Ladies and Gentlemen:

This representation letter is provided in connection with your audit of the financial statements and supplemental schedules of Metalor Technologies USA Retirement and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement(s) of net assets available for benefits as of December 31, 2021 and 2020 and the related statements of changes in net assets available for benefits for the year then ended December 31, 2021., and the disclosures (collectively, the "financial statements"), for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States (U.S. GAAP) and whether the supplemental schedules are fairly stated in all material respects in relation to the financial statements as a whole. As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have elected for you to not perform any auditing procedures with respect to information prepared and certified to by Reliance Trust Company, the trustee, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedules. We understand that the form and content of the information in the financial statements and supplemental schedules, other than that derived from the information certified by Reliance Trust Company, has been audited by you in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of the date of this letter, the following representations made to you during your audit.

27) The methods and significant assumptions used to estimate fair values of financial instruments, including non-readily marketable securities, are as follows:

Pooled separate accounts: Shares of pooled separate accounts are valued at net asset value ("NAV"), as a practical expedient to measure fair value, based on the market value of the underlying investments. The NAV is not a publicly quoted price in an active market. The pooled separate accounts seek total; return and long-term capital appreciation by investing mainly in equity securities included mainly in equity securities included in the S&P 500 index, Russell 1000 Index, large capitalization companies and foreign and domestic securities that offer opportunities for capital growth.

The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.

28) The Plan has an investment contract with MassMutual whereby allocated contributions are maintained in a Separate Account Guaranteed Interest Account ("SAGIC"). The SAGIC is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. The contract is fully benefit-responsive and is presented on the face of the statements of net assets available for benefits at contract value. Contact value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

29) All required amendments to and filings of plan documents with the appropriate agencies have been made.

30) The Plan (and the trust established under the Plan) is qualified under the appropriate section of the Internal Revenue Code and we intend to continue them as a qualified plan (and trust).
