INDEPENDENT AUDITOR'S REPORT

To the Administrator of
Bryn Mawr Medical Specialists Association
Money Purchase Pension Plan

Opinion

We have audited the accompanying financial statements of Bryn Mawr Medical Specialists Association Money Purchase Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of January 7, 2021 and December 31, 2020, and the related statements of changes in net assets available for benefits for the period from January 1, 2021 to January 7, 2021 (date of merger), and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Bryn Mawr Medical Specialists Association as of January 7, 2021 and December 31, 2020, and the changes in its net assets available for benefits for period from January 1, 2021 to January 7, 2021 (date of merger), in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bryn Mawr Medical Specialists Association Money Purchase Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bryn Mawr Medical Specialists Association Money Purchase Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the

financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bryn Mawr Medical Specialists Association Money Purchase Pension Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bryn Mawr Medical Specialists Association Money Purchase Pension Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

(1) DESCRIPTION OF PLAN

The following description of the Bryn Mawr Medical Specialists Association Money Purchase Pension Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

Bryn Mawr Medical Specialists Association (the "Plan Sponsor") established the Bryn Mawr Medical Specialists Association Money Purchase Pension Plan, effective February 1, 1970, covering eligible employees. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

The general administration of the Plan and responsibility for carrying out the provisions of the Plan are maintained by a committee appointed by the Plan Sponsor. The committee has approved an administrator, who maintains participant account records and instructs the custodians to execute transactions such as benefit payments to participants. The custodians hold the assets of the Plan and execute transactions at the direction of the Plan committee. The custodians also report to the Plan's management regarding investments and changes in these investments.

Fidelity Investments and the Bryn Mawr Trust Company, the custodians of substantially all of the Plan's assets, invest all contributions. Burke Group is the third-party administrator and allocates to each participant's accounts its proportionate share of earnings (losses) on investments.

The Plan allows participants to enter the Plan on the first day of the first month after they have completed two years of service, had 1,000 hours of service during the Plan year and attained the age of 21.

On January 7, 2021, the Plan merged into the Bryn Mawr Medical Specialists Association Profit Sharing Plan (PSP), a retirement plan with the same Plan Sponsor and Participants. The PSP provides the participants the ability to make voluntary deferral contributions as well as additional employer profit sharing contributions. Total plan assets of the merged plans at the time of the merger increased to approximately $126,000,000.

(1) CONTINUED

Contributions

The Plan provided for two categories of employer contributions:

a) *Pension basic contributions* – employer made a pension contribution of 6% of all eligible participants' income.

b) *Pension excess contributions* – employer made an additional pension contribution of 5.7% for all eligible participants' income over $10,000.

Participants are provided with a selection of two models (groups of predetermined investments) in which to invest their contributions.

Participant Accounts

Each participant's account is credited with the participant's share of the employer's contribution and allocations of Plan earnings, and charged with an allocation of administrative expenses and any direct transaction expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Upon meeting the eligibility requirements, all participants are immediately 100% vested in the employer contributions and the earnings allocated to their accounts.

Participant Loans

Participants may not take loans from the plan.

(1) CONTINUED

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, benefits are paid in either a lump-sum distribution equal to the value of the participant's account or in installments for required minimum distributions. Participants who are no longer employed by the Plan Sponsor and who have a balance of less than $1,000 will receive a lump-sum payment.

COVID-19 Changes

In March, 2020, the World Health Organization characterized a novel strain of coronavirus (COVID-19) as a pandemic. In response to the COVID-19 pandemic, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) to provide financial aid for individuals and companies impacted by the coronavirus. The Plan has implemented certain provisions of the CARES Act in 2020.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(2) CONTINUED

Investment Valuation and Income

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to contract administrative fees and investment advisory fees are included in administrative expenses.

(3) INVESTMENTS

As of January 7, 2021 and December 31, 2020, the Plan's investment assets were held as follows:

Custodian	Description of Investment	2021	2020
Fidelity Investments	Money Market Funds	$ -	$ 49,754
Fidelity Investments	Mutual Funds	-	70,473,522
Bryn Mawr Trust Company	Money Market Funds	-	484,734
Total investments		$ -	$ 71,008,010

(4) FAIR VALUE MEASUREMENTS

Accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives priority to unadjusted quoted prices in an active market for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market funds – Valued at the net asset value of shares held by the Plan at year-end.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value as of December 31, 2020:

	Fair Value Measurement Using			
December 31, 2020	**(Level 1)**	**(Level 2)**	**(Level 3)**	**Total**
Money market funds	$ 534,488	$ -	$ -	$ 534,488
Mutual funds	70,473,522	-	-	70,473,522
Total assets in the fair value hierarchy	$ 71,008,010	$ -	$ -	$ 71,008,010

(5) NONPARTICIPANT-DIRECTED INVESTMENTS

As discussed in Note 1, participants are provided with a selection of two models (groups of predetermined investments) in which to invest their contributions. All of the Plan's investments are in these models and are nonparticipant-directed investments.

(6) PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were managed by Fidelity Investments and Bryn Mawr Trust Company, custodians of the Plan. These transactions qualify as party-in-interest transactions.

(7) MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus are not separately identifiable as an expense.

(8) PLAN TERMINATION

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. As described in Note 1, the Plan merged into the Bryn Mawr Medical Specialists Association Profit Sharing Plan on January 7, 2021.

(9) TAX STATUS

The Internal Revenue Service has determined and informed the Company, in a letter dated May 22, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

(9) CONTINUED

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 7, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2018.

(10) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(11) CONCENTRATION OF CREDIT RISK ARISING FROM CASH DEPOSITS

The Plan maintains money market funds which, at times, may exceed Securities Investor Protection Corporation protection limits. The Plan has not experienced any losses in these accounts and management believes it is not exposed to any significant credit risk.

(12) SUBSEQUENT EVENTS

Management of the Plan has evaluated subsequent events through October 13, 2022, the date on which the financial statements were available to be issued.
