INDEPENDENT AUDITOR'S REPORT

The Trustees of the Washington Education
Association Staff 401(k) Plan
Federal Way, Washington

Opinion

We have audited the financial statements of Washington Education Association Staff 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Washington Education Association Staff 401(k) Plan as of December 31, 2021 and 2020, and the changes in net assets available for benefits for the year ended December 31, 2021 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Washington Education Association Staff 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Washington Education Association Staff 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Washington Education Association Staff 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Washington Education Association Staff 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Washington Education Association Staff 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1. **Description of Plan:**

The following description of the Washington Education Association (“Company”) Staff 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General-

The Plan is a defined contribution plan covering all full-time employees of the Company who are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974.

Contributions-

Each year, participants may make contributions up to the IRS limits, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (and rollovers) from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make contributions equal to a discretionary percentage, determined by the Board of Directors, of the participants' salary reductions. During the years ended December 31, 2021 and December 31, 2020 contributions were 8% of pretax compensation, and 9% of pretax compensation for certain managerial and exempt staff. Additional amounts may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain limitations. Participants may also make after-tax Roth contributions to the Plan.

Participants Accounts-

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or accumulation values. The benefit that a participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting-

Effective April 1, 1999 participants are fully vested upon entering the Plan.

Investment Options-

Upon enrollment in the Plan, a participant may choose among various investment alternatives under a group annuity contract with Minnesota Life Insurance Company. Investments in pooled separate accounts and Minnesota Life's general account are the available options. The underlying investments for the pooled separate accounts are comprised of mutual, bond, and money market

Note 1. Description of Plan – continued:

funds. Investment return is based on actual performance. The general account includes the assets of the insurance company. A rate of interest determined by the insurance company applies to investments in the general account. Participants may change their investment options when desired.

Payment of Benefits-

Upon termination of service, a participant may elect to receive the vested value of his or her account in a lump sum cash amount, transfer the amount to an individual retirement account, or may leave the account in the Plan if the value of the account exceeds \$5,000. Termination of service includes retirement, termination of employment, total and permanent disability, and death. Hardship distributions are allowed from any accounts that are 100% vested.

Participant loans-

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are classified as transfers to (from) the investment fund from (to) the participant loan fund. All loans must be repaid in equal installments (not less frequently than quarterly) within a reasonable time not to exceed five years (longer if the loan is used to acquire a personal residence). Loans are secured by the balance in the participant's account and bear interest at rates offered by lending institutions. As of December 31, 2021 the balance of outstanding participant loans is \$450,364 (\$555,406 - 2020).

Note 2. Summary of Significant Accounting Policies:

Use of Estimates and Basis of Accounting-

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value (see note 4).

As discussed in Note 3, the Plan's investment contract is not a fully benefit-responsive contract and therefore fair value is the appropriate measurement for Plan investments. However, contract value is the most reasonable estimate of fair value. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts, which are estimated at contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Washington Education Association Staff 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 2. **Summary of Significant Accounting Policies - *continued*:**

Investment Valuation-

The Plan's investments are stated at contract value which approximates fair value (see note 4). Quoted market prices are used to value investments in pooled separate accounts when available.

Payment of Benefits-

Benefits are recorded when paid. Benefit obligations as of the end of the year are not recognized as liabilities. At December 31, 2021 and 2020 there were no unpaid requested balances due participants.

Expenses-

The sponsoring Company pays substantially all of the administrative expenses. Contract management and operating fees are factored into the calculation of unit values.

Note 3. **Investment Contract with Insurance Company:**

This qualified retirement plan is funded with a Group Annuity Contract with Minnesota Life Insurance Company (Minnesota Life). Contributions are made to the contract on behalf of plan participants and may include salary deferrals, employer contributions, employee contributions, or any combination thereof. The accumulated contributions are then invested in the investment options selected by the trustees or participants, as applicable.

The contract offers a General Account plus various Pooled Separate Accounts (PSAs), from a variety of investment managers. This variety allows participants and/or the trustees to select the options(s) that best reflect their investment style – from conservative to aggressive. Flexible provisions allow participants/trustee to transfer invested assets between accounts and redirect the investment of current and future contributions as specified by the governing plan document and contract provisions.

All financial information related to the contract is reported to the plan participants at contract value. It must be reported at fair value under FASB SOP 94-4-1, since the contract is not considered fully benefit-responsive, the trustees believe contract value is an appropriate determination of fair value (see note 4).

The contract is benefit-responsive, in that the full contract value is accessible, but not all at once in the case of certain transfers. However, per the SOP, benefit-responsive does not equate to fully benefit-responsive. General Account transfer provisions in the contract prevent the contract from meeting the definition of fully benefit-responsive, since the participant is not allowed immediate full access to the General Account balance at contract value in all situations. Note that Separate Accounts, if analyzed on their own, would meet the definition of fully benefit-responsive.

Washington Education Association Staff 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 3. Investment Contract with Insurance Company - continued:

Participant-initiated transfers between funds always occur at contract value, but the full amount may not be accessible from the General Account at one time. Up to 20% of the contract value or \$2,000, whichever is greater, may be withdrawn at one time. The remaining amount is inaccessible for 12 months. In any case, the allowable portion is always withdrawn at contract value. This limitation alone prevents the contract from being considered fully benefit-responsive.

	<u>2021</u>	<u>2020</u>
Plan assets at December 31 are as follows:		
Pooled separate accounts	\$68,089,618	\$59,358,363
General account	<u>3,467,745</u>	<u>3,512,275</u>
Investment totals	71,557,363	62,870,638
Notes receivable		
from participants	<u>450,364</u>	<u>555,406</u>
Contract totals	<u>\$72,007,727</u>	<u>\$63,426,044</u>

Note 4. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted market prices for similar assets or liabilities in active markets; quoted market prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Washington Education Association Staff 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 4. Fair Value Measurements - continued:

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts –

Managed securities portfolio - Valued based on the closing price of similar securities reported on the active market on which the individual securities are traded.

Mutual funds - Valued at the closing price reported on the active market on which the individual securities are traded.

General fund - Valued at fair value by the insurance company by discounting the related cash flows (Income Approach) based on the average return from prior years and current market conditions.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits:

Notes to Financial Statements

December 31, 2021 and 2020

Note 4. **Fair Value Measurements - continued:**

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

<u>Instrument</u>	<u>Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Significant Input Values</u>	<u>Fair Value</u>
General	Discounted	New Funds Rate	1.00%	\$3,467,745
Account	Cash flow	Renewal Funds Rate	2.45%	
		Min Crediting Rate	1.00%	
		Average Yield	2.41%	

Note 5. **Tax Status:**

In 2004 the Plan obtained an individually issued determination letter, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was subsequently amended to utilize an IRS approved prototype plan document, which allows the Plan Sponsor to rely on the favorable ruling from the IRS that covers the prototype plan document. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 6. **Plan Termination:**

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts.

Note 7. **Risks and Uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements

December 31, 2021 and 2020

Note 8. Transactions with Parties-In-Interest:

Certain Plan investments are shares of mutual funds managed by Minnesota Life Insurance Company. Minnesota Life Insurance company is the Plan custodian and investment manager and therefore these transactions qualify as party-in-interest transactions. Fees incurred by the plan for investment management services are reported net of investment earnings.

Securian Financial Group operates as the Plan's third party administrator. Total administrative fees paid to Securian Financial Group 2021 were \$2,300 (2020 - \$1,740). The Plan Sponsor pays directly any other fees related to the Plan's operations.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 9. Reconciliation of Financial Statements to Form 5500:

The Plan's Statement of Net Assets Available for Benefits as of December 31, 2021 and Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021 have been reconciled the Plan's 2021 Form 5500, no differences were noted.

Note 10. Subsequent Events:

The Plan administrator has evaluated subsequent events through October 13, 2022, the date on which the financial statements were available to be issued.
