Independent Auditors' Report

The Plan Administrator
Kualoa Ranch Hawaii, Inc. 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Kualoa Ranch Hawaii, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Topa Financial Center | 745 Fort Street | Suite 2100 | Honolulu, Hawaii 96813
P: 808.521.3962 | F: 808.531.3217 | www.kkdly.com

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in

accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (*a*) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (*b*) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of Plan

The following description of the Kualoa Ranch Hawaii, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a voluntary defined contribution plan covering employees of Kualoa Ranch Hawaii, Inc. (the Company). The Company provides benefits to eligible employees, as stated in the plan agreement. The Plan is subject to the provisions of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

COVID-19

Beginning in the first quarter of 2020, many countries experienced an outbreak of the novel strain of coronavirus (COVID-19). The COVID-19 pandemic, together with recent geopolitical events and rising inflation, has adversely affected the global economy by, among other things, disrupting supply chains and operations, increasing unemployment levels, and creating significant volatility in financial markets. The extent of the impact of these matters on the economy, the Company, and on the Plan is uncertain.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act provided immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. Plan management adopted certain of these relief provisions which were temporary and expired on December 31, 2020.

Administration of Plan Assets

The Company has appointed a plan administrator to manage the operations and administration of the Plan. Transamerica Life Insurance Company Inc. (Transamerica) acts as the custodian and an affiliate of Transamerica acts as the third-party administrator to process and maintain the records of participant data.

Eligibility

Employees become eligible to participate in the Plan once they have completed three months of service and are age 18 or older. The entry date is the first day of the quarter coinciding with or next following the date employees satisfy the eligibility requirements. Participants become eligible for employer matching contributions upon completing one year of service for which they worked 1,000 hours during the Plan year and are 18 years or older. Participants become eligible for employer profit sharing contributions upon completing one year of service for which they worked 1,000 hours during the Plan year and are 21 years or older.

Contributions

Each year, participants may elect to contribute up to 20% of their eligible pre-tax compensation, as defined in the plan agreement, up to a maximum allowable under the IRC, which was $19,500 in 2021. Additionally, participants who have attained age 50 before the close of the year may also elect to make additional pre-tax catch-up contributions to the Plan, not to exceed the amount allowable under current income tax regulations which amounted to $6,500 in 2021.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Such contributions are deposited in the appropriate investment funds in accordance with each participant's direction and the Plan's provisions.

The Company makes non-discretionary employer matching contributions of 100% of the participant's deferral contributions to the Plan up to a maximum of 5% of the participant's eligible compensation.

The Company may also make a discretionary profit sharing contribution to the Plan which is allocated based on a non-integrated allocation formula as defined by the Plan. To be eligible for the employer matching contributions or discretionary profit sharing contributions, participants must be employed by the Company on the last day of the Plan year. The Company did not elect to make a discretionary profit sharing contribution for the Plan year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer matching contributions and allocations of (a) the Company's discretionary profit sharing contribution, if any, and (b) plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investments of their contributions into various investment options offered by the Plan.

Vesting

Participants are immediately vested at all times in account balances attributed to participant contributions plus actual earnings or losses thereon. Participants become 100% vested in any employer matching or discretionary profit sharing contributions after completing five years of eligible service in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year but less than 2 years	20%
2 years but less than 3 years	40%
3 years but less than 4 years	60%
4 years but less than 5 years	80%
5 years or more	100%

Payment of Benefits

Upon termination of service due to retirement, disability, or death, a participant or beneficiary may elect to receive his or her total benefits in (a) a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or (b) installments. Upon separation from service, the Plan requires the automatic distribution of participant account balances that do not exceed $1,000. If a participant who has separated from service fails to elect to have such distribution paid directly to an eligible retirement plan or to receive the distribution directly, his or her account balance will be distributed as a lump sum if it is $1,000 or less. Additionally, under certain circumstances of financial hardship, a participant is allowed to withdraw funds from the Plan.

Management adopted provisions of the CARES Act which provided for expanded distribution options and favorable tax treatment for up to $100,000 of coronavirus-related distributions. A participant was permitted to take a coronavirus-related distribution, even if it would occur before an otherwise permitted distributable event (e.g. severance from employment, disability, or attainment of age 59½). Under the adopted provision, the 10% additional federal tax on early distributions did not apply to any coronavirus-related distribution.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear a reasonable rate of interest as determined by the plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rates of notes receivable from participants at December 31, 2021 range from 4.25% to 6.50% and mature at

various dates through March 2026. Loan repayments are generally made ratably through payroll deductions over a period not to exceed five years. However, if the loan is for the purchase of a primary residence, the plan administrator may permit a longer repayment term of up to 30 years. Participant may only have one loan outstanding at a time.

In accordance with the CARES Act, management adopted provisions which increased loan limits to the lesser of $100,000 or 100% of the participant's vested account balance and allowed loan repayments for both new and existing loans to be deferred for up to one year. However, the loan continued to accrue interest on the outstanding balance during the deferment period.

Administrative Expenses

All reasonable administrative costs and expenses may be paid from plan assets, unless some or all are paid by the Company. Administrative expenses recorded in the Plan during the year ended December 31, 2021 totaled $33,462, and includes loan origination fees and annual loan maintenance fees, which are charged directly to the respective participants' account and contract asset charges, which are allocated to the participants as stated in the Plan service agreement.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan are held by the custodian and invested based upon instructions received from participants. The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Risks and Uncertainties

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Excess Contributions Payable

Excess contributions payable to participants amounted to $4,785 and $7,928 at December 31, 2021 and 2020, respectively. These amounts represent contributions in excess of amounts allowed by the Internal Revenue Service (IRS) and are recorded as a liability with the corresponding reduction to contributions. The Plan distributed the excess participant contributions to the applicable participants prior to March 15, 2022.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2022, the date at which the accompanying financial statements were available to be issued, and determined that there are no such items to disclose.

(3) Information Certified by the Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

December 31:	**2021**	**2020**
Investments at fair value	$ 6,323,687	$ 5,640,868
Investment at contract value	981,396	909,200
Notes receivable from participants	106,418	242,214

Year Ended December 31:	**2021**
Net appreciation in fair value of investments	$ 729,957
Interest income	13,702
Interest income on notes receivable from participants	6,501

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the accounting guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Pooled separate accounts. These investments are valued using the net asset value (NAV) of units held by the Plan at year end, as provided by the insurance company. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. There are no unfunded commitments or redemption restrictions.

The preceding measurement described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's investments at fair value as of December 31, 2021 and 2020:

	Investments at Fair Value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments measured at net asset value [(a)]	$ -	$ -	$ -	$ 6,323,687

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value [(a)]	$ -	$ -	$ -	$ 5,640,868

[(a)] Certain investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(5) Insurance Company General Account – Stable Value Fund

Transamerica offers a stable value fund that the participant may elect to transfer all or part of its funds. The stable value fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by Transamerica, is the beginning balance plus any deposit and credited interest, less any withdrawals, charges or expenses, a measurement, which approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of Transamerica or otherwise. The contract value of the investment contract at December 31, 2021 and 2020 was $981,396 and $909,200, respectively. This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, on a daily basis, and with no set maturity. The effective credited interest rate is set on a semi-annual basis and effective on January 1st and July 1st of each year. Contract charges may reduce this return. The Transamerica Stable Value Option is not a separate account investment choice – it is an investment in Transamerica's general account. The contract issuer is obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

The average yield of the stable value fund was 1.45% and 1.55% for the years ended December 31, 2021 and 2020, respectively.

Certain events may limit the ability of the Plan to transact at contract value with Transamerica. Such events include the following: (1) the Plan is changed so as to significantly affect Transamerica's obligations to the contract, (2) the contract can no longer be treated as a pension plan contract, (3) the Plan is terminated, (4) failure to comply with the contract requirements, (5) failure to provide information, (6) the sum of the contract account values at any time equals $20,000 or less, or (7) the failure of the trust to quality for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator is not aware of any events, which would limit the Plan's ability to transact at contract value with participants that are probable of occurring.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

(7) Related Party Transactions

All plan investments represent units of pooled separate accounts and a general account managed by the custodian and therefore these transactions qualify as party-in-interest transactions. Any purchases and sales of these funds are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan for the investment management services are netted against investment income in the accompanying statement of changes in net assets available for benefits.

(8) Tax Status

The Plan is based on the volume submitter profit sharing plan with CODA sponsored by Transamerica Retirement Solutions, an affiliate of the custodian. The IRS informed Transamerica Retirement Solutions by a letter dated March 31, 2014, that the volume submitter profit sharing plan upon which the Plan is based is designed in accordance with the provisions of the IRC. The Plan has not yet applied for its own determination letter and has subsequently been amended; however, in the opinion of the plan administrator, the Plan is currently being operated in compliance with the applicable requirements of the IRC and thus qualifies the Plan for tax exempt status.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Forfeitures

At December 31, 2021 and 2020, forfeited non-vested accounts totaled $5,942 and $1,074, respectively. Forfeited non-vested accounts are retained in the Plan and may be used to pay for administrative expenses or to reduce future employer contributions. In 2021, $9 of forfeitures were used to pay for administrative expenses and $1,022 of forfeitures were used to fund employer contributions.

(10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

December 31:	**2021**	**2020**
Net assets available for benefits per the financial statements	$ 7,668,021	$ 6,985,301
Add: Excess contributions	4,785	7,928
Net assets available for benefits per the Form 5500	$ 7,672,806	$ 6,993,229

The following is a reconciliation of participant contributions per the financial statements to the Form 5500:

Year Ended December 31:	**2021**
Participant contributions per the financial statements	$ 381,488
Add: Excess participant contributions	4,785
Participant contributions per the Form 5500	$ 386,273

The following is a reconciliation of the benefits paid to participants and beneficiaries per the financial statements to the Form 5500:

Year Ended December 31:	**2021**
Benefits paid to participants and beneficiaries	$ 675,448
Add: Prior year excess contributions	7,928
Benefits paid to participants and beneficiaries per the Form 5500	$ 683,376
