Independent Auditor's Report

Plan Administrator and Participants
Dallas Zoo Management, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Dallas Zoo Management, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2 to the financial statements.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting for the 2021 Financial Statements

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Dallas Zoo Management, Inc. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Dallas Zoo Management, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Dallas Zoo Management, Inc. (the “Company”) under the provision of Section 401(a) of the Internal Revenue Code (“IRC”), which includes qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

Substantially all employees of the Company and participating employers are eligible to participate in the Plan on their date of hire. Effective November 18, 2019 employees must complete six months of service to participate in the Plan. Employees meeting the eligibility requirements will enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Plan Administration

The Plan is administered by the Company. The duties of the Plan Administrator are to oversee the operations of the Plan, provide for prudent investment of Plan assets and keep accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities. The Plan’s trustee, Fidelity Management Trust Company, (the “Trustee”), is responsible for the custody and management of the Plan’s assets. The Plan may receive revenue credits from the Trustee. A revenue credit is a refund of a portion of the revenue the Trustee and other fund managers have received based on the funds participants have chosen. These revenue credits have been allocated directly to eligible participant accounts.

Contributions

Participants may contribute up to 80% of eligible compensation as defined in the Plan, subject to the maximum contribution allowed by Section 402(g) of the IRC. The Plan permits both pre-tax and certain after-tax (Roth) deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Newly eligible employees are automatically enrolled in the Plan, whereby the Company deducts three percent of their eligible compensation on a pre-tax basis (a qualified automatic contribution arrangement). The automatic deferral will increase annually by one percent until a deferral rate of six percent is reached. Participants may complete a salary deferral agreement to elect an alternative deferral amount or to elect not to defer under the Plan in accordance with the deferral procedures of the Plan. Participant elections will remain in effect until participants modify or terminate the election unless salary deferrals are automatically suspended under the terms of the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants generally must complete six months of service to share in certain employer contributions.

Once an employee satisfies the eligibility requirements, the Company will make matching safe harbor contributions in an amount equal to the sum of 100% of the amount of the participant’s elective deferrals that do not exceed 1% of the participant’s compensation, plus 50% of the of the amount of the participant’s elective deferral that exceed 1% of the participant’s compensation but do not exceed 6% of the participant’s compensation.

The Company may make additional discretionary matching employer contributions on behalf of each eligible participant in an amount equal to a percentage of the eligible contributions (excluding catch-up contributions) made by each eligible participant during the plan year. In no event may the dollar amount of the additional matching employer contribution made on an eligible participant’s behalf for the plan year exceed 4% of the eligible participant’s compensation for the plan year. Participants must make deferral contributions to be eligible for matching contributions.

The Company may designate all or a portion of any matching employer contributions as qualified matching employer contributions and allocate them to certain non-highly compensated employees to help the Plan pass one or more annually required non-discrimination tests.

Dallas Zoo Management, Inc. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

The Company may also make discretionary non-elective (profit sharing) contributions to the Plan. Non-elective contributions are “allocated” or divided among participants in a ratio that each eligible participant’s compensation bears to the total compensation paid to all eligible participants. The participant generally must complete 1,000 hours of service during the Plan year and be actively employed on the last day of the Plan year to share in non-elective employer contributions.

Participant Accounts

Individual accounts are maintained for each of the Plan’s participants to reflect the participant’s contributions and related employer matching and other contributions, as well as the participant’s share of the investment income, appreciation (depreciation), revenue credits, and any related administrative expenses and distributions. The participant determines both the amount to be invested and the allocation of the investment to one or more investment alternatives. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their rollover, qualified non-elective, safe-harbor, and deferral contributions plus actual earnings thereon. Vesting in the remaining employer matching contribution portion of their accounts plus actual earnings on those contributions, is based on years of vesting service, as defined in the Plan. A participant is generally 100 percent vested after three years of credited service in their employer matching contributions. Full and immediate vesting will also occur upon death, or totally disabled, as defined in the Plan. A participant is 100 percent vested after two years of credited service in their qualified automatic contribution arrangement matching contributions. Participants hired prior to March 1, 2011 are 100 percent vested in all of their account balances. Participants who leave the Company before they are fully vested in the Company’s contributions forfeit their non-vested portion.

Notes Receivable from Participants

Participant loans are not allowed by the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Trustee, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

Upon retirement, death, disability, or termination of service, a participant (or participant’s beneficiary in the event of death) may elect to receive a distribution equal to the participant’s vested account balance made in the form of a single lump-sum payment of the participant’s vested account balance. In addition, in-service and hardship distributions are permitted if certain criteria are met. A participant has the right to receive all or any portion of their vested accounts upon attainment of age fifty-nine and a half (59½), disability, death, or termination of employment. Hardship distributions are subject to meeting strict hardship guidelines established by the Internal Revenue Service. Benefits are recorded when paid.

Dallas Zoo Management, Inc. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. At December 31, 2021 **and 2020**, unallocated forfeitures totaled \$10,721 and \$22,685, respectively. These accounts may be used to reduce Company contributions or pay Plan expenses. For the years ended December 31, 2021 **and 2020**, employer contributions were reduced by \$40,325 and \$11,420, respectively, from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accounting records of the Plan are maintained on the modified cash basis. Under this basis, revenues are recognized when received rather than when earned, and expenses are recognized when paid rather than when incurred. Accordingly, the financial statements are not intended to present the net assets and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America.

Expenses

Distribution and loan fees are charged directly to the requesting participants' account. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses. Plan expenses paid by the Company are not included in these financial statements. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value are reflected in operations. Mutual funds represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year-end. The fair value of participation units in the common collective trust is based on quoted redemption values on the last day of the plan year. For a full redemption of the common collective trust, the trustee reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Interest-bearing cash (money market funds) is valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when received. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the statement of changes in net assets available for benefits.

Dallas Zoo Management, Inc. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan provides for investments in various investment securities with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31, 2021 and 2020 and for the years then ended.

	<u>Year ended December 31,</u>	
	<u>2021</u>	<u>2020</u>
Investments at fair value:		
Mutual funds	\$ 12,664,481	\$ 10,126,920
Interest-bearing cash	433	400
Common / collective trust	614,868	613,272
Total investments	<u>\$ 13,279,782</u>	<u>\$ 10,740,592</u>
	<u>Years ended December 31,</u>	
	<u>2021</u>	<u>2020</u>
Investment income:		
Net appreciation in fair value of investments	\$ 1,225,771	\$ 998,886
Interest and dividends	454,380	245,930
Total investment income	<u>\$ 1,680,151</u>	<u>\$ 1,244,816</u>

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Dallas Zoo Management, Inc. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the years ended December 31, 2021 and 2020, there were no significant transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

Interest-bearing cash: Valued at the NAV of units held by the Plan at year-end.

Common collective trust: The fair value of participation units held in the Putnam Stable Value Fund (the "Fund") is based on its net asset value, as a practical expedient, as reported by the manager of the Fund and as supported by the unit price of actual purchase and sale transactions occurring as of or close to the financial statement date. The Fund invests primarily in guaranteed and security-backed investment contracts with life insurance companies, banks, and other financial institutions. The Fund provides daily redemptions by the Plan at the constant net asset value of \$1 per unit with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,664,481	\$ -	\$ -	\$ 12,664,481
Interest-bearing cash	433	-	-	433
Total assets in the fair value hierarchy	<u>\$ 12,664,914</u>	<u>\$ -</u>	<u>\$ -</u>	12,664,914
Common / collective trust (a)				614,868
Total investments at fair value				<u>\$ 13,279,782</u>

- (a) These investments are valued using net asset value as a practical expedient, and therefore have not been classified in the fair value hierarchy. The practical expedient would not be used if it is determined to be probable that the Fund would sell the investment for an amount different from the reported NAV. There are no unfunded commitments with respect to these investments.

4. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,126,920	\$ -	\$ -	\$ 10,126,920
Interest-bearing cash	400	-	-	400
Total assets in the fair value hierarchy	<u>\$ 10,127,320</u>	<u>\$ -</u>	<u>\$ -</u>	10,127,320
Common / collective trust (a)				<u>613,272</u>
Total investments at fair value				<u>\$ 10,740,592</u>

(b) These investments are valued using net asset value as a practical expedient, and therefore have not been classified in the fair value hierarchy. The practical expedient would not be used if it is determined to be probable that the Fund would sell the investment for an amount different from the reported NAV. There are no unfunded commitments with respect to these investments.

5. REPORTABLE TRANSACTIONS

During the years ended December 31, 2021 and 2020, there were no reportable transactions, no investments both acquired and disposed of within the Plan year or non-exempt transactions with parties-in-interest which would require presentation under the United States Department of Labor's Rules and Regulations.

6. CHANGES IN PLAN OPERATIONS

Effective January 1, 2020, certain administrative defaults for the Plan were updated to be in accordance with final regulations of the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019. These changes included altering the age at which required minimum distributions must begin for participants. If a participant reached the age of 70½ prior to 2020, then the prior rule of age 70½ applies. If a participant reaches the age of 70½ during 2020 or later, that participant must now take his or her first required minimum distribution after reaching the age of 72. Formal amendments to the Plan document to reflect these operational changes will be executed prior to the deadline set forth by the SECURE Act, which is December 31, 2022 for calendar year-end plans. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of the SECURE Act. The extended deadline under this notice is December 31, 2025.

Effective April 4, 2020, Plan management elected the following provisions allowed by the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"): (1) increased penalty-free distribution limits of up to \$100,000 for qualifying coronavirus reasons; (2) waiver of the 10% excise tax on early distributions and 20% mandatory withholdings for distributions made for qualifying coronavirus reasons; (3) repayment policy of three years for all qualified distributions without being subject to retirement plan contribution limits; (4) increased loan limits for qualifying individuals of one hundred percent of the vested account balances up to \$100,000; (5) deferment of loan repayments up to one year; and (6) waiver of the Required Minimum Distribution for the remainder of 2020. Formal amendments to the Plan document for these changes in plan operations will be executed prior to the deadline set forth by the CARES Act, which is December 31, 2022 for calendar year-end plans. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of Section 2203 of the CARES Act, which includes a temporary waiver of minimum required distributions for certain retirement plans and accounts. The extended deadline under this notice is December 31, 2025 for calendar year-end plans. On September 26, 2022, the IRS announced in Notice 2022-45 that it is extending the deadline for amending a retirement plan to reflect the provisions of Section 2202 of the CARES Act, which includes coronavirus-related distributions and changes in loan limits and repayment requirements. The extended deadline under this notice is also December 31, 2025 for calendar year-end plans.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Investments is an affiliate of the Trustee and therefore, these transactions qualify as party-in-interest transactions. Purchases and sales of these accounts and the underlying investments comprising these accounts are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

8. PLAN AMENDMENTS

Effective January 1, 2020, the Plan was amended and restated to require that once an employee satisfies the eligibility requirements, the Company will make matching safe harbor contributions in an amount equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 1% of the participant's compensation, plus 50% of the amount of the participant's elective deferral that exceed 1% of the participant's compensation but do not exceed 6% of the participant's compensation. The Company may make additional discretionary matching employer contributions on behalf of each eligible participant in an amount equal to a percentage of the eligible contributions made by each eligible participant during the plan year. In no event may the dollar amount of the additional matching employer contribution made on an eligible participant's behalf for the plan year exceed 4% of the eligible participant's compensation for the plan year. A participant is 100 percent vested after two years of credited service in their qualified automatic contribution arrangement-matching contributions.

Effective April 8, 2020, the Plan was amended to provide for terminated employees with vested balances of less than \$5,000 to be automatically distributed, as provided in the Plan agreement.

Effective August 30, 2021, the Plan was amended and restated to reflect statutory changes pursuant to the Bipartisan Budget Act of 2018, the Disaster Tax Relief and Airport and Airway Extension Act of 2017, the Tax Cuts and Jobs Act of 2017, and IRC Sections 401(k) and (m) 2019 Final Hardship Regulations and any related guidance. Significant changes to the Plan document through this amendment included (a) removing the requirement for a participant to take a loan prior to a hardship distribution, (b) including earnings accrued on participant accounts as amounts available for hardship withdrawal, and (c) removing the requirement that elective deferrals be suspended following a hardship withdrawal.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. In the event of Plan termination, participants would become 100% vested in their employer contributions.

10. TAX STATUS

The Company adopted the Fidelity Management and Research Company Volume Submitter Defined Contribution Plan (Fidelity Basic Plan Document No. 17 and the Adoption Agreement together comprise the Volume Submitter Defined Contribution Plan). The Internal Revenue Service has issued an advisory letter dated March 31, 2014 stating that the plan is acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the advisory letter (in accordance with Announcement 2011-49) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Effective August 30, 2021, the Company adopted the Fidelity Management and Research Company Pre-Approved Defined Contribution Plan (Fidelity Basic Plan Document No. 17 and the Adoption Agreement together comprise the Pre-Approved Defined Contribution Plan). The Internal Revenue Service has issued an opinion letter dated June 30, 2020 stating that the plan is acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2017-41) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTES TO FINANCIAL STATEMENTS

10. TAX STATUS (Continued)

Plan management evaluates tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 **and 2020** there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

Independent Auditor's Report

Plan Administrator and Participants
Dallas Zoo Management, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Dallas Zoo Management, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2 to the financial statements.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting for the 2021 Financial Statements

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Dallas Zoo Management, Inc. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Dallas Zoo Management, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Dallas Zoo Management, Inc. (the “Company”) under the provision of Section 401(a) of the Internal Revenue Code (“IRC”), which includes qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

Substantially all employees of the Company and participating employers are eligible to participate in the Plan on their date of hire. Effective November 18, 2019 employees must complete six months of service to participate in the Plan. Employees meeting the eligibility requirements will enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Plan Administration

The Plan is administered by the Company. The duties of the Plan Administrator are to oversee the operations of the Plan, provide for prudent investment of Plan assets and keep accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities. The Plan’s trustee, Fidelity Management Trust Company, (the “Trustee”), is responsible for the custody and management of the Plan’s assets. The Plan may receive revenue credits from the Trustee. A revenue credit is a refund of a portion of the revenue the Trustee and other fund managers have received based on the funds participants have chosen. These revenue credits have been allocated directly to eligible participant accounts.

Contributions

Participants may contribute up to 80% of eligible compensation as defined in the Plan, subject to the maximum contribution allowed by Section 402(g) of the IRC. The Plan permits both pre-tax and certain after-tax (Roth) deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Newly eligible employees are automatically enrolled in the Plan, whereby the Company deducts three percent of their eligible compensation on a pre-tax basis (a qualified automatic contribution arrangement). The automatic deferral will increase annually by one percent until a deferral rate of six percent is reached. Participants may complete a salary deferral agreement to elect an alternative deferral amount or to elect not to defer under the Plan in accordance with the deferral procedures of the Plan. Participant elections will remain in effect until participants modify or terminate the election unless salary deferrals are automatically suspended under the terms of the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants generally must complete six months of service to share in certain employer contributions.

Once an employee satisfies the eligibility requirements, the Company will make matching safe harbor contributions in an amount equal to the sum of 100% of the amount of the participant’s elective deferrals that do not exceed 1% of the participant’s compensation, plus 50% of the of the amount of the participant’s elective deferral that exceed 1% of the participant’s compensation but do not exceed 6% of the participant’s compensation.

The Company may make additional discretionary matching employer contributions on behalf of each eligible participant in an amount equal to a percentage of the eligible contributions (excluding catch-up contributions) made by each eligible participant during the plan year. In no event may the dollar amount of the additional matching employer contribution made on an eligible participant’s behalf for the plan year exceed 4% of the eligible participant’s compensation for the plan year. Participants must make deferral contributions to be eligible for matching contributions.

The Company may designate all or a portion of any matching employer contributions as qualified matching employer contributions and allocate them to certain non-highly compensated employees to help the Plan pass one or more annually required non-discrimination tests.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

The Company may also make discretionary non-elective (profit sharing) contributions to the Plan. Non-elective contributions are “allocated” or divided among participants in a ratio that each eligible participant’s compensation bears to the total compensation paid to all eligible participants. The participant generally must complete 1,000 hours of service during the Plan year and be actively employed on the last day of the Plan year to share in non-elective employer contributions.

Participant Accounts

Individual accounts are maintained for each of the Plan’s participants to reflect the participant’s contributions and related employer matching and other contributions, as well as the participant’s share of the investment income, appreciation (depreciation), revenue credits, and any related administrative expenses and distributions. The participant determines both the amount to be invested and the allocation of the investment to one or more investment alternatives. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their rollover, qualified non-elective, safe-harbor, and deferral contributions plus actual earnings thereon. Vesting in the remaining employer matching contribution portion of their accounts plus actual earnings on those contributions, is based on years of vesting service, as defined in the Plan. A participant is generally 100 percent vested after three years of credited service in their employer matching contributions. Full and immediate vesting will also occur upon death, or totally disabled, as defined in the Plan. A participant is 100 percent vested after two years of credited service in their qualified automatic contribution arrangement matching contributions. Participants hired prior to March 1, 2011 are 100 percent vested in all of their account balances. Participants who leave the Company before they are fully vested in the Company’s contributions forfeit their non-vested portion.

Notes Receivable from Participants

Participant loans are not allowed by the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Trustee, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

Upon retirement, death, disability, or termination of service, a participant (or participant’s beneficiary in the event of death) may elect to receive a distribution equal to the participant’s vested account balance made in the form of a single lump-sum payment of the participant’s vested account balance. In addition, in-service and hardship distributions are permitted if certain criteria are met. A participant has the right to receive all or any portion of their vested accounts upon attainment of age fifty-nine and a half (59½), disability, death, or termination of employment. Hardship distributions are subject to meeting strict hardship guidelines established by the Internal Revenue Service. Benefits are recorded when paid.

1. DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. At December 31, 2021 **and 2020**, unallocated forfeitures totaled \$10,721 and \$22,685, respectively. These accounts may be used to reduce Company contributions or pay Plan expenses. For the years ended December 31, 2021 **and 2020**, employer contributions were reduced by \$40,325 and \$11,420, respectively, from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accounting records of the Plan are maintained on the modified cash basis. Under this basis, revenues are recognized when received rather than when earned, and expenses are recognized when paid rather than when incurred. Accordingly, the financial statements are not intended to present the net assets and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America.

Expenses

Distribution and loan fees are charged directly to the requesting participants' account. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses. Plan expenses paid by the Company are not included in these financial statements. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value are reflected in operations. Mutual funds represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year-end. The fair value of participation units in the common collective trust is based on quoted redemption values on the last day of the plan year. For a full redemption of the common collective trust, the trustee reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Interest-bearing cash (money market funds) is valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when received. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the statement of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan provides for investments in various investment securities with different investment strategies, which, in general, are exposed to various risks, such as interest rate, credit, foreign investment, active management, and overall market volatility risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31, 2021 and 2020 and for the years then ended.

	<u>Year ended December 31,</u>	
	<u>2021</u>	<u>2020</u>
Investments at fair value:		
Mutual funds	\$ 12,664,481	\$ 10,126,920
Interest-bearing cash	433	400
Common / collective trust	614,868	613,272
Total investments	<u>\$ 13,279,782</u>	<u>\$ 10,740,592</u>
	<u>Years ended December 31,</u>	
	<u>2021</u>	<u>2020</u>
Investment income:		
Net appreciation in fair value of investments	\$ 1,225,771	\$ 998,886
Interest and dividends	454,380	245,930
Total investment income	<u>\$ 1,680,151</u>	<u>\$ 1,244,816</u>

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Dallas Zoo Management, Inc. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the years ended December 31, 2021 and 2020, there were no significant transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

Interest-bearing cash: Valued at the NAV of units held by the Plan at year-end.

Common collective trust: The fair value of participation units held in the Putnam Stable Value Fund (the "Fund") is based on its net asset value, as a practical expedient, as reported by the manager of the Fund and as supported by the unit price of actual purchase and sale transactions occurring as of or close to the financial statement date. The Fund invests primarily in guaranteed and security-backed investment contracts with life insurance companies, banks, and other financial institutions. The Fund provides daily redemptions by the Plan at the constant net asset value of \$1 per unit with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,664,481	\$ -	\$ -	\$ 12,664,481
Interest-bearing cash	433	-	-	433
Total assets in the fair value hierarchy	<u>\$ 12,664,914</u>	<u>\$ -</u>	<u>\$ -</u>	12,664,914
Common / collective trust (a)				614,868
Total investments at fair value				<u>\$ 13,279,782</u>

- (a) These investments are valued using net asset value as a practical expedient, and therefore have not been classified in the fair value hierarchy. The practical expedient would not be used if it is determined to be probable that the Fund would sell the investment for an amount different from the reported NAV. There are no unfunded commitments with respect to these investments.

4. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,126,920	\$ -	\$ -	\$ 10,126,920
Interest-bearing cash	400	-	-	400
Total assets in the fair value hierarchy	<u>\$ 10,127,320</u>	<u>\$ -</u>	<u>\$ -</u>	10,127,320
Common / collective trust (a)				613,272
Total investments at fair value				<u>\$ 10,740,592</u>

(b) These investments are valued using net asset value as a practical expedient, and therefore have not been classified in the fair value hierarchy. The practical expedient would not be used if it is determined to be probable that the Fund would sell the investment for an amount different from the reported NAV. There are no unfunded commitments with respect to these investments.

5. REPORTABLE TRANSACTIONS

During the years ended December 31, 2021 and 2020, there were no reportable transactions, no investments both acquired and disposed of within the Plan year or non-exempt transactions with parties-in-interest which would require presentation under the United States Department of Labor's Rules and Regulations.

6. CHANGES IN PLAN OPERATIONS

Effective January 1, 2020, certain administrative defaults for the Plan were updated to be in accordance with final regulations of the Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019. These changes included altering the age at which required minimum distributions must begin for participants. If a participant reached the age of 70½ prior to 2020, then the prior rule of age 70½ applies. If a participant reaches the age of 70½ during 2020 or later, that participant must now take his or her first required minimum distribution after reaching the age of 72. Formal amendments to the Plan document to reflect these operational changes will be executed prior to the deadline set forth by the SECURE Act, which is December 31, 2022 for calendar year-end plans. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of the SECURE Act. The extended deadline under this notice is December 31, 2025.

Effective April 4, 2020, Plan management elected the following provisions allowed by the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"): (1) increased penalty-free distribution limits of up to \$100,000 for qualifying coronavirus reasons; (2) waiver of the 10% excise tax on early distributions and 20% mandatory withholdings for distributions made for qualifying coronavirus reasons; (3) repayment policy of three years for all qualified distributions without being subject to retirement plan contribution limits; (4) increased loan limits for qualifying individuals of one hundred percent of the vested account balances up to \$100,000; (5) deferment of loan repayments up to one year; and (6) waiver of the Required Minimum Distribution for the remainder of 2020. Formal amendments to the Plan document for these changes in plan operations will be executed prior to the deadline set forth by the CARES Act, which is December 31, 2022 for calendar year-end plans. On August 3, 2022, the IRS announced in Notice 2022-33 that it is extending the deadline for amending a retirement plan to reflect the provisions of Section 2203 of the CARES Act, which includes a temporary waiver of minimum required distributions for certain retirement plans and accounts. The extended deadline under this notice is December 31, 2025 for calendar year-end plans. On September 26, 2022, the IRS announced in Notice 2022-45 that it is extending the deadline for amending a retirement plan to reflect the provisions of Section 2202 of the CARES Act, which includes coronavirus-related distributions and changes in loan limits and repayment requirements. The extended deadline under this notice is also December 31, 2025 for calendar year-end plans.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Investments is an affiliate of the Trustee and therefore, these transactions qualify as party-in-interest transactions. Purchases and sales of these accounts and the underlying investments comprising these accounts are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

8. PLAN AMENDMENTS

Effective January 1, 2020, the Plan was amended and restated to require that once an employee satisfies the eligibility requirements, the Company will make matching safe harbor contributions in an amount equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 1% of the participant's compensation, plus 50% of the amount of the participant's elective deferral that exceed 1% of the participant's compensation but do not exceed 6% of the participant's compensation. The Company may make additional discretionary matching employer contributions on behalf of each eligible participant in an amount equal to a percentage of the eligible contributions made by each eligible participant during the plan year. In no event may the dollar amount of the additional matching employer contribution made on an eligible participant's behalf for the plan year exceed 4% of the eligible participant's compensation for the plan year. A participant is 100 percent vested after two years of credited service in their qualified automatic contribution arrangement-matching contributions.

Effective April 8, 2020, the Plan was amended to provide for terminated employees with vested balances of less than \$5,000 to be automatically distributed, as provided in the Plan agreement.

Effective August 30, 2021, the Plan was amended and restated to reflect statutory changes pursuant to the Bipartisan Budget Act of 2018, the Disaster Tax Relief and Airport and Airway Extension Act of 2017, the Tax Cuts and Jobs Act of 2017, and IRC Sections 401(k) and (m) 2019 Final Hardship Regulations and any related guidance. Significant changes to the Plan document through this amendment included (a) removing the requirement for a participant to take a loan prior to a hardship distribution, (b) including earnings accrued on participant accounts as amounts available for hardship withdrawal, and (c) removing the requirement that elective deferrals be suspended following a hardship withdrawal.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. In the event of Plan termination, participants would become 100% vested in their employer contributions.

10. TAX STATUS

The Company adopted the Fidelity Management and Research Company Volume Submitter Defined Contribution Plan (Fidelity Basic Plan Document No. 17 and the Adoption Agreement together comprise the Volume Submitter Defined Contribution Plan). The Internal Revenue Service has issued an advisory letter dated March 31, 2014 stating that the plan is acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the advisory letter (in accordance with Announcement 2011-49) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Effective August 30, 2021, the Company adopted the Fidelity Management and Research Company Pre-Approved Defined Contribution Plan (Fidelity Basic Plan Document No. 17 and the Adoption Agreement together comprise the Pre-Approved Defined Contribution Plan). The Internal Revenue Service has issued an opinion letter dated June 30, 2020 stating that the plan is acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2017-41) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

10. TAX STATUS (Continued)

Plan management evaluates tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 **and 2020** there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.
