REPORT OF INDEPENDENT AUDITORS

Plan Administrator
MedWorks, Inc. Retirement Savings Plan
Shelbyville, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of the MedWorks, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (collectively the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statement's section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Plan Administrator
MedWorks, Inc. Retirement Savings Plan
Shelbyville, Indiana

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and supplemental schedule, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

MEDWORKS, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN

Medworks, Inc. Retirement Savings Plan (the Plan) is a prototype non-standardized 401(k) plan and trust adopted by MedWorks, Inc. (the Company). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Major Hospital. Substantially all the employees of the Company, Major Multi Specialty Associates, LLC, and Major Medical Group, LLC (the Employers) are eligible to participate, subject to certain requirements. Major Multi Specialty Associates, LLC and Major Medical Group, LLC are related parties to the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Recent Legislative Changes for Retirement Plans

The Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 was effective on January 1, 2020. The SECURE Act is intended to address the difficulty in saving and investing for retirement for Americans. Provisions include, but are not limited to, incentives for employers to offer retirement plans by providing tax credits, delaying the commencement date for required minimum distributions, providing benefits to part-time employees, and allowing penalty free withdrawals for certain life changing events. The Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed in March 2020. The CARES Act primarily enhances the ability of participants to access their funds through increased loan limits and hardship distributions among others. The optional features within these Acts are currently being assessed but have not been implemented to date.

Contributions

Eligible employees are able to participate in the Plan, for the purposes of elective deferrals, on their date of hire. The Plan permits participants, through a salary deferral election, to have deductions of any set dollar amount per payroll period or a percentage of their eligible compensation, up to the maximum allowed by law, contributed to their account. Rollover and catch-up contributions are also permitted.

Participants are eligible for employer contributions on January 1 or July 1 following completion of one year of service with 1,000 hours and the attainment of age twenty and one-half. Service with Major Hospital, parent company of the Plan sponsor, and any affiliated employer is also recognized under the Plan.

The Employers contribute safe harbor matching contributions equal to 100% of the participant's salary deferrals that do not exceed 3% of the participant's compensation plus 50% of the participant's salary deferrals that are between 3% and 5% of the participant's compensation. These matching contributions are calculated annually. The safe harbor matching contribution is 100 percent vested.

MEDWORKS, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

The Plan also provides for a discretionary profit sharing contribution to be determined each year by the Employers. Under the Plan, each participant constitutes one of two groups for profit sharing contributions. Participants must be employed on the last day of the Plan year to qualify for the discretionary contribution. Currently, the discretionary profit sharing contribution is either 2% or 3% of the participant's eligible compensation, depending on the participant's employer group.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Employers contribution and Plan earnings (net of certain fund management expenses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment account options available include various funds. Each participant has the option of directing contributions into any of the separate investment accounts and may change allocations daily.

Compensation

Participant compensation is defined by the Plan as wages, tips and other compensation reported on the Federal Form W-2, Wage and Tax Statement.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employers' discretionary profit sharing contributions portion of their accounts plus actual earnings thereon is based on years of service in which the participant has worked at least 1,000 hours. A participant is 100 percent vested after six years of credited service. The following represent the vesting schedule:

<u>Years</u>	<u>Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeited Accounts

Forfeited nonvested accounts are used to reduce the discretionary profit sharing contributions from the Employers. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled approximately \$17,000 and \$2,000, respectively. During 2021, contributions from the Employers were reduced by \$15,000 from forfeited nonvested accounts.

MEDWORKS, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Notes Receivable from Participants

Participants are not permitted by the Plan to borrow from their fund accounts.

Payment of Benefits

In general, on termination of service a participant may elect to receive their vested interest in the form of a lump-sum amount, an account rollover, an annuity or leave the account in the Plan, subject to certain limitations and conditions as defined by the Plan. In-service distributions may be made from the Plan for participants who have attained age fifty-nine and one-half.

Expenses of the Plan

The Employers pay certain expenses of the Plan, including accounting and other administrative fees.

Plan Termination

Although the Employers have not expressed intent to discontinue the Plan, it may do so at any time, upon resolution by the Employer's Board of Directors. The Plan provides that in the event of termination of the Plan, all amounts credited to the participant accounts will be fully vested and will be paid as directed in the Plan document and regulations.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash Equivalents

Cash equivalents are short-term, highly liquid money market mutual fund investments that are readily convertible into cash, and are so near their maturity date (usually 90 days or less from time of purchase) that they contain negligible interest-rate risk.

MEDWORKS, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in fair value of investments are reflected in the statement of changes in net assets available for benefits in the year in which such changes occur.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Each individual investment offered to the participants has varying investment objectives. Participants should refer to the trustee for a more complete description of the investment objectives.

Concentration of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in Plan's investments. Management believes that the trustee maintains the Plan's investments with high quality institutions and attempts to limit the credit exposure to any particular investment.

Payment of Benefits

The Plan records benefit payments to withdrawing participants when paid.

Administrative Expenses

The Employers provide certain administrative and accounting services to the Plan at no cost. Most administrative expenses are paid directly by the Employers and generally include audit fees and legal fees. As such, these expenses are excluded from these financial statements. Administrative expenses incurred by the Plan include benefit payment fees charged directly to the participant's accounts. Investment related expenses are included in net change in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, and investment related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

MEDWORKS, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- *Money market mutual funds:* Valued based at the subscription and redemption activity at a \$1 stable net asset value (NAV). However, on a daily basis the funds are valued at their daily NAV calculated using the amortized cost of the securities.
- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Exchange traded funds:* Valued at the NAV of shares of the underlying stocks held by the Plan at year-end. These funds are required to publish their daily NAV and to transact at that price. The exchange traded funds held by the Plan are deemed to be actively traded.

MEDWORKS, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

The following tables set forth by level, within the hierarchy, the Plan's assets and liabilities measured at fair value on a recurring basis as of December 31, 2021 and 2020 are as follows:

The Plan holds investments which are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term that could materially affect the amounts reported in the accompanying financial statements and participants' account balances.

5. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others.

Administrative fees are paid to Charles Schwab Trust Company, the trustee. Additionally, the Plan held party-in-interest investments with the trustee. Milliman, Inc. is the Plan's third party administrator and receives payment for those services. Blue & Co., LLC is the independent auditor for the Plan and receives payment for those services. The Employers pay certain expenses of the Plan, including administrative and accounting fees. These expenses qualify as party-in-interest transactions.

MEDWORKS, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

6. INCOME TAX STATUS

On March 31, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require management to evaluate uncertain tax positions taken by the Plan. The financial statement effect of a tax position is recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken. The Plan recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan has filed its tax returns for periods through December 31, 2020. These income tax returns are generally open to examination by the relevant taxing authorities for a period of three years from the later of the date the return was filed or its due date (including approved extensions).
