Independent Auditor's Report

**To the Plan Administrator
Legacy Human Resources
401(k) Profit Sharing Plan
Lakewood, Colorado**

Opinion

We have audited the financial statements of Legacy Human Resources 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021, and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes, at end of year, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Predecessor Auditor

The financial statements of the Plan, as of and for the year ended December 31, 2020, were audited by other auditors dated October 11, 2021. The financial statements were issued with an unmodified opinion.

LEGACY HUMAN RESOURCES 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 1 - PLAN DESCRIPTION

The following is a brief description of the Legacy Human Resources 401(k) Profit Sharing Plan (the "Plan"). Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan sponsored by Legacy Human Resources (the "Company"). The Plan is a multiple employer plan and exists for the exclusive benefit of its eligible employees and those employees of the Company's clients who have elected to adopt the provisions of the Plan. The Plan was formed effective January 1, 2006. Participants should refer to the Plan document for a complete description. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute to the Plan a percentage of their pre-tax or after-tax annual compensation, subject to current statutory limits determined annually and prescribed by the Internal Revenue Service. Deferral percentage limits and after-tax options differ for each participating employer, and participants should refer to their employer's adoption agreement for the applicable deferral limit. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participating employers can elect to make safe harbor contributions to the Plan on the employee's behalf, in which the employee is 100% vested in said contributions. Discretionary employer-provided matching contributions may be made to the Plan on the employee's behalf. The match, if any, will be a discretionary percentage of the elective contributions made to the Plan by the employee. The employer will determine the amount of the discretionary matching contribution, or profit-sharing contribution, if any, that will be made to the Plan. Contributions are subject to certain limitations. Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal from the Plan. Total participant contributions in any calendar year are limited to the applicable limit under the Internal Revenue Code Section 402(g). The Plan also provides that certain limitations may be imposed on participants' contributions in order to comply with statutory requirements.

Forfeitures shall be used as elected by the employer to either (a) reduce future employer contributions, (b) reduce current period contributions by the employer or (c) pay any administrative expenses of the Plan. Forfeitures applied toward employer matching contributions for the year ended December 31, 2021, amounted to approximately \$2,400. At December 31, 2021 and 2020, forfeited nonvested accounts amounted to approximately \$44,000 and \$14,000, respectively.

Participants Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the participating employers' contributions and (b) Plan earnings. Allocations are based on participant's qualified compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

LEGACY HUMAN RESOURCES 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Participants Accounts (Continued)

Upon enrollment in the Plan, a participant may direct contributions to a selection of a money market fund, stock funds and bond funds under an arrangement with the custodian of the Plan investments. Participants may change the allocation of their account in the different funds at any time.

Benefit Payments

On termination of service due to death, disability or retirement, a participant may elect to (a) receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, (b) elect to have the benefits paid in the form of a direct rollover to an individual retirement account or (c) elect to have the benefit paid to another qualified retirement plan described in Section 401(a) of the Internal Revenue Service. Withdrawals other than for termination are permitted under certain circumstances provided by the Plan. Benefit payments are recorded when paid.

Vesting

Participants are immediately vested in their voluntary and employer safe harbor contributions and actual earnings thereon. Vesting of employer's matching contributions and discretionary contributions plus earnings thereon is based on various years of service. Under the first option, employer contributions are 20% vested after two years of service, and 20% for each additional year of service. Under the second option, employer contributions are not vested until after three years of service at which time the contributions are 100% vested. The third option is full and immediate vesting, or any accelerated vesting that vests sooner than the first option. Automatic 100% vesting occurs upon attainment of normal retirement age (65), upon retirement due to disability, upon death and upon termination of the Plan.

To have a year of service for vesting purposes, employees must complete at least 1,000 hours of service during the Plan calendar year. Participants should refer to the Plan document for a complete description.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. All loans are to be repaid over a period not to exceed five years, although an extension of the repayment period may be granted if the loan proceeds are used to purchase a participant's principal residence. The loans are secured by the balance in the participant's account and bear interest at the local prevailing rates charged by commercial lending institutions in the region in which the employer is located for comparable loans as determined by the Plan administrator at the time the loan is approved. Principal and interest are paid ratably through payroll deductions. Should the participant terminate as an employee, the balance of the outstanding loan becomes due and payable and the participant's vested account will be used to pay the outstanding loan.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Quoted market prices are used to value Plan investments. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Fair Value Measurements

Accounting Standards Codification (ASC) 820 defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (or exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company's assumptions about the inputs that market participants would use in pricing the asset or liability and are developed based on the best information available in the circumstances.

Fair Value Measurements (Continued)

The fair value hierarchy input levels are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in inactive markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Management Evaluation of Subsequent Events

The Plan has evaluated subsequent events through October 14, 2022, the date on which the financial statements were available to be issued

NOTE 3 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are shares of registered investment companies managed by Slavic Integrated Administration ("third party administrator" or "Slavic") and held by Mid Atlantic Trust Company ("custodian" or "MATC"). MATC, under terms of an investment contract, serves as the custodian and holds all the Plan's investment assets and executes transactions therein. MATC is the custodian as defined by the Plan and, therefore, the related transactions qualify as party-in-interest.

Slavic provides to the Plan certain accounting and administrative services for which the fees are charged to the Plan. Slavic also provides broker related services to the Plan for which commissions are charged to the Plan. The Plan was charged fees related to maintaining custody of the Plan's assets and various Plan management services which amounted to approximately \$210,000 for the year ended December 31, 2021.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

NOTE 4 - TAX STATUS

The Plan has received a favorable determination letter from the Internal Revenue Service dated June 30, 2020. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Authoritative accounting standards require the Plan to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next 12 months or that would not sustain an examination by applicable taxing authorities.

The Plan's policy is to recognize penalties and interest as incurred in its statement of changes in net assets available for benefits, which totaled \$0 for the year ended December 31, 2021.

NOTE 5 - ADMINISTRATIVE EXPENSES

Administrative expenses recorded in the Plan represent professional fees as well as other recordkeeping fees paid directly from the Plan which amounted to approximately \$264,000 at December 31, 2021. Management fees, asset fees and account administrative fees are paid by the participants.

NOTE 6 - FAIR VALUE MEASUREMENTS

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in valuation methodologies at December 31, 2021, compared to December 31, 2020. The Company's policy is to recognize transfers between levels at the end of each reporting period, if applicable. There were no transfers between Level 1, 2 or 3 assets or liabilities during the year ended December 31, 2021.

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market funds: Valued at the net asset value of shares held by the Plan at year-end.

Registered investment companies: Valued at the daily closing price as reported by the underlying fund, which is traded on a national exchange.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
