Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Simply Good Foods USA, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Delinquent Participant Contributions and Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Simply Good Foods USA, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 1 – Description of Plan

The following brief description of Simply Good Foods USA, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established effective January 1, 2002. Effective January 1, 2021, the Plan adopted a Non-Standardized Pre-Approved 401(k) Profit Sharing Plan (“Non-Standardized Plan”). It covers all eligible employees of Simply Good Foods USA, Inc. (the “Employer” or “Company”) who have at least 30 days of employment are 21 or older except for employees covered by collective bargaining agreements and nonresident aliens. The Plan was originally set up under the name Atkins Nutritionals, Inc. 401(k) Profit Sharing Plan and was amended on January 13, 2020 to change the name of the plan to Simply Good Foods USA, Inc. 401(k) Profit Sharing Plan. The Plan is subject to the provisions of ERISA. The Board of Trustees is responsible for oversight of the Plan. Management of the Company determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees. The assets of the Plan are administered under a trust agreement with Empower Retirement (“Empower”). The trust agreement requires that the custodian administer in accordance with the text of the Plan, the trust agreement, and instructions from the Plan Administrator. The custodian holds and manages the assets of the Plan.

Contributions

Each year, participants may contribute to the Plan from 1 to 100 percent (in full percentage points) of their “before-tax” earnings, as defined in the Plan, up to a maximum in accordance with Section 415(c) of the IRC and adjusted annually for inflation thereafter. Participants direct the investment of their contributions, the employer contributions and rollovers into various investment options offered by the Plan. The Plan accepts Roth Elective Deferrals made on behalf of participants. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”). Effective January 1, 2020, the Plan was formally amended to change the employer safe harbor contribution calculation formula to 100% of the salary deferrals up to 3% of Plan compensation, plus 50% of salary deferrals up to the next 2% of Plan compensation. During the years ended December 31, 2021 and 2020, the Employer made matching contributions of \$1,246,105 and \$1,361,255, respectively. The Employer did not make any discretionary contributions in 2021 and 2020. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Company matching contributions as well as an allocation of (a) the Company’s discretionary contribution, if any (b) Plan earnings and losses, and (c) an allocation of Plan administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Earnings (losses) are allocated by fund based on the ratio of a participant’s account invested in a particular fund to all participants’ investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants immediately vest 100 percent in their voluntary contributions, employer matching contributions, other employer discretionary contributions and earnings thereon.

Notes to Financial Statements
December 31, 2021 and 2020

Note 1 – Description of Plan (continued)

Forfeited Accounts

Forfeitures of non-vested benefits are used to reduce Plan expenses and employer contributions. Forfeited non-vested accounts totaled \$2,579 and \$30,879 at December 31, 2021 and 2020, respectively. For the years ended December 31, 2021 and 2020, forfeitures of \$2,136 and \$28,785, respectively, were used to reduce Plan expenses and Employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from 1-5 years or a longer repayment period allowed by the administrator for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through semi-monthly payroll deductions. Hardship withdrawals are permitted in accordance with the Plan. The Plan allows a participant to have two outstanding loans at any given time.

Payment of Benefits

On termination of service due to death, disability, retirement, or for other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Distributions are subject to the applicable provisions of the Plan agreement.

Coronavirus Aid, Relief and Economic Security Act

The Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") was enacted on March 27, 2020. The CARES Act includes a number of relief provisions available to tax-qualified retirement plans. The provisions of the CARES Act may be effective and operationalized immediately (i.e., prior to amending the Plan document). The Plan adopted certain measures included in the CARES Act as follows:

- Permit the delay of Required Minimum Distributions ("RMD") for a period of one year, with the delay applying to both 2019 distributions that were required to begin no later than April 1, 2020, and 2020 distributions, unless an employee elects to receive an RMD in 2020. Participants electing to receive a 2020 RMD amount were able to use the 60-day rollover option.

The timing and manner for formal plan amendments, as determined by the CARES Act, is for the Plan year ending December 31, 2022, however, the timing of the RMD provision was extended to the plan year ending December 31, 2025.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Contracts

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 2 – Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Employer determines the Plan's valuation policies utilizing information provided by the Plan's investment adviser and trustee.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses have been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Defaulted loans of \$1,394 and \$73,514 were included in benefits paid to participants in the statement of changes in net benefits available for the year ended December 31, 2021 and 2020, respectively.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company as provided by the Plan agreement. Certain administrative expenses of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Accounting Standards Updates ("ASU")

On August 28, 2018, FASB issued ASU 2018-13, Disclosure Framework-Changes to the Disclosure Requirement for Fair Value Measurement (Topic 820). The ASU, which applies to all entities (including defined contribution plans), removes, modifies and adds fair value and/or Net Asset Value ("NAV") related disclosures. The ASU is effective for years beginning after December 15, 2019. The Board of Trustees has determined that the adoption of ASU 2018-13 has no impact, on its financial statements.

Note 3 – Certified Investments

On December 31, 2020 Empower acquired the retirement plan and business of Mass Mutual Life Insurance Company (“Mass Mutual”). On July 27, 2021, Empower was the sole administrator of the Plan.

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Empower (the custodian of the Plan):

	<u>December 31, 2021</u>	<u>December 31, 2020</u>
Investments, at fair value:		
Pooled separate accounts	\$ 27,554,068	\$ 21,605,789
Guaranteed interest account, at contract value	\$ 3,777,024	\$ 3,503,270
Notes receivable from participants	\$ 276,422	\$ 123,868
	<u>For the year ended December 31, 2021</u>	<u>For the year ended December 31, 2020</u>
Investment income	\$ 3,729,468	\$ 3,934,082
Interest income on notes receivable from participants	\$ 12,205	\$ 11,473

The assets of the Plan are invested at the direction of the participants in various investment funds at December 31, 2021 and 2020.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	---

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

Note 4 – Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Pooled separate accounts: Valued at fair value based on the current market values of the underlying assets of the fund.

The preceding methodology described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's recurring investments at fair value as of December 31, 2021 and 2020:

Note 5 – Investment Contract with Insurance Company

The Plan had a fully benefit-responsive investment contract with Mass Mutual totaling \$3,777,024 and \$3,503,270 at December 31, 2021 and 2020, respectively. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and certain administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate is based on a formula established by the contract issuer and is reviewed on a quarterly basis for resetting. The average yield earned by the Plan and the average interest rate credit to participants is the same at December 31, 2021 and 2020. The Guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This guaranteed investment contract meets the fully benefit-responsive criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under their terms of the Plan. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and/or regulatory events.

Note 5 – Investment Contract with Insurance Company (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan administrator, as well as the Company and its management, believe that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Average yields:	<u>2021</u>	<u>2020</u>
Based on actual earnings	3.00%	3.00%
Based on interest rate credited to participants	3.10%	2.91%

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 – Tax Status

The Non-Standardized Plan received a favorable opinion letter dated June 30, 2020, in which the IRS stated that the pre-approved plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan's tax counsel believe that the adoption agreement for the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the plan is qualified and the related trust is tax exempt. Prior to the adoption of the Non-Standardized Plan, the Plan had received its favorable opinion letter dated March 31, 2014, in which the IRS stated that the volume submitter profit sharing plan, as then designed, was in compliance with the applicable sections of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The trustees of the Plan have analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2021, no uncertain positions were taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The impact of the COVID-19 pandemic outbreak continues to evolve. The pandemic has adversely affected net global economic activity and has contributed significant volatility in the financial markets. Because the values of the Plan's investments have and will fluctuate in response to changing market conditions, the ultimate impact of the pandemic on the Plan (and the Company) and its future results and financial position is not presently determinable.

Note 9 – Related Party Transactions

Certain Plan investments are managed by Empower, the custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid by revenue sharing, rather than direct payment.

As described in Note 2, the Plan made direct payments to Empower of \$84,232 and Mass Mutual of \$58,799 at December 31, 2021 and 2020, respectively; which were not covered by revenue sharing. The Employer pays directly any other fees related to the Plan's operations.

Note 10 – Self Correction Program

During the year ended December 31, 2020, the Company failed to remit to the Plan's trustee certain employee contributions within the period prescribed by Department of Labor regulations resulting in nonexempt prohibited transactions. Under the regulations, amounts withheld by an employer from a participant's wages for contributions to a plan are plan assets on the earliest date that they can reasonably be segregated from the employer's general assets. The Company made contributions to the affected participant's account during 2020 to compensate the participant for potential lost income due to the untimely remittances. Management believes that the lost earnings due to the untimely remittances are not material to the Plan's financial statements. Lost earnings of \$762 were remitted to the Plan in 2020 and are included in the total contributions on the statement of changes in net assets available for benefits for the year ended December 31, 2020.

Note 11 – Untimely Participant Contributions

During 2021, the Company failed to remit to the Plan's trustee certain employee contributions totaling \$100,371 within the period prescribed by Department of Labor regulations resulting in nonexempt prohibited transactions. Under the regulations, amounts withheld by an employer from a participant's wages for contribution to a plan are plan assets on the earliest date that they can reasonably be segregated from the employer's general assets. Management believes that the lost earnings due to the untimely remittances are not material to the Plan's financial statements. Lost earnings on the 2021 untimely participant contributions will be determined and remitted to the Plan in 2022.

Note 12 – Subsequent Events

Recent increases in inflation and interest rates, as well as other changes in economic and political events, have resulted in increased volatility in financial markets. Accordingly, the Plan's investment portfolio, subsequent to December 31, 2021, has incurred a decline in aggregate fair value. It is not known if values will continue to decline or how long a recovery, if any, of these values will take to recapture their peak values.

The Plan has evaluated subsequent events for potential recognition or disclosure in the financial statements through October 11, 2022, the date the financial statements were available to be issued.
