Independent Auditors' Report

To the Administrative Committee of the
Coastal Energy Corporation 401(K) Profit Sharing Plan
Springfield, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Coastal Energy Corporation 401(K) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Capital Group American Funds as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 11 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by2 and certified to by a qualified institution agrees to, or is derived from, in all material respects, the

information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Coastal Energy Corporation 401(K) Profit Sharing Plan's ability to continue as a going concern for [insert the time period set by the applicable financial reporting framework].

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets Held for Investments as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied

in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COASTAL ENERGY CORPORATION 401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Coastal Energy Corporation (the “Company”) 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors oversees governance of the Plan and determines the appropriateness of the Plan’s investment offerings, and monitors investment performance.

Contributions

Each year, participants may make contributions through elective deferrals based on their annual compensation. Employee deferrals are limited to the maximum allowable by Internal Revenue Service regulations related to defined contribution plans. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Each year, the Company may elect to make a matching contribution to be determined by the amount of participant contributions made during the plan year.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation at their discretion.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution, if any; (b) plan earnings, and charged with an allocation of administrative expenses; and (c) forfeitures of terminated participants’ non-vested accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their elective deferral contributions plus earnings thereon. Vesting of the Company’s discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. An employee is fully vested after six years of service, as detailed in the following vesting schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

The non-vested portion of participants' account balances, which is forfeited upon termination prior to retirement, death, or becoming fully vested, is used to reduce future employer contributions.

Payment of Benefits

The Plan provides that a participant will receive a lump-sum amount equal to the value of his or her account as soon as administratively practical.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan uses the accrual method of accounting. Accordingly, revenues are recognized when earned and expenses when incurred.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America may require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair market value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Net appreciation

(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

There were not excess contributions payable for the years ended December 31, 2021 and/or 2020.

Tax Status

The prototype plan, under which the Plan operates, obtained its latest determination letter on January 1, 2016 in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Subsequent Events

Subsequent events have been evaluated through October 10, 2022 which is the date the financial statements were available to be issued. See Note 13.

NOTE 3: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices for similar assets in active and/or inactive markets,

NOTE 3: FAIR VALUE MEASUREMENTS – continued

and Level 3 inputs consist of significant unobservable values and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair values of common stocks, certain corporate bonds, and U.S. government securities are based on the closing price reported in the active market where the individual securities are traded, when available.

Level 2 Fair Value Measurements

Inputs to this valuation methodology include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in financial markets; inputs other than quoted prices that are observable for the asset(s); and inputs that are derived principally from (or corroborated by) observable market data by correlation or other means. If the asset has a term associated with it, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are not observable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds/exchange traded funds (ETFs): Valued at the daily closing price as reported by the fund. Mutual funds/ETFs held by the Plan are open-end mutual funds/ETFs that are registered

with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds/ETFs held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

DECEMBER 31, 2021 AND 2020

NOTE 4: INVESTMENT CONCENTRATIONS

The following presents the investments that represent five percent or more of the Plan's net assets at December 31, 2021 and 2020:

	2021	2020
AMCAP Fund	\$ 293,936	\$ 219,143
Growth Fund of America	859,698	608,796
New Perspective Fund	263,520	195,216
Fundamental Investors	522,544	370,854
Capital World Growth and Income	229,762	188,462
New World Fund	188,903	165,987
Global Balanced Fund	382,910	318,306

During the year ended December 31, 2021 and 2020, the Plan's investments (including investments bought and sold as well as held during the year), had net appreciation (depreciation) in fair market value of \$255,924 and \$403,596 respectively.

NOTE 5: NON-PARTICIPANT-DIRECTED INVESTMENTS

The plan had no non-participant-directed investments as of December 31, 2021 and/or 2020.

NOTE 6: TRANSACTIONS WITH PARTIES-IN-INTEREST

During the years ended December 31, 2021 and 2020, the Company paid for certain legal, accounting, and other services related to the Plan which are not reflected in the financial statements. Additionally, all of the Plan's investments were held by Capital Group American Funds, which represents a party-in-interest under ERISA.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions to the Plan at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 8: DISTRIBUTION OF FORFEITURES

Forfeitures result from the non-vested portion of participant distributions and occur when an employee terminates before they are fully vested. Non-vested forfeitures are used to reduce any employer contributions. The balance of non-vested forfeitures was \$10,533 and \$0 at December 31, 2021 and 2020, respectively.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the participants account balances and the amounts reported in the statement of net assets available for plan benefits.

NOTE 10: UNCERTAIN TAX POSITIONS

The Internal Revenue Service (IRS) has determined and informed the Company that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan's Form 5500 filings are subject to possible examination by the taxing authorities until the expiration of the related statute of limitations on those returns. In general, each return has a three-year statute of limitations. The Plan's management is not aware of any other uncertain tax positions.

NOTE 11: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The accompanying financial statements and supplemental schedule include information that was obtained from data that has been prepared and certified as complete and accurate by the Capital Group American Funds. Information certified as complete and accurate includes investments at fair value as well as investment income as of and for the years ended December 31, 2021 and 2020.

NOTE 13: SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 10, 2022 which is the date the financial statements were available to be issued. Management is not aware of any subsequent events that require recognition or disclosure in the financial statements; however, on March 11, 2020, the World Health Organization declared Coronavirus Disease 2020 (“COVID-19”) a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plans assets are exposed to potentially significant declines in fair value. The impact of COVID-19 continues to evolve and the Company is not able at this time to estimate its full impact on the Plan’s financial statements.

NOTE 13: SUBSEQUENT EVENTS - continued

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2020 (the SECURE Act), which laws change the Plan to, among other things, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance. No other subsequent events were identified through October 10, 2022, the date these financial statements were issued.
