With Independent Auditors' Report*

INDEPENDENT AUDITORS' REPORT

The Trustees and Participants
Pleasant River Lumber Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Pleasant River Lumber Company 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter-Plan Merger

As discussed in Note 8 to the financial statements, the Board of Directors of Pleasant River Lumber Company, the Plan's sponsor, voted on May 3, 2021, to merge the Ware-Butler, Inc., 401(k) Plan into the Pleasant River Lumber Company 401(k) Plan effective April 30, 2021. All plan assets were transferred to the control of Pleasant River Lumber Company 401(k) Plan on May 3, 2021. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

The Trustees and Participants
Pleasant River Lumber Company 401(k) Plan

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 and the schedule of delinquent participant contributions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Trustees and Participants
Pleasant River Lumber Company 401(k) Plan

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institutions. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

PLEASANT RIVER LUMBER COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. Description of Plan

The following description of the Pleasant River Lumber Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Pleasant River Lumber Company and certain participating companies under common control (collectively the Company) who have completed 60 days of service and attained the age of twenty-one. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Contributions

Participants may contribute up to 100% of their eligible compensation, as defined, to the Plan, subject to certain limitations established by the Internal Revenue Code (IRC). In addition, participant contributions may consist of rollovers from other qualified retirement plans. All amounts credited to an employee's rollover account are 100% vested and non-forfeitable at all times.

Effective January 1, 2021, the plan adopted a mandatory match under the applicable safe harbor provisions. Every pay period, the Company provides matching contributions in an amount equal to 100% of the participants' deferral up to 3% of compensation (as defined) plus 50% of the participants' deferral that exceeds 3% of compensation up to 5% of compensation.

For the year ended December 31, 2020, the plan provided matching contributions at the discretion of the Company equal to 100% of the first 2% and 50% of the next 3% of the participant's eligible compensation contributed to the Plan.

The plan also allows for profit sharing contributions at the discretion of the Company. There were no profit sharing contributions in 2021 and 2020.

Participant Accounts

All contributions to the Plan are participant-directed among investment options offered by the Plan. Each participant's account is credited or charged with the participant's and Company's contributions, earnings, withdrawals, and an allocation of administrative expenses as outlined in the Plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants shall at all times be 100% vested in their employee contributions plus actual earnings thereon.

Beginning January 1, 2021, any safe harbor matching contributions are 100% vested immediately. Prior to adoption of the safe harbor rules, any employer matching funds that participants received become 25% vested after one year of service. The vesting percentage increases 25% for each subsequent year of service, with participants becoming fully vested after four years of service.

PLEASANT RIVER LUMBER COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. **Description of Plan (Continued)**

Forfeitures

Forfeitures of terminated non-vested account balances may be used to either offset expenses of the Plan or to fund future matching or profit sharing contributions. Forfeitures available, and used, as of and for the years ended December 31, 2021 and 2020 were not significant.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear a fixed interest rate of Prime plus 2% (interest rates ranging from 5.25% to 7.50% at December 31, 2021). Principal and interest are paid ratably through payroll deductions.

Distributions

Generally, no amounts may be distributed to participants from their accounts prior to their termination of employment or their attainment of age 59½, or due to death, disability or hardship, as defined.

Administrative Expenses

The Company pays substantially all administrative expenses associated with the Plan, with the exception of certain recordkeeping, investment management, and audit fees. Certain redemption and loan distribution fees are paid directly by Plan participants. The payment of administrative expenses are considered party-in-interest transactions, although not prohibited under ERISA.

Plan Administration

The Company is the Plan's Administrator and has the authority to appoint person(s) or entities to carry out the operations of the Plan. Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC serve as the Plan's custodians, and Empower Retirement, an affiliate of the custodian, serves as the recordkeeper for the Plan. Safepoint Financial, Inc. serves as an investment advisor to the Plan.

2. **Summary of Significant Accounting Policies**

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

PLEASANT RIVER LUMBER COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Contributions

Contributions from participants are recorded in the period in which payroll deductions are made. Employer matching and profit sharing contributions, if any, are recorded when the Company commits to making the contribution.

Investments

Investments are reported at fair value, with the exception of the Great-West Fixed Income Guaranteed Option which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The Great-West Fixed Income Guaranteed Option is reported at contract value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. There is a provision in the contract that may prevent the immediate and full payout of the contract value for plan-initiated transactions, such as layoffs, plan termination, early retirement incentives, etc. The Plan administrator believes no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would also limit the ability of the Plan to transact at contract value with the participants. The guaranteed fixed fund is a general account product with an insurance company. The methodology for calculating the interest crediting rates is based on the earnings of the underlying assets in the portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The Plan guaranteed fixed fund pays interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the contract. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the carrying value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PLEASANT RIVER LUMBER COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are recorded as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Such investment securities are exposed to various risks, such as interest rate, market volatility, liquidity and credit risk, among others. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events

Management has evaluated the existence of subsequent events through October 12, 2022, which represents the date the financial statements were available to be issued.

The Plan was restated effective January 1, 2022 in order to comply with the Internal Revenue Service (IRS) Cycle 3 restatement. There were no significant changes to Plan operations as a result of this restatement.

3. Fair Value Measurement

Fair value is the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

The fair value hierarchy for valuation inputs prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels which is determined by the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

PLEASANT RIVER LUMBER COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

3. **Fair Value Measurement (Continued)**

Level 2 – Inputs to the valuation method include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets that are measured at fair value using the net asset value per share practical expedient (NAV) have not been classified in the fair value hierarchy. This includes the pooled separate accounts.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

Following is a description of the valuation methodologies used for assets measured at fair value (there are no liabilities):

Pooled separate accounts – Valued at NAV, which is based on the market prices of the underlying mutual funds. The Plan has no unfunded commitments for these accounts and they can be redeemed daily at net asset value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The significant investment strategies of the funds, which are carried at fair value based on net asset value are as follows:

Pooled Separate Accounts: These funds seek to deliver a well-diversified portfolio, combining active and passive strategies with an appropriate asset allocation.

4. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

5. **Information Certified by the Custodians**

Plan management has determined that the Plan's custodians meet the requirements of a qualified institution as defined by the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the Plan's custodians, except for comparing such information with the related information included in the Plan's financial statements and supplemental schedules. The Plan Administrator has obtained certifications from Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians, as of December 31, 2021 and 2020, and for the years then ended, stating that the information provided to the Plan Administrator by the custodians is complete and accurate. Such certified Plan information includes investments at fair and contract value, notes receivable from participants, net realized and unrealized appreciation in fair value of investments, dividend income, interest income on notes receivable from participants, investment transactions and notes receivable transactions.

6. **Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the advisory opinion, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt and, accordingly, no provision for income taxes has been recorded in the Plan's financial statements. The plan adopted a non-standardized pre-approved plan restated effective January 1, 2022 (see note 2), which received an opinion letter from the IRS as to the Plan's qualified status dated June 30, 2020.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. **Party-In-Interest Transactions**

Certain investments of the Plan are investments in a guaranteed fixed fund managed by Great-West Life & Annuity Insurance Company. Other investments in pooled separate accounts of the plan are managed by Great-West Trust Company.

7. Party-In-Interest Transactions (Continued)

Great-West Life & Annuity Insurance Company and Great-West Trust Company serve as the Plan's trustees and recordkeepers. Therefore, transactions involving the Plan's investments qualify as party-in-interest; however, it is exempt from the prohibited transactions rules under ERISA. In addition, notes receivable from participants totaling \$556,805 and \$407,002 as of December 31, 2021 and 2020, respectively, qualify as party-in-interest transactions. Certain direct administrative expenses charged to the Plan during 2021 and 2020 totaled \$31,908 and \$10,860, respectively, and qualify as party-in-interest transactions.

8. Net Assets Transferred in from the Ware-Butler, Inc. 401(k) Plan

The Board of Directors of Pleasant River Lumber Company, the Plan's sponsor, voted on May 3, 2021, to merge the Ware-Butler, Inc., 401(k) Plan into the Pleasant River Lumber Company 401(k) Plan effective April 30, 2021. Plan assets totaling \$2,702,570, were transferred to the control of Pleasant River Lumber Company 401(k) Plan on May 3, 2021.

9. Nonexempt Transactions

Participant contributions were withheld from participants' pay, but were not remitted to the Plan's trust within the time frame required by the DOL. For the years ended December 31, 2021 and 2020, \$61,266 and \$15,734, respectively were not remitted timely. The plan sponsor is in the process of calculating and reimbursing the plan for lost earnings under the DOL's Voluntary Fiduciary Correction Program (VFCP) for all 2021 contributions. Late contributions for 2020 were corrected in 2021. Management does not expect lost earnings to be significant.
