INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Collaborative Support Programs 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Collaborative Support Programs 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Collaborative Support Programs 401(k) Profit Sharing Plan and Trust financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020 and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Collaborative Support Programs 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Collaborative Support Programs 401(k) Profit Sharing Plan and Trust ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Collaborative Support Programs 401(k) Profit Sharing Plan and Trust internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Collaborative Support Programs 401(k) Profit Sharing Plan and Trust ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Supplemental Schedule I is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Collaborative Support Programs 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of Plan

The following description of the Collaborative Support Programs 401(k) Profit Sharing Plan and Trust, ("Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, salary deferral plan that was originally established effective January 1, 1998, with subsequent amendments on March 1, 2004, January 1, 2008 and November 1, 2009, and July 1, 2013. The Plan covers all employees of Collaborative Support Programs of New Jersey, Inc., ("Company") and Community Enterprises Corporation (participating affiliate), who have obtained 18 years of age. Plan entry for salary deferrals is immediate with increases made only on the first of January and July and decreases to deferrals at any time. Employer matching and profit sharing requirements were amended to be 1 year of service (12 month wait), 1000 hours worked, and employment at December 31st. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, ("ERISA").

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2020 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act became effective on January 1, 2020 and require significant changes to plan administration and recordkeeping.

The COVID-19 outbreak in the United States caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants.

The Consolidated Appropriations Act of 2021 was signed into law on December 27, 2020 which includes a temporary rule that prevents partial plan terminations for qualified retirements plans in certain circumstances.

Employee and Employer Contributions

Participants may defer between 1% and up to 90% of their compensation, up to the maximum amount allowed by the IRS guidelines (\$19,500 in 2021 and 2020). Participants over age 50 are allowed under the IRS catch-up contribution provision to contribute an additional amount above the maximum deferral amount allowed by IRS guidelines (\$6,500 in 2021 and 2020). All contributions are invested by the Plan's custodian in accordance with the options elected by the participants (i.e., all investments are participant-directed). Participants may elect to invest their contributions and the Plan's discretionary matching contribution in 1% increments in the pooled separate accounts.

The Plan allows for a matching contribution of 25% up to 100% on the first 4%, depending on the participant's years of service. There were matching contributions in the amount of \$110,897 and \$121,411 for the years ended December 31, 2021 and 2020, respectively.

Collaborative Support Programs 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements (continued)

December 31, 2021 and 2020

1. Description of Plan (continued)

Employee and Employer Contributions (continued)

For eligible participants, the Plan also allows for non-elective contributions (profit sharing), which is calculated on a non-integrated compensation to compensation formula. There were non-elective contributions declared in the amount of \$89,103 and \$88,589 for the years ended December 31, 2021 and 2020, respectively. These amounts were subsequently received (deposited into) the plan during 2021 and 2020, respectively.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution and allocations of (a) the Company's matching and discretionary contribution and, (b) Plan earnings and charged with an allocation of administrative expenses paid by the Plan.

Allocations are based on participant's eligible compensation. The employer's matching contributions are allocated based on a percentage of contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants may elect to invest their contributions and the Company's discretionary matching contribution into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions, and rollover contributions accepted by the Plan and actual earnings and losses thereon. Participants vest in the Company's matching and non-elective (profit sharing) contribution portion of their accounts plus actual earnings and losses thereon.

A participant vests according to the following schedule:

Less than one year	0%
One year	20%
Two years	40%
Three years	60%
Four years	80%
Five years	100%

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of the fair value of their vested accounts. The participants' loans are repayable with interest (prime plus 1%) over a term not exceeding five years. The interest rate charged on the participant loans for the year ended December 31, 2021 ranged from 4.25% and 6.50%. The interest rate was previously 6.50%. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Notes to Financial Statements (continued)

December 31, 2021 and 2020

1. Description of Plan (continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installment payments or a life annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures

If a participant leaves the Company prior to fully vesting, the unvested portion of the employer's matching and discretionary contributions will be used first to offset the employer's matching contributions and then to pay for administrative expenses. The forfeiture balance amounted to \$21,266 and \$21,898, respectively for the years ended December 31, 2021 and 2020. Monies in the forfeiture account are used to pay plan fees and expenses. Plan operating expenses of \$7,000 were accrued to be paid from forfeitures.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, except that benefits paid to Plan participants are recorded on a cash basis.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contract, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. Investments that calculate net asset value per share (or its equivalent), but for which the practical expedient is not applied will be included in the fair value hierarchy along with the related required disclosures.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Collaborative Support Programs 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements (continued)

December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Earnings on investments, with the exception of participant loans, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Contributions

Contributions from employees are recorded as they are withheld from the participant's wages.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the plan are paid by the Company except for administrative fees of \$53,338 and Plan operating expenses of \$7,000 which were paid by the plan. Amounts paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable and distributions for the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

December 31, 2021 and 2020

3. Investments (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Great-West Life & Annuity Insurance Company (the trustee of the Plan.)

4. Fair Value Measurements

Fair Value Measurements in accordance with current accounting standards, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Collaborative Support Programs 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements (continued)

December 31, 2021 and 2020

4. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts: The fair value of the investments in collective trusts (pooled) funds is determined by each fund's trustee based on the fair value of the underlying securities within the fund, which represent the net asset value of shares held by the Plan at year end. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2021 and 2020, are reported in net appreciation in fair value of investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 5,300,552	\$ -	\$ -	\$ 5,300,552
Total	<u>\$ 5,300,552</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,300,552</u>
Assets at Fair Value as of December 30, 2020				
Mutual Funds	\$ 5,344,120	\$ -	\$ -	\$ 5,344,120
Total	<u>\$ 5,344,120</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,344,120</u>

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2021, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

5. Collective Investment Trust with Standard Insurance Company

In September 2013, the Plan entered into a benefit-responsive collective investment trust with Standard Insurance. The product type is a Group Annuity Contract. Aspire maintains the contributions in a general account. The account is credited with deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. It is not a traditional contract since 30 day written notice for termination of the contract with written instructions on how to dispose of the funds. Adjustments to earnings, gains and losses will continue to be made as long as the assets remain in the fund or until distribution. The minimum crediting rate under this contract is 1%.

6. Party In Interest/Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Co. Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Co. are also the investment trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management fees are included in net appreciation in fair value of investments. Audit fees for the plan are paid to an independent public accounting firm by the Plan. For the year ended 2020 total fees paid to the independent public accounting firm were \$7,000. These transactions qualify as exempt party-in-interest transactions. An officer of the Company is a trustee for the Plan and a participant in the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

8. Tax Status

Although the Plan has not obtained a determination letter from the IRS, The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2021, the Plan does not believe it has taken an uncertain tax position that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Collaborative Support Programs 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements (continued)

December 31, 2021 and 2020

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to this risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The COVID-19 outbreak is disrupting supply chains and affecting production and sales across a range of industries. The extent of the impact of COVID-19 on the organization's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on the project's customers, employees and vendors all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact the organization's financial condition or results of operations is uncertain.

10. Subsequent Events

Subsequent events were evaluated through October 10, 2022, the date the financial statements were available to be issued.
