Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of Thomas M. Cooley Law School 403(b) Tax Sheltered Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA) as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2021 and for the year then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

As described in Note 4, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements. The Plan has not maintained sufficient accounting records and supporting documents relating to these annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions.

To the Plan Administrator
Thomas M. Cooley Law School 403(b)
Tax Sheltered Retirement Plan

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of Thomas M. Cooley Law School 403(b) Tax Sheltered Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by qualified institutions.

Further, the Plan has excluded from the 2020 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the 2020 financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and related income and distributions be included in the financial statements. The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

To the Plan Administrator
Thomas M. Cooley Law School 403(b)
Tax Sheltered Retirement Plan

In our report dated September 15, 2021, we indicated that, because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and, accordingly, we did not express an opinion on the Plan's 2020 financial statements.

Note 1 - Plan Description

The following description of Thomas M. Cooley Law School 403(b) Tax Sheltered Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of Thomas M. Cooley Law School (the "School"), excluding nonresident aliens and students who are not full-time employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary 403(b) contributions up to a maximum of the employee's annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for discretionary employer contributions of 5 percent of the participant's compensation up to a limit and 10 percent of the compensation in excess of the limit. Participants are eligible for employer contributions if they normally work 20 hours or more per week and are not adjunct faculty. There was approximately \$897,000 of discretionary employer contributions in 2020. There were no discretionary employer contributions in 2021.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participants' account balances and bear interest at a market rate.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the School's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary, employer, and rollover contributions and any income or loss thereon.

Payment of Benefits

Upon termination of employment, hardship election, or normal retirement, the participant or, in the case of death, the surviving spouse, can elect to receive the participant's account balance in a single lump sum or in various installment annuities. Account balances less than \$5,000 are identified during an annual review and paid in a single lump sum.

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 - Plan Description (Continued)

Redemption Restrictions

Certain contracts under the TIAA Traditional Annuity investment have limits on the ability of the participants to transfer or withdraw from the fund. Transfers from the Retirement Annuity (RA), Transfer Payout Annuity (TPA), and Group Retirement Annuity (GRA) contracts must be paid out in 10 annual installments. Withdrawals from the RA and TPA contracts must be paid out in 10 annual installments. Withdrawals from the GRA contract are available within 120 days after termination of employment, subject to a 2.5 percent surrender charge; otherwise, they must be paid over 10 annual installments. The remaining contracts under the TIAA Traditional Annuity investment do not have restrictions related to transfers and withdrawals.

Certain contracts under Riversource Annuity Investments (RAVA) have limits on the ability of the participants to transfer or withdraw from the fund. Withdrawals from the RAVA 4 Select contract are subject to a 7.0 percent surrender charge for purchase payments less than 3 years old. Withdrawals from the RAVA 4 Advantage contract are subject to an 8.0 percent declining surrender charge for purchase payments less than 10 years old.

Hardship Withdrawals

Participants may request that all or a portion of their employee contributions be distributed in the case of severe financial hardship, as defined in the plan document. The School must approve any such hardship withdrawals.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) (collectively, TIAA-CREF) and TIAA, as agent for TIAA, FSB; Lincoln Financial Group Trust Company Inc. (Lincoln Financial); Fidelity Management Trust Company (FMTG); The Variable Annuity Life Insurance Company (VALIC); Equitable Financial Life Insurance Company (Equitable); Nationwide Life and Annuity Insurance Company (Nationwide); and Newport Trust Company (Newport). Therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. TIAA-CREF is a service provider of the Plan, and TIAA, FSB is a custodian of the Plan.

Termination

While it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value except as noted below.

The registered investment companies and pooled separate accounts are valued at net asset value per share or its equivalent of the funds, which is based on the fair value of the funds' underlying net assets. The variable separate accounts are valued at net asset value per share or its equivalent of the funds, which is based on the fair value of the funds' underlying assets, adjusted by the insurance company. There are no redemption restrictions or unfunded commitments on these investments. The money market fund is valued at fair value based on its outstanding balance.

Notes to Financial Statements

December 31, 2021 and 2020

Note 2 - Summary of Significant Accounting Policies (Continued)

The TIAA Traditional Annuity is a guaranteed annuity account issued by Teachers Insurance and Annuity Association that invests in the general assets of TIAA. TIAA considers the following contracts to be benefit responsive: Supplemental Retirement Annuity (SRA), Group Supplemental Retirement Annuity (GSRA), and Retirement Choice Plus (RCP). TIAA considers the following contracts to be non-benefit responsive: Retirement Annuity, Group Retirement Annuity, Transfer Payout Annuity, and Retirement Choice (RC). The non-benefit-responsive portion is recorded at fair value. The benefit-responsive portion is recorded at contract value. Since there are no specific securities in TIAA's general account related to these contracts, and due to the contract terms, including the frequency of the interest rate reset intervals, contract value is the best estimate of fair value for the non-benefit-responsive contracts. Contract value represents principal invested, plus interest earned, less any withdrawals. The Plan also has benefit-responsive group annuity contracts with Ameriprise and non-benefit-responsive contracts with Kemper Insurance, Nationwide, Auto-Owners Insurance, The Variable Annuity Life Insurance Company, USAA Life, Lincoln Financial, and Equitable. The benefit-responsive contracts are recorded at contract value, and the non-benefit-responsive contracts are valued at fair value. Similar to the TIAA contracts, these contracts invest in the general assets of the issuer, and, therefore, contract value is the best estimate of fair value for these contracts. Contract value represents principal invested, plus interest earned, less any withdrawals.

All other investments are valued based on quoted market prices. See Note 7 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid. There were benefit payments requested but not paid (due to redemption restrictions) totaling \$17,484 and \$128,636 as of December 31, 2021 and 2020, respectively.

Administrative Expenses

Various administrative costs are paid by the School.

Allocated Insurance Contracts

The Plan has allocated insurance contracts for retirees who were covered under the Plan in prior years. These contracts remain intact, and additional contracts have been purchased. The activity related to the allocated insurance contracts for retirees receiving benefits is excluded from the financial statements. The Plan receives no income from these allocated insurance contracts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 5, 2022, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

TIAA-CREF and TIAA, FSB; Lincoln Financial; FMTC; VALIC; Equitable; Nationwide; and Newport hold certain of the Plan's investments and execute related investment transactions. TIAA-CREF has the authority to certify the investment balances and related investment activity on behalf of TIAA, FSB. The investment balances as of December 31, 2021 and 2020 and related income and losses for the years then ended included in the accompanying financial statements and supplemental schedule of assets held at end of year, other than investments listed below, are based solely on information certified by TIAA-CREF, including TIAA, as agent for TIAA, FSB; Lincoln Financial; FMTC; VALIC; Equitable; Nationwide; and Newport.

The following are the Plan's investments at December 31, 2021 and 2020 that were not certified by TIAA-CREF, Lincoln Financial, FMTC, VALIC, Equitable, Nationwide, or Newport:

	2021	2020
Mutual funds	\$ 6,589,004	\$ 7,039,970
Pooled separate accounts	110,670	1,542,431
Money market funds	39,651	81,740
Group annuity contracts - Non-benefit responsive	165,974	205,364
Group annuity contracts - Benefit responsive	44,554	37,583
Total uncertified investments	<u>\$ 6,949,853</u>	<u>\$ 8,907,088</u>

Additionally, investment income related to the above investments totaling \$886,672 and \$1,373,135 for the years ended December 31, 2021 and 2020, respectively, was not certified by TIAA-CREF, Lincoln Financial, FMTC, VALIC, Equitable, Nationwide, or Newport.

The Plan has excluded certain assets from the statement of net assets available for benefits at December 31, 2021 and 2020 (see Note 4).

Note 4 - Excluded Investments

The Plan has excluded from investments in the accompanying statement of net assets available for benefits as of December 31, 2021 and 2020 certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2021 and 2020. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Note 5 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated August 7, 2017. The Plan has not individually sought its own determination letter.

Notes to Financial Statements

December 31, 2021 and 2020

Note 6 - Group Annuity Contracts

Based on the terms of the contracts, a portion of the TIAA Traditional Annuity group annuity contract is considered benefit responsive. The total balance in the TIAA Traditional Annuity group annuity contract was \$5,373,444 and \$5,253,947 at December 31, 2021 and 2020, respectively. The benefit-responsive portion totaled \$2,570,512 and \$2,527,684 at December 31, 2021 and 2020, respectively. Other benefit-responsive contracts comprise \$44,554 and \$37,583 as of December 31, 2021 and 2020, respectively. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a vintages approach. Under this methodology, TIAA groups the dollars it receives over defined time periods into vintages and determines a crediting rate for the applicable vintage. Interest crediting rates are determined during the accumulation phase of the applicable declaration year. When establishing interest crediting rates for this product, TIAA considers many factors, including the net investment earnings rate of the TIAA assets supporting that vintage, administrative expenses during the time period, and required contingency reserves. The minimum crediting rate for the benefit-responsive contracts is generally 3.00 percent; however, in some recent contracts, it is between 1.00 and 3.00 percent. The other benefit-responsive contracts have similar practices for their investment contracts.

Generally, there are no events that could limit the ability of the Plan to transact at contract value with payments made within 90 days or, in rare circumstances, paid over time. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

Note 7 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The Plan has excluded certain assets from the statement of net assets available for benefits at December 31, 2021 and 2020 (see Note 4).

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.
