Roosevelt Hotel 401(k) Plan
New Orleans, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Roosevelt Hotel 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Roosevelt Hotel 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Roosevelt Hotel 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated January 17, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Respectfully submitted,

ROOSEVELT HOTEL 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1 - Description of Plan -

Description of Plan

The following description of the Roosevelt Hotel 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees other than union employees and nonresident aliens of First Class Hotels, LLC (the Company) who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan management oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

During 2020, the Plan was amended for the optional relief items as permitted under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) which was signed into law on March 27, 2020. The provisions adopted by the Plan include coronavirus-related withdrawals and loans, the suspension of certain loan payments, and the waiver of required minimum distributions. See the respective disclosures below for more detailed explanations of the new provisions adopted.

Contributions

Participants may contribute a percentage of their compensation paid during the plan year not to exceed the limits imposed by the applicable section of the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Company may make safe harbor matching contributions equal to the sum of 100% of the amount of the participant's elective deferral that does not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferral that exceeds 3% of the participant's compensation but does not exceed 5% of the participant's compensation. In addition, the Company may make profit sharing contributions at the Company's discretion. The Company made safe harbor matching contributions of \$136,588 for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions, the Plan's investment earnings or losses and certain administrative expenses paid by the Plan. Allocations are based upon participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service, participants or beneficiaries are entitled to receive the value of their vested account balance. After attainment of age 59 1/2, in-service withdrawals can be made from the participant's account.

In accordance with the CARES Act participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020.

Additionally, the CARES Act permitted plan participants to request up to \$100,000 in coronavirus-related distributions, with repayment terms of up to three years. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Vesting

Participants are immediately vested in their voluntary contributions, safe harbor matching contributions, and rollovers plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions is based on a graduated scale beginning at 20% vesting after 2 years of eligible service and becoming fully vested after 6 years of eligible service.

Forfeited Accounts

Forfeited non-vested account balances are used to reduce future employer contributions and to pay administrative fees. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$981 and \$865, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to specified limits. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Principal and interest are paid ratably through payroll deductions.

For the year ended December 31, 2021, certain participant loans were deemed distributed, in the amount of \$33,974, for non-repayment.

In accordance with the CARES Act, plan participants could request a delay of note repayments occurring between March 27, 2020 and December 31, 2020 for one year. The participants' notes would be re-amortized and include any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020.

Additionally, the CARES Act permitted the Plan to temporarily increase the limit on participant loans to qualified individuals to \$100,000 or 100% of the participant's vested account balance, whichever is lower. This increase was permitted for loans granted during the period March 27, 2020 through September 22, 2020. In addition, repayment of these loans can be delayed in accordance with the provisions allowed under the CARES Act.

Note 2 - Summary of Accounting Policies -

Basis of Accounting

The financial statements of the Plan are prepared in accordance with the accrual basis of accounting and investments are valued at current fair value as quoted by the custodian of the Plan. At December 31, 2021 and 2020, all assets of the Plan are participant directed.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates, particularly given the significant social and economic disruptions and uncertainties associated with the ongoing COVID-19 pandemic and the COVID-19 control responses, and such differences may be material.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan Custodian. For discussion of fair value measurements see Note 5.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net investment income (loss) includes gains and losses on investments sold during the year as well as appreciation and depreciation of the investments held at the end of the year. Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in any combination of pooled separate accounts, money market fund, mutual funds, or guaranteed interest - fixed account. The funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these funds, it is at least reasonably possible that changes in the values of the funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

The COVID-19 outbreak in the United States and globally has caused an economic downturn on a global scale, disrupted global supply chains, and created significant uncertainty, volatility, and disruption across economies and financial markets. Therefore, uncertainty remains regarding the ongoing impact of the COVID-19 outbreak upon the Plan's net assets available for benefits, as well as upon the significant estimates and assumptions utilized in reporting certain assets and liabilities.

Expenses

Certain expenses of maintaining the Plan may be paid directly by the Company and are excluded from these financial statements. Fees for certain transactions, such as withdrawal processing, are charged directly to the account of the participant reporting such a transaction and included in administrative expenses. Investment related expenses are included in net investment income (loss).

Subsequent Events

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 10, 2022, the date the financial statements were available to be issued.

Note 3 - Plan Termination -

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue operations at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 4 - Tax Status -

The Company has adopted a prototype plan which has received a favorable determination letter from the Internal Revenue Service that it qualifies under the applicable section of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan itself has not separately applied for recognition of tax-exempt status. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations for years prior to 2018.

Note 5 - Fair Value Measurements -

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Money Market Fund - Stated at cost which approximates fair value.

Guaranteed Interest - Fixed Account - This account is valued by discounting related cash flows based on current yields of similar investments with comparable durations.

Pooled Separate Accounts - These accounts are valued daily as the number of units held multiplied by the accumulation unit value (AUV). The AUV is determined based on the quoted net asset values of the shares of the underlying securities, the fund's dividends and the account charges.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Money Market	\$ 46,494	\$ -	\$ -	\$ 46,494

Investments Measured Using Net Asset Value Per Share Practical Expedient*				<u>5,203,612</u>
Total Investments at Fair Value				<u>\$ 5,281,230</u>

* Certain investments that were measured at net asset value per share (NAV) practical expedient of the fund have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2021, are reported in investment income (loss) on the statement of changes in net assets available for benefits.

The following tables summarize investments measured at fair value based on net assets value (NAV) per share practical expedient as of December 31, 2020.

- (a) The investment objective of these funds seeks capital appreciation and maximum long-term capital growth. The portfolio invest mainly in common stocks of companies in the United States and foreign countries.
- (b) The investment objective of these funds is to seek long-term capital appreciation. Under normal market conditions, the portfolio invests the majority of its net assets in equity securities.
- (c) The investment objective of these funds is to seek income or growth of income, with less emphasis on capital appreciation. The portfolio primarily invests in bonds, a portion of which may be in high risk, below investment grade securities.
- (d) The investment objective of these funds is to seek a high total investment return with preservation of capital and prudent investment risk. The portfolio invests in a combination of equity securities, debt instruments, and money market instruments.
- (e) The investment objective of these funds seeks total return consistent with an asset allocation targeted to retirement at a specified date. The underlying funds invest in U.S. stocks, international stocks, U.S. bonds, and other debt instruments, and the portfolio uses an asset allocation strategy designed for investors expecting to retire at a specified date.

Note 6 - Information Prepared and Certified by the Custodian -

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the Plan's custodians, Voya Retirement Insurance and Annuity Company as of December 31, 2020 and for the period of January 1, 2021, to May 31, 2021 and Fidelity Management Trust Company as of December 31, 2021 and for the period June 1, 2021 to December 31, 2021.

The following is a reconciliation of the total additions per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2021:

Total Additions to Net Assets per the Financial Statements	\$ 1,101,484
Add: Amount Receivable for Participant and Employer Contributions at December 31, 2020	12,633
Total Additions per Schedule H of Form 5500	<u>\$ 1,114,117</u>

Note 8 - Party-in-Interest Transactions -

Certain plan investments are shares of pooled separate accounts, money market fund, guaranteed interest-fixed account and mutual funds managed by Voya Retirement Insurance and Annuity Company and Fidelity Management Trust Company, the custodians as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in investment income (loss), as they are paid through revenue sharing, rather than a direct payment. The Company may also pay directly any other fees related to the Plan's operations. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 9 - Delinquent Participant Contributions and Loan Payments -

During the year ended December 31, 2020, participant deferrals and loan payments totaling \$192,101, were not timely remitted to the Plan in accordance with the requirements of the Department of Labor. The contributions were remitted to the Plan upon discovery of the errors. The Plan Sponsor has remitted lost earnings and filed the required Form 5330 in 2022.
