To the Participants and the Plan Administrator for the
Pension Plan for Hourly Employees of the Cleveland-Cliffs Iron Company and
Its Associated Employers
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Pension Plan for Hourly Employees of the Cleveland-Cliffs Iron Company and Its Associated Employers, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Pension Plan for Hourly Employees of the Cleveland-Cliffs Iron Company and Its Associated Employers' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, The Bank of New York Mellon/BNY, N.A., as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pension Plan for Hourly Employees of the Cleveland-Cliffs Iron Company and Its Associated Employers and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pension Plan for Hourly Employees of the Cleveland-Cliffs Iron Company and Its Associated Employers' ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- a. Exercise professional judgment and maintain professional skepticism throughout the audit.
- b. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- c. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Pension Plan for Hourly Employees of the Cleveland-Cliffs Iron Company and Its Associated Employers' internal control. Accordingly, no such opinion is expressed.
- d. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- e. Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pension Plan for Hourly Employees of the Cleveland-Cliffs Iron Company and Its Associated Employers' ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes End of Year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Participants and the Plan Administrator for the
Pension Plan for Hourly Employees of the Cleveland-Cliffs Iron Company and
Its Associated Employers
Cleveland, Ohio

We were engaged to audit the accompanying statement of net assets available for benefits of the Pension Plan for Hourly Employees of the Cleveland-Cliffs Iron Company and Its Associated Employers, as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by The Bank of New York Mellon/BNY, N.A., the trustee of the Plan of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020 and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations for 2020 Financial Statements

The form and content of the information included in the 2020 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

Pension Plan for Hourly Employees of The Cleveland-Cliffs Iron Company and its Associated Employers

1. Description of Plan

The following description of the Pension Plan for Hourly Employees of The Cleveland-Cliffs Iron Company and Its Associated Employers, amended and restated as of January 1, 2014, (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a non-contributory defined benefit plan covering hourly employees of Empire Iron Mining Partnership and Tilden Mining Company L.C. (the "Employing Companies") who have met certain requirements as to length of service and age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants of the Plan are entitled to a normal retirement benefit upon attaining the age of 65 and five years of credited service. The normal monthly retirement benefit is based on the participant's years of credited service and past compensation levels, as provided in the Plan. The Plan also provides for early retirement, permanent incapacity, surviving spouse and deferred vested benefits for those participants who meet certain age and length of service requirements. The Plan provides that participants have a 100% deferred vested benefit after five years of continuous service.

Effective September 30, 2018, the Employing Companies reached an agreement with the United Steelworkers. In this agreement, the pension multiplier increased from \$100 to \$115 per year of service for service after January 1, 2019. Additionally, the annual pension supplement paid to retirees who retired on or after January 1, 2015, was renewed for calendar years 2019, 2020, and 2021. The agreement also renewed the annual surviving spouse payments, lump sum payments for retirees who retired on other than a deferred vested pension prior to August 1, 1993, and lump sum payments for disability retirees.

Eligibility

The Plan provides regular pensions, disability pensions and surviving spouse benefits to hourly employees of the Employing Companies, age twenty-one and older who have at least one year of continuous service.

Investment Options

The assets of the Plan held by The Bank of New York Mellon/BNY, N.A., who serves as the Trustee (the "Trustee"), are invested in the Cleveland-Cliffs Inc. and Associated Companies Master Pension Trust (the "Master Trust") based on investment objectives established by the Cleveland-Cliffs Inc. Investment Committee ("Investment Committee"). SEI Investments Management Corporation ("Investment Advisor") serves as the Investment Advisor to the Investment Committee.

Contributions

The Employing Companies make contributions to the Plan in accordance with the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 ("ERISA") regulations in order to meet the projected benefits to be paid to plan participants, as determined on an actuarial basis.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments

Investments held by the Master Trust are stated at fair value as reported by the Trustee. Investments in participating units that have no quoted market price are stated at estimated fair value as determined by the Investment Advisor. Realized gains or losses on security transactions are recorded as the difference between net proceeds received and cost. Changes in net realized and unrealized appreciation or depreciation are reflected in the Statement of Changes in Net Assets Available for Benefits. Dividend income is recorded on the ex-dividend date and

income from other investments is recorded as earned on an accrual basis. Purchases and sales are recorded on a trade-date basis.

Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of the Plan's accumulated benefits is determined using the projected unit of credit method and is comprised of those estimated future periodic payments, including lump sum distributions, that are attributable under the Plan's provisions to the service employees have rendered to the valuation date. Accumulated benefits under the Plan include benefits expected to be paid to retired and terminated employees or their beneficiaries, beneficiaries of employees who have died, and present employees or their beneficiaries. Benefits payable under all circumstances, such as retirement, death, disability and termination of employment are included to the extent they are considered attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated benefits under the Plan is determined by an independent consulting actuary and results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money and probability of payment between the valuation date and the expected date of payment.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan's investments include an investment in a master trust holding various investments with varying degrees of risk, such as interest rate risk, credit risk and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions and actuarial present value of accumulated Plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Administrative Fees

The Plan pays the trustee fees, actuarial fees, audit fees and expenses of the Plan. Other administrative expenses of the Plan, such as salaries and use of facilities are paid by the Employing Companies.

Plan Status

For Internal Revenue purposes the Plan's status is a single employer plan. The Plan is considered to be a multiemployer plan for purposes of the Pension Benefit Guaranty Corporation (the "PBGC").

Subsequent Events

Management evaluates events occurring subsequent to year end in determining the accounting for and disclosure of transactions and events that affect the financial statements.

On September 30, 2022, the Employing Companies ratified a new 47-month labor agreement with the USW for the legacy Mining & Pelletizing operations. The contract will be effective on October 1, 2022, and will cover approximately 2,000 USW-represented employees. For the affected defined benefit pension plans, we agreed to increase the pre-2023 service multiplier to \$115 and the service multiplier applicable to service beginning in 2023 to \$126 for retirements after January 1, 2023.

Subsequent events have been evaluated through October 13, 2022, which is the date the financial statements were available to be issued.

Plan Termination

In the event of termination of the Plan, the assets of the Plan are to be distributed as follows: first, for the payment of all expenses of the Plan and the Master Trust; second, among participants and their beneficiaries in accordance with provisions of applicable laws; and third, to the Employing Companies after satisfaction of all liabilities and actuarial requirements of the Plan. The PBGC guarantees the payment of all non-forfeitable basic benefits subject to certain limitations prescribed by ERISA.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

3. Tax Status

The Internal Revenue Service has determined and informed Cleveland-Cliffs Inc. (the "Company") by letter, dated August 19, 2015, that the Plan and related Master Trust are designed in accordance with applicable sections of the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan was amended to appoint the Employee Benefits Administration Department of the Company as the plan administrator (the "Plan Administrator"). The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2021, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4. Master Trust

All Master Trust investment information disclosed in the accompanying financial statements, including investments held at December 31, 2021 and 2020 and net realized and unrealized appreciation or depreciation in fair value of investments and interest and dividends for the years then ended, was obtained or derived from information supplied by the Trustee to the Plan Administrator.

The Master Trust provides a medium for commingling the assets of the Pension Plan for Employees of Cleveland-Cliffs Inc. and Its Associated Employers and the Pension Plan for Hourly Employees of The Cleveland-Cliffs Iron Company and Its Associated Employers. The Investment Advisor and Investment Committee invest the assets of the Master Trust in stocks, bonds, and other evidences of ownership or indebtedness in accordance with the terms of the agreement under which Plan assets are held and invested by Cleveland-Cliffs Inc. and Associated Companies Master Pension Trust Agreement (the "Trust Agreement"). The Master Trust is a master trust under Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA because the Company and its associated employers are related through management agreements. The Plan's undivided interest in the Master Trust is equal to the current value of the Plan's investment as a percent of the current value of Master Trust assets as of each month-end valuation date. The Plan's investment in the Master Trust is the sum of the current value of contributions less the withdrawals and fees, plus or minus unrealized appreciation or depreciation and realized gains or losses of the Master Trust, allocated to the Plan based on the current value of the Plan's investment as a percent of the current value of the Master Trust assets as of the previous month-end valuation. At December 31, 2021 and 2020, the Plan's interest in the net assets of the Master Trust was approximately 59.5% and 60.9%, respectively.

The following table presents the fair values of investments for the Master Trust:

	(In Thousands)			
	December 31			
	2021		2020	
	Master Trust Balance	Plan's Interest in Master Trust Balance	Master Trust Balance	Plan's Interest in Master Trust Balance

	(In Thousands)	
	Year Ended December 31	
	2021	2020
Investment income:		
Investment income	\$ 57,287	\$ 21,318
Net appreciation in fair value of investments	68,191	71,642
Total	<u>\$ 125,478</u>	<u>\$ 92,960</u>

5. Accumulated Plan Benefits

The accumulated Plan benefit information of each Plan year is as follows:

	(In Thousands)	
	Year Ended December 31	
	2021	2020
Actuarial Present Value of Accumulated Benefits:		
Vested Benefits:		
Participants currently receiving payments	\$ 283,474	\$ 287,920
Other participants	61,765	60,821
	<u>345,239</u>	<u>348,741</u>
Non-vested benefits	10,700	10,295
Total actuarial present value of accumulated benefits	<u>\$ 355,939</u>	<u>\$ 359,036</u>

The changes in actuarial present value of accumulated Plan benefits are as follows:

	(In Thousands)	
	Year Ended December 31	
	2021	2020
Beginning of year	\$ 359,036	\$ 369,140
Benefits accumulated	3,986	4,468
Actuarial (gains) and losses	(587)	1,644
Assumption changes/Plan amendments	723	(10,365)
Interest cost	28,477	29,370
Benefits paid	(35,696)	(35,221)
End of year	<u>\$ 355,939</u>	<u>\$ 359,036</u>

Significant assumptions underlying the actuarial computations for the Plan were as follows:

Return on Assets	8.25% (2021 and 2020)
Salaried Increases	2.0% per annum (2021 and 2020)
Retirement Age:	
Active Employees	Sliding scale with 100% at age 70 (2021 and 2020)
Vested Terminations	Age 65

The Pr-2012 mortality tables from the Society of Actuaries were used in both years. On December 31, 2021, the assumed mortality improvement projection was changed from generational scale MP-2020 to generational scale MP-2021. On December 31, 2020, the assumed mortality improvement projection was changed from generational scale MP-2019 to generational scale MP-2020.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

6. Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Trustee:

	(In Thousands)	
	Year Ended December 31,	
	2021	2020
Investments in the Master Trust, at fair value	\$ 507,976	\$ 471,317
Interest, dividend and other income	\$ 34,150	\$ 13,321
Net realized and unrealized gain on assets	\$ 40,500	\$ 40,193

7. Party-in-Interest Transactions

Certain Plan investments are in shares of mutual funds and alternative investments that are managed by the Investment Advisor and held in the Master Trust by the Trustee and, therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid by the mutual funds and alternative investments for the investment management services. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party-in-interest. See Schedule of Assets Held for Investment Purposes at End of Year.

8. Fair Value of Financial Assets

ASC 820, *Fair Value Measurements and Disclosures*, establishes a three-level valuation hierarchy for classification of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. Inputs refer broadly to the assumptions that market participants would use in pricing an asset or liability. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources. Unobservable inputs are inputs that reflect our own views about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized below:

- Level 1 — Valuation is based upon quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 — Valuation is based upon quoted prices for similar assets and liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 — Valuation is based upon other unobservable inputs that are significant to the fair value measurement.

The classification of assets and liabilities within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement in its entirety. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

Equity Securities

Equity securities classified as Level 1 investments include U.S. large-, small- and mid-cap investments and international equities. These investments are comprised of securities listed on an exchange, market or automated quotation system for which quotations are readily available. The valuation of these securities is determined using a market approach and is based upon unadjusted quoted prices for identical assets in active markets.

Fixed Income Funds

Fixed income funds classified as Level 1 investments include bonds and government debt securities. These investments are comprised of securities listed on an exchange, market or automated quotation system for which quotations are readily available. The valuation of these securities is determined using a market approach, and is based upon unadjusted quoted prices for identical assets in active markets. Also included in Fixed Income is a portfolio of U.S. Treasury STRIPS, which are zero-coupon bearing fixed income securities backed by the full faith and

credit of the U.S. government. The securities sell at a discount to par because there are no incremental coupon payments. STRIPS are not issued directly by the Treasury, but rather are created by a financial institution, government securities broker or government securities dealer. Liquidity on the issue varies depending on various market conditions; however, in general the STRIPS market is slightly less liquid than that of the U.S. Treasury Bond market. The STRIPS are priced daily through a bond pricing vendor and are classified as Level 2.

Hedge Funds

Hedge funds are alternative investments comprised of direct or indirect investment in offshore hedge funds with an investment objective to achieve equity-like returns with one half the volatility of equities and moderate correlation. The valuation techniques used to measure fair value attempt to maximize the use of observable inputs and minimize the use of unobservable inputs. Considerable judgment is required to interpret the factors used to develop estimates of fair value. Valuations of the underlying investment funds are obtained and reviewed. The securities that are valued by the funds are interests in the investment funds and not the underlying holdings of such investment funds. Thus, the inputs used to value the investments in each of the underlying funds may differ from the inputs used to value the underlying holdings of such funds. Hedge funds are valued monthly and recorded on a one-month lag.

Private Equity Funds

Private equity funds are alternative investments that represent direct or indirect investments in partnerships, venture funds or a diversified pool of private investment vehicles (fund of funds).

Investment commitments are made in private equity fund of funds based on an asset allocation strategy, and capital calls are made over the life of the funds to fund the commitments. As of December 31, 2021, remaining commitments for the Master Trust total \$18,488 thousand. Committed amounts are funded from plan assets when capital calls are made. Investment commitments are not pre-funded in reserve accounts.

Private equity investments are valued quarterly and recorded on a one-quarter lag. For alternative investment values reported on a lag, current market information is reviewed for any material changes in values at the reporting date. Capital distributions for the funds do not occur on a regular frequency. Liquidation of these investments would require sale of the partnership interest.

Structured Credit Fund

Structured credit investments are alternative investments comprised of collateralized debt obligations and other structured credit investments that are priced based on valuations provided by independent, third-party pricing agents, if available. Such values generally reflect the last reported sales price if the security is actively traded. The third-party pricing agents may also value structured credit investments at an evaluated bid price by employing methodologies that utilize actual market transactions, broker-supplied valuations or other methodologies designed to identify the market value of such securities.

Structured credit investments are valued monthly and recorded on a one-month lag. For alternative investment values reported on a lag, current market information is reviewed for any material changes in values at the reporting date. Historically, redemption requests have been considered quarterly, subject to notice of 90 days, although the advisor is currently only requiring notice of 65 days.

Real Estate Funds

The real estate portfolio for the pension plans is an alternative investment primarily comprised of one fund with strategic categories of real estate investments. All real estate holdings are appraised externally at least annually, and appraisals are conducted by reputable, independent appraisal firms that are members of the Appraisal Institute. All external appraisals are performed in accordance with the Uniform Standards of Professional Appraisal Practices. The property valuations and assumptions about each property are reviewed quarterly by the investment advisor and values are adjusted if there has been a significant change in circumstances relating to the property since the last external appraisal. The fair value of the funds is updated monthly so there is no lag in reported value. Redemption requests are considered on a quarterly basis, subject to notice of 45 days.

Benefits not valued

Lump sum special payment benefits for certain participants with at least 32 years of service in 2004. This benefit is not valued because there is only one eligible participant.

Benefits provided upon the shutdown of a mining operation. These events are unpredictable and therefore not valued.

Upon shutdown, participants will continue to accrue service for two more years or, if earlier, until retirement. For two years from the date of shutdown, early retirement eligibility is reduced as outlined by the three rules below. Participants who meet the reduced early retirement eligibility within the two-year period from the date of shutdown receive unreduced accrued benefits plus a monthly supplement of \$400 per month until age 62.

Rule of 65: Participants whose age plus service is at least 65 and who have at least 20 years of service. To qualify, age must be less than 55 and age plus service must be less than 80.

Rule of 70: Participants whose age plus service is at least 70 and who have at least 15 years of service. To qualify, age must be greater than 54 and less than 62.

Rule of 80: Participants whose age plus service is at least 80 and who have at least 15 years of service. To qualify, age must be less than 62.

Forms of payment

Monthly pension benefits are paid as a life annuity with five years certain in the amount described above, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of the actuarially equivalent 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Optional forms are a 50% joint and survivor annuity with a pop-up option, or a 50%, 75%, or 100% co-pensioner option.

Actuarial value of assets

Average of the fair market value of assets on the valuation date and the three immediately preceding months, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year).

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Benefits not valued

Willis Towers Watson has reviewed the plan provisions with Cleveland-Cliffs Inc. and, based on that review, is not aware of any significant benefits required to be valued that were not.

Assumptions Rationale – Significant Economic Assumptions

Interest rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Rates of increase in compensation	Assumed compensation increases are based on plan sponsor expectations for near-term years and the effect that the assumed long-term CPI will have on compensation increases over the longer term and are consistent with the assumed CPI. The resulting salary increase assumption is a composite rate that reflects both current conditions and future expectations.
Administrative expenses	Administrative expenses are estimated by determining the actual expenses paid from the trust the preceding year.

Assumptions Rationale – Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Disabled Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Termination rates were based on an experience study conducted in 2020, with subsequent modifications to reflect workforce conditions like reductions in force or other changes in conditions that are expected to produce different results in the future.
Disability	Disability rates differ by age and gender because of observed differences in disability rates by age and gender.
Retirement	Retirement rates were based on an experience study conducted in 2020, with subsequent modifications to reflect workforce conditions like reductions in force or other changes in conditions that are expected to produce different results in the future.

Source of Prescribed Methods

Funding methods

The methods used for funding purposes as described in herein including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430 or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation

The segment interest rates used to calculate the funding target were updated to the current valuation date as required by IRC §430.

The mortality projection scale used to calculate the funding target and target normal cost was updated from Scale MP-2018 to Scale MP-2019, as required by IRC §430.

The retirement and termination rates were updated to reflect the experience study conducted in 2020.

The assumed plan-related expenses added to the target normal cost were changed from \$496,370 for 2020 to \$434,866 for 2021.

Change in methods since prior valuation
