Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of ACMH 403(b) Defined Contribution Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the 2021 Financial Statements" section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the 2021 Financial Statements” section of our report. We are required to be independent of ACMH 403(b) Defined Contribution Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ACMH 403(b) Defined Contribution Plan’s ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ACMH 403(b) Defined Contribution Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ACMH 403(b) Defined Contribution Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of ACMH 403(b) Defined Contribution Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

ACMH 403(b) Defined Contribution Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan

General

The following description of the ACMH 403(b) Defined Contribution Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by Armstrong County Memorial Hospital (System) for the benefit of all employees. Employees are immediately eligible to participate in the Plan as a contributing participant upon commencement of employment with the System. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Starting December 1, 2020, Great-West Life & Annuity Insurance Company serves as the primary plan custodian. Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company (Principal Trust Company), also served as a custodian of the Plan.

Effective September 1, 2021, Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company (Principal Trust Company), was removed as a custodian of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to have the System make annual contributions of up to the maximum allowed by the Internal Revenue Code as a pretax deferral or a Roth deferral. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows for special code Section 403(b) catch-up contributions for those participants with 15 years of service. The System makes additional contributions on a quarterly basis equal to a percentage of each participant's annual wage based on the participant's applicable employee group as outlined in the plan document, for persons who have completed 90 days of service. Effective December 1, 2020, the service requirement was eliminated for the quarterly employer contribution. The System may make discretionary contributions as determined by the System's Board of Directors. No discretionary contributions were made in 2021 and 2020. Contributions are subject to certain limitations.

The Plan added an automatic enrollment feature whereby new employees shall make pretax contributions of 2.5 percent of compensation unless they elect not to participate in the Plan.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing contributions into any of the investment account options selected by the System and may change the allocation daily.

ACMH 403(b) Defined Contribution Plan

Notes to Financial Statements

December 31, 2021 and 2020

Participant Accounts

Each participant's account is credited with the participant's contribution, the System's contributions and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on prevailing rates as determined by the loan administrator.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. A loan shall be in default if any required payment amount remains unpaid for more than 90 days. The balance of any outstanding loan is due 60 days after a participant terminates employment. Any default in repayment to the Plan will result in the balance due for the loan being treated as a taxable distribution from the Plan.

In April 2020, the System adopted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of \$100,000 or 100 percent of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued from March 27, 2020, through September 22, 2020. The one-year suspension of loan repayments applies to qualified participants' loan payments due between March 27, 2020, and December 31, 2020. Following the suspension period, these loans were reamortized over the remaining period of the loans, plus the suspension period.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the System's additional contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested in the additional contributions described above after three years of continuous service. Participants are 100 percent vested in any discretionary contributions made by the System. The nonvested balance is forfeited upon termination of service.

ACMH 403(b) Defined Contribution Plan

Notes to Financial Statements

December 31, 2021 and 2020

Payment of Benefits

If a participant ceases to be an employee of the System and his account balance is less than \$1,000, the entire vested account balance will be payable to the participant or his beneficiaries in a single lump-sum payment. Balances greater than \$1,000 but less than \$5,000 are to be rolled over to an individual retirement account as designated by the Plan, absent an election by the participant. Participant balances in excess of \$5,000 may remain in the Plan until such time the participant elects to receive either a lump-sum payment or chooses one of various annuity options.

In April 2020, the System implemented *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants were permitted to take a CRD of up to \$100,000 from the Plan. Participants who took a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$12,018 and \$7,817, respectively. These accounts are first used to reduce administrative expenses. Any remaining forfeitures are used to reduce future employer contributions. In 2021 and 2020, employer contributions were reduced by \$42,695 and \$47,558 from forfeited nonvested accounts, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

ACMH 403(b) Defined Contribution Plan

Notes to Financial Statements

December 31, 2021 and 2020

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administrative expenses.

The fair value of the fixed annuity contracts with Great West Life and Annuity Insurance Company is estimated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the System or the Plan, at the System's discretion.

Note 3: Certification of Plan Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company and Great-West Life & Annuity Insurance Company, qualified institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate.

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.

ACMH 403(b) Defined Contribution Plan

Notes to Financial Statements

December 31, 2021 and 2020

- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year-end) as of December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4: Plan Amendments

Effective December 1, 2020, the Plan was amended and restated. Effective that same date, the plan appointed Great-West Life & Annuity Insurance Company as the custodian and record keeper to the Plan. The conversion initiated a "Black Out" period beginning November 20, 2020, and continued through the week ending December 13, 2020. During this period, funds could not be applied to the employee-selected funds with the custodian or withdrawn from the Plan until the custodian had time to accurately complete the conversion. During this time period, employee contributions continued to be made through payroll deductions and the contributions were deposited and held in a general account in the Plan. At the end of the Black Out period, these funds were transferred to the new Custodian and invested in funds as requested by each participant.

Note 5: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Notes to Financial Statements

December 31, 2021 and 2020

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2021 and 2020:

2021				
Fair Value Measurements Using				
Fair Value	Level 1	Level 2	Level 3	
Mutual funds	\$ 68,903,589	\$ 68,903,589	\$ -	\$ -
Fixed annuity contracts	608	-	608	-
	<u>\$ 68,904,197</u>	<u>\$ 68,903,589</u>	<u>\$ 608</u>	<u>\$ -</u>

2020				
Fair Value Measurements Using				
Fair Value	Level 1	Level 2	Level 3	
Mutual funds	\$ 62,270,026	\$ 62,270,026	\$ -	\$ -
Fixed annuity contracts	590	-	590	-
	<u>\$ 62,270,616</u>	<u>\$ 62,270,026</u>	<u>\$ 590</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2021. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy and include mutual funds. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy and include fixed annuity contracts. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

ACMH 403(b) Defined Contribution Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 6: Investment Contract with Principal Life Insurance Company

The Plan had a fully benefit-responsive investment contract with Principal Life Insurance Company (PLIC). PLIC maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract was fully benefit responsive; therefore, contract value was the relevant measurement. Contract value, as reported to the Plan by PLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator did not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, was probable.

The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract was matured September 1, 2021, and all funds were transferred to Great-West Life & Annuity Insurance Company.

The contract value of the Principal Fixed Income Non 401(a) account at December 31, 2021 and 2020, was \$0 and \$4,010,701, respectively.

Note 7: Investment Contract with Great-West Life & Annuity Insurance Company

On December 1, 2020, the Plan invested in a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company (Great-West). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

ACMH 403(b) Defined Contribution Plan

Notes to Financial Statements

December 31, 2021 and 2020

The guaranteed investment contract is fully benefit responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract value of the Great-West Investments Fixed Account – Series IV account at December 31, 2021 and 2020, is \$3,043,095 and \$64,486, respectively.

Note 8: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds managed by entities related to the plan custodians. The Plan paid \$400 and \$183,625 of recordkeeping fees to PLIC during 2021 and 2020, respectively. The Plan paid \$73,081 and \$764 of recordkeeping fees to Great-West during 2021 and 2020, respectively. The System provides certain administrative services at no cost to the Plan.

Net assets available for benefits per Form 5500	<u>\$ 73,048,601</u>	<u>\$ 67,682,597</u>

The following is a reconciliation of distributions per the financial statements for the years ended December 31, 2021 and 2020, to Form 5500:

	2021	2020
Benefits paid directly to participants per the financial statements	\$ 7,885,546	\$ 10,334,401
Change in loans deemed distributed per Form 5500	<u>32,515</u>	<u>1,170</u>
Benefit payments per Form 5500	<u>\$ 7,918,061</u>	<u>\$ 10,335,571</u>

Note 10: Plan Termination

Although it has not expressed an intention to do so, the System has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 11: Tax Status

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended. On December 1, 2020, the Plan was amended and restated under a volume submitter plan document sponsored by Great-West Trust Company, LLC. This document has been filed with the appropriate agency and obtained an advisory letter from the IRS stating that the volume submitter satisfies the requirements under Section 403(b) of the Internal Revenue Code. The Plan has not requested or obtained a determination letter, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax.

ACMH 403(b) Defined Contribution Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 12: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the System remitted all employee contributions to the Plan, contributions of \$1,087 were not remitted within the required time period for the year ended December 31, 2019, which was fully corrected in 2021 and contributions of \$10 were not remitted within the required time period for the year ended December 31, 2020, which was not fully corrected in 2021.

Note 13: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen, which have resulted in significant volatility in the investment markets and may continue to impact the value of Plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 14: Subsequent Events

Subsequent events have been evaluated through October 11, 2022, which is the date the financial statements were available to be issued.
