INDEPENDENT AUDITORS' REPORT

To the Plan Administrative Committee
Uhlmann Holding Company 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Uhlmann Holding Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section-

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the accompanying financial statements related to assets held by and certified by a qualifying institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulation for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters - Auditors' Report on the 2020 Financial Statements

Predecessor auditors performed an audit of the 2020 financial statements of the plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 13, 2021 indicated that (a) the amounts and disclosures in the 2020 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2020 financial statements related to assets held by and certified to by a qualified institution agrees to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UHLMANN HOLDING COMPANY 401(K) PLAN

Notes to Financial Statements

1. Description of the Plan

The following description of the Uhlmann Holding Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General. Established by Uhlmann Holding Company (the Company) on January 1, 2016, the Plan is a tax qualified defined contribution plan formed for the benefit of all eligible employees of the Company. The Plan includes a salary deferral arrangement commonly called a 401(k) Plan. Under such provisions, employees are able to make tax deferred contributions to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Generally, all employees of the Company, except collectively bargained employees, are eligible to participate in the Plan in the first calendar quarter following one year of service (1,000 hours), provided they are 18 years of age.

Contributions. Eligible employees may make elective deferral contributions in either a Traditional (pre-tax) or Roth (after-tax) form to the Plan. Total participant contributions are limited by various Internal Revenue Code (IRC) provisions. Participants over 50 years of age may make additional annual "catch-up" contributions as allowed by the IRC. The Plan also provides that refunds may be made to certain participants in order to comply with those statutory limits.

Traditional participant elective deferral contributions represent amounts by which an eligible employee has elected a reduction in taxable compensation in consideration of the Company contributing such amounts to the Plan. Such elective deferral contributions are excluded from the participant's taxable income until received as a distribution from the Plan.

Participants making Roth elective deferral contributions will pay taxes on amounts treated as Roth elective deferral contributions when made. Roth contributions and earnings on those contributions can be withdrawn tax-free as long as the participant has maintained the Roth account for at least five years and is at least age 59½ at the time of the withdrawal. Roth contributions are treated by the plan sponsor as includible in the participant's income at the time the participant would have received that amount in cash if the participant had not made the election.

A participant will be eligible to commence elective deferrals on the first entry date following the satisfaction of the eligibility requirements. Entry dates are the first day of each calendar quarter. A participant may commence, recommence, cease, or change the amount of the deferral at their discretion, becoming effective for the next payroll period.

UHLMANN HOLDING COMPANY 401(K) PLAN

Notes to Financial Statements

1. Description of the Plan (Continued)

Until April 30, 2020, the Company made a safe harbor matching contribution to the Plan of 100% of employee contributions up to 3% of compensation and 50% of employee contributions between 4% and 5% of compensation. Effective April 30, 2020, the Plan was amended to remove the safe harbor match, and the employer match became discretionary. No additional matching contributions were made in 2020 or 2021. An eligible participant does not need to be employed on the last day of the plan year to receive a matching contribution allocation. Matching contributions are allocated at such time as the Company elects, within the requirements of ERISA. Matching contributions totaled \$0 and \$123,851 for the years ending December 31, 2021 and 2020, respectively.

The Plan has been amended to reinstate safe harbor matching contributions effective January 1, 2022 at 100% of employee contributions up to 3% of compensation and 50% of employee contributions between 4% and 5% of compensation.

The Plan also provides for discretionary profit-sharing contributions which are made at the option of the board of directors. A participant must be employed on the last day of the plan year and work 1,000 or more hours during the plan year to receive a profit sharing contribution allocation. No discretionary profit-sharing contributions were made in 2021 or 2020.

Participant Accounts. Individual accounts are maintained for each plan participant to reflect the participant's deferral, rollover, and employer contributions. These individual accounts are self-directed by the participants, allowing the participants to choose the investment combination they wish from numerous available funds. Income and loss are allocated to the participants' accounts based on the investment performance of the investments the participant has chosen. The benefit to which a participant or beneficiary is entitled is the benefit that can be provided from the participant's vested account.

Investment Options. The plan administrator has made available various investment options from which the participants can choose. Plan participants invest the amounts in their accounts in these various investment funds. Each participant instructs the trustee as to how assets are to be invested. The Plan maintains no investments which are not directed by the plan participants.

Vesting. Participants are always fully vested in their elective deferral, rollover, and employer safe harbor matching accounts. Vesting in employer profit-sharing contribution accounts is based upon years of service. A participant is 20% vested after two years of service and vesting increases by 20% each year, reaching 100% after six years of service. A participant earns a year of service for each 12-month period, beginning on the date of hire, for which the participant remains an employee of the Company. All periods of service, including less than whole years of service, will be aggregated when determining a participant's years of vesting service. A participant will also be given vesting credit for periods of severance that are less than 12 consecutive months. If termination is due to death, or disability, a participant is considered to be 100% vested even if the participant has not been credited with six years of vesting service.

UHLMANN HOLDING COMPANY 401(K) PLAN

Notes to Financial Statements

1. Description of the Plan (Continued)

Payment of Benefits. On termination of service, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in installments. The Plan allows in-service distributions after attaining age 59½. The Plan also allows for in-service distributions if a participant suffers a hardship, as defined in the plan document.

Forfeitures. When certain terminations of a participant in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account may be reinstated. Forfeitures may be held in suspense and can be used to pay plan fees, reinstate participant accounts, or reduce any employer contribution. There were no forfeitures during the year and no forfeitures in the plan but unallocated during 2021 or 2020.

Notes Receivable from Participants. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (reduced by certain notes receivable outstanding at the time the new note receivable is taken or anytime within the 12 months prior to the date of the new note receivable) or 50% of their vested account balance. Notes receivable terms are up to five years or such longer period as the plan administrator deems appropriate in the case of a note used for the purchase of a primary residence. No more than one loan can be initiated by any participant at any given time. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. As of December 31, 2021, all notes receivable have interest rates of 4.25% to 6.00%. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses. Administrative expenses related to operating and maintaining the Plan and certain investment and transaction fees are paid by the Plan. Additionally, the Company pays certain expenses of the Plan, including fees for the annual audit of the Plan. Expenses paid by the Company are excluded from these financial statements.

2. Summary of Significant Accounting Policies

Basis of Reporting. The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). These principles require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts in the statements of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

(Continued)

UHLMANN HOLDING COMPANY 401(K) PLAN

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation. Investments are valued at fair value. GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a framework for measuring fair value. GAAP also allows for a practical expedient whereby the net asset value (NAV) of investment units owned by the Plan, which meet certain conditions, is used as a substitute for fair value.

The fair value framework requires the categorization of assets and liabilities into three levels based upon the ability to observe the inputs used to value the assets and liabilities. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Level One provides the most reliable and observable measure of fair value, whereas Level Three generally requires significant judgment.

The three levels of the fair value hierarchy are defined as follows:

- Level One - Unadjusted, quoted prices in active markets for identical assets and liabilities.
- Level Two - Observable inputs, other than those included in Level One. For example, quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets.
- Level Three - Unobservable inputs reflecting assumptions about the inputs used in pricing the asset or liability.

Purchase and sales of securities are recorded on a trade-date basis. The cost of investments sold for the purpose of computing gains and losses is based on average cost. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Income from amounts in the common collective trust fund (CCT) is reflected as interest and dividend income in the statements of changes in net assets available for plan benefits. Net earnings from money market funds are included in interest and dividends on the statements of changes in net assets available for benefits. The Plan presents in the statements of changes in net assets available for benefits, the net appreciation or depreciation in the fair value of the Plan's investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments.

Risks and Uncertainties. The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the financial statements.

UHLMANN HOLDING COMPANY 401(K) PLAN

2. Summary of Significant Accounting Policies (Continued)

Participant Notes Receivable Valuation. Participant notes receivable are carried at unpaid principal balance plus accrued interest. Interest on participant notes receivable is reported as other income on the statements of changes in net assets available for benefits.

Payment of Benefits. Benefits are recorded when paid. Pending distributions for participants who had elected to receive a distribution but had not yet been paid were \$3,084 and \$0 as of December 31, 2021 or 2020, respectively.

Subsequent Events. The Plan evaluates subsequent events and the evidence they provide about conditions existing at the date of the statements of net assets available for benefits as well as conditions that arose after the statements of net assets available for benefits date but before the financial statements are issued. The effects of conditions that existed at the date of the statements of net assets available for benefits are recognized in the financial statements. Events and conditions arising after the statements of net assets available for benefits date but before the financial statements are issued are evaluated to determine if disclosure is required to keep the financial statements from being misleading. To the extent such events and conditions exist, disclosures are made regarding the nature of events, and the estimated financial effects for those events and conditions. For purposes of preparing the accompanying financial statements and the following notes to these financial statements, the Plan evaluated subsequent events through October 13, 2022, the date the financial statements were available for issue.

Reclassifications. Certain 2020 amounts have been reclassified to conform to the presentation of the 2021 financial statements. These reclassifications have no effect on previously reported changes in net assets available for benefits or net assets available for benefits.

3. Restrictions on Asset Transfers

In accordance with the terms of the common collective trust fund, the NAV of the fund is determined daily based on net assets at contract value. Sales and redemptions of participant units are transacted at such NAV. Trusts participating in the fund are subject to restrictions on withdrawals from the fund. Withdrawals needed for benefit payments and participant-initiated investment transfers of participating employee benefit plans are generally permitted daily and executed at NAV. Withdrawals for other purposes will be executed at the lesser of NAV or market value, unless twelve months' notice is given prior to liquidation. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at NAV with participants, is probable.

See independent auditors' report.

UHLMANN HOLDING COMPANY 401(K) PLAN

Notes to Financial Statements

4. Fair Value Measurement

The following is a description of the valuation methodologies used for assets measured at fair value:

- The fair value of registered investment companies is based on quoted market prices.
- Self-directed brokerage accounts are valued at quoted market prices of the underlying assets, which are publicly traded securities for which holding detail and pricing are publicly available.
- Units held in CCTs are valued using the NAV practical expedient of the CCT, as reported by the account managers. The NAV practical expedient is based on the contract value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information. These investments are redeemable daily at NAV by participants and have no commitment provisions.

In accordance with GAAP, all investments valued using NAV as a practical expedient have not been classified in the fair value hierarchy.

The following presents a summary of the Plan's investments measured at fair value:

	Fair Value Measurement			
	December 31, 2021		December 31, 2020	
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)
Registered investment companies	\$ 4,558,840	\$ 4,558,840	\$ 3,477,917	\$ 3,477,917
Self-directed brokerage accounts	3,481,723	3,481,723	3,959,658	3,959,658
Common collective trust funds	163,200	-	158,386	-
Total	\$ 8,203,763	\$ 8,040,563	\$ 7,595,961	\$ 7,437,575

The fair valuation methodology used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See independent auditors' report.

UHLMANN HOLDING COMPANY 401(K) PLAN

Notes to Financial Statements

5. Information Certified by Charles Schwab Trust Bank

The plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, a qualified institution, has certified that the following investment information included in the accompanying financial statements is complete and accurate:

Registered investment companies, common collective trust fund, and cash and cash equivalents as shown in the accompanying statements of net assets available for benefits of \$4,725,194 and \$3,636,303 as of December 31, 2021 and 2020, respectively.

Investment income, consisting of net appreciation in fair value of registered investment companies and common collective trust fund and interest and dividend income, as shown in the accompanying statements of changes in net assets available for benefits of \$676,141 and \$479,795 for the years ended December 31, 2021 and 2020, respectively.

Registered investment companies and common collective trust fund information in the accompanying supplemental Form 5500, Schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2021.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements.

6. Income Tax Status

The Plan utilizes a volume submitter plan document and relies on the advisory letter issued to the volume submitter document sponsor. The volume submitter document sponsor received an advisory letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since the volume submitter document sponsor received the advisory letter. However, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2021 and 2020. Therefore, no provision for income taxes has been included in the Plan's financial statements.

See independent auditors' report.

UHLMANN HOLDING COMPANY 401(K) PLAN

Notes to Financial Statements

7. Related-Party Transactions

Participant loan and distribution processing fees are paid to the recordkeeper by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits as of December 31, 2021 per these financial statements to the Form 5500:

Net assets available for benefits per financial statements	\$ 8,300,457
Less amounts included as liabilities on the Form 5500	
but not included as liabilities per these financial statements:	
Benefit claims payable	3,084
Net assets available for benefits per Form 5500	\$ 8,297,373

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2021 per these financial statements to net income per Form 5500:

Change in net assets available for benefits per financial statements	\$ 535,925
Less amounts included as liabilities on the Form 5500	
but not included as liabilities per these financial statements:	
Benefit claims payable	3,084
Net income per Form 5500	\$ 532,841
