Dr. Leonard's Healthcare Corp. Profit Sharing 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statements

We have performed an audit of the financial statements of Dr. Leonard's Healthcare Corp. Profit Sharing 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2021 supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2021 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedule, we evaluated whether the 2021 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2021 supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2020 financial statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Profit Sharing 401(k) Plan**

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE A - DESCRIPTION OF PLAN

The following description of Dr. Leonard's Healthcare Corp. (the "Company") Profit Sharing 401(k) Plan (the "Plan") provides only general information. A more complete description of the Plan and its provisions can be found in the Plan document.

General

The Plan is a defined contribution plan covering all eligible employees of the Company who have completed at least six months of service and who are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Participants may elect to contribute up to 100% of their annual gross compensation, subject to limitations as provided in the Internal Revenue Code (the "IRC"). Effective July 1, 2020, all eligible employees will be automatically enrolled into the Plan subject to an initial pre-tax deferral contribution of 4%. The automatic Elective Deferral Contribution shall be automatically increased as soon as administratively feasible on or after each January 1 by 1% up to a maximum automatic elective deferral contribution of 10%. The Participant may affirmatively elect a different percentage or elect not to make elective deferral contributions and may elect to designate all or any portion of his elective deferral contributions as Roth elective deferral contributions, if Roth Elective Deferral Contributions are allowed.

The Company may contribute, at its discretion, a matching contribution. Additional profit-sharing amounts may be contributed at the discretion of the Company. Such Company matching and profit-sharing contributions are invested proportionately in the same investments as the employee contributions. The Company paid matching contributions of 50% of the first 4% of participant deferrals in 2021. No profit sharing contributions were made to the Plan in 2021.

Participant Accounts

Each participant's account is credited with contributions and Plan earnings or losses net of expenses. Discretionary matching contributions made by the Company are allocated ratably to the Participant's investments. The discretionary profit-sharing contributions are based on the ratio of each participant's compensation to the total compensation of all participants for any given year. Participants direct the investment of their accounts into the various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and earnings thereon. Vesting in the Company's discretionary matching as well as profit sharing contribution portion of participant accounts plus earnings thereon is based on years of continuous service. Employer matching contributions are 100% vested when made, and discretionary employer contributions vest 40% after two years and then ratably over the next three years of credited service and is 100% vested thereafter. Discretionary contributions are not required by the plan.

Notes Receivable from Participants

Participants may borrow from their account. The minimum loan amount is \$1,000. Participants with an outstanding loan may not apply for another loan until the existing loan is paid in full. The total amount of a participant's borrowing cannot exceed the lesser of \$50,000 or one-half of the total vested portion of the

Profit Sharing 401(k) Plan**

participant's account at the time of the loan. Participants may take a longer loan on a primary residence. All other loans are for a period not exceeding five years. Loans bear interest at the fixed rate of prime on the date of the loan request plus 1%. Interest rates ranged from 4.25% to 6.50% on participant loans outstanding at December 31, 2021 and 2020.

Benefits Paid to Participants

Upon termination of service due to death, disability or normal retirement, a participant is considered fully vested and receives a lump-sum amount equal to the total value of his or her account as of the most recent valuation date. For termination of service for other reasons, a participant receives the value of the vested interest in his or her account as a lump-sum distribution as of the most recent valuation date. Participants whose value of the vested interest in the account is \$5,000 or less are required to receive a distribution of the vested interest as soon as reasonably practicable following termination.

CARES Act

The Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") was signed into law on March 27, 2020. Effective April 30, 2020, the Plan adopted certain CARES Act provisions. As a result, qualifying participants may take a loan up to \$100,000 reduced by the highest outstanding loan balance during the previous 12 months, or 50% of the participant's vested account balance, whichever is less, through September 23, 2020 (or, if extensions are issued through subsequent regulatory guidance, the applicable future date). Also, effective April 30, 2020, the Plan adopted the CARES Act provision permitting qualifying participants to take a coronavirus-related distribution ("CRD") of up to \$100,000 or 100% of their vested balance, whichever is less, until December 31, 2020. Eligible participants who receive a CRD will not be subject to the standard early withdrawal penalty that generally applies to participants under the age of 59½. Participants may repay all or a portion of the amount distributed as a CRD. Such CRD repayments will be treated as a direct rollover and the Plan will accept such repayments for up to three years after the date the CRD was received by the participant. The impact of the CARES Act provisions were not significant as no employee took a CRD and no employee took out a higher limit loan in 2020. Additionally, the CARES Act had no impact on the 2021 financial statements.

Forfeited Accounts

Amounts that are forfeited during a Plan year are used to reduce future Company contributions to the Plan or to pay Plan expenses, as directed by the Plan administrator. At December 31, 2021 and 2020, unallocated forfeited balances totaled \$0. The Plan used \$61 of forfeitures during 2021.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRC are recorded as a liability with a corresponding reduction to contributions.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The

Profit Sharing 401(k) Plan**

Investment Committee, which is made up of certain members of the Company's management, determines the Plan's valuation policies utilizing information provided by the investment adviser, trustee and custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Certain administrative expenses relating to the maintenance of the Plan, including legal and accounting fees, have been paid by the Company and are excluded from these financial statements. Fees related to the processing of notes receivable from participants are \$125 regardless of the amount loaned. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 - Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities; and
- Level 3 - Inputs to the valuation methodology that are unobservable and supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

**Dr. Leonard's Healthcare Corp.
Profit Sharing 401(k) Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The asset's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual fund: Valued at the closing price reported on the active market on which the security is traded.

Pooled separate accounts: Fair value is measured using the net asset value ("NAV"), as a practical expedient to fair value per unit based on the fair value of the respective funds underlying investments.

Collective Trust Fund: Included in the investments of the Plan as of December 31, 2021 is the Principal Stable Value Fund ("Fund"). The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value for the fund. NAV per unit is based on the fair value of the underlying assets plus the contract value of the fully benefit responsive wrapper contract. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the Fund. The underlying investments of the Fund are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by high quality bonds, bond trusts, and bond mutual funds.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

NOTE D - INVESTMENT CONTRACT WITH INSURANCE COMPANY

Through the period ended June 30, 2020, the Plan invested in a separate account guaranteed investment contract ("SAGIC") with Mass Mutual. The fair value of the guaranteed investment contract is based on the NAV of the underlying separate account in which the SAGIC is invested.

The SAGIC utilized the underlying separate account as an investment vehicle. The separate account supporting the SAGIC is the Premier Diversified Bond Fund. The Plan held units participating in the underlying separate account which are valued at NAV. The underlying separate account invested primarily in bonds seeking to achieve high total returns consistent with prudent investment risk and the preservation of capital by investing in a diversified portfolio of investment grade fixed income securities. There were no redemption restrictions or unfunded commitments associated with any of the underlying funds. The balance of the funds could be redeemed immediately.

**Dr. Leonard's Healthcare Corp.
Profit Sharing 401(k) Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The SAGIC is part of Mass Mutual's general account as described in the group annuity contract held by the Plan and the term "Fixed Interest Fund" is the designation used in the group annuity contract to identify the fund account. The account provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. The market value is based on the value of the underlying separate account(s) in which the SAGIC is invested and the amount of daily units of participation the Plan holds in the underlying separate account(s). The separate account(s) invest in actively traded mutual funds and transact at their daily contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a special interest rate that is guaranteed in the Plan.

Mass Mutual maintains the contributions in a general account. Participants may ordinarily direct the withdrawal or transfer of all of or a portion of their investment at contract value, however, there is a possible market value adjustment for transfers to other investment options from the guaranteed accounts. Mass Mutual considers the SAGIC to be fully benefit-responsive notwithstanding the liquidation value events under the contract that limit the ability of the Plan to transact at contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Certain events limit the ability of the Plan to transact at contract value with the issuer. These events include, but are not limited to, the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) bankruptcy of the Plan Administrator or other Plan Administrator events which cause a significant withdrawal from the Plan; (3) changes to the Plan's prohibition on competing investment options; or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan believes that the occurrence of any event limiting the Plan's ability to transact at contract value with members is not probable.

NOTE E - CERTIFIED INFORMATION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and as instructed by the Plan administrator, no audit procedures have been performed on certain information certified by Principal Life Insurance Company as of the year ended December 31, 2021, and Mass Mutual Life Insurance Company (an insurance entity), Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, and Reliance Trust Company (a trustee of the Plan) as of and for the year ended December 31, 2020, except to compare such information to the information included in the accompanying financial statements and supplemental schedule. Information certified by the custodian and trustee includes investments at fair value, investments at contract value, and notes receivable from participants included in the statements of net assets available for benefits, net appreciation in fair value of investments, interest income on notes receivable from participants and interest and dividends included in net investment income on the statement of changes in net assets available for benefits and all information regarding investments included in schedule H, line 4i - schedule of assets (held at end of year). Mass Mutual Trust Company and Reliance Trust Company served as the Trustees of the Plan for the time period January 1, 2020 to June 30, 2020. As of July 1, 2020, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Trustee"), serves as the Trustee of the Plan.

NOTE F - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all employer contributions.

Profit Sharing 401(k) Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

NOTE G - TAX STATUS

Through June 30, 2020, the Plan was using a Mass Mutual prototype plan. On March 31, 2014, the Internal Revenue Service ("IRS") stated that the prototype plan adopted by the Plan, as then designed, qualified under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended and restated since the date of the opinion letter; however, the Plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Effective July 1, 2020, the Plan adopted the Volume Submitter Profit Sharing Plan of Principal in connection with the change in trustee. On August 8, 2020, the IRS stated that the prototype plan adopted by the Plan, as then designed, qualified under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself. The Plan has not been amended or restated since the date of the opinion letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, credit and liquidity risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The novel coronavirus ("COVID-19"), which was declared a global health emergency in January 2020 and a pandemic in March 2020, has caused significant changes in political and economic conditions around the world, including disruptions and volatility in the global capital markets. The full impact of COVID-19 continues to evolve and its future impact on the Plan and the Plan's assets cannot be reasonably estimated as of the date of this report.

NOTE I - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares or units of pooled separate accounts and collective trusts, including a stable value collective trust fund managed by Principal Financial Group. Principal Financial Group is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	\$ 13,976,604	\$ 13,579,486
Add: excess contributions payable	<u>28,244</u>	<u>11,874</u>
Net assets available for benefits as reported in Form 5500	<u>\$ 14,004,848</u>	<u>\$ 13,591,360</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2021:

Net change in net assets available for benefits per the financial statements	\$ 397,118
Add: current year excess contributions payable	28,244
Less: prior year excess contributions payable	<u>(11,874)</u>
Net change in net assets available for benefits as reported in Form 5500	<u>\$ 413,488</u>

NOTE K - SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 13, 2022, the date the financial statements were available to be issued. Effective March 1, 2022, the Plan was merged into the CSC Generations Holdings, Inc. 401(k) Plan ("CSC Plan"), at which time the Company adopted the provisions of the CSC Plan as a participating employer. The Plan Administrator is not aware of any additional subsequent events which would require recognition or disclosure in the financial statements, other than the merger noted above.
