Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

To the Plan Administrator
 Redstone Presbyterian Senior Care Non-Bargaining 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Redstone Presbyterian Senior Care Non-Bargaining 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Massachusetts Mutual Life Insurance Company, the recordkeeper of the Plan as an agent for Talcott Resolution Life Insurance Company, the custodian of the Plan, a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

(continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Redstone Presbyterian Senior Care Non-Bargaining 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Redstone Presbyterian Senior Care Non-Bargaining 403(b) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(continued)

Independent Auditor's Report

(continued)

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Redstone Presbyterian Senior Care Non-Bargaining 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Redstone Presbyterian Senior Care Non-Bargaining 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

(continued)

Independent Auditor's Report

(continued)

Other Matters (continued)

2021 Supplemental Schedule Required by ERISA (continued)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Redstone Presbyterian Senior Care Non-Bargaining 403(b) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by Massachusetts Mutual Life Insurance Company, as an agent for Talcott Resolution Life Insurance Company, a qualified institution. In our report dated September 17, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations and Disclosure under ERISA.

REDSTONE PRESBYTERIAN SENIOR CARE NON-BARGAINING 403(b) PLAN

Notes to the Financial Statements

December 31, 2021 and 2020

NOTE 1 – PLAN DESCRIPTION

The following description of the Redstone Presbyterian Senior Care Non-Bargaining 403(b) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan which was established on July 1, 1999. Effective January 1, 2009, Redstone Highlands, the Plan sponsor and administrator of the Plan, amended and restated the retirement plan it previously established under Section 403(b) of the Internal Revenue Code (IRC). The Plan was subsequently restated effective January 1, 2019. The Plan covers substantially all employees of Redstone Highlands and HHH Senior Specialist, (the Company) except nonresident aliens with no U.S. source income, student employees and employees eligible for another 403(b) plan sponsored by the Plan sponsor, i.e., collective bargaining employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the provisions of Section 403(b) of the IRC. The Plan agreement utilized a nonstandardized prototype sponsored by Massachusetts Mutual Life Insurance Company.

Contributions

Employees are eligible to defer their salary immediately following enrollment upon employment. Plan participants may contribute up to 100% of their pretax annual compensation, as defined by the Plan, subject to certain limitations under the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Special IRC Section 403(b) catch-up contributions are permitted as well, if a participant has 15 years of service as defined. In no event may a participant's contributions exceed any statutory limitations. Participants may also contribute rollover contributions from other qualified defined benefit or contribution plans.

Participants are eligible to receive discretionary employer matching contributions provided they have completed one year of service, defined as having at least 1,000 hours of service and are age twenty-one or older. Employees are eligible to receive the discretionary employer matching contribution on the first day of the payroll period that coincides with or immediately follows the date on which they satisfy the eligibility requirements. The discretionary employer matching contribution was equal to 100% of a participants' salary deferrals including catch-up contributions that did not exceed 6% of their eligible compensation for the Plan years ended December 31, 2021 and 2020. Additional supplemental employer contributions may also be contributed at the discretion of the Plan sponsor. No such contributions were awarded for the years ended December 31, 2021 and 2020.

Participants direct the investment of their contributions including Company contributions into various investment options offered by the Plan. Effective July 1, 2010, participants must select from sub-accounts offered under the Talcott Resolution Life Insurance Company Separate Account Eleven or a General Account. Participants may change their investment election for future contributions, or the percentage(s) invested in each of these options or transfer funds within these options on any business day. All investments are participant directed.

Notes to the Financial Statements

December 31, 2021 and 2020

NOTE 1 – PLAN DESCRIPTION (continued)

Participant Accounts

Individual accounts are maintained for each Plan participant to reflect the participant's contributions, the Company's related discretionary contributions and supplemental contributions and the net investment income (loss) attributable to the participant's account. Participant accounts are also charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their elective contributions, including rollovers, catch-up contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portions of participants' accounts, plus actual earnings thereon, is based on years of continuous service. The vesting schedule is as follows:

Employer Contributions	
<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Payment of Benefits

Benefits may be distributed to participants, spouses or designated beneficiaries, as appropriate, upon normal retirement (age 62), death, disability or termination of employment. Prior to termination of service, participants who have attained the age of 59½ may withdraw their elective deferrals and any rollover contributions. Participants who have not yet attained the age of 59½ may only withdraw their rollover contributions. The Plan provides for required minimum distributions commencing at age 72 for certain participants. The Plan provides that a participant may make emergency withdrawals from the Plan to meet certain hardships. The permitted hardships are defined by the Internal Revenue Service (IRS) and the requirements are strict.

Forfeitures

Participant account balances which are not 100% vested upon termination of services are forfeited. Forfeitures can be used to pay for Plan administrative expenses or to reduce future employer contributions. As of December 31, 2021 and 2020, the forfeiture account balance was \$25,023 and \$155, respectively. During the Plan years ended December 31, 2021 and 2020, forfeitures of \$10,649 and \$10,335, respectively were used to pay Plan administrative expenses and forfeitures of zero and \$8,475, respectively were used to reduce the employer's contributions.

NOTE 1 – PLAN DESCRIPTION (continued)

Notes Receivable from Participants

Participant loans are not permitted per the Plan document.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and reported changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Plan Administration Costs

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statements of changes in net assets available for benefits. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Subsequent Events

The Plan evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments in all funds are presented at fair value (except fully benefit-responsive investment contracts, which are reported at contract value), based on quoted market prices of the underlying securities within each fund at December 31, 2021 and 2020. The group annuity contract, referred to as the separate account eleven fund is a pooled separate account that invests directly in designated mutual funds or, in some cases, collective investment trusts. The separate account owns and holds the underlying mutual funds or collective trust shares which are valued daily at their net asset values (NAV). Plans and participants hold “units of participation” in the separate account. The “accumulation unit value” (AUV) is the value of each unit in the separate account and the separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts and is then determined daily based on the NAV shares of the underlying fund, the fund’s dividends and the contract’s separate account charges. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The General Account is a guaranteed annuity contract, which has been determined to be fully benefit-responsive and as such is reported at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

GAAP establishes a framework for measuring fair value that requires or permits fair value measurement and enhances disclosures about fair value measurements. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy, which requires an entity to maximize the use of observable inputs when measuring fair value. The required disclosures concerning inputs used to measure fair value are included in Note 7.

NOTE 3 – INCOME TAX STATUS

The underlying nonstandardized prototype plan has received an opinion letter dated March 31, 2017, from the IRS that stated the Plan and related Trust are designed in accordance with applicable sections of the IRC. Subsequent to the receipt of the determination letter from the IRS, the Plan has been amended. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b).

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their investments, including employer contributions.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In January 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global and commercial activity and contributed to declines and volatility in financial markets. As a result of COVID-19, there has been heightened market volatility, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

All Plan assets are held by Massachusetts Mutual Life Insurance Company, (the "Recordkeeper") which invests contributions received and makes distributions to participants. Plan investments at December 31, 2021 and 2020, consisted of subaccounts of a separate account and a General Account managed by Talcott Resolution Life Insurance Company (the "Custodian"). These transactions qualify as party-in-interest, which are exempt from the prohibited transaction rules.

NOTE 7 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement ASC 820, *Fair Value Measurements* (FASB ASC 820), establishes a framework for measuring fair value and requires certain disclosures about the fair value measurement (see Note 2). The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 7 – FAIR VALUE MEASUREMENTS (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- *Separate account eleven* - Group annuity contract valued at the AUV. These investments have been classified within the Level 2 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	December 31, 2021

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020 and net appreciation in fair value of investments and interest for the years then ended, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by, the Recordkeeper as agent for the Custodian.

The custodian has certified the following investments and investment income as of and for the years ended December 31:

	2021	2020
Certified Assets at End of Year		
Separate account eleven	\$ 9,546,322	\$ 8,471,064
General account - guaranteed annuity contract	<u>970,448</u>	<u>922,892</u>
Certified Assets at End of Year	<u>\$ 10,516,770</u>	<u>\$ 9,393,956</u>
Investment Income		
Net appreciation in fair value of investments	\$ 1,185,997	\$ 1,122,571

Certified Investment Income	<u>\$ 1,215,688</u>	<u>\$ 1,148,320</u>

NOTE 9 – GUARANTEED ANNUITY CONTRACT WITH INSURANCE COMPANY

In 2010, the Plan entered into a fully benefit-responsive guaranteed annuity investment contract with the Custodian. The Custodian maintains the contributions in its general account. The General Account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed annuity contract issuer is contractually obligated to repay the principal along with a guaranteed interest rate to the Plan.

The Plan's ability to receive amounts due in accordance with the contract is dependent on the Custodian's ability to meet its financial obligations. The Custodian's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Because the guaranteed annuity investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed annuity investment contract. The guaranteed annuity investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the Custodians, was \$970,448 and \$922,892 at December 31, 2021 and 2020, respectively and represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 9 – GUARANTEED ANNUITY CONTRACT WITH INSURANCE COMPANY (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is discretionarily determined by the Custodian but may not be less than 3%.

The Custodian can give the Company written notice to terminate the contract if the Plan fails to qualify for special tax treatment under 403(a) or 403(b) of the IRC. The termination date will be at least 90 days from the notice of termination. If the reason for notice is corrected before the 90-day period, the notice to terminate will be retracted. The net surrender value, if any, will be paid out in accordance with provisions of the contract.

The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the Plan participants are probable of occurring.
