INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor and Plan Participants
Jones Companies Retirement Plan
Humboldt, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Jones Companies Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) and delinquent participant contributions as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosures under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 27, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

JONES COMPANIES RETIREMENT PLAN
December 31, 2021 and 2020 and
For the Year Ended December 31, 2021

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Jones Companies Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document and summary plan description for more complete information.

General

The Plan was established as of January 1, 1975, and has been amended and restated as of January 1, 2016. The Plan is a safe harbor defined contribution profit-sharing plan sponsored by Jones Companies, LLC ("JCL"), operating as Jones Companies Ltd prior to January 1, 2020. The Plan covers all full-time employees of JCL, Jones Fiber Products, LLC and Jones Consolidated, LLC (collectively, the "Company" or the "Employer"), who have one year of service, have been credited with at least 1,000 hours of service, are age eighteen or older and are not covered under a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may elect to defer, through salary reductions, up to the maximum amount allowed by law. Participants who will have reached 50 years of age by the end of the Plan year are eligible to make catch-up salary reduction contributions. Participants may also contribute amounts representing distributions from other qualified benefit plans. Effective January 1, 2020 the Company began contributing a safe harbor match equal to 100 percent of each participant's elective deferrals not exceeding 3 percent of the participant compensation plus 50 percent of each participant's elective deferrals in excess of 3 percent but not in excess of 5 percent of the participant's compensation. The Plan allows for an additional discretionary contribution, which is determined by the Company's Board of Directors and is allocated among participants in amounts equal to each participant's elective deferrals, not to exceed 2 percent of participants' eligible compensation. To be eligible for discretionary contributions, participants must be employed on the last day of the Plan year and have completed at least 1,000 hours of service during the year. As of December 31, 2021 and 2020 the Company made safe harbor matching contributions of \$92,822 and \$137,387 respectively. There were no discretionary contributions in 2021 and 2020. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, safe harbor match contributions and allocations of the Company's discretionary contributions, Plan earnings or losses and forfeitures of terminated participants' nonvested accounts. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, participant earnings, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

JONES COMPANIES RETIREMENT PLAN
December 31, 2021 and 2020 and
For the Year Ended December 31, 2021

NOTES TO FINANCIAL STATEMENTS

Note 1. Continued

Vesting

Participants are immediately vested in their voluntary contributions, the Company safe harbor match and additional discretionary contributions plus actual earnings or losses thereon. Vesting in the Employers' nonelective discretionary contribution portion of their account is based on years of continuous service according to the following schedule:

Years of Service	Interest Vested
Less than 2 years	-0-%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Payment of Benefits

Upon termination of service prior to normal retirement age, a participant may generally elect to receive either a lump-sum amount equal to the vested interest in his or her account, or annual installments over a period not exceeding his or her life expectancy or the joint life expectancy of the participant and his or her designated beneficiary. Normal retirement age is 62 or 30 years of credited service. A participant is eligible for immediate distribution of both employee deferral and employer balances when termination is due to retirement, death, disability or is involuntary. Upon voluntary termination an employee is eligible for immediate distribution of employee deferral and the vested portion of employer balances. Active participants that have completed 30 years of service may elect an in-service distribution.

Forfeitures

Forfeited balances of terminated participants' discretionary accounts may be used to pay Plan expenses and with any remaining balance reallocated among the remaining participants in the proportion that each participant's compensation for the year bears to the total compensation of all participants for the year. As of December 31, 2021, and 2020, forfeited nonvested accounts totaled \$15,055 and \$12,284 respectively. During the years ended December 31, 2021 and 2020, forfeitures totaling \$2 and \$61 were used to pay Plan expenses and there were no forfeitures reallocated among participants.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*, which modified the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU No. 2018-13 is effective for all entities for fiscal years, beginning after December 15, 2019. The Plan adopted this standard, which did not have a significant impact on its financial statements, on January 1, 2020.

JONES COMPANIES RETIREMENT PLAN
December 31, 2021 and 2020 and
For the Year Ended December 31, 2021

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Reclassification of Prior Year Presentation

Certain prior year amounts have been reclassified for consistency with the current year presentation. These reclassifications had no effect on the previously reported Statement of Net Assets Available for Benefits or Statement of Changes in Net Assets.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan. Such expenses totaled \$42,150 for the year ended December 31, 2021.

Note 3. Information Certified and Provided By Principal

The information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments and dividend income for the year ended December 31, 2021 was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Trust Company ("Principal").

JONES COMPANIES RETIREMENT PLAN
December 31, 2021 and 2020 and
For the Year Ended December 31, 2021

NOTES TO FINANCIAL STATEMENTS

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts and Plan assets will be used solely to provide benefits for participants.

Note 5. Income Tax Status

The Company has adopted a volume submitter plan sponsored by the Jones Companies Ltd., which received its latest advisory letter dated March 31, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan document has been amended since receiving the advisory letter. The Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Related Party Transactions

Certain Plan investments are shares of common collective trusts managed by Principal Trust Company. Principal, the current trustee of the Plan, received compensation during 2021 totaling \$42,150. These transactions qualify as party-in-interest transactions.

Note 8. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification ("ASC") Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;

JONES COMPANIES RETIREMENT PLAN
December 31, 2021 and 2020 and
For the Year Ended December 31, 2021

NOTES TO FINANCIAL STATEMENTS

Note 8. Continued

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Common collective trusts: The common collective trusts include the Wells Fargo Enhanced Stock Market Collective Investment Trust, the Wells Fargo BlackRock S&P Mid-Cap Index Collective Investment Trust, the Wells Fargo Dodge and Cox Intermediate Bond Collective Investment Trust, and the Wells Fargo MFS Value Collective Investment Trust (collectively, the "CITs") (Level 2).

Units of the CITs are valued based on the unit value established for each fund on the valuation date. The unit value for these funds is calculated by dividing each fund's NAV on the calculation date by the number of units that are outstanding on the calculation date for each fund. The fair values of participation units held in the various CITs were based on the NAV reported by the fund manager as of the financial statement dates and recent transaction prices. Participant transactions and redemptions (purchases and sales) may occur daily. As of December 31, 2021 and 2020, there were no unfunded commitments.

Wells Fargo Stable Return Fund: The fair value of the Fund equals contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses (see Note 9). The investments that are included in the Fund are valued at their net asset value per unit as a practical expedient as reported by the fund manager of the collective trust. Accordingly, these NAV-based investments have been excluded from the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total investments at fair value	\$ 4,363,498	\$ 1,592,336	\$ -	\$ 5,955,834

Note 9. Investment Contracts held in the Wells Fargo Stable Return Fund

The Plan's investments include the Fund's investments in wrapper contracts. In a wrapper contract structure, the underlying investments are held under the Fund through a group common investment trust for retirement plan participants. The Fund purchases wrapper contracts from insurance companies and banks that credit a stated interest rate for a specified period of time. The wrapper contract guarantees the contract value of the underlying investments for participant-initiated events. The wrapper contract amortizes the realized and unrealized gains and losses on the underlying fixed income investments, typically over the duration of the investments, through adjustments to the future interest crediting rate, which is the rate earned by participants in the Fund for the underlying investments. The issuer of the wrapper contract provides assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero. An interest crediting rate less than zero would result in a loss of principal or accrued interest. If the financial institution guaranteeing the wrapper contract fails to perform in accordance with the wrapper contract, the value of the Plan's investments in the Fund and the value of the wrapper contract would be subject to additional market gains and losses.

The crediting rates are typically reset on a monthly or quarterly basis and are based on the market value and performance of the underlying portfolio of assets backing these contracts. Inputs used to determine the crediting rate include each contract's portfolio market value, current yield-to-maturity, duration, and market value relative to contract value. All contracts have a guaranteed rate of 0% or higher.

Because changes in market interest rates affect the yield-to-maturity and the market value of the underlying investments, they can have a material impact on the wrapper contract's interest crediting rate. In addition, participant withdrawals and transfers from the Fund are paid at contract value but funded through the market value liquidation of the underlying investments, which also impacts the interest crediting rate.

JONES COMPANIES RETIREMENT PLAN
December 31, 2021 and 2020 and
For the Year Ended December 31, 2021

NOTES TO FINANCIAL STATEMENTS

Note 9. Continued

Gains and losses in the fair value of the wrapper contract relative to their contract value are included in the Reconciliation of Financial Statements to Form 5500 (see Note 11). If the adjustment from current value to fair value is positive for a given contract, this indicates that the wrapper contract value is greater than its fair value. If the adjustment from current value to fair value is negative, this indicates that the wrapper contract value is less than its fair value.

In certain circumstances, the amount withdrawn from the wrapper contract would be payable at fair value rather than at contract value. These events include (a) termination of the Plan, (b) a material adverse change to the provisions of the Plan, (c) if the employer elects to withdraw from a wrapper contract in order to switch to a different investment provider, or (d) if the terms of a successor plan in the event of the spin-off or sale of a business unit do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract.

Examples of events that would permit a wrapper contract issuer to terminate a wrapper contract upon short notice include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events was to occur, the wrapper contract issuer could terminate the wrapper contract at the market value of the underlying investments. The events described above that could result in the payment of benefits at fair value rather than contract value are not probable of occurring in the foreseeable future.

The Plan Administrator may elect to liquidate the Plan's investments in the Fund in whole or in part generally upon advance notice to Wells Fargo, with the proceeds paid within 60 days thereafter. Any such liquidation from the Fund may cause the Plan to incur termination or other withdrawal-related costs. There are currently no restrictions on participant-directed withdrawals from the Fund.
