INDEPENDENT AUDITOR'S REPORT

To the Investment Committee of
Huntsman Advanced Materials Americas LLC
Pension Plan for Non-Salaried Employees
at McIntosh, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Huntsman Advanced Materials Americas LLC Pension Plan for Non-Salaried Employees at McIntosh, Alabama, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Huntsman Advanced Materials Americas LLC Pension Plan for Non-Salaried Employees at McIntosh, Alabama's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

6002 Rogerdale, Ste. 200 Houston, Texas 77072 Tel 281-759-1120 Fax 281-759-5500

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Huntsman Advanced Materials Americas LLC Pension Plan for Non-Salaried Employees at McIntosh, Alabama and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Huntsman Advanced Materials Americas LLC Pension Plan for Non-Salaried Employees at McIntosh, Alabama's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Huntsman Advanced Materials Americas LLC Pension Plan for Non-Salaried Employees at McIntosh, Alabama's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Huntsman Advanced Materials Americas LLC Pension Plan for Non-Salaried Employees at McIntosh, Alabama's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

HUNTSMAN ADVANCED MATERIALS AMERICAS LLC
PENSION PLAN FOR NON-SALARIED EMPLOYEES
AT MCINTOSH, ALABAMA
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Huntsman Advanced Materials Americas LLC Pension Plan for Non-Salaried Employees at McIntosh, Alabama (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan covering employees of Huntsman Advanced Materials Americas LLC (the "Company") represented under a collective bargaining agreement with the United Steelworkers (AFL-CIO-CLC) Local 9-562 (the "Union"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective June 1, 2021, trustee and custodian services for all investments were transferred from SEI Private Trust Company (SEI) to The Northern Trust Company (NTC). Investment advisory services were transferred from SEI to Goldman Sachs Asset Management, L.P. Willis Towers Watson is the Plan's actuary, and a committee appointed by the Board of Directors of the Company is the Plan's administrator.

Pension Benefits

Employees represented under the collective bargaining agreement with the Union are eligible to participate in the Plan on the first day of the month coinciding with or next following the completion of 1,000 hours of service in a year. Participants with five or more years of participation in the Plan are entitled to monthly pension benefits beginning at normal retirement age of 65 equal to an amount determined by multiplying the participant's total credited years of participation in the Plan by the applicable benefit rate, which is negotiated by the Union. The Plan permits early retirement for participants with fifteen years of continuous service and attainment of age 50. These participants may elect to receive early retirement monthly pension benefits in an amount equal to the calculated retirement income the participant would have been entitled to receive under the normal retirement calculation, reduced by 3% for each year early retirement precedes the attainment of age 62, or elect to defer the monthly pension benefits until normal retirement age. Benefits are payable in the form of a 50% joint and survivor annuity, single life annuity, or other optional forms. If participants terminate before rendering five years of continuous service, they forfeit the right to receive their accumulated plan benefits.

Death and Disability Benefits

Participants who become totally and permanently disabled may elect to receive a monthly pension benefit in an amount equal to their accumulated benefits on their disability retirement date, reduced by an actuarial equivalent in accordance with Plan provisions, or elect to defer their monthly pension benefits until normal retirement age. If a participant with five or more years of service dies, monthly pension benefits are payable to the participant's beneficiary subject to certain limitations, as defined in the Plan.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Funding Policy

The Company's funding policy is to make contributions to the Plan that are actuarially determined, such that all employees' benefits will be fully provided for by the time they retire. Employee contributions and rollovers are not allowed. The Plan has met ERISA minimum funding requirements.

Termination

Although it has not expressed the intent to do so, the Company may terminate the Plan subject to the provisions set forth in ERISA. In such event, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under the Plan provisions in effect at any time during the five years preceding the Plan termination.

b. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations (discussed below).

c. All other vested benefits; that is, vested benefits not insured by the PBGC.

d. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of the individual's monthly benefit.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments in the Huntsman International LLC Pension Master Trust (the "Master Trust") are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Plan's proportionate interest in the investments of the Master Trust is shown in the statements of net assets available for benefits as Plan interest in the Huntsman International LLC Pension Master Trust (Note 3).

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable to the service employees have rendered under the Plan's provisions. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits for employees are based on their credited years of participation in the Plan. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date (as of the beginning of the year).

The actuarial present value of accumulated plan benefits is determined by an independent actuary from Willis Towers Watson and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions underlying the actuarial computations, based on the projected unit credit method, for the December 31, 2020 valuation date was (a) life expectancy of participants (the PRI-2012 tables without collar or amount adjustments with Scale MP-2020 with ultimate rate of 0.75% which changed from PRI-2012 tables without collar or amount adjustments with Scale MP-2019 with ultimate rate of 0.75% used at December 31, 2019), (b) retirement age assumptions (the assumed average retirement age was 62), and (c) investment return (7.5%). The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Benefit Payments

Benefit payments are recorded when distributed.

Administrative Expenses

The Plan's expenses are paid either by the Plan or by the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment-related expenses are included in investment income - Plan interest in the Huntsman International LLC Pension Master Trust presented in the accompanying statements of changes in net assets available for benefits.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Accordingly, actual results could differ from those estimates.

Federal Income Taxes

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated December 2, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 3 - INTEREST IN MASTER TRUST

The Plan's investment assets are held in a Master Trust, which was established by the Company. The Master Trust is administered and investments are held by the trustee. Use of the Master Trust permits the commingling of trust assets with the assets of the Plan and several other retirement plans sponsored by Huntsman International LLC and its affiliates, all of which are under common control, for investment and administrative purposes. Although assets of the participating plans are commingled in the Master Trust, the custodian maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. The net investment income of the investment assets is allocated by the custodian to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans.

The net assets of the Master Trust available for benefits and the Plan's divided interest are summarized as follows at December 31, 2021 and 2020:

	2021	
	Master Trust Balances	Plan's Interest in Master Trust Balances
Investments at fair value:		
Collective Trusts	$336,014,576	$ 9,878,561

NOTE 3 - INTEREST IN MASTER TRUST (CONTINUED)

Investment income of the Master Trust for the years ended December 31, 2021 and 2020 is summarized as follows:

	2021	2020
Investment income:		
Net appreciation in fair value of investments	$67,406,818	$49,792,222
Interest and dividends	7,862,741	12,730,024
Total investment income	$75,269,559	$62,522,246

NOTE 4 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the investments in the Master Trust. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of investments in the Master Trust that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Interest-Bearing Cash: Stated at cost, which approximates fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Treasury Bonds: Valued daily using quoted prices reported in actively traded markets. Treasury bonds held by the Plan are U.S. Treasury bills and notes of varying maturities that are highly liquid and transparent.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Collective Trusts: Valued at NAV as determined by the fair value of the underlying investments held by the trusts less liabilities. Fair value of the underlying investments is based on quoted market prices on an actively traded market. The underlying investments include common stocks of emerging markets, equity securities of companies tied to emerging markets, and fixed income securities. The collective trust funds held by the Plan provide for daily redemptions by the Plan with no advance notice requirement. The Plan has no unfunded commitments and no contractual obligations to further invest in the trust funds.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Commingled Real Estate Funds: Valued at NAV based on third-party appraisals, as reported by the investment managers. The funds are invested in JPMorgan funds. The underlying holdings are diversified real estate and infrastructure-related assets. Withdrawals for the JPMCB Strategic Property Fund are limited to once per quarter, subject to available cash. Withdrawals for the Infrastructure Investments Fund are limited to March 31 or September 30 each year. The Plan has no contractual obligation to further invest in the funds.

Collective Trusts: Valued at fair value of the underlying investments based on quoted market prices, independent of third-party pricing agents, from independent broker dealers independent of the fund, or fair value procedures implemented through a Fair Value Committee. The funds are invested in the SEI Structured Credit Collective Fund, which invests substantially all of its assets in the SEI Structured Credit Segregated Portfolio that, in turn, invests substantially all of its assets in the SEI Structured Credit Fund, L.P. The objective of the fund is to generate high total returns through investing in a portfolio of collateralized debt obligations. Withdrawals are limited to once per quarter, subject to availability of cash as determined by the advisor, and requires a 90-day prenotification.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2021 or 2020.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the investments in the Master Trust at fair value as of December 31, 2021 and 2020:

	2021			
Description	Level 1	Level 2	Level 3	Total
Interest-Bearing Cash	$ 22,970,400			$ 22,970,400
Mutual Funds	183,231,784			183,231,784
Treasury Bonds	100,512,465			100,512,465
Collective Trusts		$323,595,776	$12,418,800	336,014,576
Other		568,042		568,042
Total investments at fair value	$306,714,649	$324,163,818	$12,418,800	$643,297,267

	2020			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$546,345,196			$546,345,196
Money Market Fund	254			254
Commingled Real Estate Funds			$42,407,424	42,407,424
Collective Trusts			19,802,678	19,802,678
Total investments at fair value	$546,345,450		$62,210,102	$608,555,552

The following table represents the Master Trust's Level 3 investments, the valuation techniques used to measure the fair value of the investments, and the significant unobservable inputs and the ranges of values for those inputs at December 31, 2021 and 2020.

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs
Commingled Real Estate Funds	2020 - $42,407,424	Property valuations	External independent appraisals, rental revenue and expense amounts, revenue and expense growth rates, terminal capitalization rates, discount rates
		Mortgage loan valuations	Original term borrowing rates, leveraged equity yields, market interest rates, interest spreads, credit risk and liquidity and other factors

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs
Collective Trusts	2021 - $12,418,800 2020 - $19,802,678	Proprietary valuations	Bid price utilizing actual market transactions, broker-supplied valuations considering factors as security prices, maturities, call features, ratings and developments relating to specific securities
		Dealer valuations	Combination of market transactions and internal models, results from bids-wanted-in competition auctions of securities
		Fair value procedures	Last trade price, performance of the market, liquidity of the security, size of the holding in the fund

The Investment Committee reviews and approves the fair value measurement valuation policies and procedures, including those for Level 3 recurring measurements. At least annually, the Investment Committee determines if the current valuation techniques used in fair value measurements are still appropriate and evaluates and adjusts the unobservable inputs used in the fair value measurements based on current market conditions and third-party information. For 2021, total sales in the commingled real estate funds and collective trusts amounted to $44,482,275 and $12,532,378, respectively. For 2020, total sales in the commingled real estate funds and collective trusts amounted to $1,963,505 and $8,600,000, respectively. For 2021, total purchases in the commingled real estate funds amounted to $19,858. There were no purchases in the collective trusts in 2021. There were no purchases in the commingled real estate funds and collective trusts in 2020.

NOTE 5 - INFORMATION CERTIFIED

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, SEI and NTC, the trustees of the Plan, have certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020 and the related investment activity reflected in the statements of changes in net assets available for benefits for the years then ended.

NOTE 6 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

The actuarial present value of the Plan's accumulated plan benefits at December 31, 2020 (date of the most recent valuation) is as follows:

Vested benefits of participants and beneficiaries currently receiving payments	$ 7,531,474
Other vested benefits	4,687,310
Nonvested benefits	133,526
Actuarial present value of accumulated plan benefits	$12,352,310

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended December 31, 2020 (date of the most recent valuation) is as follows:

Actuarial present value of accumulated plan benefits at December 31, 2019	$12,092,827
Additions:	
Benefits accumulated	216,351
Interest due to decrease in the discount period	896,078
	1,112,429
Deductions:	
Actuarial gains	(86,944)
Benefits paid	(736,253)
Assumption changes	(29,749)
	(852,946)
Net change	259,483
Actuarial present value of accumulated plan benefits at December 31, 2020	$12,352,310

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments in the Master Trust are in shares of a collective trust managed by affiliates of SEI. Therefore, this investment qualifies as a party-in-interest transaction. Fees paid by the Plan for the investment management services are included as a reduction of the return on each fund. These transactions are considered to be exempt party-in-interest transactions and are not considered prohibited transactions under the Department of Labor's Rules and Regulations.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for various investments in a Master Trust. In general, such investments are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 9 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 14, 2022, the date the financial statements were available to be issued.

Schedule SB, Part V
Statement of Actuarial Assumptions/Methods

Economic Assumptions

Interest rate basis:

- Applicable month: September 2020
- Interest rate basis: Segment Rates from fourth month Preceding Valuation Date

Interest rates:

	Reflecting Stabilization	Not Reflecting Stabilization
First segment rate	4.75%	2.22%
Second segment rate	5.36%	3.38%
Third segment rate	6.11%	3.92%
Effective interest rate	5.61%	3.58%

As permitted by law, rates reflecting stabilization are used to determine the funding target and target normal cost, and thus the minimum required contribution under IRC §430 for the plan. Because these assumptions are subject to a corridor based on average interest rates over a 25-year period, they may differ from (and currently are higher than) current market interest rates, and may be inconsistent with other economic assumptions used in the valuation.

Rates not reflecting stabilization are used to determine PBGC variable rate premiums if the alternative method is used, and are used for purposes of determining the deductible limit, the PBGC FTAP and the PBGC 4010 FS.

Demographic Assumptions

Inclusion date: The valuation date coincident with or next following the date on which the employee becomes a participant.

Mortality: Separate rates for non-annuitants (based on RP-2014 “Employees” table without collar or amount adjustments, adjusted backward to 2006 with MP-2014, and then projected forward with a static projection as specified in the regulations under §1.430(h)(3)-1 using Scale MP-2019) and annuitants (based on RP-2014 “Healthy Annuitants” table without collar or amount adjustments, adjusted backward to 2006 with MP-2014, and then projected forward with a

static projection as specified in the regulations under §1.430(h)(3)-1 using Scale MP-2019).

Termination (not due to disability or retirement) rates

The rates at which participants are assumed to terminate employment by age and gender are shown below. Termination Table T-3 from the Actuary's Handbook for males. Termination Table T-3 from the Actuary's Handbook setback five years for females.

Sample Termination Rates

Percentage leaving during the year		
Attained Age	Males	Females
25	5.27%	6.58%
40	3.84%	4.47%
55	0.33%	1.52%

Disability

None

Retirement

Rates varying by age, average retirement age 62.

For purposes of determining the Funding Target and Target Normal Cost (both disregarding at-risk assumptions), the rates at which participants retire by age are shown below.

Percentage retiring during the year	
Age	Rate
50 – 54	1%
55 – 59	2%
60 – 61	10%
62	25%
63 – 64	5%
65	100%

New or rehired employees

It was assumed there will be no new or rehired employees.

Benefit commencement date:

- Preretirement death benefit

Surviving spouse beneficiary benefits commence at the later of the death of the active participant or the date the participant would have been eligible for early retirement.

SCHEDULE SB ATTACHMENTS

■ Deferred vested benefit	Normal retirement date
■ Retirement benefit	Upon termination of employment
Form of payment	Life annuity
Percent married	80%
Spouse age	Wife two years younger than husband
Administrative expense	Equal to actual 2020 plan expenses adjusted for expected PBGC premiums and excluding investment management fees ($110,000).
At-risk assumptions	For at-risk calculations, all participants eligible to elect benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year, except in accordance with the regular valuation assumptions. In addition, all participants (not just those eligible to begin benefits within the next 11 years) are assumed to elect the most valuable form of benefit under the plan, which is usually the lump sum form of payment.
Timing of benefit payments	Annuity payments are payable monthly at the beginning of the month

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Decrement timing	The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the

	start/end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements: the age is generally the participant's rounded age at the middle of the year.
Actuarial value of assets for determining minimum required contributions	Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year.) The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued except the disability benefit. Based on discussions with Huntsman, such benefits are considered to have a de minimis likelihood of being paid and thus are not required to be valued, and will not be valued, until and unless the triggering event occurs. Willis Towers Watson has reviewed the plan provisions with Huntsman and, based on that review, is not aware of any significant benefits required to be valued that were not. The plan pays small benefits (with a present value up to $5,000 in a single lump sum payment). Such lump sums are not explicitly valued; rather such participants' benefits are valued using the benefit choice assumptions described above.

Data Sources

The Willis Towers Watson administrative team furnished participant data as of 1/1/2021. Information on assets, contributions, and plan provisions was supplied by the plan sponsor. Data were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Accumulated other comprehensive (income)/loss amounts shown in the report are shown prior to adjustment for deferred taxes. Any deferred tax effects in AOCI should be determined in consultation with Huntsman's tax advisors and auditors. Willis Towers Watson used information supplied by Huntsman regarding the postretirement benefit asset, postretirement benefit liability, and amounts recognized in accumulated other comprehensive income as of the end of the 2020 fiscal year.

Assumptions Rationale - Significant Economic Assumptions for Contributions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Plan-related expenses	As required by regulations, plan-related expenses are calculated by estimating the expenses to be paid from the trust during the coming year (including, for example, expected PBGC premiums and actuarial, accounting, legal, administration and trustee fees to be paid from the trust).

Assumptions Rationale - Significant Demographic Assumptions

Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Assumed termination rates differ by age and gender, based on expected differences in termination rates by gender.
Disability	No separate disability rate is assumed as this is not a material assumption for this plan.
Retirement	Retirement rates are based on plan sponsor expectations for the future, with periodic monitoring of gains and losses caused by retirement patterns different than assumed.

SCHEDULE SB ATTACHMENTS

Benefit commencement date for deferred benefits:

■ Preretirement death benefit	Surviving spouses are assumed to begin benefits at the earliest permitted commencement date because ERISA requires benefits to start then unless the spouse elects to defer. If the spouse elects to defer, actuarial increases from the earliest commencement date must be given, so that a later commencement date is expected to be of approximately equal value.
■ Deferred vested benefit	Participants are assumed to commence at normal retirement age. Reductions for early commencement are close to actuarial equivalent rates so the impact of the assumption is not expected to be significant.

Form of payment — Based on observed experience, participants are assumed to take a single life annuity.

Marital Assumptions

■ Percent married	The percent married assumption is based on plan sponsor expectations for the future.
■ Spouse age	The spouse age assumption is based on plan sponsor expectations for the future.

Source of Prescribed Methods

Funding methods — The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V
Summary of Plan Provisions

Plan Provisions

The most recent amendment, the Third Amendment, reflected in the following plan provisions was adopted December 14, 2016 and effective January 1, 2017.

Covered employees	Employees covered by the Paper, Allied Industrial Chemical & Energy Union, Local 3-562, excluding leased employees and independent contractors.
Participation date	First day of month coincident with or next following the completion of 12-month period in which at least 1,000 hours of service are completed.

Definitions

Vesting service	Plan year during which employee completes 1,000 hours of service
Pension service	Years and months of service as a covered employee
Normal retirement date (NRD)	First of month coinciding with or next following the later of the attainment of age 65 or 5th participation anniversary
Monthly pension benefit	$40.00 per month for each year of credited service, for retirements and terminations on or after March 31, 2004 and on or prior to March 31, 2008. $45.00 per month for each year of credited service after March 31, 2008.

Eligibility for Benefits

Normal retirement	Retirement on NRD
Early retirement	Retirement before NRD and after attaining both age 50 and completing 15 years of vesting service
Postponed retirement	Retirement after NRD
Deferred vested termination	Termination after completing five years of vesting service

Plan Name:	Huntsman Advanced Materials America LLC Pension Plan for Non-Salaried Employees at McIntosh, Alabama
EIN / PN:	52-2215309/002
Plan Sponsor:	Huntsman Advanced Materials Americas LLC
Valuation Date:	January 1, 2021

SCHEDULE SB ATTACHMENTS

Disability	Termination due to total and permanent disability
Preretirement death benefit	Death of an active employee with a surviving spouse or designated beneficiary while eligible for normal, early, postponed, or deferred vested retirement benefits.

Benefits Paid Upon the Following Events

Normal retirement	Monthly pension benefit determined as of NRD
Early retirement	Monthly pension benefit determined as of early retirement date, reduced 3.0% for each year early retirement date precedes age 62
Postponed retirement	Monthly pension benefit determined as of actual retirement date
Deferred vested termination	Monthly pension benefit determined as of termination date. If participant has 15 years of service upon termination, he may elect to receive his benefit after he has attained age 50; the benefit is actuarially reduced for each year the benefit commencement date precedes the participant's NRD.
Disablement	An eligible Participant's monthly disability retirement benefit shall be actuarially equivalent to his Accrued Benefit determined as of his disability retirement date.
Death with preretirement spouse benefits	
■ Eligible to retire	Monthly pension benefit determined as of the date of death assuming the participant had retired, elected 100% joint and survivor annuity, and then died. Alternatively, the beneficiary may elect to receive 60 monthly payments equal to the monthly pension benefit determined as of the date of death and multiplied by the relevant factor as described in Section 5.3 of the plan document.
■ Not eligible to retire	Monthly pension benefit determined as of the date of death, assuming the employee had survived to their earliest retirement date, elected a 50% joint and survivor annuity, and then died

SCHEDULE SB ATTACHMENTS

Other Plan Provisions

Forms of payment	Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Optional forms are joint and survivor annuity (50%, 75%, 100%), joint annuity (50%), level income option, or a life annuity.
Pension Increases	None
Plan participants' contributions	None
Actuarial Equivalence	Converts optional forms of payment to the same actuarial present value as the benefit it replaces, based on an interest rate of 6.0% per year compounded annually and the 1971 TPF&C Forecast Mortality Table.
Maximum on benefits and pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.

Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions. Willis Towers Watson is not aware of any future plan changes which are required to be reflected.

Changes in Benefits Valued Since Prior Year

None.
