INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Scott Electric Company Employees Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Scott Electric Company Employees Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section-

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented

fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Scott Electric Company Employees Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Scott Electric Company Employees Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Scott Electric Company Employees Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Scott Electric Company Employees Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Scott Electric Company Employees Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EMPLOYEES RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Scott Electric Company Employees Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Scott Electric Company, Advantage Rental, Inc., Delta Electrical Associates, Inc., Palco Sales Corporation, Scott Electric Supply, Inc., and South Main Trucking Company (collectively, the "Company"). All employees, excluding Puerto Rico residents, are eligible to join the Plan after six months of service. The employees will be automatically enrolled in the Plan with a deferral percentage of 1% beginning on the first day of the following month the requirements are met unless another election is made. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a Standard Retirement Services Inc. Volume Submitter Profit Sharing Plan with CODA.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") which changes the Plan to, among others, allow for the delay of the commencement date for required minimum distributions. The optional features with this act are currently being assessed but have not been formally adopted to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (the "SECURE") Act was signed into legislation. The SECURE Act expands retirement access to both employers and employees by changing the rules with respect to required minimum distributions, among others. The SECURE Act includes both required and optional provisions, some of which became effective immediately, and others with various effective dates beginning after December 31, 2019. The required provisions of the SECURE Act that were effective immediately or beginning no later than January 1, 2020 or for plan years beginning after December 31, 2019 were operationalized accordingly. Any optional features within the SECURE Act are currently being assessed but have not been implemented to date.

The Plan has implemented certain requirements to comply with the Bipartisan Budget Act of 2018 which include eliminating the six-month suspension to making elective deferrals and other employee contributions after taking a hardship distribution and represent in writing the insufficiency of cash or other liquid assets to satisfy the hardship expense. Effective January 1, 2019, the Plan was amended to comply with the Bipartisan Budget Act of 2018.

As discussed in Note 12, the Plan was amended and restated in its entirety to incorporate certain amendments, revise certain administrative procedures, and make the amendments necessary to maintain the Plan's qualified status under the Internal Revenue Code of 1986 as amended, and regulations thereunder.

Contributions - Participants may contribute up to the lesser of the annual limitation (\$19,500 for both 2021 and 2020, respectively), or 100% of their eligible compensation as defined in the Plan document. Commission-only employee's eligible compensation is limited up to \$50,000 per year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct

the investments of their contributions into various investment options offered by the Plan. The Company may also contribute a discretionary matching and profit sharing contribution to be contributed to the participants' accounts. During 2021 and 2020, the Company matched up to 100% of employee contributions that did not exceed 3% of employees' eligible compensation as defined in the Plan document.

All participants who have attained age 50 before the close of the Plan year are eligible to make additional elective deferrals in accordance with, and subject to the limitations of, Internal Revenue Code ("IRC") Section 414(v). The maximum additional elective deferral for 2021 and 2020 is limited to \$6,500.

The annual addition (which includes employee and employer contributions) that may be contributed or allocated to a participant's accounts under the Plan for any limitation year shall not exceed the lesser of \$58,000 and \$57,000 for 2021 and 2020, respectively, as adjusted for increases in the cost of living under Code Section 415(d), or 100% of the participant's compensation within the meaning of Code Section 415(c)(3), for the limitation year.

Participant Accounts - Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's discretionary matching and profit sharing contributions; (b) Plan earnings and losses; and (c) administrative expenses. Earnings, losses, and expenses are allocated to the participant's accounts at the end of each day, based on the participant's account balance at the beginning of that day.

Investment Options - Participants may invest their voluntary contributions, rollover contributions and the Company's discretionary contributions (matching and profit sharing), plus actual earnings thereon into any of the investment options maintained by Charles Schwab Trust Bank (the "Custodian"). The participant may change their investment election for new contributions and existing balances daily.

Vesting - Participants are vested immediately in their voluntary contributions plus actual earnings thereon. The Company's discretionary match and profit sharing contribution portion of each participant's account is subject to the following vesting requirements:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0-2	0%
3	100%

Payment of Benefits - A participant who has attained age 59 ½ may receive a disbursement from the Plan. The Plan provides for lump-sum distributions for retirement, death, hardship, and termination of employment. Upon termination of employment, if the participant's account balance is \$5,000 or less, a participant will automatically receive a lump-sum payment, less applicable withholding taxes. If the participant's account balance is greater than \$5,000, the participant may elect to either (a) receive an immediate lump-sum amount equal to the value of his/her account of all funds minus profit sharing portion, which will be distributed at normal retirement age of 62 or (b) leave the account balance in the Plan until such time as the participant decides to withdraw the account balance but must begin withdrawing their funds once they reach the age of 70 ½. Effective May 26, 2020, the Plan was amended to require participant consent for all distributions of any dollar amount. If the participant is a 5% owner, the Plan is required to make a distribution

EMPLOYEES RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

of the participant's account balance on the required beginning date, which is April 1 following the year in which the 5% owner attains the age of 72. For all other participants, the required beginning date is April 1 following the year in which the participant attains the age of 72 or terminates employment with the employer, if later.

Notes Receivable from Participants - The Plan document does not allow participants to take notes against their account balance.

Administrative Expenses - Expenses incurred by the plan administrator and custodian for their services and costs in administering the Plan may be paid out of the Plan however, the Company may pay the plan expenses directly.

Forfeited Accounts - Forfeitures are used to reduce future administrative expenses or employer contributions. During 2021 and 2020, forfeited non-vested accounts of \$3,508 and \$9,019 were used to reduce plan expenses. The balance of forfeited non-vested accounts as of December 31, 2021 and 2020 was \$3,606 and \$227, respectively.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting - The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions and deductions in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investments - Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment contracts are measured at contract value. Contract value is the amount that participants would receive if they were to initiate permitted transactions under terms of the Plan.

Net Appreciation in Fair Value of Investments - The Plan presents, in the statements of changes in net assets available for benefits, the net appreciation in the fair value of its investments, which consist of the realized gains and losses from sales of investments and unrealized appreciation of investments. The net change in unrealized appreciation in the fair value of investments is determined by the change in fair value from the beginning of the year or from date of the purchase to the end of the year.

Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

New Accounting Pronouncements - During 2021 and 2020, various new Accounting Standards Updates (ASUs) were issued by the Financial Accounting Standards Board (FASB). The plan administrator of the Plan has determined based on their review that no

new accounting pronouncements that were issued are applicable to the Plan. As new pronouncements are released, management will assess if they are applicable, and if they are applicable, their affect will be included in the notes to the financial statements.

3. CASH AND INVESTMENTS (UNAUDITED)

At December 31, 2021 and 2020, the Plan's cash and investments and executed transactions therein were held by the Custodian. The following is a summary of the Plan's cash and investments that are included in the financial statements and supplemental schedule based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$11,026,211 and \$12,907,321 for the years ended December 31, 2021 and 2020, respectively.

The Plan's independent auditors did not perform auditing procedures with respect to cash and investments which were certified by the Custodian at December 31, 2021 and 2020, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The Plan's mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish

**SCOTT ELECTRIC COMPANY
EMPLOYEES RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's investments within the fair value hierarchy are at Level 1 as follows as of December 31, 2021 and 2020, respectively:

	<u>2021</u>	<u>2020</u>
Investments Measured at Fair Value		
Mutual Funds	\$ <u>101,430,264</u>	\$ <u>94,130,326</u>

5. GROUP ANNUITY CONTRACT WITH STANDARD INSURANCE COMPANY

The Plan maintains a traditional fully benefit-responsive guaranteed investment contract with Standard Insurance Company ("Standard"). Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the contract is \$13,700,828 and \$13,039,173 at December 31, 2021 and 2020, respectively.

Certain events might limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of the plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The Plan sponsor may choose to pay the market value adjustment directly, if applicable, so that participant's contract values are not affected. If the Plan sponsor views the occurrence of any of these events as probable as of the measurement date, details about market value adjustments or other withdrawal restrictions can be obtained through the Plan's account manager.

**SCOTT ELECTRIC COMPANY
EMPLOYEES RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

Either party to the Group Annuity Contract may terminate the contract with at least 30 days advance written notice to the other party. The contract termination date shall be any business day on or after the expiration of the 30-day notification period.

The Group Contract holder shall name the payee to whom the Company is to transfer the Plan assets and hereby instructs the Company to deduct any outstanding charges and fees remaining unpaid on the contract termination date from the amount transferred to the payee. If the Group Contract holder fails to name a payee to receive the Plan assets within 30 business days of the contract termination date, the Company will pay such Plan assets to the named Plan trustee so long as the named Plan trustee agrees to accept them.

The average yields earned by the guaranteed investment contract are as follows:

	<u>2021</u>	<u>2020</u>
Based on actual earnings	2.21%	2.42%

6. RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by the Custodian, as defined by the Plan document. Transactions with the Custodian qualify as party-in-interest transactions. Any fees for investment management services are included in net appreciation in fair value of the investments. Fees paid by the Plan for custodian and recordkeeping services were \$267,349 and \$217,890 for the years ended December 31, 2021 and 2020, respectively.

8. TAX STATUS

Although the Plan has not requested determination from the Internal Revenue Service ("IRS") as to the Plan's tax-exempt status, the restated volume submitter plan from which the Plan was drafted has received a favorable determination letter from the IRS dated March 31, 2014. The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan, as amended, is designed to operate in accordance with all applicable provisions of the IRC. Therefore, the plan administrator believes that the Plan is qualified and that the related trust is exempt from taxation under the IRC.

Effective January 2022, the standardized plan from which the Plan was drafted was restated and received a favorable determination letter from the IRS dated June 30, 2020, as further outlined in Note 12.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or

**SCOTT ELECTRIC COMPANY
EMPLOYEES RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator believes as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event that the Plan is terminated, the accounts of all participants will become fully vested and non-forfeitable, and assets will be allocated to each participant based on their respective account balances after payment of all final liquidation or termination expenses, pursuant to the directions of the plan administrator.

10. VOLUNTARY CORRECTION PROGRAM

In September 2019, the plan administrator discovered that the Third Party Administrator ("TPA") inadvertently approved and paid out profit sharing balances that were not eligible per the provisions of the Plan document. The Plan document states that the vested profit sharing balances of the participants are not eligible for distribution until the participant reaches the age of 62, even if the participant terminates employment. The amount of the early profit sharing distributions occurred in 2017, totaling \$273,479. No additional amounts were inadvertently paid out during 2018, 2019, 2020, or 2021.

On October 29, 2019, the Plan sent letters to each impacted participant requesting that the participant return the profit sharing distribution to the plan as a correction. The letters also alerted the former participants that such distributions were not eligible for tax-free rollovers. As a result, the Plan recorded a receivable from the participants of \$273,479 at December 31, 2017. The Plan determined that the likelihood of the amounts to be refunded to the Plan are unlikely. As a result, the Plan also recorded an allowance for doubtful accounts of \$273,479 on the receivable at December 31, 2017.

The distributions receivable from participants are as follows as of December 31, 2021 and 2020, respectively:

	<u>2021</u>	<u>2020</u>
Distributions receivable from participants	\$ -	\$ 273,479
Less: allowance for doubtful accounts	<u>-</u>	<u>(273,479)</u>
	<u>\$ -</u>	<u>\$ -</u>

The Plan filed a Voluntary Correction Program ("VCP") submission with the IRS on February 20, 2020, to address the correction of the profit sharing distributions. In May 2020, the Plan received a favorable compliance statement from the IRS in response to the VCP submission. The profit sharing distributions received by the participants that were not returned to the Plan are reported as taxable distributions to those participants. No further action is required from the Plan.
