INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Infor Global Solutions 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Infor Global Solutions 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of the report,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedules Required by ERISA

The 2021 supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the 2021 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 14, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Infor Global Solutions 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of Plan

The following description of the Infor Global Solutions 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. All employees of Infor (US), Inc. and its subsidiaries (the Company or Sponsor), except temporary employees and employees under 21 years of age, are eligible to participate in the Plan. Eligible employees may enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective September 13, 2021.

During 2021, the Plan Sponsor was acquired by a third party. The acquisition did not result in any changes or amendments to the Plan.

The Company acquired Lighthouse Systems, LLC (Lighthouse) in October 2021. Employees of Lighthouse were eligible to join the Plan effective July 1, 2022. In September 2022, the Lighthouse Systems, Inc. 401(k) Profit Sharing Plan was merged into the Plan, and accordingly, approximately \$1,500,000 was transferred into the Plan.

Contributions

Each participant may elect to make pre-tax and/or Roth contributions of up to 75% of eligible compensation as defined by the Plan document, not to exceed a maximum of \$19,500 in 2021, plus a catch-up contribution of \$6,500 for participants age 50 and older. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make a discretionary matching contribution based on a percentage of each participant's deferral, which is determined annually. For the year ended December 31, 2021, the Company matched 50% of the participants' first 6% of eligible compensation that a participant elects to contribute to the plan, not to exceed a maximum of \$2,400 per participant.

Participant Accounts

Each participant's account is credited with the participant's contribution, rollovers, the Company's contribution and earnings and losses on the investments in their accounts and is charged with specific transaction fees. Upon enrollment in the Plan, participants may direct investments in their account to any of the investment options offered by the Plan. The Plan currently offers a self-directed brokerage account as an additional investment option for participants. Self-directed brokerage accounts cannot invest in Fidelity and non-Fidelity mutual funds currently offered through the Plan, tax-exempt securities, employer securities, physical

certificates, precious metal, limited partnerships, master limited partnerships, futures contracts, commodities, interest rate options, currencies and currency options, CAPS, and options levels 3, 4, and 5. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution is based on years of credited service and are vested in annual increments of 20% for each year of service and are 100% vested after five years of service. Participants also become fully vested once they have attained the age of 55, become disabled or upon death if they are then currently employed by the Company. Matching contributions from prior employers of merged plans are 100% vested.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account balance. A participant may have one note receivable outstanding at any time. The notes receivable are secured by the balance in the participant's account and must bear a reasonable rate of interest as defined in the Plan. As of December 31, 2021, notes receivable had fixed rates ranging from 4.25% to 8.50% for the term of the loan, not to exceed 5 years or, 10 years if used for the purchase of a residence. Principal and interest are paid through payroll deductions.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$645,825 and \$451,275, respectively, which are included in the money market fund on the statements of net assets available for benefits. Forfeitures may be used to reduce future employer contributions or to pay Plan expenses. During 2021, \$911,827 of forfeitures were used to reduce Company contributions and \$6,320 of forfeitures were used to pay administrative expenses.

Payment of Benefits

On termination of service due to death, disability, termination of employment or retirement, a participant or their beneficiary may receive payment of the vested interest in their account in the form of a lump-sum distribution. The participant's vested account may also be withdrawn for in-service distribution upon reaching age 59½ or certain hardship situations when certain conditions are met.

Infor Global Solutions 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Administrative Expenses

Administrative expenses of the Plan may be allocated to participants, paid through forfeitures, or paid by the Sponsor. The Plan document permits certain administrative expenses to be paid by the Plan. All remaining Plan administrative expenses are paid by the Company. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan. Participant transaction fees related to notes receivable from participants and distributions are charged directly to the participant. Investment related expenses are included in net change in fair value of investments. These expenses are paid to service providers of the Plan and therefore qualify as party-in-interest transactions.

During 2021, the Plan's qualified institution deposited revenue sharing of \$325,000 to the Plan into an ERISA account and \$243,752 was refunded directly to participants' accounts. Amounts unused for expenses may be allocated to participants' accounts based on participants' account balances, exclusive of outstanding loan balances. The ERISA account had an available balance (deficit) of \$79,946 and \$(1,302) as of December 31, 2021 and 2020, respectively, which is included in the money market fund on the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The employer discretionary matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. Any unfunded participant or employer discretionary matching contributions are included in the participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2021 and 2020, if applicable.

Infor Global Solutions 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Net change in fair value of investments includes interest, dividends, realized and unrealized gains and losses and fees charged for investment management and administrative services on investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make note receivable repayments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded. Notes receivable from participants qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 13, 2022, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All investment information in the accompanying financial statements and supplemental schedule including investments held and notes receivable from participants at December 31, 2021 and 2020, net change in fair value of investments and interest income for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), the Plan's qualified institution.

Infor Global Solutions 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

4. Investments and Fair Value Measurements

Plan investments include shares of a money market fund, mutual funds, certain investments in the self-directed brokerage accounts, and common/collective trust funds managed by Fidelity. Fidelity is the qualified institution of the Plan; therefore, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair value of investments as they are paid through revenue sharing, rather than a direct payment.

Investments are exposed to various risks, such as market, currency, interest rate, and credit risks. Market risks include U.S. and global events that could impact the value of Plan investments. Such events may include public health emergencies such as a pandemic, as well as international conflicts, cybersecurity attacks, supply chain disruptions, global monetary policy decisions, inflation, significant economic influences, and other adverse credit and market events and conditions. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets or liabilities in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Infor Global Solutions 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Investments in the money market fund and mutual funds are based on quoted market prices for the identical asset in an active market and are considered Level 1 assets. Securities held in self-directed brokerage accounts, primarily money market funds, common stock, mutual funds, and exchange traded funds, are publicly traded and are priced using the qualified institution's pricing service and are considered to be Level 1.

Investments in common/collective trust funds are valued daily using net asset value (NAV) and are considered Level 1 assets. The NAVs are based on quoted prices determined daily based on the fair value of the underlying mutual funds, stocks, debt instruments, and other securities in the accounts. The common/collective trust funds may be traded daily at their NAV.

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2021 and 2020:

	Level 1	
	2021	2020
Money market fund	\$ 34,963,881	\$ 40,729,601
Mutual funds	580,178,303	505,949,655
Common/collective trust funds	402,233,492	358,362,577
Self-directed brokerage accounts	37,079,718	31,361,465
Total	\$ 1,054,455,394	\$ 936,403,298

There has been significant volatility in the investment markets both nationally and globally since December 31, 2021, which has resulted in a substantial decline in the value of the Plan's investment portfolio. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

5. Tax Status

The Plan operates under a volume submitter plan created by Fidelity Management Research Company, an affiliate of the Plan's qualified institution. The Internal Revenue Service has determined and informed Fidelity Management Research Company by a letter dated June 30, 2020, that the volume submitter plan is designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has not received an individual determination letter and has been amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

Infor Global Solutions 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.
