Independent Auditor's Report

To the Participants and Administrator of
USNR, LLC 401(k) Tax Sheltered Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of USNR, LLC 401(k) Tax Sheltered Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

USNR, LLC 401(k) Tax Sheltered Plan
Independent Auditor's Report, Continued
December 31, 2021 and 2020

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

USNR, LLC 401(k) Tax Sheltered Plan
Independent Auditor's Report, Continued
December 31, 2021 and 2020

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing

Notes to Financial Statements

December 31, 2021 and 2020

1. Plan Description

The following brief description of USNR, LLC 401(k) Tax Sheltered Plan (the "Plan") is provided for general information only. Participants should refer to the plan agreement for more complete information.

General

The Plan is a deferred compensation tax sheltered savings plan established for eligible employees of USNR, LLC and certain adopting affiliates (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Company is the plan administrator, as defined by the plan document; accordingly, certain members of its management are responsible for oversight of the Plan including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Eligibility

Upon commencing employment with the Company, employees are eligible to remit contributions to the Plan and receive any employer contributions. Individuals who are employed as a consultant, temporary contract employee, intern, or are a union employee, are excluded from the Plan.

Contributions

The Plan provides investment options in various investment securities. Participants allocate their contributions in whole percentages among the investment funds offered by the Plan. Voluntary salary deferral contributions are made by the employee and matched by the Company as follows:

- The employee may defer salary of at least 1% but not more than 100% of compensation and not to exceed the annual limit set by the Internal Revenue Service for the calendar year.
- The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's voluntary deferred salary contributions. For the year ended December 31, 2021, the Company matching contribution was \$0.50 for each dollar deferred, up to 6% of the participant's qualifying compensation.
- The Company may make discretionary contributions, as determined annually, equal to a uniform percentage of each eligible participant's qualifying compensation. For the year ended December 31, 2021, no such contributions were made.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, plan earnings, and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in employee contributions at the time of participation in the Plan and are 100% vested in Company contributions after completing five years of service for contributions made prior to December 31, 2001. Company contributions vest at a rate of 20% per year commencing after the second full year of credited service and become fully vested after six years of credited service for contributions made after January 1, 2002. A participant who terminates employment because of death, disability or retirement becomes fully vested in Company contributions.

Notes to Financial Statements

December 31, 2021 and 2020

Notes Receivable from Participants

Participants in the Plan are allowed to borrow an amount not to exceed 50% of their account balance and, under no circumstances, in excess of \$50,000. Participants have up to five years for repayment, unless for the purchase of a primary residence, and are charged interest at the Plan's applicable rate on the date of the loan. Participant loans are collateralized by the balance in the participant's account. Interest paid by the participants on the loans is credited to each respective participant's account.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant (or beneficiary) may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in installment payments. For account balances not exceeding \$5,000, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

The unvested portion of Company contributions forfeited by terminated employees is credited against future employer contributions. Unallocated forfeited amounts totaled \$3,114 and \$47,905 at December 31, 2021 and 2020, respectively. During the year ended December 31, 2021, employer contributions were reduced by \$128,000 from forfeited nonvested accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amount of assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. The plan administrator bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances at the time. Actual results could differ from those estimates under different assumptions or conditions.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers, custodian, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit

USNR, LLC 401(k) Tax Sheltered Plan

Notes to Financial Statements

December 31, 2021 and 2020

losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a corresponding benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Management has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, and interest and dividends, for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1. Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Level 2 inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

USNR, LLC 401(k) Tax Sheltered Plan

Notes to Financial Statements

December 31, 2021 and 2020

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020. Fair values are provided by the Plan's investment custodian as follows:

Common/collective trust: Investments in common/collective trust investments are valued at the net asset value ("NAV") of units of a collective investment trust. The NAV, as provided by the trustee, is used to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This value is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions, including purchases and sales, are valued on a daily basis. Certain participant-initiated withdrawals may be executed subject to a 90-day redemption notice period. Were the Plan to initiate a full redemption of the Morley Stable Value Fund, under the terms of the collective trust agreement the investment issuer reserves the right to temporarily delay withdrawal from the fund for up to one year. At December 31, 2021, the average yield and crediting rate earned by the fund were approximately 1.48 percent and 1.66 percent, respectively.

Mutual funds: Investments in registered investment companies are valued at the daily closing price as reported by the respective fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Common/collective trust	\$ -	\$ 6,156,859	\$ -	\$ 6,156,859

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total

5. Related Party and Party-In-Interest Transactions

Charles Schwab Trust Bank serves as the Plan's investment custodian. Transactions with Charles Schwab Trust Bank, and plan administration and investment advisory services provided by other entities, qualify as party-in-interest transactions. Fees incurred by the Plan for certain investment expenses are included in net appreciation in fair value of investments, as they are paid through fees charged at the investment level rather than direct payments remitted by the Plan. The Plan made direct payments for custodial, investment advisory, and plan administration expenses totaling \$118,299 during the year ended December 31, 2021. The Company pays directly certain other fees related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100 percent vested in the employer contributions portion of their accounts.

7. Tax Status

The Plan has adopted a volume submitter profit sharing agreement as the plan document which the Internal Revenue Service has determined, by a letter dated March 31, 2014, is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed, and currently being operated, in compliance with applicable sections of the IRC and, therefore, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements
December 31, 2021 and 2020

9. Subsequent Events

Effective January 1, 2023, the plan document was amended and restated resulting in certain changes to the terms of the Plan including permitting Roth contributions and the adoption of an auto-enrollment provision. Under the auto-enrollment provision, on or after January 1, 2023, all newly eligible employees will automatically be enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants will have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated investment option until changed by the participant.
