REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
Beazley USA Services, Inc. 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statements

We have performed an audit of the financial statements of Beazley USA Services, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2021 supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2021 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedule, we evaluated whether the 2021 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2021 supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2020 financial statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Beazley USA Services, Inc. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, established by Beazley USA Services, Inc. (the “Company”) under the provisions of Section 401(a) of the Internal Revenue Code (the “IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

The Plan was amended effective November 1, 2019 to include new participating employers Lodestone Security LLC and BHI Digital LLC.

The Coronavirus Aid, Relief and Economic Security Act (“CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act (“SECURE Act”) were effective January 1, 2020. The following provisions of the CARES Act and SECURE Act have been adopted by the Plan:

- Increased age for required minimum distributions (“RMD”); the age triggering RMDs is increased to 72 from 70½. This will be effective for those turning 70½ on or after January 1, 2020 or those with a date of birth after June 30, 1949. Required minimum distributions were temporarily waived for 2021.
- Penalty free withdrawal available through December 31, 2021. Distributions up to \$100,000 are exempt from the early distribution penalty tax of 10%, and federal income tax can be spread over three years. Alternatively, the distribution can be repaid to the Plan within three years.
- Penalty free withdrawal (early distribution penalty tax of 10%) of \$5,000 for birth or adoption, taken within 12 months of birth or adoption. This distribution can be repaid to the Plan.
- Change in distribution rules for certain beneficiaries. Non-spouse beneficiaries must take full distribution of account within 10 years of the original account owner’s death.
- Increased loan amount from \$50,000 to \$100,000 available on loans taken between March 27, 2020 and September 22, 2020 and the ability to defer loan payments for one year.

Eligibility

Employees of the Company aged 21 and over are eligible for plan participation effective upon three consecutive months of service after the employee’s employment commencement date.

Administration

The Plan has multiple investment options for eligible employees. The board of directors of the Company makes decisions regarding plan administration. Fidelity Management Trust Company (“Fidelity”) provides trustee and discretionary recordkeeping, compliance, and administrative services and provides investment management services to the Plan. Arthur J. Gallagher & Co. provides plan review and coordinates plan changes with vendors.

Contributions

Participant Contributions

Each participant may contribute pre-tax contributions up to a maximum of \$19,500 for the 2021 and 2020 tax years, respectively, in accordance with the IRC qualified retirement plan limits. Participants age 50 and older are eligible to make catch-up contributions of a maximum of \$6,500 in 2021 and 2020.

Participants must elect to participate in the Plan and are not automatically enrolled upon becoming eligible.

Participants may contribute amounts representing eligible rollover distributions from other qualified plans or individual retirement accounts ("IRAs").

Employer Contributions

After completion of three consecutive months of service, the Company provides a match of 100% of participant contributions up to a maximum matching contribution of 5% of eligible pay (\$14,500 for the year ended December 31, 2021 and \$14,250 for the year ended December 31, 2020). Compensation eligible for deferral to the Plan is based on W-2 wages.

Participant pre-tax contributions and employer contributions, and earnings thereon, are not taxed until withdrawn. The maximum dollar amount of contributions may vary from year to year, based on the IRC limitations.

Participant Investment Elections

Participants may direct their deferral contributions and employer contributions among various investment options offered by the Plan. These investment options consist of mutual funds and a money market fund. Participants are allowed to change their investment options subject to certain restrictions. For example, the trustee may decline to follow a participant's investment direction to the extent that such direction would result in a prohibited transaction. Participants can elect to allow the investment manager to direct their investments, in which case the investment manager allocates employee and employer matched contributions among the available funds at their discretion.

Participant Accounts

On a bi-weekly basis, each contributing participant's account is credited with the participant's contribution and the Company match. Net income or loss attributable to the investments made by a directed account is allocated to the account in a manner that reasonably reflects the investment experience of the account and is credited daily. Investment fund earnings are reported net of expenses.

Vesting

Participants are fully vested in their deferral contributions plus actual earnings thereon. Participants are 100% vested in the Company's matching contributions, plus earnings, upon electing to participate in the Plan after completion of three consecutive months of service.

Notes Receivable from Participants

A participant may apply for a loan to be made from their vested account balance in the Plan, not to exceed the lesser of (i) \$50,000 or (ii) 50% of the participant's vested account balance in the Plan. Repayments are made by semi-monthly deductions of fixed amounts from the participant's salary. All loans except those to purchase a primary residence must be repaid within five years. Loans to purchase a primary residence must be repaid within 10 years. Upon termination, participants are required to repay loans in full. Loans

carry interest at prevailing rates. Loans outstanding as of December 31, 2021 and 2020 bear interest rates ranging from 4.25% - 6.50%. As of December 31, 2021 and 2020, loan maturity dates range from January 3, 2022 to April 14, 2031 and from April 6, 2020 to April 30, 2028, respectively.

Pursuant to the CARES Act, the maximum amount of loans taken between March 27, 2020 and September 22, 2020 was increased to \$100,000. Plan participants who had outstanding loan balances had the ability to defer their loan repayments through December 31, 2020. The ability to request a deferral in loan repayments under the CARES Act ceased as of December 31, 2020.

Payment of Benefits

Upon termination of service, a participant with a vested account greater than \$5,000 may elect to receive a lump-sum amount equal to the value of the participant's account, or various installment payout options, or may defer payment to a later date or elect to rollover their balance to other eligible plans. Participants with a vested interest less than \$5,000 may elect to take a lump-sum distribution or rollover their account balance to another qualified plan or IRA. The Plan allows for automatic distribution of a terminated participant's account balance totaling less than \$1,000. Participants must make an election of payout option on the distribution form. Distributions made to individuals who have not attained the age of 59½ may be subject to an early withdrawal penalty. Minimum required distributions begin when a participant reaches age 72.

The Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), which was signed into law on March 27, 2020, among other things, included several relief provisions available to tax-qualified retirement plans and their participants. The Plan's management evaluated the relief provisions available to Plan participants under the CARES Act and adopted a provision that allowed for special COVID-19 withdrawals permitting eligible Plan participants to request penalty-free distributions up to \$100,000 for qualifying coronavirus-related reasons. The ability to request COVID-19 related distributions under the CARES Act ceased as of December 31, 2020. The Plan's management also adopted a provision that permits eligible Plan participants to request penalty-free distributions within a year from the birth or adoption of a child up to \$5,000.

Early Withdrawals

Under certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, the employee contribution portion of their account balance. These conditions include unreimbursed medical expenses, the purchase of a principal residence, the payment of postsecondary tuition or to prevent eviction from or foreclosure on a principal residence. A participant's right to make deferrals to the Plan will be suspended for six months after the receipt of the hardship withdrawal. A participant may also make a withdrawal from their account when the participant attains age 59½ or incurs financial hardship.

Participant Forfeitures

Because participants are eligible for a matching contribution immediately upon eligibility for participation in the Plan, the effect is that such contributions are immediately vested when made, and thus participants' distributions are not subject to forfeiture of nonvested balances.

Plan Expenses

Certain investment management fees are netted with investment income, such as a one-time fee for establishing a loan. The Plan administrator may charge an individual participant a reasonable charge to offset the cost of making a distribution to the participant, beneficiary, or alternate payee. Plan administrative fees cover day-to-day expenses of the Plan including recordkeeping, accounting, legal and trustee services.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from reported results using those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Net appreciation in fair value of investments is reflected in the statement of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Acquisition costs are included in the cost of investments purchased, and sales are recorded net of selling expenses.

Notes Receivable from Participants

Participant loans are required to be classified as notes receivable from participants for all periods presented in the financial statements. The loans are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan has included participant loans as notes receivable from participants in the statements of net assets available for plan benefits. Delinquent participant loans are reclassified as a distribution when a distributable event is deemed to have occurred.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests almost entirely in mutual funds. Underlying investment securities that comprise mutual funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic, which continues to spread throughout the United States. The spread of COVID-19 has caused significant volatility in U.S. and international markets. The extent of the impact on the Plan's net assets available for benefits and contributions will depend on the duration and continued spread of the outbreak, including any other further developments. Management has not determined the full financial impact of these events.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 3 - FINANCIAL INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Total investment income and interest on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

The disclosed fair value of assets has been classified based on a hierarchy defined by U.S. GAAP. The hierarchy gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (Level 3). An asset's or liability's classification is based on the lowest level input that is significant to its measurement. For example, a Level 3 fair value measurement may include inputs that are both observable (Levels 1 and 2) and unobservable (Level 3).

The levels of the fair value hierarchy are as follows:

- Level 1 - Values are unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date.
- Level 2 - Inputs other than Level 1 that are based on observable market data, including quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.
- Level 3 - Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Company's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Beazley USA Services, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The following is a description of the valuation methodologies used for the Plan's financial assets measured at fair value:

Money Market Fund - Investments in the money market fund are valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds - Mutual funds invest in securities, otherwise known as the underlying securities. Shareholders receive an equity position in the fund and, in effect, in each of its underlying securities. A share of the Plan's interest in the mutual fund is based on the values of the underlying assets of the fund minus its liabilities divided by the number of shares outstanding. The underlying assets consist of U.S. Treasury, agency, corporate, mortgage-backed, commercial mortgage-backed, and asset-backed securities, U.S. and international stocks, bonds and cash and cash equivalents. Investments in the mutual funds are valued at their respective exchange-traded net asset value per share/unit on the valuation date.

The Plan's financial assets with changes in fair value that are measured on a recurring basis at December 31, 2021 were as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets:				
Money market fund	\$ 2,835,951	\$ -	\$ -	\$ 2,835,951
Mutual funds	116,779,095	-	-	116,779,095
	<u>\$ 119,615,046</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 119,615,046</u>

The Plan's financial assets with changes in fair value that are measured on a recurring basis at December 31, 2020 were as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets:				
Money market fund	\$ 4,248,056	\$ -	\$ -	\$ 4,248,056
Mutual funds	98,025,664	-	-	98,025,664
	<u>\$ 102,273,720</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 102,273,720</u>

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

There have been no changes in the methodologies used at December 31, 2021 and 2020, and there were no transfers among levels for the years ended December 31, 2021 and 2020.

NOTE 5 - PLAN TERMINATION

Although the Company has expressed no intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the Company shall make no further contributions. The Plan makes provisions for distribution and transfer to a successor plan in the event of termination; however, the Plan will terminate at the merger, liquidation, or dissolution of the employer.

Beazley USA Services, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

NOTE 6 - TAX STATUS

The Plan is based on a prototype plan. The Internal Revenue Service ("IRS") informed the prototype plan sponsor, in an opinion letter dated March 31, 2014, that the form of the Plan is acceptable under the requirements of the IRC. An employer may rely on a favorable opinion letter issued to a prototype sponsor as evidence that the Plan is qualified under IRC Section 401(a) as provided in Revenue Procedure 2015-36. Although the prototype plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and being operated in compliance with applicable requirements of the IRC so that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or disclosure in the financial statements).

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of funds managed by Fidelity. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party in interest transactions. Certain legal and administrative expenses are paid by the Company. Administrative fees relating to accounting, benefits administration and investment advisory services are paid by the Company. In addition, the Company pays certain legal fees related to the Plan design and administration. Other than described above or pursuant to certain trust agreements, the Plan does not have agreements or transactions with parties in interest.

NOTE 8 - SUBSEQUENT EVENTS

There were no subsequent events requiring adjustment to the financial statements or disclosure through October 14, 2022, the date that the Plan's financial statements were available to be issued.

We are providing this letter in connection with your audits of the financial statements of Beazley USA Services, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

We elected to have the audits of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). We acknowledge that your audits did not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution") that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that our election for an ERISA Section 103(a)(3)(C) audit does not affect our responsibility for the financial statements. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described in 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

We understand that your audits were made for the purpose of expressing an opinion as to whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with US GAAP and that the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

We are also providing this letter in connection with the ERISA-required supplemental schedule as of December 31, 2021 for the purpose of the expression of your opinion as to whether the ERISA-required supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

We have fulfilled our responsibility, as set out in the terms of the Engagement Letter, for the preparation and fair presentation of the financial statements in accordance with US GAAP and for the preparation and presentation of the ERISA-required supplemental schedule in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud, including programs and controls to prevent and detect fraud.

We also acknowledge our responsibility for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Certain representations in this letter are described as being limited to matters that are material. Items are considered to be material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of the surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves, as of October 14, 2022, the following representations made to you during your audits.

22. Significant estimates and material concentrations known to management that are required to be disclosed in accordance with US GAAP (*FASB Accounting Standards Codification*® (ASC) 275, *Risks and Uncertainties*) are properly disclosed in the financial statements.

Significant estimates are estimates at the date of the financial statements that could change materially within the next year. Concentrations refer to the nature and type of investments held by the Plan, or markets or geographic areas for which events could occur that would significantly disrupt normal finances within the next year.
23. The Plan has satisfactory title to all owned assets. There are no liens or encumbrances on such assets nor has any asset been pledged as collateral.
24. The Plan has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
25. In connection with the preparation of the financial statements we evaluated, in accordance with US GAAP (*FASB Accounting Standards Codification*® (ASC) 205, *Presentation of Financial Statements*), whether there were conditions or events that, when considered in the aggregate, raised substantial doubt about the Plan's ability to continue as a going concern for a period not less than one year from the date the financial statements are issued or available to be issued. Our evaluation was based on relevant conditions and events known and reasonably knowable at that date.
26. We are responsible for the estimation methods and assumptions used in measuring assets and liabilities, including those reported or disclosed at fair value, as well as information obtained from brokers, pricing services, or other third parties. The methods, significant assumptions, and data used in making accounting estimates and the related disclosures, including those measured at fair value, are reasonable, are consistently applied, and result in a measurement appropriate to achieve recognition, measurement, or disclosure for financial statement and disclosure purposes in accordance with the financial reporting framework. In addition, the data used in making accounting estimates is accurate and complete. No

events have occurred subsequent to the date of the financial statements through the date of this letter that would require adjustment to these estimates and fair value measurements, or the related disclosures included in the financial statements.

27. The fair value measurements reported or disclosed represent our best estimate of fair value as of the measurement date in accordance with US GAAP (*FASB Accounting Standards Codification*® (ASC) 820, *Fair Value Measurements and Disclosures*). In addition, in accordance with US GAAP, the Plan has categorized its financial instruments, based on the priority of inputs to the valuation technique, into a three-level fair value hierarchy. The fair value gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs that are used to measure the securities fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.
28. There are no financial instruments with off-balance sheet risk or financial instruments with concentrations of credit risk.
29. The Plan and the trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code and intend to continue as a qualified plan and trust. The Plan sponsor has operated the Plan and trust in a manner that did not jeopardize this tax status, including complying with laws and regulations and preventing violations that may cause disqualification. We are not aware of any matters that would affect the continued qualified status of the Plan.
30. We are responsible for the preparation of Plan amendments necessitated by changes in law or regulation or required by changes in the operation of the Plan. All amendments required by such changes have been adopted by the Plan.
31. The Plan has complied with DOL regulations concerning the timely remittance of participants' contributions and loan repayments to the trusts containing assets for the Plan.

 - a. We made all management decisions and performed all management functions
 - b. We have suitable skill, knowledge, and experience to evaluate the accuracy and completeness of the financial statements and ERISA-required supplemental schedule
 - c. We accept responsibility for such financial statements and ERISA-required supplemental schedule.
36. No events have occurred subsequent to the date of the financial statements through the date of this letter that would require, in accordance with US GAAP recognition or disclosure in the financial statements.
