Plan Participants and Retirement Committee
Saint Luke's 403(b) Plan
Kansas City, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit For The 2021 Financial Statements

We have performed an audit of the financial statements of Saint Luke's 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion On The 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion On The 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The 2021 Financial Statements section of our report. We are required to be independent of Saint Luke's 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Saint Luke's 403(b) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The 2021 Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit For The 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Saint Luke's 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Saint Luke's 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required By ERISA

The supplemental schedule of assets held at end of year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report On The 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of Saint Luke's 403(b) Plan as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the Department Of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report, dated September 2, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department Of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SAINT LUKE'S 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 And 2020

1. Description Of The Plan

The following description of Saint Luke's 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established as of January 1, 2009, for the benefit of the employees of Saint Luke's Health System (the System) and affiliates of the System authorized to participate in the Plan (collectively, the Employers). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state laws. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

In August 2020, former Allen County Regional Hospital employees who became an employee of Saint Luke's were rolled into the Saint Luke's Retirement Balance and Matching Plan. Loan balances of eligible participants were transferred into the Plan in the amount of \$75,601.

Eligibility

An employee may elect to become a participant of the Plan immediately upon becoming employed by an Employer.

Contributions

Each year, participants may contribute a portion of their annual compensation, as defined in the Plan. Unless otherwise elected, employees are subject to automatic enrollment in the Plan at a salary deferral rate of 4% of eligible compensation. Participants may also make after-tax (Roth) elective contributions. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Contributions are subject to certain Internal Revenue Service (IRS) limitations.

SAINT LUKE'S 403(b) PLAN

Notes To The Financial Statements (*Continued*)

Effective January 1, 2019, each current employee who has elected to defer less than 4% of their compensation are deemed to have elected to have their compensation reduced by 4%, effective as of the payroll period specified by the Administrator, and contributed as a non-Roth elective deferral to the Plan.

The Plan Sponsor has the discretion to make matching contributions based on participant deferrals made to this Plan. Any Employer matching contributions are made into the Saint Luke's Retirement Balance and Matching Plan.

Participants' Investment Options

Participants direct their contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses. Allocations of Plan earnings (losses) are based on accounts of participants as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Notes Receivable From Participants

Participants are allowed to borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The participant is allowed two loans outstanding – one for general purposes, and one for the purchase of a principal residence. Notes receivable terms range from one to five years, or longer for the purchase of a principal residence. The notes receivable bear interest at rates ranging from 3.28% to 12.99% with maturity dates through November 2051. The loans are repaid through payroll withholdings, including principal and interest.

SAINT LUKE'S 403(b) PLAN

Notes To The Financial Statements (*Continued*)

Pursuant to the Coronavirus Aid, Relief, and Economic Security (CARES) Act enacted in March 2020, Plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020. If a delay was granted, the participant note was reamortized and included any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020. In addition, the limit on notes receivable was increased to \$100,000 or 100% of the participant's vested account balance. The increased loan limit was available for 180 days after the enactment of the CARES Act.

Payment Of Benefits

On termination of service, participants may elect to receive their vested benefits in a single lump sum or in monthly, quarterly or annual installments over a fixed reasonable period of time, not exceeding the life expectancy of the participant, or an annuity for the life of the participant or the joint lives of the participant and his or her beneficiary.

In-service distributions may be made to a participant who has not separated from service provided the participant has attained the age of 59½.

Hardship Withdrawals

The Plan provides for hardship withdrawals, as set forth in accordance with applicable sections of the IRC, not to exceed a participant's actual contributions to the Plan, which must result from an immediate financial need of the participant as determined on a nondiscriminatory basis by the Plan Administrator.

In 2020, the Plan also permitted participants to request up to \$100,000 in coronavirus related distributions, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employers. Expenses that are paid by the Employers are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in net change in fair value of investments.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Estimates And Assumptions

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States. Those estimates and assumptions affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could vary from those estimates.

Investment Valuation And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net change in fair value of investments includes the Plan's gains and losses (realized and unrealized) on investments bought and sold as well as held during the year.

Payment Of Benefits

Benefits are recorded when paid.

Notes Receivable from Plan Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan Document.

Subsequent Events

Management evaluates subsequent events through the date the financial statements were available for issue, which is the date of the Independent Auditors' Report.

Notes To The Financial Statements *(Continued)*

3. Certified Financial Information

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified by Fidelity Management Trust Company, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Fidelity Management Trust Company that the information provided to the Plan Administrator related to the following information is complete and accurate to the best of their knowledge and belief.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following:

	December 31,	
	2021	2020
Investments at fair value:		
Mutual funds	\$ 717,433,085	\$ 621,022,552
Self-directed brokerage accounts	36,480,922	30,850,195
Notes receivable from participants	8,473,529	8,199,930

Fidelity Management Trust Company also certified to the completeness and accuracy to the best of their knowledge and belief related the following investment income and interest income on notes receivable from participants for the years ended December 31:

	2021	2020
Net change in fair value of investments	\$ 38,303,676	\$ 68,311,443
Interest and dividends	49,784,636	30,950,612
Interest income on notes receivable from participants	414,687	449,321

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

SAINT LUKE'S 403(b) PLAN

Notes To The Financial Statements (*Continued*)

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts

Self-directed brokerage accounts are comprised almost exclusively of mutual funds, and are valued at the NAV of the funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 717,433,085	\$ —	\$ —	\$ 717,433,085
Self-directed brokerage accounts	36,480,922	—	—	36,480,922
Total investments at fair value	\$ 753,914,007	\$ —	\$ —	\$ 753,914,007

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 621,022,552	\$ —	\$ —	\$ 621,022,552
Self-directed brokerage accounts	30,850,195	—	—	30,850,195
Total investments at fair value	\$ 651,872,747	\$ —	\$ —	\$ 651,872,747

There have been no changes in the methodologies used at December 31, 2021 or 2020.

5. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Employers. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Employers.

6. Tax Status

The Plan has been drafted to satisfy the requirements under the IRC as they pertain to 403(b) plans. The Plan is required to operate in conformity with the IRC to maintain the exclusion from tax for Plan participants. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed intent to do so, the Employers have the right under the Plan to terminate or amend the Plan subject to the provisions of ERISA.

8. Related Organizations

As discussed in Note 1 to the financial statements, the Plan covers employees of the System and certain affiliates of the System. These related organizations participating in the Plan are charged for their share of contributions to the Plan.

9. Party In Interest Transactions

Certain Plan investments are shares of mutual funds managed by an affiliate of Fidelity Workplace Services, LLC, the Plan's recordkeeper, and therefore, these transactions qualify as party in interest transactions allowable under ERISA.

Certain employees have outstanding loans with the Plan as of December 31, 2021 and 2020. These loans are considered party in interest transactions and are allowable under ERISA.

10. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
