Independent Auditors' Report

The Participants and Plan Administrator
LX HAUSYS AMERICA, INC. SAVINGS PLAN:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of LX HAUSYS AMERICA, INC. SAVINGS PLAN (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreeing to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditors’ Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreeing to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreeing to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

LX HAUSYS AMERICA, INC. SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(1) Description of Plan

The following description of LX HAUSYS AMERICA, INC. SAVINGS PLAN (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all full-time employees of LX HAUSYS AMERICA, INC. (the “Company” or the “Plan Sponsor”), with age requirement of 18 or older and service requirement of three months, other than part-time, temporary or seasonal employees who are regularly scheduled to work less than 1,000 hours and expatriates from Korea. The Plan began on January 1, 2005 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The administration of the Plan is the responsibility of the administrator appointed by the Board of Directors of the Company. The Plan's custodian is Reliance Trust Company (“Reliance”). Under the service agent agreement entered into between Reliance and Transamerica Financial Life Insurance Company (“Transamerica”), Transamerica also serves as an agent of Reliance for the Plan. The recordkeeper is Transamerica Retirement Solutions, LLC, a subsidiary of Transamerica.

Effective July 1, 2021, the Company changed its legal name to LX HAUSYS AMERICA, INC. and LG HAUSYS AMERICA, INC. SAVINGS PLAN was also renamed into LX HAUSYS AMERICA, INC. SAVINGS PLAN.

(b) Contributions

Every pay period, participants may elect to defer amounts from 1% to 86% of pre-tax or after-tax eligible earnings as defined in the Plan. Participants of age 50 or over may be eligible to contribute an additional \$6,500 for 2021. Participants may also contribute amounts representing distributions from other qualified plans (“Rollover”). The total contributions in any taxable year may not exceed the dollar limit, \$19,500 for 2021, which is set by law.

The Company makes a safe harbor matching contribution equal to 100% of participant's elective deferrals that do not exceed 3% of participant's eligible compensation, plus 50% of participant's elective deferrals between 3% and 5% of participant's eligible compensation. This safe harbor matching contribution is 100% fully vested.

The Company may also decide to make discretionary employer profit sharing contribution to the Plan, which will be allocated to all participants eligible in the Plan. To become eligible for the employer profit sharing contribution, participants must be actively employed on the last day of the plan year. A participant's share of the employer profit sharing contribution is determined by a participant's compensation divided by total compensation of all participants eligible to share times total employer profit sharing contribution for the plan year. To become eligible for the employer profit sharing contribution, participants must complete one year of service. For the year ended December 31, 2021, no employer profit sharing contributions were made by the Company.

LX HAUSYS AMERICA, INC. SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(c) Vesting

Participants are always 100% fully vested in their deferrals, rollover contributions, if any, and safe harbor matching contributions, plus actual earnings thereon. Vesting in employer matching contributions, which was provided to participants until December 31, 2016, and employer profit sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in employer matching contributions which was provided to participants after December 31, 2016, and employer profit sharing contributions after 5 years of credited service. Each participant, whose employment terminates for any reason other than death, disability, attainment of normal retirement age, is entitled to a non-forfeitable right to his or her employer matching contribution and employer profit sharing contribution accounts based on the following schedules:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

To earn a year of service, participants must be credited with at least 1,000 hours of service during a plan year.

(d) Participant Accounts

A participant directs the investment of their contributions into various investment options offered by the Plan, except for the stable value fund. The investments of the Plan are held by Reliance who maintains the investments in various mutual funds, a common collective trust fund and a stable value fund.

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Participant Loans

Participants may borrow funds from their accounts a minimum of \$1,000 up to the lesser of 50% of their vested account balance or \$50,000. Loans must be fully repaid through payroll deductions within five years, unless for the purchase of a primary residence. Participants may not have more than two outstanding loans at a time and repayment of the loan is secured by participants' account balance. The interest rate is the prime rate as published in the Wall Street Journal on the fourteenth day of each month plus 1.00% per annum and effective for any loan processed as of the fourteenth day of the month.

LX HAUSYS AMERICA, INC. SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(f) *Distribution of Benefits*

On termination of service due to death, disability or attainment of normal retirement age, all amounts credited to participant's account become fully vested and distribution will be made pursuant to the election of the participant or beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in a single lump-sum payment or have the payment paid as a direct rollover to an individual retirement plan or individual retirement annuity ("IRA") or to another employer's tax qualified plan.

If the Plan is terminated for any reason including attainment of normal retirement age of 65 and the value of participant's vested benefit (excluding any rollover contribution account but including any outstanding loan balance) is more than \$5,000, the participant may choose to receive installments or defer receiving payments until age 72. If vested benefit in the Plan (excluding any rollover contribution account but including any outstanding loan balance) does not exceed \$5,000, then the Company can cash a participant's entire vested account balance out of the Plan.

If a participant continues working for the Company after age 72 and is a more than 5% owner, distributions are required to begin by the April 1st following the year in which a participant reaches age 72, even if he or she is still employed at the time. If a participant is not a 5% owner, he or she must begin to receive benefits no later than the April 1st following the later of the year in which a participant reaches age 72 or terminate employment.

Participants may withdraw all or part of their vested account balance once an age of 59 ½ is reached. Participants may also withdraw any or part of their rollover contribution account as well as after-tax contributions that may be held in their account in the Plan at any time and at any age.

(g) *Forfeitures*

If a participant terminate employment before becoming 100% vested in his or her account balance but do not take a distribution from the plan, the non-vested portion will be forfeited as of the date he or she has five consecutive breaks in service. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$13,643 and \$45,151, respectively. The forfeiture balance will be used either to pay the Plan expenses or to reduce future employer contributions. The amount of forfeitures applied for year ended December 31, 2021 was \$43,160.

(h) *ERISA Budget Account*

Annually, the investment custodians through their revenue sharing arrangements ("Shared Revenue") with investment companies, share a portion of the shared revenue it receives with the retirement plans which they service (referred to as an "ERISA Budget Account"). Such revenues have been recorded as investment income on the statement of changes in net assets available for benefits. The ERISA Budget Account can be used to either reduce Plan expenses or be reallocated to participant accounts. As of December 31, 2021 and 2020, the balance in the ERISA Budget Account was none and \$10,762, respectively, and is included in the stable value fund on the statements of net assets available for benefits. For the year ended December 31, 2021, the Plan used \$10,762 to reduce the Plan expenses.

(i) *Top-Heavy Provisions*

If the Plan becomes top-heavy, when more than 60% of the Plan's assets are in the accounts of key employees, in any plan year, then non-key employees will be entitled to certain "top-heavy minimum benefits", and other special rules will apply. Among these top-heavy rules are, the Company may be required to make a contribution on a participant's behalf in order to provide with at least "top-heavy minimum benefits".

LX HAUSYS AMERICA, INC. SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(j) *Plan Termination*

Although it is not intended to maintain the Plan indefinitely, the Plan Sponsor reserves the right to terminate the Plan at any time subject to the provisions of ERISA and the Internal Revenue Code ("IRC"). Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of American ("U.S. GAAP"), under the accrual basis of accounting.

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of the Plan assets and liabilities at the financial statement date. Accordingly, actual results may differ from those estimates.

(c) *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value, except for the stable value fund. Shares of mutual funds are valued using quoted prices. Investment in the common collective trust fund are reported at fair value as determined by the fund manager based on the net asset value of the fund, which is based on the fair value of the underlying assets of the funds divided by units outstanding at the valuation date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sales of investments are computed on a moving average using a current value cost basis. Net changes in unrealized appreciation (depreciation) in investments represents the difference between the fair values of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

Investments held by a defined contribution plan are generally required to be reported at fair value. However, contract value can be also a relevant measurement attribute to that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in a fully benefit-responsive investment contract held in the stable value fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

(d) *Notes Receivable from Participants*

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus unpaid interest. Interest income is

Notes to Financial Statements

December 31, 2021 and 2020

recorded on the accrual basis. Delinquent loans are treated as distributions based upon the terms of the Plan document.

(e) *Payments of Benefits*

Benefit payments to participants and beneficiaries are recorded when paid.

(f) *Administrative Expenses*

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

(g) *Risks and Uncertainties*

The Plan provides for various investment options in any combination of mutual funds, a common collective trust fund, and a stable value fund as offered to participants. These investments, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the risks noted above in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

The Plan may indirectly invest in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

(3) *Tax Status*

The Plan document is a prototype document that the Company adopted with specific provisions customized to meet the needs of the Plan Sponsor and the participants. The prototype document has received a favorable opinion letter from the Internal Revenue Service ("IRS") that the form of the Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the original opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The IRS is one of the primary tax oversight bodies of the Plan and generally has the ability to examine the Plan's income tax returns for the years 2018 through 2021; however, there are currently no audits for any tax periods in progress.

During 2020, the Plan administrator has discovered certain operational errors related to calculating forfeitures for certain participants. The Plan Sponsor determined to correct the errors in accordance with IRS's Self Correction Programs ("SCP"), by depositing the total correction amounts, plus earnings, into participants accounts. These amounts were recorded as employer contribution receivable in the amount of

Notes to Financial Statements

\$1,879 on the statement of net assets available for benefits as of December 31, 2020. The Plan Sponsor does not expect the SCP correction to impair the Plan's tax status.

During 2021, the Plan administrator has discovered certain operational errors related to calculating forfeitures for certain participants. The Company is currently in the process of estimating the impact by the error, and plans to correct the errors in accordance with IRS's SCP, by depositing the total correction amounts, plus earnings, into participants accounts. Employer contribution receivable in the estimated amount of \$1,455 was recorded on the statement of net assets available for benefits as of December 31, 2021. The operational error does not have a material impact on the Plan's net assets available for benefits, and the Company does not expect the SCP correction to impair the Plan's tax status.

(4) Investments

For the year ended December 31, 2021, the Plan's investments in mutual funds and a common collective trust fund appreciated in value by \$1,881,483 (including gains and losses on investment bought and sold, as well as held during the year).

(5) Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to those valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and to minimize the use of unobservable inputs. There have been no changes in the methodologies used for the year ended December 31, 2021.

Level 1 measurements	Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.
Level 2 measurements	Inputs are inputs other than quoted prices within Level 1 that are observable, either directly or indirectly. These inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.
Level 3 measurements	Inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related assets or liability.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table represents the fair value hierarchy levels of the Plan's investments measured at fair value on a recurring basis as of December 31, 2021 and 2020:

* This investment generally invests all or a portion of its assets in one or more commingled funds and its primary objective is to achieve broader diversification and more competitive rates than if beneficial owners were to attempt to purchase general account guaranteed investment contracts on an individual basis. Units of the fund can be redeemed daily with no restriction.

The Plan does not have any liabilities that are measured at fair value on a recurring basis as of December 31, 2021 and 2020.

(6) Stable Value Fund

As discussed in Note 2(c), the Plan invests in fully benefit-responsive investment contract held in the stable value fund. The contributions are maintained in Transamerica's general account. Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses.

The contract value of the investment contract at December 31, 2021 and 2020 was none and \$10,762, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield credited to Plan participants approximates the average yield based on the actual earnings. The crediting interest rate is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the previous six-month period. There is no stated minimum or maximum interest rate for the stable value fund.

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe any events that would limit the Plan's ability to transact at contract value are probable of occurring.

(7) Notes Receivable from Participants

The notes receivable from participants bear interest at rates ranging between 4.25% and 6.50% as of December 31, 2021 and 2020 and have original maturities that range from one to six years. For the year ended December 31, 2021, interest income on notes receivable from participants amounted to \$27,925.

(8) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as presented in these financial statements as of December 31, 2021 and 2020 to Schedule H per Form 5500:

Descriptions	2021	2020
Net assets available for benefits	\$ 19,702,203	\$ 16,143,702
Deemed distributed loans	(119,934)	(112,779)
Net assets – Line 11, Part I, Form 5500	\$ 19,582,269	\$ 16,030,923

The following is a reconciliation of changes in net assets available for benefits as presented in these financial statements for the year ended December 31, 2021 to Schedule H per Form 5500:

Descriptions	
Net increase in net assets	\$ 3,558,501
Deemed distributions	(7,155)
Net income – Line 2k, Part II, Form 5500	\$ 3,551,346

Deemed distributions are defaulted and unpaid notes receivable from active participants that are disallowed on Form 5500.

(9) Party-in-Interest Transactions

Plan investments are managed by Reliance and Transamerica for the Plan. Any purchases and sales of these investments are performed in the open market at fair value and qualify as party-in-interest. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

(10) Certified Investments

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance.

(11) Coronavirus Pandemic

On March 11, 2020, the World Health Organization announced that it had made the assessment that coronavirus disease 2019 (“COVID-19”) is a pandemic. The impacts of COVID-19 are adversely affecting the entire global economy, individual companies and investment products, the funds, and the market in general. There is significant uncertainty around the extent and duration of business disruptions related to

COVID-19 and the impacts may last for an extended period of time. COVID-19 has led to significant uncertainty and volatility in the financial markets.

(12) Subsequent Events

The Plan Sponsor has evaluated subsequent events from the balance sheet date through October 5, 2022, the date at which the financial statements were available to be issued, and has determined that there are no other items to disclose.
