Board of Trustees
Independence Health Systems Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Independence Health Systems Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by6 and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Independence Health Systems Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Independence Health Systems Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Independence Health Systems Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Independence Health Systems Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other

additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Independence Health Systems Inc. 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE A | DESCRIPTION OF PLAN

The following description of the Independence Health Systems Inc. (the “Company”) 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

1. General

The Independence Health Systems Inc. 401(k) Profit Sharing Plan, which became effective on May 1, 1999, and most recently restated January 1, 2015, is a volume submitter 401(k) profit sharing plan. Individual benefits from this plan will be based on the vested portion of the individual account, which is comprised of the portion of the salary which an individual elects to defer, any contributions made by the employer during the years of participation, plus any earnings credited to the individual account. The plan covers all full-time employees of the Company who complete one year of service with a minimum of 1,000 hours and are age twenty-one or older. Effective November 1, 2018, the Plan Sponsor amended eligibility requirements to employees that complete sixty days of service. The employee may start participating on the first day of the month following the date requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2018, the Plan Sponsor amended the Plan to include an auto-enrollment policy for newly eligible participants. The Plan will continue to allow for participants to opt-out of participation.

2. Contributions

For each plan year, eligible participants may elect to defer up to 100% of their covered compensation on a pre-tax basis or after-tax basis subject to certain IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. At its discretion, the Company may make a matching contribution and a profit-sharing contribution. In 2021 and 2020, the Company’s matching contribution equaled 50% of the salary reduction the participant elected to defer up to 8% of covered compensation (4% match). Participants may also contribute amounts representing rollovers from other qualified defined benefit or contribution plans. There were no profit-sharing contributions in 2021 or 2020.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE A | DESCRIPTION OF PLAN

3. Participant Accounts and Allocations

Each participant's account is credited with the participant's contribution, employer's contribution and allocations of plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

5. Investment Options

Upon enrollment, the participant directs all contributions into various investment options under the Newport Trust Company program which currently include various mutual funds and other risk based investment funds.

6. Notes Receivable from Participants

The Plan currently does not allow the participant to borrow from their account.

7. Payment of Benefits

When a participant reaches the normal retirement age or 59 1/2, they may elect to receive their vested value in their account either in a lump-sum payment, annual installments, or as requested from time to time by the participant. If the participant terminates employment other than normal retirement, the participant may request their vested balance in their account in lump sum payment. Hardship distributions are permitted from the participant deferral and rollover contributions.

NOTE A | DESCRIPTION OF PLAN

In March 2020, the Plan adopted the temporary coronavirus-related distributions provision of the Coronavirus Aid, Relief and Economic Security Act (CARES Act). The provision adopted by the Plan allows qualified Plan participants to take a distribution up to the lesser of \$100,000 or 100% of the participant's vested account balance without being subjected to the standard early withdrawal penalty. Additionally, qualified participants may elect to pay taxes on the distribution over a three-year period and have the option to pay back the distribution and would not be subject to taxes on the returned portion. This provision expired on December 30, 2020.

8. Forfeiture Accounts

Forfeited nonvested accounts totaled \$11,219 and \$2,911 at December 31, 2021 and 2020, respectively. Forfeitures can be used to reduce the employer expenses and contributions. Contributions were reduced by \$2,134 and \$0 in 2021 and 2020, respectively. Expenses were reduced by \$7,484 and \$0 in 2021 and 2020, respectively.

NOTE B | SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of these financial statements follows.

1. Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and in the principal and most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Payment of Benefits

Benefits payments to participants are recorded when paid.

5. Administrative Expenses

Expenses of maintaining the Plan are paid by the Plan and the Plan Sponsor. Expenses paid by the Plan are allocated proportionally to the participants based on the value of account balances. Certain investment related expenses are included in the net appreciation of investments.

6. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued.

NOTE C | SUMMARY FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Newport Trust Company (custodian), except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

Dividends	25,299	13,833

NOTE D | FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE D | FAIR VALUE MEASUREMENTS

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits are reported in net appreciation (depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

NOTE D | FAIR VALUE MEASUREMENTS

Other investment funds- Participants have the option to invest in various Bank of Missouri funds (BOM funds) which are valued at NAV as a practical expedient and not measured within the fair value hierarchy levels.

BOM Aggressive Fund seeks to maximize long-term capital appreciation; invests mainly in US and international equities with small allocations to fixed income and alternate strategies. Due to high exposure expect similar volatility to broad global equity markets subject to substantial principal variation.

BOM Conservative Fund seeks for the focus to be providing income with some price appreciation. The model uses mostly fixed income investments, with a lesser equity allocation. Due to equity exposure, investors should expect a moderate level of principal volatility.

BOM Growth Fund utilizes equity and fixed income mutual funds to achieve the objective of growth. Equity mutual funds include both US and international exposure. Equity diversification is achieved by equity style, size, and both active and passive management strategies. Fixed income is included in portfolio mainly to achieve diversification. Alternative assets can also be included in the portfolio.

BOM Moderate Fund seeks capital appreciation and current income utilizing equity and fixed income mutual funds.

The following table summarizes investments for which fair value is measured using NAV as a practical expedient as of December 31, 2021. There are no participant restrictions for these investments. The period below only applies to the Plan Sponsor.

	Fair value 2021	Unfunded Commitments	Redemption frequency (if currently eligible)	Redemption notice period

NOTE E | PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

NOTE F | PLAN TAX STATUS

The Plan sponsor adopted a prototype volume submitter profit sharing plan document which obtained a favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the form of the Plan was acceptable under the applicable requirements of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since receiving the opinion letter. However, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE G | RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Administrative expenses relating to the maintenance of employee records and certain other expenses are paid by the Plan sponsor. Newport Trust Company is the corporate custodian as defined by the Plan and, therefore, these transactions qualify as exempt party in interest transactions. Bank of Missouri (BOM) is the Plan's trustee and investment advisor. BOM also manages certain investments held by the Plan. These investments and related fees paid to BOM qualify as exempt party-in-interest transactions and are reported as such in the schedule of assets (held at year end).

NOTE H | RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits. As of the date of this report, the current economic environment has increased the degree of uncertainty.

Investments included the following other investment fund representing approximately 33% of the total investments at December 31, 2021. A significant decline in the market value of this investment could significantly affect the Plan's net assets available for benefits:
