INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Crossroads School for Arts & Sciences Defined Contribution
Retirement Plan
Santa Monica, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Crossroads School for Arts & Sciences Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Crossroads School for Arts & Sciences Defined Contribution Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Crossroads School for Arts & Sciences Defined Contribution Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Crossroads School for Arts & Sciences Defined Contribution Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Crossroads School for Arts & Sciences Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Crossroads School for Arts & Sciences Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, (the "supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Crossroads School for Arts & Sciences Defined Contribution Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Crossroads School for Arts & Sciences Defined Contribution Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of Crossroads School for Arts & Sciences Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document and related adoption agreement for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan, is sponsored by Crossroads School for Arts & Sciences (the "Employer" or "Plan Sponsor") pursuant to Section 403(b) and related provisions of the Internal Revenue Code (IRC) and was established effective February 1, 1984 and most recently restated effective December 15, 2020. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), and the IRC.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), related to distributions. The Plan Sponsor has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of December 31, 2021.

Plan administration

The Plan Sponsor is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Plan Sponsor has delegated certain responsibilities for the operation and administration of the Plan. TIAA and CREF, and as agent for TIAA, FSB (collectively known as "TIAA"), act as the Plan's asset custodians of certain plan assets and are responsible for the custody and management of the Plan's assets held by TIAA. An affiliate of TIAA is responsible for maintaining participant accounts and transactions related to participant initiated activity in assets held by TIAA.

As of December 15, 2020, the Plan added Reliance Trust Company ("Reliance") as an asset custodian and Massachusetts Mutual Life Insurance Company ("Mass Mutual") as record keeper for assets held by Reliance. On December 31, 2020, Empower Retirement ("Empower") acquired the retirement business of Mass Mutual. As a result of the acquisition, Empower became the new recordkeeper for participant accounts previously held by Mass Mutual and Great-West Life & Annuity Insurance Company (GWLA), an affiliate of Empower, became the new asset custodian and issuer of the MassMutual Guaranteed Interest Account. TIAA, Reliance, and GWLA are collectively referred to herein as the "Custodians." TIAA and Empower are collectively referred to herein as the "Recordkeepers".

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

All employees, regardless of age or tenure, except for temporary employees and part-time employees, are immediately eligible to defer their compensation (or a portion thereof) into the Plan. Employees who are 21 years of age and make elective deferrals are eligible for Employer matching contributions during their first two years of service. Once employees receive credit for two years of service and attain the age of 21 years, employees are eligible for Employer contributions regardless of whether they make elective deferrals. Under the Plan, the definition of years of service includes prior service with an educational institution.

Contributions

Each year, participants may contribute up to the limits permitted under the IRC of their pretax annual compensation, as defined in the Plan. The Plan also allows participants to make Roth after-tax contributions subject to IRC combined limits. The maximum combined allowed deferral amount was \$19,500 in 2021. Participants who have attained age 50 before the end of the Plan year were eligible to make additional catch up contributions of \$6,500 in 2021. Participants who have reached 15 years of service are allowed to make additional catch up contributions, as defined in the plan documents.

Employer contributions are made in accordance with the following schedule:

<u>Years of Service</u>	<u>Employer Contribution Percentage</u>
Less than 2	Dollar for dollar match up to 1%
2	1%
3	2%
4	3%
5	4%
6	5%
7	6%
8	7%
9 or more	8%

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may invest their accounts in any increments among the funds and may change their investment options daily.

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Each participant's account is credited with the participant's contributions, rollovers, and allocations of Employer contributions and Plan earnings, and charged with Plan losses and an allocation administrative expenses. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from his or her vested account.

Vesting

Participants are immediately vested in their elective deferrals and Employer contributions, plus actual earnings thereon.

Notes receivable from participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Participant notes receivable bear a reasonable rate of interest and the interest rate for notes receivable is fixed at the time of issuance. Participant notes receivable range from one to five years for general purpose loans and extend up to ten years for principal residence loans. Participant notes receivable are secured by the remaining vested balance in the participant's account. Proceeds are remitted to the participant's account. As of December 31, 2021 and 2020, participant notes receivable totaled \$117,981 and \$124,067, respectively, with an interest rate range of 4.25% to 6.50%.

Plan loans

Plan loans, which were no longer offered as of December 31, 2021, were available to participants through TIAA, subject to certain limitations. Participants were eligible to borrow up to 50% of the vested balance in their account to a maximum of \$50,000. Plan loans were issued directly from funds owned by TIAA and not directly from the participant's account. A portion of the participant's account was reserved as collateral to cover 110% of the outstanding loan in case of default. Accordingly, Plan loans were not included in the net assets available for benefits of the Plan; however, the collateral is reported as part of the net assets of the Plan. Collateral was held in the TIAA Traditional Annuity as either a part of a Group Savings Retirement Account (GSRA) contract, Retirement Account (RA) contract or as a separate Retirement Loan (RL) contract. For loans with collateral held in a GSRA, principal repayments increased the amount of funds available for the participant's use. For RL contracts, principal repayments were transferred to the CREF Money Market Investment option in the participant's RA or GSRA contract.

Based on participants' collateral investment, TIAA determined the loan interest rate. For all Plan loans, interest is paid directly to TIAA. As of December 31, 2021 and 2020, Plan loans totaled \$23,096 and \$33,277, respectively, and the interest rates ranged from 4.00% to 4.60%.

December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN (continued)

Plan loans (continued)

If an employee defaults on a loan and has a triggering event such as separation from service, retirement, death, disability or attainment of age 59½, the loan is treated as a deemed distribution and funds held as collateral in the Plan are paid to TIAA. When a loan default occurs prior to a triggering event, the funds that are held as collateral in the Plan are transferred to the Plan Loan Default Fund and are not paid to TIAA until a triggering event occurs. As of December 31, 2021 and 2020, the balance of the Plan Loan Default Fund was \$15,372 and \$14,753, respectively.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. Upon termination of employment, if a participant's account balance is equal to or less than \$1,000, the balance is distributed immediately in a lump-sum cash payment. If a participant's account balance exceeds \$1,000, the participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, purchase an annuity contract, or may postpone payment to a later date and remain in the Plan as described in the plan document. The Plan allows for in-service distributions if a participant reaches age 59 ½ and hardship distributions subject to Plan provisions.

Administrative expenses

Certain administrative expenses of the Plan, including recordkeeping and audit fees, were paid directly by the Employer for the year ended December 31, 2021. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan and impact Plan earnings.

Participants may be charged for some or all the costs and expenses of operating the Plan. Such expenses include, but are not limited to investment expenses and costs to process distributions and domestic relations orders. Generally, the Employer pays for any administrative expenses of the Plan. The Plan is not required to repay expenses paid by the Employer on its behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP) and present the net assets available for benefits and changes in those net assets.

Crossroads School for Arts & Sciences Defined Contribution Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances.

Investment valuation and income recognition

The Plan's investments in mutual funds, variable annuity contracts and pooled separate accounts are stated at fair value. The non-fully benefit responsive fixed annuity contracts are reported at contract value, which approximates fair value, therefore are shown at fair value in the statement of net assets available for benefits. The fully benefit responsive fixed annuity contracts are reported at contract value, as reported to the Plan by the TIAA, Mass Mutual and GWLA.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments sold, as well as held, during the year. Investment related expenses are paid indirectly at the investment fund level and impact the Plan's earnings.

Contributions and receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Employer, which is the pay date. Employer contributions are recorded in the year they are earned and to coincide with the year in which the Employer records the contributions in its general ledger. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Contributions representing participant rollovers from other qualified defined benefit or defined contribution plans are recorded when received.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021.

Payment of benefits

Payment of benefits are recorded as a reduction of net assets available for benefits when paid.

Administrative expenses

Administrative expenses are recorded when due.

Subsequent events

The Plan has evaluated subsequent events through October 11, 2022, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards define fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Such standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

Level 1 - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;

Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities;

Level 3 - inputs are unobservable inputs for the asset or liability and significant to the fair value measurement.

3. FAIR VALUE MEASUREMENTS (continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following methods and assumptions were used to estimate the fair value of financial instruments:

Mutual Funds and Pooled Separate Account – mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end which are quoted in an active market. The investment in a pooled separate account consists of a unitized fund containing real estate properties and real estate-related investments and is valued at the NAV of shares held by the Plan at year end which are quoted in an active market. The mutual funds and the pooled separate account held by the Plan are deemed to have a readily determinable fair value and are classified within Level 1 of the fair value hierarchy.

CREF Variable Annuities - The fair values of accumulation units held by the Plan in CREF Accounts are primarily valued using market quotations or prices obtained from independent pricing sources. CREF accounts are deemed actively traded, and thus are classified within Level 1 of the fair value hierarchy. Data for values are available daily to Plan administrators and client investors on TIAA's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. Underlying holdings include mutual funds and are primarily valued using market quotations or prices obtained from independent pricing sources.

TIAA Access Variable Annuities - The fair values of subaccount units held by the Plan in TIAA Access Accounts are calculated daily by the issuer and the underlying investments are generally valued using market quotations obtained from independent pricing sources. Data for values are available daily to Plan administrators and client investors on TIAA's website, and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. The underlying holdings include proprietary and nonproprietary mutual funds through various subaccounts. The net asset value is calculated by the issuer on a daily basis, thus are classified within Level 1 of the fair value hierarchy.

TIAA Traditional Annuity - The Plan's investment in TIAA Traditional Annuity is reported at contract value, which approximates fair value, and segregated into non-fully benefit and fully benefit responsive categories. The non-fully benefit responsive guaranteed annuity contracts are presented at fair value on the face of the Plan's financial statements and are carried at Level 3 within the fair value hierarchy. The fully benefit responsive guaranteed annuity contracts are presented at contract value on the face of the Plan's financial statements and are not categorized within the fair value hierarchy. The Plan purchased and sold investments in non-benefit-responsive contracts of \$309,115 and \$227,846, respectively, during the year ended December 31, 2021. Net transfers of the non-benefit-responsive contracts totaled \$83,407 during the year ended December 31, 2021.

4. INVESTMENT CONTRACT WITH TIAA

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including the Group Retirement Annuity (GRA), Retirement Annuity (RA), Group Supplemental Retirement Annuity (GSRA), Supplemental Retirement Annuity (SRA), Retirement Choice (RC) and Retirement Choice Plus (RCP). The GRA is considered a non-benefit responsive contract and the GSRA, SRA and the RCP are considered fully benefit responsive contracts. As of December 31, 2021 and 2020, non-benefit responsive contracts totaled \$8,892,700 and \$8,894,838, respectively.

For investment contracts that are fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported by the Custodians. Contract value represents accumulated cash contributions made under the contract, plus interest credited to the contracts, less participant withdrawals and transfers. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. As of December 31, 2021 and 2020, fully benefit responsive contracts totaled \$4,239,223 and \$4,380,937, respectively.

The Plan administrator is not aware of reserves against any contract values for credit risk of the contract issuer or otherwise. The TIAA Traditional Annuity provides a guarantee of principal and a guaranteed minimum rate of interest of 3%. The contract also offers the opportunity for additional amounts in excess of the guaranteed rate. When declared, additional amounts remain in effect for the 12-month period that begins each March 1. Additional interest is not guaranteed for future years.

4. INVESTMENT CONTRACT WITH TIAA (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or Plan participants.

The contracts do not permit the issuer to terminate the agreement prior to the scheduled maturity date.

5. INVESTMENT CONTRACT WITH MASS MUTUAL

The Plan invests in the Mass Mutual Guaranteed Interest Account (GIA, "contract" or "account"). The GIA is a general account product offered through a group annuity contract. Participant principal and interest are backed by the entire general account assets of the contract issuer. GWLA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as certified to by GWLA represents participant contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. As of December 31, 2021 and 2020, the GIA contract totaled \$2,999,574 and \$3,852,860, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Crediting rates for the contract are reset every quarter, semi-annual or annual basis and is based on a contract with the plan sponsor. In no event will the guaranteed rate be less than the minimum guaranteed rate, which will be no less than 1% or more than 3%, as determined by a formula in the contract with the plan sponsor. The GIA is subject to competing fund transfer restrictions on participant-initiated transfers. Upon termination of the group annuity contract, if the plan sponsor chooses a book value payout for termination, participant transfer restrictions may apply until the money is paid to the next provider.

5. INVESTMENT CONTRACT WITH MASS MUTUAL (continued)

The GIA can be terminated by the issuer if the total fair value of the investments or the annual contribution amounts fall below minimum levels as stated in the contract. There are no circumstances that would allow the issuer to terminate the contract and settle in amount other than contract value. The GIA can also be terminated by either the Company or the issuer for additional reasons as defined in the contract. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) the Plan breaches a provision of the agreement with the issuer (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the contract issuer or the Plan's participants are probable of occurring.

6. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodians, determined to be qualified institutions by the plan administrator, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020;
- Investment income, other income and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021; and,
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2021.

Accordingly, as requested by the plan administrator, the Plan's auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and schedule of assets (held at end of year).

7. PLAN TERMINATION

Although the Plan Sponsor has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue all contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

8. TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. The terms of the Plan have been prepared to conform to the sample language provided by the IRS. The Plan adopted the Massachusetts Mutual Life Insurance Company Non-Standardized 403(b) Plan. The Internal Revenue Service (IRS) has informed Mass Mutual by a letter dated March 31, 2017, that its plan is designed in accordance with applicable sections of the IRC and is therefore available for use by employers for the benefit of their employees. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similar to a related party as defined in financial accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be party-in-interest. The Plan did not enter into any material related party transactions during the plan year related to compensation, arrangements, expense allowances or similar items.

Certain of the Plan's investments are managed by the Custodians, therefore related Plan investment transactions qualify as party-in-interest. Some fees and expenses of the Plan relating to legal, accounting, and other administrative services are paid by the Plan Sponsor. The Plan is not required to repay expenses paid by the Plan Sponsor on its behalf.

The Custodians retain as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.
