Independent Auditor's Report

AIM Services, Inc. 403(b) Plan
Saratoga Springs, New York

Opinion on the 2021 Financial Statements

We have audited the financial statements of the AIM Services, Inc. 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

2021 Supplemental Schedule Required by ERISA - Continued

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - 2020 Financial Statements

The financial statements of the Plan as of December 31, 2020, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustees. Their report, dated September 1, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the information certified by the trustees, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

AIM Services, Inc. 403(b) Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 1 - Description of the Plan

The AIM Services, Inc. 403(b) Plan (Plan) was established January 1, 1997. The Plan is sponsored by AIM Services, Inc. (Company) and was most recently restated effective January 1, 2021.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution 403(b) plan covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan assets are held and administered by Capital Group Trust Company and Equitable Financial Life Insurance Company, the Trustees of the Plan, who invest cash received and income from investments based on instructions from the Company and participants and make distributions to participants. The Retirement Committee of the Board of Directors is responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

b. Contributions

Each year, participants may contribute a percentage or fixed dollar amount of their pre-tax annual compensation to the Plan, subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). In addition, participants may contribute after-tax Roth elective contributions to the Plan. The maximum participant deferral was \$19,500 for the year ended December 31, 2021. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions, up to a maximum of \$6,500 for the year ended December 31, 2021. Participants may also contribute rollover amounts representing distributions from other qualified plans.

The Company may make a discretionary profit-sharing contribution which is allocated based on each participant's eligible compensation. The Company contributed \$568,937 as a discretionary profit-sharing contribution for the year ended December 31, 2021.

Participants direct the investment of their contributions as well as Company's discretionary profit-sharing contributions into various investment options offered by the Plan.

c. Plan Eligibility

All employees, except nonresident aliens, may participate in the Plan with respect to elective deferrals upon their hire date. Employees are eligible to receive the Company's discretionary profit-sharing contribution, if any, upon reaching twenty-one years of age and completing two years of service. Two years of service is defined as being credited with 1,000 hours of service in two consecutive twelve-month periods.

AIM Services, Inc. 403(b) Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 1 - Description of the Plan - Continued

d. Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's discretionary profit-sharing contribution, if any, and Plan investment earnings (losses), net of investment expenses and administrative expenses paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is equal to the vested portion of the participant's account.

e. Vesting

Participants are 100% vested immediately in their elective deferral amounts, rollover contributions and the Company's discretionary profit-sharing contributions, plus earnings thereon.

f. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. In addition, the \$50,000 limit is reduced by the highest outstanding loan balance of any loans made in the previous twelve months. Participant notes are secured by the balance in the participant's accounts and bear interest at a rate commensurate with the local prevailing rates at the origination date of the loan, as determined by the Plan administrator. Principal and interest are paid ratably through regular payroll deductions. In general, loans must be repaid within five years.

In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to provide emergency assistance and health care response for individuals, families and businesses affected. The CARES Act provided various forms of optional relief to the Company and participants of retirement plans. Under the relief provisions of the CARES Act, plan sponsors could allow qualified individuals (as defined in the CARES Act) to take loans up to the lesser of \$100,000 or 100% of their vested account balance between March 27, 2020 and September 22, 2020. In addition, for loans outstanding as of March 27, 2020, plan sponsors could allow qualified individuals to delay loan repayments due between March 27, 2020 and December 31, 2020 for up to one year.

g. Payment of Benefits

Upon death, disability, retirement, or termination of employment, a participant (or their beneficiary upon death) may elect to receive the value of the participant's vested interest in their account as a lump-sum payment. The Plan also permits in-service and hardship distributions under certain conditions. The Plan may rollover account balances of participants whose account balance is \$5,000 or less without participant (or beneficiary) consent.

Under the relief provisions of the CARES Act, Plan sponsors could allow participants to take up to a \$100,000 distribution from a qualified retirement plan through December 31, 2020, if the participant met certain requirements as defined in the CARES Act.

AIM Services, Inc. 403(b) Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

b. Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value), which is defined as the price that would be received to sell an asset in an orderly transaction between market participants on the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the Plan's investment advisors and Trustees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. No loans were treated as distributions during the year ended December 31, 2021.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Certain administrative expenses of the Plan, including custodial, third-party administration fees, and professional fees for audit services are paid directly by the Company and are excluded from these financial statements. Fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

AIM Services, Inc. 403(b) Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 2 - Summary of Significant Accounting Policies - Continued

g. Subsequent Events

The Plan has evaluated subsequent events for potential recognition and disclosure through October 13, 2022, the date the financial statements were available to be issued.

Note 3 - Investments and Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset, and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2021 and 2020:

Pooled Separate Accounts: Valued at the fair value of the underlying assets. The fair values of the participation units, which are held in separate accounts through sub-accounts of one of the Trustees of the Plan, represent the values at which the units can be redeemed. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

AIM Services, Inc. 403(b) Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 3 - Investments and Fair Value Measurements - Continued

Money Market and Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Money Market Funds	\$ 64,347	\$ -	\$ -	\$ 64,347
Pooled Separate Accounts	401,988	-	-	401,988
Mutual Funds	6,882,198	-	-	6,882,198
Total investments	<u>\$ 7,348,533</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,348,533</u>

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 57,732	\$ -	\$ -	\$ 57,732
Pooled Separate Accounts	374,302	-	-	374,302
Mutual Funds	5,339,337	-	-	5,339,337
Total investments	<u>\$ 5,771,371</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,771,371</u>

Note 4 - Fully Benefit-Responsive Fixed Contracts

The Plan has a guaranteed investment contract with Equitable Financial Life Insurance Company (Equitable), which is fully benefit responsive. Contract value is the relevant measurement for that portion of the assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract is fully benefit responsive, which means withdrawals from the contract may be made for qualifying benefit payments, including participant-directed transfers. The accounts are credited with contributions and actual earnings/losses on the underlying investments and are charged for Plan withdrawals. Every year, Equitable sets a minimum guaranteed interest rate. Equitable sets current interest rates on a monthly basis. Current interest rates may be equal to or higher than the annual minimum guaranteed interest rate but will never be lower. Generally, there are no events that could limit the ability of the Plan to transact at contract value. There are no events that allow the issuer to terminate the contract, and which require the Plan to settle at an amount different than contract value paid over time.

Note 5 - Related Party and Party-in-Interest Transactions

The Company paid for certain administrative expenses on behalf of the Plan totaling \$49,616 for the year ended December 31, 2021. Certain Plan administrative functions are performed by employees of the Company, who do not receive compensation from the Plan for such functions.

Several of the investment options are managed by the Trustees of the Plan.

AIM Services, Inc. 403(b) Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the plan have been prepared to conform to the listing of 403(b) plans that have been pre-approved by the IRS. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

The Plan's management evaluates tax positions taken by the Plan and recognizes a tax liability or asset if an uncertain tax position was taken and it is more likely than not that the tax position would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Market risks include global events which could impact the value of investments, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
