Report of Independent Auditor

To the Plan Administrator and Trustees
EAB Global, Inc. 401(k) Plan
Richmond, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of EAB Global, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of EAB Global, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

EAB GLOBAL, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1—Plan description

The following description of EAB Global, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all eligible employees of EAB Global, Inc. (the “Company”). Employees become immediately eligible to participate upon the employment commencement date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Regular full-time and part-time employees who become participants of the Plan will be automatically enrolled in the Plan 30 days following their eligibility date. The Plan was amended as of January 1, 2020 and September 28, 2020, to include service with YouVisit LLC and Cappex.com, LLC, respectively, as predecessor employer for eligibility purposes.

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”). The CARES Act took immediate effect and contains several provisions that temporarily impact qualified plans, including a new hardship withdrawal option and a loan payment pause option. The Company incorporated these provisions into the Plan effective March 27, 2020.

Plan Administration – The Company is the Plan sponsor and Plan administrator. Assets of the Plan are held by Fidelity Management Trust Company, the “Trustee”. Certain administrative functions are performed by employees of the Company who receive no compensation from the Plan.

Contributions – The Plan provides for participant contributions of pre-tax and after-tax annual compensation, as defined in the Plan. The Company may make a discretionary-matching employer contribution on behalf of “eligible” participants, or a designated group of eligible participants. The Company match was \$4,738,599 for the year ended December 31, 2021. Participants of qualifying age may make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations allowed under Section 402(g) of the Internal Revenue Code (“IRC”).

Participant Accounts – Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s contribution and (b) Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined.

Vesting – Participants are vested immediately in their contributions as well as the Company contributions plus actual earnings thereon.

Investments Options – Participants direct the Trustee as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time.

Payment of Benefits – Distribution of the vested portion of a participant’s account will occur upon the participant’s termination of service, retirement, death, disability, or hardship withdrawal. A participant is entitled to receive a lump sum payment or installment payments in an amount equal to the vested value of his or her account as defined by the Plan. At December 31, 2021 and 2020, there were no benefit payments that had been requested but not yet paid.

Notes Receivable from Participants – Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms cannot exceed five years, unless the proceeds are used to acquire a principal residence. The loans are secured by the vested balance in the participant’s account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Management has evaluated notes receivable from participants for collectability and has determined that no allowance is considered necessary. At December 31, 2021, the interest rates ranged from 4.25% to 6.50%, on outstanding loans.

EAB GLOBAL, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could vary from the estimates that were used.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Unrealized gains and losses are recognized in the period in which they occur. Interest and dividends are recognized in the period earned, and realized gains or losses on securities are recorded in the period of sale.

Payment of Benefits – Benefit payments are recorded when paid.

Administrative Expenses – The Plan permits the payment of Plan expenses to be made from the Plan’s assets. If expenses are paid using the Plan’s assets, then the expenses will generally be allocated among the accounts of all participants in the Plan.

Note 3—Information prepared and certified by the Trustee (unaudited)

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments, at fair value and notes receivable from participants as reflected in the statements of net assets available for benefits as of December 31, 2021 and 2020;
- Net appreciation in fair value investments, interest and dividends, and interest income on notes receivable from participants as reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021;
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021

The Plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the certified information, except for comparing such information with the related information in the financial statements and supplemental schedule.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 4—Fair value measurements

The Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used to measure the Plan's investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There were no transfers between levels during the year ended December 31, 2021.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds – These investments are public investment vehicles valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Money Market Fund – This investment is a public investment vehicle valued using NAV provided by the administrator of the fund. The underlying assets are generally comprised of short-term securities representing high-quality, liquid debt, and monetary assets. The redemption and subscription frequencies are daily and the fund has no redemption notice periods or unfunded commitments. The money market fund is classified within Level 1 of the valuation hierarchy.

Common Collective Trust Funds – Valued at NAV of units of a bank collective trust. NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The trust's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital by investing in assets, entering into “wrap” contracts issued by third parties, and investing in cash equivalents.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Common collective trust funds measured at NAV (*)				73,758,628
Investments, at fair value				<u>\$ 106,466,513</u>

(*) In accordance with Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

EAB GLOBAL, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 4—Fair value measurements (continued)

The following tables set forth additional disclosures of the Plan's investment whose fair value is estimated using NAV per share (or its equivalent):

Fair Value Estimated Using NAV Per Share				
December 31, 2021				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust funds	\$ 94,004,695	\$ -	Daily	12 months

Fair Value Estimated Using NAV Per Share				
December 31, 2020				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust funds	\$ 73,758,628	\$ -	Daily	12 months

Note 5—Tax status

The Company adopted a Prototype Non-Standardized Profit Sharing Plan with a deferral arrangement which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since then; however, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7—Party-in-interest transactions

The Plan invests in investments managed by the Trustee. Certain expenses are paid to the Trustee of the Plan for investment management services. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Notes receivable from participants also qualify as party-in-interest transactions. As of December 31, 2021 and 2020 there were \$704,439 and \$480,349 of notes receivable from participants, respectively.

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for December 31, 2021:

Net increase in net assets available for benefits per the financial statements	\$ 34,225,339
Change in employee contributions receivable	(414,979)
Change in employer contributions and other employer receivable	<u>(419,525)</u>
Change in net assets available for benefits per Form 5500	<u>\$ 33,390,835</u>

Note 9—Risk and uncertainties

The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 10—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent through October 14, 2022, the date these financial statements were available to be issued.

Report of Independent Auditor

To the Plan Administrator and Trustees
EAB Global, Inc. 401(k) Plan
Richmond, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of EAB Global, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of EAB Global, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

EAB GLOBAL, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1—Plan description

The following description of EAB Global, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all eligible employees of EAB Global, Inc. (the “Company”). Employees become immediately eligible to participate upon the employment commencement date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Regular full-time and part-time employees who become participants of the Plan will be automatically enrolled in the Plan 30 days following their eligibility date. The Plan was amended as of January 1, 2020 and September 28, 2020, to include service with YouVisit LLC and Cappex.com, LLC, respectively, as predecessor employer for eligibility purposes.

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”). The CARES Act took immediate effect and contains several provisions that temporarily impact qualified plans, including a new hardship withdrawal option and a loan payment pause option. The Company incorporated these provisions into the Plan effective March 27, 2020.

Plan Administration – The Company is the Plan sponsor and Plan administrator. Assets of the Plan are held by Fidelity Management Trust Company, the “Trustee”. Certain administrative functions are performed by employees of the Company who receive no compensation from the Plan.

Contributions – The Plan provides for participant contributions of pre-tax and after-tax annual compensation, as defined in the Plan. The Company may make a discretionary-matching employer contribution on behalf of “eligible” participants, or a designated group of eligible participants. The Company match was \$4,738,599 for the year ended December 31, 2021. Participants of qualifying age may make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations allowed under Section 402(g) of the Internal Revenue Code (“IRC”).

Participant Accounts – Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s contribution and (b) Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined.

Vesting – Participants are vested immediately in their contributions as well as the Company contributions plus actual earnings thereon.

Investments Options – Participants direct the Trustee as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time.

Payment of Benefits – Distribution of the vested portion of a participant’s account will occur upon the participant’s termination of service, retirement, death, disability, or hardship withdrawal. A participant is entitled to receive a lump sum payment or installment payments in an amount equal to the vested value of his or her account as defined by the Plan. At December 31, 2021 and 2020, there were no benefit payments that had been requested but not yet paid.

Notes Receivable from Participants – Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms cannot exceed five years, unless the proceeds are used to acquire a principal residence. The loans are secured by the vested balance in the participant’s account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Management has evaluated notes receivable from participants for collectability and has determined that no allowance is considered necessary. At December 31, 2021, the interest rates ranged from 4.25% to 6.50%, on outstanding loans.

EAB GLOBAL, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could vary from the estimates that were used.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Unrealized gains and losses are recognized in the period in which they occur. Interest and dividends are recognized in the period earned, and realized gains or losses on securities are recorded in the period of sale.

Payment of Benefits – Benefit payments are recorded when paid.

Administrative Expenses – The Plan permits the payment of Plan expenses to be made from the Plan’s assets. If expenses are paid using the Plan’s assets, then the expenses will generally be allocated among the accounts of all participants in the Plan.

Note 3—Information prepared and certified by the Trustee (unaudited)

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments, at fair value and notes receivable from participants as reflected in the statements of net assets available for benefits as of December 31, 2021 and 2020;
- Net appreciation in fair value investments, interest and dividends, and interest income on notes receivable from participants as reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021;
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021

The Plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the certified information, except for comparing such information with the related information in the financial statements and supplemental schedule.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 4—Fair value measurements

The Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used to measure the Plan's investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There were no transfers between levels during the year ended December 31, 2021.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds – These investments are public investment vehicles valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Money Market Fund – This investment is a public investment vehicle valued using NAV provided by the administrator of the fund. The underlying assets are generally comprised of short-term securities representing high-quality, liquid debt, and monetary assets. The redemption and subscription frequencies are daily and the fund has no redemption notice periods or unfunded commitments. The money market fund is classified within Level 1 of the valuation hierarchy.

Common Collective Trust Funds – Valued at NAV of units of a bank collective trust. NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The trust's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital by investing in assets, entering into “wrap” contracts issued by third parties, and investing in cash equivalents.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(*) In accordance with Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

EAB GLOBAL, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 4—Fair value measurements (continued)

The following tables set forth additional disclosures of the Plan's investment whose fair value is estimated using NAV per share (or its equivalent):

Fair Value Estimated Using NAV Per Share				
December 31, 2021				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust funds	\$ 94,004,695	\$ -	Daily	12 months

Fair Value Estimated Using NAV Per Share				
December 31, 2020				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust funds	\$ 73,758,628	\$ -	Daily	12 months

Note 5—Tax status

The Company adopted a Prototype Non-Standardized Profit Sharing Plan with a deferral arrangement which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since then; however, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7—Party-in-interest transactions

The Plan invests in investments managed by the Trustee. Certain expenses are paid to the Trustee of the Plan for investment management services. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Notes receivable from participants also qualify as party-in-interest transactions. As of December 31, 2021 and 2020 there were \$704,439 and \$480,349 of notes receivable from participants, respectively.

Note 9—Risk and uncertainties

The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 10—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent through October 14, 2022, the date these financial statements were available to be issued.
