INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
IDEX Corporation Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of IDEX Corporation Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of IDEX Corporation Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of IDEX Corporation Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt IDEX Corporation Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IDEX Corporation Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IDEX Corporation Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

IDEX CORPORATION SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the IDEX Corporation Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General. The Plan is intended to be a qualified cash or deferred profit-sharing plan within the meaning of Sections 401(a) and 401(k) of the Internal Revenue Code (the “Code”). The Plan permits substantially all the employees of IDEX Corporation and its wholly-owned United States subsidiaries (collectively the “Company” or “Employer”), not subject to collective bargaining agreements or employed as an intern, to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Vanguard Fiduciary Trust Company (the “Trustee”) is the trustee of the Plan and a qualified institution pursuant to ERISA. The IDEX Corporation Pension and Profit Sharing Committee and the Plan’s administrator (“Plan Administrator”) control and manage the operations and administration of the Plan.

Subsequent to year end, the Plan had transfers in from qualified plans of acquired subsidiaries in the amount of approximately \$2,950,000.

Eligibility. Employees, who are not covered by a collective bargaining agreement or employed as an intern, are eligible immediately. Employees are eligible for the defined contribution feature as of the first day of the month, coincident with and following their date of hire.

Participant Contributions. Participants may contribute up to 35% of pretax and/or post-tax annual compensation, as defined in the Plan and limited and subject to amounts established by the Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan has an auto-enrollment provision whereby participants are auto-enrolled at a contribution deferral rate of 4% unless they affirmatively elect otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan accepts rollovers and transfers as defined in the Plan document. Rollover contributions consist of contributions made to other qualified plans, which employees have elected to include within the Plan. From time to time various divisions of the Company are added to the Plan and assets are transferred into the Plan as a result.

Employer Contributions. The Company has three forms of contributions: 1) the Company matches contributions at the rate of 50% of the first 8% of each participant’s compensation contributed on a per payroll basis; 2) for participants who also continue to participate in the IDEX Corporation Retirement Plan, the Company matches contributions at the rate of 50% of the first 2%, and 30% of the next 6% of these participants’ compensation; and 3) the Company contributes a percent of compensation based on age and years of service attained during the year (the “DC Provision”). The DC Provision contribution, net of forfeitures, was approximately \$12,115,000 for the year ended December 31, 2021.

Participant Accounts. Each participant’s account is credited with the participant’s contribution and allocations of (a) the Employer contributions and (b) self-directed Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options. Each participant directs the investment of their account balances into any combination of the various investment options offered by the Plan. All investments are maintained with the Trustee. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Vesting. Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in their Company match contributions after five years of credited service and in their DC Provision contributions after three years of credited service.

Forfeited Accounts. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Employer contributions. Forfeited non-vested accounts totaled approximately \$763,000 and \$1,050,000 as of December 31, 2021 and 2020, respectively. Forfeitures in the amount of approximately \$2,112,000 were used to reduce Employer contributions during 2021. Forfeitures in the amount of approximately \$709,000 were used to reduce 2021 Employer contributions during 2022.

Notes Receivable from Participants. Participants may borrow from their fund accounts a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest in his or her account as a lump sum distribution.

Payment of Benefits. Upon termination of service due to death, disability or retirement, a participant may elect one of several alternative forms of payment depending on marital status at the time distribution commences. For termination of services due to other reasons or financial hardship withdrawals, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Amendment. Effective January 1, 2021, the Plan was amended to become a qualified replacement plan under which the Plan may accept transfers of assets from the IDEX Corporation Retirement Plan, a defined benefit plan under common sponsorship. Effective August 1, 2021, the Plan was amended to modify the eligibility requirements to exclude interns from being eligible to participate in the Plan.

Economic Conditions. In March 2020, government agencies announced warnings related to the Coronavirus ("COVID-19"). Any potential decline in economic activity in the U.S. and other regions of the world as a result of the virus may have an adverse impact on the Plan's Assets.

Recent Legislation. The Coronavirus Aid Relief and Economic Security Act ("CARES Act") was signed into law on March 27, 2020. The CARES Act allowed for Coronavirus-related distributions and loans to participants through the end of 2020 and has specific rules related to the qualification, distribution and repayment of such distributions and loans.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from these estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained, and as the operating environment changes.

IDEX CORPORATION SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Employers and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses.

Payment of Benefits. Benefits are recorded when paid.

Concentration of Credit Risk. Substantially all the Plan's assets are held by Vanguard Fiduciary Trust Company ("Vanguard"). Vanguard is referred to herein as the "Trustee" and is a qualified institution pursuant to ERISA.

Recent Accounting Pronouncements. In June 2016, Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-13, *Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, to revise the criteria for the measurement, recognition, and reporting of credit losses on financial instruments to be recognized when expected. This update is effective for fiscal years beginning after December 15, 2022, with early adoption permitted. Management is currently evaluating this standard.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedules that were prepared by the Trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that such information is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Note 4: All investment balances.
- Supplemental Schedule: All items and balances.

IDEX CORPORATION SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual Funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds. Common collective trust funds held by the Plan are valued at either the daily closing price as reported by the fund or at the net asset value of units of the collective trust (“NAV”). The stable value fund held by the Plan is composed primarily of fully benefit-responsive investment contracts and is valued at the NAV of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

Investments Measured Using the Net Asset Value per Share Practical Expedient. The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/Collective Trust Funds	\$ 392,983,723	None	Daily	None

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/Collective Trust Fund	\$ 32,522,844	None	Daily	None

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 6 – TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated October 6, 2017, that the Plan agreement was designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operating in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes has been recorded in the accompanying financial statements.

IDEX CORPORATION SAVINGS PLAN**NOTES TO THE FINANCIAL STATEMENTS****NOTE 7 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of mutual funds and common collective trust funds managed by Vanguard Funds. Vanguard Funds is an affiliate of the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE 8 – RISK AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2021 through September 27, 2022, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period that have not been disclosed in the notes to the financial statements.
