accompanying financial statements.

Effective December 1, 2021, the Plan adopted a Non-standardized Defined Contribution Pre-Approved Profit Sharing Plan with CODA developed by DST Retirement Solutions, LLC (DST). The IRS has determined and informed DST by its IRS Opinion Letter dated June 30, 2020, that the form of the pre-approved plan as then designed was in compliance with applicable provisions of the IRC. The Plan administrator and the Plan's legal counsel believe that the Plan is designed and currently being operated in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt. Accordingly, there is no provision for income taxes in the accompanying financial statements.

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 740, *Income Taxes*, requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if they have taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's policy is to recognize interest and penalties related to unrecognized tax benefits in income tax expense.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for the benefits.

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact, if any, the pandemic will have on the Plan's financial statements.

December 31, 2021 and 2020

2. Summary of significant accounting policies (Continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from these estimates.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the affected participant's account and are included in administrative expenses. Fees for third-party administration, recordkeeping and investment advisory services are also included in administrative expenses. The Plan receives amounts under a revenue-sharing agreement which are utilized to pay these third-party service provider fees (Note 5). Investment related expenses are included in net appreciation of fair value of investments.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Recent accounting pronouncements

In August 2018, FASB issued *Accounting Standards Update 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement ("ASU 2018-13")*. ASU 2018-13 modifies the disclosure requirements for fair value measurements in ASC Topic 820, *Fair Value Measurement*. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The Plan adopted ASU 2018-13 on January 1, 2020, which did not have a material effect on the Plan's financial statements.

3. Investments and fair value of financial instruments

ASC Topic 820, *Fair Value Measurement*, provides a framework for measuring, reporting and disclosing fair value under generally accepted accounting principles. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

PHYSICIANS' PRACTICE ENHANCEMENT, LLC
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

3. Investments and fair value of financial instruments (Continued)

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Registered investment companies (mutual funds) and money market funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common investment trust - Valued based on the NAV of units in each account held by the Plan at year end. The NAV, as provided by the Trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying assets comprising the account less its liabilities.

Pooled separate accounts – Valued based on the NAV of units in each account held by the Plan at year end. The NAV, as provided by the insurance company, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

3. Investments and fair value of financial instruments (Continued)

Stable value options – Stable value funds are commingled with assets in the Transamerica general account and there is no specific portfolio of assets in which the stable asset option invests. The contract value equals the total cost of the investment (amount paid at the time of purchase plus or minus any additional deposits or withdrawals) plus accrued interest. As this is a depository liability of Transamerica, similar to a bank certificate of deposit, with no formal maturities, fair value equals contract value. The objective of the stable value options is to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. treasury bills.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Assets at fair value at December 31, 2021 were as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 12,437			\$ 12,437
Mutual funds	11,402,750			11,402,750
Investments measured at net asset value (a) Common investment trusts				<u>345,839</u>
Total investments at fair value	<u>\$11,415,187</u>			<u>\$11,761,026</u>

Assets at fair value at December 31, 2020 were as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Stable value fund		<u>\$378,295</u>		\$ 378,295
Investments measured at net asset value (a) Pooled separate accounts				<u>9,985,208</u>
Total investments at fair value				<u>\$10,363,503</u>

- (a) In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

At December 31, 2021, investments in target allocation and the American Funds American Balanced R6 funds comprised 63% of total value of the investments held in the Plan.

3. Investments and fair value of financial instruments (Continued)

Changes in fair value levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers in or out of Levels 1, 2, or 3 for the years ended December 31, 2021 and 2020.

Investments measured using the net asset value per share practical expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

<u>Investment Type</u>	<u>Fair Value</u> <u>as of December 31,</u>		<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
	<u>2021</u>	<u>2020</u>			
Common investment trusts	\$345,839	\$ -0-	\$ -0-	Daily	None

	<u>\$345,839</u>	<u>\$9,985,208</u>	<u>\$ -0-</u>		

4. Investment information certified by the custodian or trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Transamerica Life Insurance Company (Transamerica), the custodian of the Plan prior to December 1, 2021 and Reliance Trust Company, the trustee of the Plan effective December 1, 2021, as complete and accurate, except for comparing such information certified by the custodian or trustee to information included in the Plan's financial statements and supplemental schedule. The custodian or trustee certified the following as complete and accurate:

- a. The investments, at fair value, at December 31, 2021 and 2020.
- b. Net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2021.
- c. Schedule H, Line 4i-Schedule of Assets (Held at year End).

5. Related party and party-in-interest transactions

Through November 30, 2021, all plan investments were units of pooled separate accounts and a stable value fund managed by Transamerica Life Insurance Company (Transamerica). Transamerica was the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions,

Certain plan investments are mutual funds and money market funds of T. Rowe Price (TRP). TRP Retirement Plan Services, Inc. provides recordkeeping and administrative services to the Plan commencing December 1, 2021 and, therefore, these transactions qualify as party-in-interest transactions. Investments in TRP target allocation funds comprised 46% of total investments.

Transamerica and the Plan had established an Annual Expense Budget Account (EBA) under which the Plan received a credit of .38% of assets allocated to all investments active under the Plan. The amounts received under the EBA were used to pay the costs of services provided to the Plan by an affiliate of Transamerica. During 2021, amounts earned under the EBA totaled \$36,449 and \$47,199 was utilized to pay administrative expenses. As of December 1, 2021, the remaining balance from Transamerica was transferred to TRP Retirement Plan Services, Inc. into a Plan expense account to pay any fees and expenses. At December 31, 2021, \$8,028 is available to offset future expenses.

6. Operational deficiency

The Plan did not operate in accordance with certain provisions of the Plan document with regard to compensation and participant deferral elections in certain instances during the years ended December 31, 2016 through 2019 and 2021.
