INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the
KIXEYE 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of KIXEYE 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we: (a) exercise professional judgment and maintain professional skepticism throughout the audit, (b) identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements, (c) obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed, (d) evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, and (e) conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters - Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

KIXEYE 401(k) PLAN
Notes to Financial Statements
December 31, 2021

Note 1 - Description of Plan:

The following description of the KIXEYE 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by KIXEYE, Inc. (the "Company" or "Plan Sponsor") on May 15, 2012 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan provides benefits for all eligible employees of the Company.

The Company is the Plan administrator and retains the services of a third party to assist in the administration of the Plan. The Plan's trustee was Fidelity Management Trust Company ("Fidelity") for 2021 and 2020.

Transfer of assets into the Plan - In December 2021, the Company acquired Storm8, Inc., the plan sponsor of the Storm8, Inc. 401(k) Plan. In December 2021, the Storm8, Inc. 401(k) Plan was terminated, and its assets merged into the Plan. Total assets transferred in from the Storm8, Inc. 401(k) Plan were approximately \$12,300,000 and were presented as an asset transfer on the statement of changes in net assets available for benefits for the year ended December 31, 2021.

The Company acquired SuperFree Games, Inc. in December 2021. Prior to December 2021, SuperFree Games, Inc. participated in a multiple employer plan. In February 2022, the assets held in the multiple employer plan were transferred into the Plan.

The Company also acquired Candywriter, LLC in December 2021, which became a participating employer in the Plan. Candywriter, LLC has not participated in a plan prior to joining the Plan. Therefore, there were no assets transferred into the Plan.

Eligibility - All employees of the Company are eligible to participate in the Plan immediately following the date on which an employee first performs an hour of service.

Participant contributions - Participants may elect to contribute up to 100% of their compensation subject to the maximum allowed under section 401(k) of the Internal Revenue Code. Participants may designate some or all of their deferral contributions as a Roth deferral contribution. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers).

KIXEYE 401(k) PLAN
Notes to Financial Statements
December 31, 2021

Note 1 - Description of Plan (continued):

Employer contributions - The Plan provides for discretionary employer matching contributions to be determined by the employer each payroll period. The Company has the right to discontinue and reinstate the discretionary employer matching contributions. Additionally, the Company may make discretionary non-elective contributions to the Plan. Such discretionary Company contributions are allocated to each participant who is eligible for the Plan, in an amount equal to a percentage of the eligible contributions made during the Plan year. The Company has not made discretionary matching contributions or non-elective contributions to the Plan since inception.

Participant accounts - Each participant's account is credited with the participant's contribution and the employer contributions, if any, and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options - Investments of the Plan are held by Fidelity Management Trust Company and invested based solely upon instructions received from participants.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants become vested in the Company's contribution over a six-year graded vesting schedule.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The notes are secured by the balance in the participant's account and bear interest at market financing rates. Note terms range from one to five years and may not exceed five years except for notes used for the purchase of a primary residence, which may be repaid over a longer period of up to ten years. Principal and interest are paid ratably through payroll deduction each pay period.

Payment of benefits - The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship (as defined in the Plan), or termination of employment. In service distributions of a participant's vested account balance are permitted providing the participant has attained age 59 ½. Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. The Plan allows for automatic lump sum distributions of participant vested account balances that do not exceed \$5,000.

Notes to Financial Statements
December 31, 2021

Note 1 - Description of Plan (continued):

Forfeited accounts - Forfeitures are used first to pay administrative expenses of the Plan, and thereafter are used to reduce any employer contributions. There were no forfeitures at December 31, 2021 and 2020.

Administrative expenses - Substantially all administrative expenses of the Plan are paid by the Company. Separate fees for note processing and certain investments as specified in the service agreement, are charged to individual participant's accounts.

Note 2 - Significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition - The Plan's investments are stated at fair value. The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The money market fund is valued at cost plus accrued interest, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation in fair value of investments - The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investments companies and other investments are recorded in the accompanying financial statements as net appreciation in fair value of investments.

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements were available to be issued which is the date of the independent auditors' report.

KIXEYE 401(k) PLAN
Notes to Financial Statements
December 31, 2021

Note 3 - Fair value:

The Plan performs fair value measurement in accordance with ASC 820 which defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2021 and 2020 and have all been determined to be Level 1 by the Plan administrator:

	<u>2021</u>	<u>2020</u>
Mutual fund accounts	\$ 19,208,523	\$ 6,432,163
Money market fund	<u>192,666</u>	<u>195,846</u>
Total investments measured at fair value	<u>\$ 19,401,189</u>	<u>\$ 6,628,009</u>

Note 4 - Investments:

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's trustee as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2021 and 2020.
- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year presented.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021.

Note 5 - Party-in-interest transactions:

Fidelity Management Trust Company, the Plan's trustee, serves as Plan fiduciary, investment manager, and custodian to the Plan. At December 31, 2021 and 2020, the Plan held for investment approximately \$3,202,000 and \$1,957,000, respectively, in Fidelity Management Trust Company's mutual funds and money market fund.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer matching and non-elective contribution account balances.

KIXEYE 401(k) PLAN
Notes to Financial Statements
December 31, 2021

Note 7 - Income tax status:

The prototype plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Subsequent to receiving this opinion letter, the prototype plan was amended. The Plan administrator believes that the amended prototype plan, as adopted by the Company, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

Impact of COVID-19 - In March 2020, the World Health Organization declared the outbreak of novel coronavirus disease ("COVID-19") as a pandemic. The COVID-19 outbreak in the United States did cause business disruption to the Plan Sponsor and throughout its customer base and supply chain through mandated and voluntary closings of many businesses. While the disruption was temporary, there are considerable uncertainties surrounding the duration and extent of the long-term effects of these business disruptions. Therefore, while the Plan Sponsor expects this matter to have a financial impact on its operating results, the financial impact to the Plan would be a possible significant depreciation of investments, due to market volatility, however given the fluid nature of the outcome of the pandemic, the ultimate impact and duration cannot be reasonably estimated at this time.

KIXEYE 401(k) Plan
Board of Trustees
Kixeye, Inc.

To Members of the Board of Trustees and Management:

We have conducted an Employee Retirement Income Security Act of 1974 (“ERISA”) Section 103(a)(3)(C) audit of the financial statements of KIXEYE 401(k) Plan (the “Plan”) as of and for the year ended December 31, 2021, and have issued our report thereon dated October 13, 2022. Professional standards require that we advise you of the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our statement of work dated May 23, 2022, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the investment information certified by Fidelity Management Trust Company, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America (“GAAP”).

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan’s internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of KIXEYE 401(k) Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding suggestions for improvements and other matters noted during our audit below.

As a part of our engagement, we performed certain procedures, as required by professional standards in the United States, directed at considering the Plan’s compliance with applicable Internal Revenue Code (“IRC”) requirements for tax-exempt status, including reading the Plan’s latest tax opinion or determination letter from the Internal Revenue Service (“IRS”). Our engagement was not designed to nor was it intended to verify the overall compliance with applicable provisions of the IRS or ERISA, including but not limited to the Plan sponsor’s deduction limits, and, accordingly, we assume no responsibility for failure to detect instances of noncompliance with applicable provisions of the IRC or ERISA. No instances of tax or ERISA noncompliance came to our attention during the course of the audit.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you in our letter dated June 2, 2022. Our audit approach places a strong emphasis on obtaining an understanding of how the Plan functions. This enables us to identify key audit components and to tailor our procedures to the unique aspects of the Plan. The development of a specific audit plan began by meeting with management to obtain an understanding of Plan objectives, strategies, risks, and performance.

Internal Control

In planning and performing our audit of the financial statements of the Plan we considered internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We are required to communicate certain deficiencies or a material weakness in internal controls over the plan's financial reporting, which may have been identified during the course of the audit. A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, detected, and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described and was not designed to identify all deficiencies in internal control that might be material weaknesses. We have discussed with Plan management and those charged with governance that there were no significant risks identified as part of the audit.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, and our firm, have complied with all relevant ethical requirements regarding independence. Our independence policies and procedures are designed to provide reasonable assurance that our firm and its personnel comply with applicable professional independence standards. Our policies address financial interests, business and family relationships, and non-audit services that may be thought to bear on independence. For example, without our permission no partner or professional employee of Sensiba San Filippo LLP is permitted to own any direct financial interest or a material indirect financial interest in a client or any affiliates of a client. Also, if an immediate family member or close relative of a partner or professional employee is employed by a client in a key position, the incident must be reported and resolved in accordance with Firm policy. In addition, our policies restrict certain non-audit services that may be provided by Sensiba San Filippo LLP and requires audit clients to accept certain responsibilities in connection with the provision of permitted non-attest services.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by KIXEYE 401(k) Plan is included in the notes of the financial statements. There has been no changes in significant accounting policies or their application during December 31, 2021. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The Plan performs fair value measurements in accordance with Financial Accounting Standards Board Accounting Standards Codification 820 ("ASC 820"), *Fair Value Measurements and Disclosures*. This standard requires management to establish an accounting and financial reporting process for determining fair value measurements which includes estimates of the fair value of investments. Management relied on information provided by Fidelity Management Trust Company to provide support for certain investments.

We reviewed and evaluated management's approaches to estimating the value of certain investments and determined that their approaches and the resulting estimates are appropriate. The most sensitive disclosures affecting the financial statements relate to the fair value estimates.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting KIXEYE 401(k) Plan's financial statements relate to fair value estimates.

Significant Risks Identified

Under auditing standards, a significant risk is defined as an identified and assessed risk of material misstatement that, in the auditors' professional judgment, requires special audit consideration. As part of the risk assessment process, we are required to determine whether any risks identified are significant risks. In exercising this judgment, we exclude the effects of identified controls related to the risk, and consider the following area: risk of fraud; whether the risk is related to recent significant economic, accounting, or other developments and, therefore, requires specific attention; the complexity of transactions; whether the risk involves significant transactions with related parties; the degree of subjectivity in the measurement of financial information related to the risk, especially those measurements involving a wide range of measurement uncertainty; and whether the risk involves significant unusual transactions.

We have discussed with Plan management and those charged with governance that there were no significant risks identified as part of the audit.

Significant Unusual Transactions

For purposes of this communication, professional standards require us to communicate to you significant unusual transactions identified during our audit. We are not aware of any significant unusual transactions recorded by the Plan or of any significant accounting policies used by the Plan related to controversial or emerging areas for which there is a lack of authoritative guidance.

Identified or Suspected Fraud and Significant Difficulties During the Audit

We have not found any fraud involving senior management or other fraud that causes a material misstatement of the financial statements, no illegal acts came to our attention (unless clearly inconsequential), and there were no disagreements with management or other serious difficulties encountered in performing the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. There were no audit differences.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. There were no significant adjustments.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to KIXEYE 401(k) Plan's financial statements or the auditors' report. No such disagreements arose during the course of the audit.

Circumstances that Affect the Form and Content of the Auditors' Report

For purposes of this letter, professional standards require that we communicate any circumstances that affect the form and content of our auditors' report. No such circumstances affected the form and content of our auditors' report.

Representations Requested from Management

As discussed above, the financial statements are the responsibility and property of management. We have requested certain written representations from management, which are included in the management representation letter dated October 13, 2022.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with KIXEYE 401(k) Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as KIXEYE 401(k) Plan's auditors.

Noncompliance with Laws and Regulations

For purposes of this letter, professional standards require that we communicate any noncompliance with laws and regulations that came to our attention during the course of the audit. No such noncompliance with laws and regulations came to our attention.

Other Information Included in Annual Reports

Pursuant to professional standards, our responsibility as auditors for other information, whether financial or nonfinancial, included in Kixeye, Inc.'s annual reports and we are not required to perform any procedures to corroborate such other information. We have discussed with management that the audit report and financial statements will not be issued with an annual report.

Other Matters

Our audit opinion only relates to the financial statements and accompanying notes and required supplemental schedule. The audited financial statements are required to be filed with the Form 5500. Professional standards require that we review the other information in the Form 5500 for consistency with the audited financial statements.

We have reviewed the Plan's Form 5500, which will be filed with the DOL, and considered whether such information, and the manner of its presentation in the Form 5500, is materially consistent with the information, and the manner of its presentation, appearing in the financial statements and supplemental schedule.

The ERISA required supplemental schedule, other than that agreed to or derived from the certified investment information, were subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards in the United States.

This report is intended solely for the information and use of the Board of Trustees, and management of KIXEYE 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

Suggestions for Improvements

Prior Year Recommendations We Continue to Recommend

Contribution Payments

Observation - During our audit, we noted several instances where the Plan sponsor did not remit participant deferral contributions to the Plan on a timely basis.

DOL regulations require the Plan sponsor to remit the employee deferrals to the Plan as soon as they can reasonably be segregated from the employer's general assets. Under normal conditions, the DOL expects most plan sponsors to remit participant contributions to the plan on a payroll date frequency. Late remittance of the employee deferrals can cause additional costs to the plan sponsor, in the way of lost earnings to plan participants, and violates ERISA. The DOL has expressed that plans should be consistent in their remittances and have proper processes or controls in place in the event of vacations, termination of personnel, etc. This is an area that the DOL has expressed concern over and during industry seminars and conferences has noted as an area of focus, when a plan is under audit.

Recommendation - We recommend that the Plan sponsor review their processes and look for ways to make sure the appropriate funds are remitted on a consistent basis for each pay period throughout the year.

This would include a process to allow no deviation in the timing when responsible parties are on vacation or on leave. Any process owner should have a noted backup in the event of planned or unplanned absences.

During conferences the firm has attended the DOL has made it clear they would assert if a plan can remit in 1 day on a regular basis, any deviations would be considered late.
