Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Enerpac Tool Group Corp. 401(k) Plan (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from the qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section-

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit for the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion,

forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is

supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We have audited the statement of net assets available for benefits of Enerpac Tool Group Corp. 401(k) Plan as of December 31, 2020 and the related statement of changes in net assets available for benefits for the year ended December 31, 2020 (not presented herein), and in our report dated July 27, 2021, we expressed an unmodified opinion on those financial statements.

Note 1. Description of Plan

The following description of the Energpac Tool Group Corp. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan's summary plan description for a more complete description of the Plan's provisions. The Plan is subject to and complies with the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The purpose of the Plan is to encourage eligible employees to regularly save part of their earnings and to assist them in accumulating additional financial security for their retirement. Generally, all employees of domestic subsidiaries of Energpac Tool Group Corp. (the "Company"), who are scheduled to work at least 1,000 hours in a one-year period are immediately eligible to participate in the Plan. Employees of acquired companies are eligible to participate in the Plan at the discretion of the Company and employees of designated operating units may be excluded from Plan participation.

Contributions

Participants may make voluntary pre-tax and after tax ("Roth") contributions of between 1% and 50% of qualifying compensation, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained the age of 50 are eligible to make catch-up contributions to the Plan. The Company's match contribution is 50% of the amount contributed, up to 8% of the participant's eligible compensation. The Plan also includes, at the discretion of management, an annual discretionary contribution of up to 3% of each eligible participant's eligible pay. Both the matching and discretionary contributions are made in the form of cash into the participant's investment elections.

If a newly eligible employee does not affirmatively enroll or decline enrollment in the Plan within 30 days after becoming eligible, that employee is automatically enrolled at 8% of eligible compensation on a pre-tax basis into an age-appropriate target date fund. The Plan may automatically re-enroll participants at 8% on a yearly basis if their elective deferrals are zero percent (0%). Further, if a participant is at an elective deferral of less than ten percent (10%), the Plan also automatically increases a participant's elective deferrals by one percent (1%) annually until contributions equal ten percent (10%) unless the participant affirmatively denies that election.

Investment Options

Participants direct the investment of their voluntary contributions and may direct the investment for the Company's discretionary and matching contributions to any of the defined investment options. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with contributions, participant rollovers, an allocation of Plan earnings thereon and reduced for benefit payments and certain fees charged by the trustee. Plan earnings are determined and credited to each participant's account on a daily basis in accordance with the proportion of the participant's account to all accounts. Substantially all administrative expenses of the Plan are paid by the Plan. Separate pre-tax and Roth contribution accounts are maintained for participants.

Vesting

The Company's matching contribution is made with each payroll period and is immediately 100% vested. Participants have, at all times, a fully vested and non-forfeitable interest in the amount of their voluntary and matching contributions. The discretionary contribution will be 100% vested after 3 years of service. Upon death, disability or retirement, while employed by the Company, participants become fully vested in their entire account balance.

Forfeited Accounts

Forfeitures are created when participants terminate employment with the Company prior to being fully vested. These forfeited amounts are then used to reduce the Company's future contributions to the Plan. At December 31, 2021 and 2020, unallocated forfeitures were \$49,276 and \$51,004, respectively. Forfeitures used to reduce Company contributions were \$476,861 for the year ended December 31, 2021.

During an administrative review of terminated participants in 2021, it was discovered that forfeitures were not recorded for several terminated participants. As a result, \$315,983 were reclassified to forfeitures from terminated participant account balances.

Payment of Benefits

Participants may elect to receive vested benefits in the form of a lump-sum distribution, installment payments or a direct transfer to an eligible retirement plan. If a participant's vested account balance is less than \$5,000, it will automatically be distributed in the form of a direct rollover to an individual retirement account (\$1,000 or less in a lump sum payment). In the event of hardship, participants may withdraw a portion of their vested account balances.

Administration

In April 2021, the Plan switched custodians. Many of the investment options offered by the previous custodian were also offered by the new custodian. For prior plan administrator investment options not offered by the new custodian, they were replaced with investment options with similar strategies and risks as their predecessor investment option.

Participant Notes Receivable

A participant may receive a note from the Plan out of the participant's voluntary contributions, rollover, prior Company contributions and qualified non-elective contributions account in an amount greater than or equal to \$1,000, not to exceed the lesser of 50% of the portion of the participant's vested account balances plus earnings thereon or \$50,000. Notes bear a fixed interest rate of the prime rate at the time of the note, plus 1%. Interest rates range from 4.25% to 9.50%. Notes and interest thereon are repaid from payroll deductions over a period not to exceed five years, unless the note is used to purchase the principal residence of the participant, in which case the term of the note will be a reasonable period not to exceed 20 years, as determined by the Plan administrator.

Participants' notes receivable are valued at their unpaid principal balance plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 or December 31, 2020. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States.

Use of Estimates in Preparation of Financial Statements

The preparation of the accompanying financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that directly affect the reported amounts of assets, liabilities and changes therein. Actual results may differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income Recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. The statement of changes in net assets available for benefits includes the net gain (loss) on the fair value of investments, which consists of realized and unrealized gains and losses.

Risk and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the fair value of investments will occur in the near term. These changes could materially affect participants' account balances and the amounts reported in the financial statements.

Payment of Benefits

Benefits are recorded when paid.

Note 3. Fair Value Measurements

The Plan assesses the inputs used to measure fair value using a three-tier hierarchy. Level 1 inputs include quoted prices for identical instruments and are the most observable. Level 2 inputs include quoted prices for similar assets and observable inputs. Level 3 inputs are not observable in the market and include management's own judgments about the assumptions market participants would use in pricing the asset or liability. The following valuation methodologies are used for plan assets measured at fair value:

Mutual Funds: Valued at quoted prices from an active market which represents the net asset value (NAV) of shares held by the Plan at year end.

Enerpac Tool Group Corp. Stock Fund: Prior to the change in Plan Custodians in April 2021, the Enerpac Tool Group Corp. Stock Fund was a unitized fund. In conjunction with the change in Plan Custodians, the Enerpac Tool Group Corp. Stock Fund converted from unitized accounting to share accounting. Participants invest and own share of company stock and the value of those shares is equal to the actual share price. Contributions are traded at open market and processed the same day as investments, as long as they are received before the final trade.

Common collective trust: Fair value for these investments is determined by the NAV based on the fair value of the underlying funds. The NAV, as provided by the custodians, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A summary of assets at December 31, 2021 and 2020 measured at fair value on a recurring basis are as follows:

	December 31, 2021	December 31, 2020
Level 1 Valuation:		
Mutual funds	\$ 74,898,730	\$ 45,227,432

Note 4. Tax Status

The Internal Revenue Service has determined and informed the Company in a letter dated February 24, 2017, that the Plan was designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The plan administrator believes it is no longer subject to income tax examinations for years prior to applicable statutory periods.

Note 5. Plan Termination

The Company has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Note 6. Exempt Party-in-Interest Transactions

Certain plan investments are in shares of mutual funds and common trust funds managed by Wells Fargo Bank, former custodian of the Plan, and Fidelity, current custodian of the Plan, shares of Enerpac Tool Group Corp. Common Stock and participant notes receivable. These transactions qualify as party-in-interest transactions, however, they are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. Fees incurred by the Plan for the investment management services paid through revenue sharing are included in administrative expenses.

Note 7. Information Prepared and Certified by Custodians

As disclosed in Note 1, the Plan changed custodians during the year. Certain information related to the Plan's investments disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information certified as complete and accurate by Wells Fargo and Fidelity, custodians of the Plan. This information includes investments held and participant notes receivable at December 31, 2021 and 2020, net appreciation in fair value of investments, and interest and dividend income from investments for the year ended December 31, 2021.

Note 8. Subsequent Events

The Sponsor has evaluated subsequent events through October 12, 2022, which is the date the financial statements were available to be issued.
