INDEPENDENT ACCOUNTANT'S REPORT

To the Participants and Administrative Committee
of GREENWAY PRODUCTS AND SERVICES LLC
401(k) PROFIT SHARING PLAN & TRUST
New Hyde Park, New York

Scope and Nature of the ERISA Section 103(a)(3)C Audit for the 2021 Financial Statements

I have performed an audit the accompanying financial statements of the Greenway Products and Services LLC 401K Profit Sharing Plan and Trust Benefit Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA) as permitted by ERISA Section 103(a)(3)C. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)C pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)C, my audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a State or Federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Auditor's Responsibility for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)C Audit of the Financial Statements section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- * Exercise professional judgment and maintain professional skepticism throughout the audit.
- * Identify an assess risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- * Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion the effectiveness of Greenway Products and Services LLC 401(k) Profit Sharing Plan and Trust Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- * Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well evaluate the overall presentation of the financial statements.
- * Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Greenway Products and Services LLC 401K Profit Sharing Plan and Trust Benefit Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibility for the Audit of the 2021 Financial Statements (continued)

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)C audit is to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental information of Schedule H, line 4i Schedule of Assets (Held at End of Year) and line 4a Schedule of Reportable Transactions, as of and for the year ending December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and disclosure under ERISA.

In my opinion:

- * The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- * The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)C.

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Greenway Products and Services LLC 401K Profit Sharing Plan & Trust Benefit Plan were audited by me. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information certified by the qualified institution. My report dated October 5, 2021, indicated that (a) because of the significance of the information that I did not audit, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

NOTE A - GENERAL DESCRIPTION OF THE PLAN

The following description of the Greenway Products and Service ("the company") 401(k) Profit Sharing Plan & Trust ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established August 1, 2015, covering all full-time and part-time employees of the Company who are over the age of 21, who have completed three months of service, and who are not party to a collective bargaining agreement with the Company. The Plan has adopted safe harbor provisions and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA)

Contributions

Each year, participants may contribute up to 96% of pretax annual compensation as defined in the Plan, up to the maximum amount allowable under the Internal Revenue Code (IRC). Participants over the age of 50 may contribute additional amounts as allowed by Internal Revenue Service regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary matching and profit sharing contributions to the Plan on a participant's behalf. The Company must make safe harbor contributions during the year, under a Basic matching formula of 100% of Elective Deferral Contributions that are not over 3% of Pay plus 50% of Elective Deferral Contributions which are over 3% but are not over 5% of Pay.

Each participant's account is credited with the participant's contribution and allocations of plan earnings. Allocations of plan earnings are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts. In the event of the Plan's termination, all participants will become fully vested in their account balances.

Vesting

Participants are immediately vested in their contributions and earnings thereon, along with any employer profit sharing contributions made. With respect to Company contributions, a participant is 20% vested after two years of service increasing to 100% after six years.

Loan to Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant loan funds.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE A - GENERAL DESCRIPTION OF THE PLAN (continued)

Forfeitures

Plan Forfeitures are first used to reduce plan expenses, then used to reduce employer contributions. There were no plan forfeitures as of December 31, 2021.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Fair Value Measurements - Investment Valuation and Income Recognition (SFAS 157)

As defined in SFAS No. 157, fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. In determine fair value, the Company utilizes certain assumptions that market participants would be used in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated or generally unobservable inputs and minimize the use of unobservable inputs. Based on the examination of the inputs used in the valuation techniques, the Company is required to prove the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Quoted market prices in active markets for identical assets or liabilities

Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data

Level 3 - Includes significant inputs to the valuation methodology that are unobservable and may include assumptions about market participant assumptions.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

MUTUAL FUNDS

Mutual Funds are valued at the net asset value (NAV) of the shares held by the plan at year end and are classified as Level 1 of the fair value hierarchy.

These funds are considered open-end mutual funds, meaning that the fund is ready to redeem its shares at any time and offers its shares for sale to the public, either through retail outlets or through institutional investors continuously. For institutional funds, NAV's are received daily from fund managers, and the managers stand ready to transact at these quoted amounts.

The calculation of the NAV for funds composed of other funds (e.g., retirement target date funds) is essentially the same as the calculation of the NAV for any other fund: The total market value of assets across all underlying funds less any liabilities is divided by the outstanding shares. Again, this resulting NAV is published and/or the fund managers are ready to transact at the quoted prices.

Risks and Uncertainties

The Plan provides for various investment options in any combination of a variety of mutual funds. Investments in mutual funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain mutual funds and the level of uncertainty related to changes in the value of mutual funds, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statements of changes in net assets available for benefits.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
