INDEPENDENT AUDITORS' REPORT

To The Board of Directors of
Stokes Automotive, Inc. 401(k) Savings Plan
North Charleston, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Stokes Automotive, Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] of the 2021 financial statements. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Stokes Automotive, Inc. 401(k) Savings Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Stokes Automotive, Inc. 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stokes Automotive, Inc. 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stokes Automotive, Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stokes Automotive, Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Delinquent Participant Contributions and Schedule of Assets Held For Investment Purposes at End of Year – As of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Stokes Automotive, Inc. 401(k) Savings Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and supplemental schedules, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedules other than that derived from the certified information were presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**STOKES AUTOMOTIVE, INC. 401(k) SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS**

1. Description of Plan

The following description of the Stokes Automotive, Inc. (the "Company") 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the employees of Stokes Automotive, Inc. The Board of the Directors of the Company controls and manages the operation and administration of the Plan. The Plan is intended to satisfy all of the requirements of a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All full-time employees of the Company who have one year of service and are twenty-one years of age or older are eligible to participate in the Plan. Part-time, seasonal and temporary employees who work less than 1,000 hours during the year are excluded from having a one-year eligibility provision.

Contributions

Participants are not required to contribute to the Plan. However, if participants choose to contribute, they may make salary deferral contributions of pre-tax compensation, or after-tax compensation as Roth contributions, as defined in the Plan document, subject to IRC limitations. Beginning on January 1, 2013, all newly eligible employees are automatically enrolled with a deferral percentage of 3% and a default investment choice, unless the employees elect not to participate. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company may make discretionary contributions to the Plan as elected by the Company. In 2021 and 2020, the Company contributed 25% of elective contributions up to 1% of the participant's compensation on a payroll period basis. The Plan also provides that certain limitations may be imposed on participants' contributions in order to comply with statutory requirements.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and stable value option investment options with Transamerica Life Insurance Company as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, and Plan earnings (losses), and charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance (excluding the value from Roth contributions). The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. At December 31, 2021 and 2020, outstanding loans were subject to interest rates ranging from 4.25% to 6.50%. Payments of principal and interest are paid ratably through payroll deductions. Management feels no allowance for doubtful accounts is necessary due to loans being fully secured.

In response to COVID-19, and as permitted by the Coronavirus Aid, Relief, and Economic Security (CARES) Act, doubles the current retirement plan loan limits to the lesser of \$100,000 (increased from \$50,000) or 100% (increased from 50%) of the participant's vested account balance in the plan. For qualified participants, this new limit only applies from March 27, 2020 to September 27, 2020. Also, qualified participants with an outstanding loan from the plan with a payment due during the period of March 27, 2020 through December 31, 2020 can delay their loan repayment(s) for up to one year. After the one-year period, subsequent loan payments must be adjusted to reflect the additional interest accrued during the delay. The period of delay does not count against the maximum loan period of 5 years when the loan is extended (longer for mortgage loans).

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of credited service as follows:

Credited Years of Service	Non-Forfeitable Vested Interest
Less Than 1	None
1	20%
2	40%
3	60%
4	80%
5 or More	100%

Payment of Benefits

Payment of benefits from the Plan is allowed under the following six conditions: (1) retirement, (2) disability, (3) death, (4) in-service, (5) termination and (6) hardship.

Hardships include large unreimbursed medical expenses, the purchase of a principal residence, and tuition for college for a participant or the family of a participant, or threat of eviction from principal residence.

In response to COVID-19, and as permitted by the Coronavirus Aid, Relief, and Economic Security (CARES) Act, withdrawals from the plan up to \$100,000 per person are allowable and the 10% early withdrawal penalty tax is waived. The distribution remains subject to income tax and withdrawals made only in 2020 are eligible. A qualified participant is: (1) a participant diagnosed with the virus SARS-CoV-2 or with coronavirus disease 2019 by a Centers for Disease Control and Prevention ("CDC") approved test; (2) whose spouse or dependent is diagnosed with the virus SARS-CoV-2 or with coronavirus disease 2019 by a CDC approved test; (3) who experiences adverse financial consequences as a result of being quarantined, furloughed, laid off, having work hours reduced, being unable to work due to lack of child care, closing or reduction of hours of their personally owned or operated business due to the virus SARS-CoV-2 or with coronavirus disease 2019; or other factors as determined by the Treasury Secretary. The plan administrator may rely on the employee's self-certification that he/she satisfies one of these conditions. The legislation also permits those individuals to pay income-tax on the distribution ratably over a three-year period and allows individuals to repay that amount tax-free back into the plan or another plan within three years after the distribution is received.

1. Description of Plan (Continued)

Payment of Benefits (Continued)

Also, the CARES Act waives required minimum distribution (RMD) rules for calendar year 2020 (including 2019 RMD payments that were due April 1, 2020) for defined contribution plans allowing individuals to keep funds in their retirement plans.

For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a before-tax basis may only be withdrawn upon demonstration of financial hardship, disability, or after the participants reach the age of 59.5 years.

The Plan also provides for involuntary distribution of account balances for terminated participants with account balances of less than \$5,000.

Forfeitures

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$1,773 and \$910, respectively. These accounts will be used to reduce future Company contributions and administrative expenses. The Company utilized forfeited balances of \$8,295 and \$5,519 during 2021 and 2020, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Recently Adopted Accounting Standards

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Updated 2018-13, "Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement." The new standard modifies the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, including adjustments to Level 3 fair value measurement disclosures as well as the removal of disclosures around Level 1 and Level 2 transfers. This update is effective for the fiscal year beginning January 1, 2020. The amendments to the guidance were applied on a prospective or retrospective basis, in accordance with the requirements of the new standard. Plan management adopted this standard on January 1, 2020 and there was no material impact upon adoption.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's insurance investment contract provides an investment option to invest in Stable Value Option. Assets in Stable Value Investment are in general accounts and are considered a fully benefit-responsive contract. See Note 5 for further discussion of investment contract with insurance company.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits payments are recorded upon distribution.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (participant loans and distributions) are charged directly to the participant's account.

3. Information Certified by the Plan Trustee or Custodian

The Plan Management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the trustee, except for comparing such information certified by the custodian with information included in the Plan's financial statements and supplemental Schedule H, line 4i – Schedule of Assets (held at end of year).

The fair values of investments as reported by the trustee or custodian are as follows at December 31:

	2021	2020
Insurance Company Investment Contracts:		
Cash Equivalents in General Accounts		
Stable Value Option Investments	\$ 1,095,767	\$ 1,244,948
Pooled Separate Accounts	11,522,551	9,488,401
	<u>\$ 12,618,318</u>	<u>\$ 10,733,349</u>
Total Insurance Company Investment Contracts		
	<u>\$ 12,618,318</u>	<u>\$ 10,733,349</u>

Investments (including gains and losses on those bought and sold, as well as held during the year) Appreciated (Depreciated) in Value from Pooled Accounts	\$ 1,864,663	\$ 1,122,173
	<u>\$ 1,864,663</u>	<u>\$ 1,122,173</u>

	<u>\$ 1,974</u>	<u>\$ 230</u>

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Separate Accounts

Valued at the net asset value (NAV) provided by the administrator of the investment. These investments can be redeemed at their respective net asset value as of the measurement date. There are no unfunded commitments, redemption frequency, or other redemption restrictions.

The pooled separate accounts with Transamerica Life Insurance Company, Inc. are stated at fair value based on the quoted market prices of the underlying mutual funds converted into a unit value of the pooled separate accounts (Level 1 input under ASC 820). Separate accounts directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities (Level 2 input under ASC 820).

Stable Value Option Investment

Valued at contract value, and is based on its beginning balance plus any deposits and credited interest, less any withdrawals, charges, or expenses. The contract value listed is also the fair value.

4. Fair Value Measurements (Continued)

Stable Value Option Investment (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2021 and 2020.

Investments at Fair Value December 31, 2021				
	Level 1	Level 2	Level 3	Total

5. Investment Contract with Insurance Company

The Plan has entered into investment contracts with Transamerica Life Insurance Company, Inc. in which Plan assets invested under the contracts are maintained in general accounts. The accounts are credited with contributions and earnings based on the specific contract rate and charged for Plan withdrawals and administrative expenses.

The Stable Value Option investment choices of Transamerica Life Insurance Company, Inc.'s contract meet all criteria and are considered a fully benefit-responsive contract. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Contract value, as reported by Transamerica Life Insurance Company, Inc., approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

5. Investment Contract with Insurance Company (Continued)

There are no reserves against contract value for credit risk of Transamerica Life Insurance Company, Inc. or otherwise. The contract value of the Transamerica Life Insurance Company, Inc. Stable Value investment seeks to protect against any losses of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate is set on a semi-annual basis and becomes effective for the six-month period. There is no stated minimum or maximum interest rate. The average yield of the Stable Value Core fund based on actual earnings and interest credited to participants yielded 0.75% and 0.82% for the years ended December 31, 2021 and 2020, respectively. The contract value of the investment contract at December 31, 2021 and 2020 was \$1,095,767 and \$1,244,948, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the prototype plan that it is utilizing. The IRS has determined and informed the trustee by a letter dated March 31, 2008, that the prototype plan document was designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the letter from the trustee. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Trustee has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

8. Related Party and Part-In-Interest Transactions

The Plan is managed by Transamerica Life Insurance Company, Inc, the trustee or custodian of the Plan assets, for the years ended December 31, 2021 and 2020. Transactions managed under Transamerica Life Insurance Company, Inc. qualify as party-in-interest transactions. Fees paid to Transamerica Life Insurance Company, Inc. by the Plan for contract administration services amounted to \$2,684 and \$1,200 for the years ended December 31, 2021 and 2020, respectively.

The Plan absorbs expenses charged by a third-party administrator for administration of the Plan. These fees paid by the Plan for administration services amounted to \$51,819 and \$43,773 for the years ended December 31, 2021 and 2020, respectively.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

10. Nonexempt Transactions

For the Plan year ended December 31, 2021 and 2020, certain participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company. The Plan Sponsor will make the appropriate filings to report and pay excise taxes with respect to the late remittances in 2021 for the year ended December 31, 2021. In addition, participant accounts will be credited with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis. Such amounts are not considered to be material to the Plan's financial statements.

In 2021, the Plan Sponsor filed the Form 5330 and paid the required excise tax and corrections to the Plan to reflect the foregone earnings that would have been credited to impacted participants' accounts if the late remittances had been made on a timely basis for the year ended December 31, 2020.

12. Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefit per the financial statements to the Form 5500 at December 31:

	2021	2020
Net Assets Available for Benefits per the Financial Statements	\$ 12,853,983	\$ 10,958,469

Total Benefits Paid per the Form 5500	\$ 912,519	\$ 309,534

The following is a reconciliation of the total contributions per the financial statements to the Form 5500 at December 31:

	2021	2020
Total Contributions per the Financial Statements	\$ 1,043,381	\$ 738,032
QDRO Allocated to Participant Account	(40,381)	-
Adjustment to Incorrectly Allocated Forfeiture Account	(1,577)	-
Total Contributions per the Form 5500	\$ 1,001,423	\$ 738,032

12. COVID-19 Pandemic

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect, the Plan's assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could continue to result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted. The long-term impact of the effects of the COVID-19 pandemic to the Plan and Plan sponsor as well as any relief from regulatory authorities are currently not known. The extent of the adverse impact of the COVID-19 pandemic on the Plan's participant account balances and the net assets available for benefits cannot be reasonably estimated at this time.

13. Subsequent Events

The Plan has evaluated subsequent events through the date of the independent auditors' report, which is the date the financial statements were available to be issued.
