Independent Auditors' Report

To the Plan Administrative Committee of the
TRC 401(k) Retirement and Savings Plan
Windsor, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 financial statements

We have performed an audit of the accompanying financial statements of the TRC 401(k) Retirement and Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(c) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- The amounts and disclosures in the accompanying 2021 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report (continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Independent Auditors' Report (continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at year end is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Independent Auditors' Report (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TRC 401(k) RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2021 AND 2020 AND FOR THE YEAR ENDED DECEMBER 31, 2021

1. DESCRIPTION OF THE PLAN

The following description of the TRC 401(k) Retirement and Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for more information.

General – The Plan is a defined contribution plan covering substantially all employees of TRC Companies, Inc. (the “Company”) which is the Plan Sponsor. The Plan Administrative Committee of the Company controls and manages the operation and administration of the Plan. Fidelity Management Trust Company (the “Trustee”) serves as the Trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective July 1, 2009, the Plan Document was amended to allow participation in the Plan of all eligible employees age 18 or older, regardless of service length. The Plan offers an automatic enrollment feature for all newly eligible participants. Effective January 1, 2016, participants that are new hires or re-hires are automatically enrolled into the Plan with a 6% salary deferral; however, the participants have the option to change their deferral rate or opt out of the Plan at any time.

Contributions – Each year, participants may contribute up to 90% of their pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (“IRC”) limitations which were \$19,500 for the years ended December 31, 2021 and 2020. Participants who have attained the age of 50 before the close of the Plan year may also make additional contributions of \$6,500 for the years ended December 31, 2021 and 2020. The Company matching contribution formula is a basic match of up to 50% of each participant’s first 6% of contributed compensation.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions, the Company’s matching contributions, and Plan earnings. Participant accounts are charged with withdrawals, loan administrative fees and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments – Participants direct the investment of their contributions into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. Company matching contributions are allocated to investment options at the direction of the participant.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon and, effective July 1, 2009, participants are immediately vested in employer matching contributions plus actual earnings thereon.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of the vested portion of the fair value of their account balance on the date of request, whichever is less. Loan terms range from 1 to 5 years for general participant loans or up to 15 years for participant loans taken for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time the funds are borrowed as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. As of December 31, 2021, participant loans have maturities through 2037 at interest rates from 3.25% to 6.50%.

Payment of Benefits – On termination of service with the Company (including termination of service due to death, disability, or retirement), a participant may generally elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants can elect to defer payment until age 70 ½ if the account balance is greater than \$5,000. If the balance is over \$1,000, but less than \$5,000, Fidelity will open up an IRA account separate from the Plan and transfer the balance into the account. If a participant's balance is less than \$1,000, Fidelity will issue a check to be mailed to a participant's home address net of taxes withheld.

Other In-Service Withdrawals – The Plan permits payment of benefits to participants to satisfy a financial need, such as medical or educational expenses and the purchase of a principal residence. In the case of an in-service withdrawal, payment is limited to the amount of the participant's vested account balance.

Forfeited Accounts – When certain terminations of participants in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. The Plan Document permits the use of forfeitures to offset Plan administrative expenses paid by the Company or to reduce future Company contributions. At December 31, 2021 and 2020, forfeited non-vested accounts related to contributions in years where there was a time-vesting requirement in the Company match, totaled \$16,787 and \$61,883, respectively. During the Plan year ended December 31, 2021, \$26,048 of participant account balances were forfeited to the plan and \$130,243 of forfeitures were used to offset additional employer matching contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan offers various investment instruments, including registered investment companies/mutual funds and a stable value fund. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies/mutual funds are valued at quoted market prices that represent the net asset value (NAV) of shares held by the Plan at year-end. The fair value of the stable value fund is estimated based on the net asset value as a practical expedient of the fund, which is based on the fair value of the underlying investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year, net of investment expenses.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan Document.

Administrative Expenses – Fees and expenses related to the administration of the Plan can be paid by the Plan or the Plan Sponsor as provided in the Plan Document. Management fees and operating expenses charged to the Plan for investments in registered investment companies/mutual funds and the stable value fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits – Benefit payments to participants are recorded when they have been approved and paid by the Plan.

Subsequent Events – Subsequent events were evaluated through October 14, 2022, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENT

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Methodologies – Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered Investment Companies/Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - Stable Value Fund — Composed primarily of fully benefit-responsive investment contracts and is reported at fair value using net asset value (NAV) as a practical expedient. The stable value fund, specifically the Fidelity Managed Income Portfolio, calculates NAV per share in a manner consistent with the measurement principles in FASB Accounting Standards Codification Topic 946 *Financial Services—Investment Companies*. This NAV represents the Plan’s fair value since this is the NAV at which the Plan transacts with the fund. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value fund, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy a summary of the Plan’s investments measured at fair value on a recurring basis at December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Active Markets for Identical Assets (Level 1):		
Registered investment companies/mutual funds	\$ 587,173,389	\$ 503,522,328
Total assets in the fair value hierarchy	\$ 587,173,389	\$ 503,522,328
Fidelity Managed Income Portfolio	32,680,036	32,996,736
Total investments	<u>\$ 619,853,425</u>	<u>\$ 536,519,064</u>

Transfers Between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, December 31, 2021 and 2020, there were no transfers between levels.

The following tables set forth a summary of the Plan’s investments with a reported NAV at December 31, 2021 and 2020:

<u>Investment</u>	<u>Fair Value Estimated Using Net Asset Value per Share</u>					
	<u>2021</u>	<u>2020</u>	<u>Unfunded</u>	<u>Redemption</u>	<u>Other</u>	<u>Redemption</u>
	<u>Fair Value</u>	<u>Fair Value</u>	<u>Commitment</u>	<u>Frequency</u>	<u>Restrictions</u>	<u>Notice</u>
Fidelity Managed						
Income Portfolio	<u>\$ 32,680,036</u>	<u>\$ 32,996,736</u>	<u>\$ -</u>	Daily	None	None

The valuation methods as described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. STABLE VALUE FUND

The Fidelity Managed Income Portfolio (the “Fund”) is a collective trust fund sponsored by Fidelity Management Trust Company. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund’s constant NAV of \$1 per unit. Distribution to the Fund’s unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable net asset value of \$1 per unit, although there is no guarantee that the Fund will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Limitations on the Ability of the Fund to Transact at Contract Value:

Restrictions on the Plan – Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. The following employer-initiated events may limit the ability of the Fund to transact at contract value:

- A failure of the Plan or its Trustee to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA;
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund;
- Any transfer of assets from the Fund directly into a competing investment option;
- The establishment of a defined contribution plan that competes with the Plan for employee contributions; and,
- Complete or partial termination of the Plan or its merger with another plan.

Circumstances that Impact the Fund — The Fund invests in assets, typically fixed income securities or bond funds, and enters into “wrap” contracts issued by third parties. A wrap contract is an agreement by another party, such as a bank or insurance company to make payments to the Fund in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

The wrap contracts generally contain provisions that limit the ability of the Fund to transact at contract value upon the occurrence of certain events. These events include:

- Any substantive modification of the Fund or the administration of the Fund that is not consented to by the wrap issuer;

- Any change in law, regulation, or administrative ruling applicable to a plan that could have a material adverse effect on the Fund's cash flow; and,
- Employer-initiated transactions by participating plans as described above.

In the event the wrap contract fails to perform as intended, the Fund's NAV may decline if the market value of its asset's declines. The Fund's ability to receive amounts due pursuant to these wrap contracts is dependent on the third-party issuer's ability to meet their financial obligations. The wrap issuer's ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments.

If the Fund is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets. This could result from the Fund's inability to promptly find a replacement wrap contract following termination of a wrap contract. Wrap contracts are not transferable and have no trading market. There are a limited number of wrap issuers. The Fund may lose the benefit of wrap contracts on any portion of its assets in default in excess of a certain percentage of portfolio assets.

5. PARTY-IN-INTEREST TRANSACTIONS / RELATED PARTY TRANSACTIONS

Certain plan investments are a stable value fund, and shares of mutual funds held by Fidelity Trust Investments. Fidelity Management Trust Company is also the Trustee and record keeper of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, any un-vested amounts would become 100% vested.

7. FEDERAL INCOME TAX STATUS

The Plan uses a non-standardized prototype plan document sponsored by Fidelity Management Trust Company. Fidelity Management Trust Company received an opinion letter from the Internal Revenue Service ("IRS"), dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

8. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Fidelity Management Trust Company, the Trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that such information is complete and accurate.
