Independent Auditors' Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of Haynie & Co. 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Member of Kreston International — a global network of independent accounting firms

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) - Schedule of assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - DESCRIPTION OF PLAN

The following description of the Haynie & Co. 401(k) Plan (the "plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

GENERAL

The plan is a defined contribution retirement plan covering all full-time and part-time employees of Haynie & Company, the plan sponsor, who have completed six months and 500 hours of service. Union employees and non-resident aliens are not eligible to participate in the plan. If the employee has not completed 500 hours of service in the first six months, they will have satisfied the service requirement after one year of service. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CARES ACT

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), which included several relief provisions available to tax qualified retirement plans and their participants. Plan management has adopted the Coronavirus related distribution and participant loan provisions of the CARES Act.

Those provisions include, but not limited to, the following key points relating participants with a need caused by COVID:

- Increased maximum participant loans to lesser of account balance or \$100,000 for loans made between March 28, 2020 and September 22, 2020 (180 days).
- Loan repayments can be delayed up to one year for payments due through December 31, 2020 (loan to be re-amortized).
- Required minimum distributions for 2020 were suspended.
- 10% penalty tax does not apply to any COVID-related distribution to a participant for up to \$100,000.

CONTRIBUTIONS

Participants may contribute a percentage of eligible annual compensation not to exceed the annual dollar limitation defined by the Internal Revenue Code, as defined in the plan. Participants may also contribute amounts representing rollover distributions from other qualified plans. Additionally, the plan includes an auto-enrollment provision where all newly eligible employees are automatically enrolled in the plan unless they formally elect not to participate. The auto-enrollment deferral rate is set at 3% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. All contributions are invested with Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC. The company may make discretionary matching contributions of up to 50% of 4% of employee contributions for up to 2% of eligible compensation. The company made discretionary matching contributions of \$491,165 for the year ended December 31, 2021.

The company may also make discretionary profit sharing contributions to the plan, subject to certain limitations. There were no discretionary profit sharing contributions made to the plan for the year ended December 31, 2021.

PARTICIPANT ACCOUNTS

Each participant account is credited with the participant's contribution, the company's contribution, and the allocation of the plan earnings less any related investment expenses. Allocations of income, forfeitures and expenses are based on the proportion of each participant's account to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant becomes 20% vested in company contributions after two years of service and vests ratably thereafter until 100% vested after six years of credited service.

INVESTMENT OPTIONS

Upon enrollment in the plan, participants are able to direct their contributions, including company contributions, among any or all of the investment account options. Investment options are shares of registered investment companies held by Great-West Trust Company, LLC and a guaranteed investment contract held by Great-West Life & Annuity Insurance Company. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options daily. There are no nonparticipant directed investments.

Contributions may be temporarily held as cash balances prior to the execution of the investment according to the participant's direction.

The plan provides for various investment fund options, which, in turn invest in a combination of stocks, bonds, and other investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts. The amount the plan may loan to a participant is limited by rules under the Internal Revenue Code. The maximum amount a participant may borrow is equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. Loan terms generally range from one to five years. If used to acquire a principal residence the plan administrator can permit a longer repayment period. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. The loans can be repaid at any time. The plan has determined that all notes receivable are fully collectible.

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant or beneficiary with a balance in excess of \$5,000 may elect to receive a single lump-sum distribution, a partial distribution, or installment distributions, equal to the value of the participant's vested interest in his or her account. Participants with a vested balance under \$5,000 must receive the distribution in a lump sum upon termination. Benefits are recorded when paid.

HARDSHIP WITHDRAWALS

Participants are permitted to withdraw, in a single sum, employee deferrals of their account balance under certain conditions. These conditions include unreimbursed medical expenses, the purchase or repair of damage of the participant's principal residence, the payment of post-secondary education tuition, the payment of certain burial or funeral expenses or to prevent eviction or foreclosure from the participant's principal residence.

FORFEITURES

Forfeitures of nonvested company contributions are used to pay any plan administrative expenses, reduce employer matching contributions or are allocated to each participant's account based on the proportion of each participant's account to the total of all participant account balances. There were unallocated forfeitures of \$8,762 and \$9,531 at December 31, 2021 and 2020, respectively. For the years ended December 31, 2021 and 2020, administrative expenses were reduced by \$12,500 and \$0, respectively, from forfeited nonvested accounts.

ADMINISTRATION OF PLAN ASSETS

Plan assets were held in accounts managed by Great-West, LLC, the custodian, and record keeping is performed by Empower Retirement, third party administrators. Certain administrative expenses are paid by the plan and therefore qualify as party-in-interest transactions. The accompanying financial statements include \$29,947 for the year ended December 31, 2021, related to these expenses. Employees of the plan sponsor who are owners, directors, executives or members of the investment committee participate in the plan, and transactions with these individuals may qualify as party-in-interest transactions.

The plan also uses the services of an independent public accounting firm to audit the plan. Administrative expenses for the year ended December 31, 2021 includes \$12,500 paid by the plan for the independent public accounting firm's audit fee. Certain administrative expenses for the plan are paid by the plan sponsor and are not included in the financial statements.

Note 2 - SUMMARY OF ACCOUNTING POLICIES**BASIS OF ACCOUNTING**

The financial statements of the plan are prepared using the accrual method of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities, at the date of the financial statements. Actual results may differ from those estimates.

GUARANTEED INVESTMENT CONTRACT

The plan's guaranteed investment contract is valued at contract value as contract value is the relevant measurement attributable to fully benefit-responsive contracts. Contract value represents the amount the participants would receive if they were to initiate permitted transactions under the terms of the plan. The guaranteed investment contract value at December 31, 2021 and 2020 were \$577,607 and \$278,497, respectively.

VALUATION OF INVESTMENTS AND INCOME RECOGNITION

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the plan's gains and losses on investments bought and sold as well as those investments held during the year.

CONTRIBUTIONS RECEIVABLE

The plan records contributions receivable for any contributions owed to the plan, and not yet paid as of December 31, 2021 and 2020. This includes payroll that was paid before year-end, but contributions were not yet funded, and/or for employer contributions related to 2021 and 2020 that were not yet funded for the year then ended. For the years ended December 31, 2021 and 2020, participant contribution receivables were \$130,796 and \$120,692, respectively, and employer contributions receivable were \$145,392 and \$108,639, respectively.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the plan's financial statements.

RECENT ACCOUNTING PRONOUNCEMENTS

In July 2018 the ASB issued a new accounting standard, SAS 136, Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA. This SAS addresses the auditor's responsibility to form an opinion and report on the audit of the financial statements of employee benefit plans subject to ERISA, and the form and content of the auditor's report issued as a result of an audit of ERISA plan financial statements, including changes to form and content of the auditor's report when management elects to have an audit performed pursuant to ERISA section 103(a)(3)(C). The plan has implemented this guidance in the accompanying financial statements as of and for the year ended December 31, 2021.

Note 3 - FAIR VALUE MEASUREMENTS

The plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

December 31, 2021	Quoted prices in active markets for identical assets (Level 1)	Other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Fair value
Registered investment companies	\$ 16,517,160	\$ -	\$ -	\$ 16,517,160

Total \$ 16,517,160

December 31, 2020	Quoted prices in active markets for identical assets (Level 1)	Other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Fair value
Registered investment companies	\$ 5,315,204	\$ -	\$ -	\$ 5,315,204

Investments measured at net

expedient 5,614,594

Total \$ 10,929,798

FASB ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority and Level 3 inputs have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were used by the plan.

Level 1 Fair Value Measurements

The fair value of registered investment companies is based on quoted net asset values of the shares held by the plan at year-end.

Investments Valued at Net Asset Value as a Practical Expedient

Investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. The fair value of the stable value fund and collective trust funds are based on the net asset value provided by the fund manager and is calculated as the value of the underlying assets owned by the fund, minus its liabilities, divided by the number of units outstanding.

The following sets forth additional disclosures of the plan's investments whose fair value is measured using the net asset value per share (or its equivalent) as a practical expedient as of December 31:

	2021 Fair value	2020 Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Collective trust funds	\$ -	\$ 5,614,594	\$ -	Daily	None

Note 4 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

Key Guaranteed Portfolio Fund (the Fund) investment choice is a nontradeable obligation of Great-West Life & Annuity Insurance Company. The objective of the Fund is to protect against loss of principal while providing returns comparable to money market funds and short-term treasury instruments. Characteristics of this investment allows for principal value to remain stable regardless of the volatility of the financial markets. This contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measurement of fully benefit-responsive investment contracts because this is the amount received by the participant if they were to initiate permitted transactions under the terms of the plan. Contract value represents contributions made, plus earnings, less participant withdrawals, and administrative expenses.

The fund has no stated maturity date. Interest rates are reset monthly as of the beginning of each month, during which a new interest rate is applied daily to the total outstanding balance of the investment. For deposit liabilities with no defined maturities, contract value is the amount payable on demand at the reporting date.

Certain events, such as the premature termination of the contract by the plan or the termination of the plan, may limit the plan's ability to transact at contract value with the issuer. The plan administrator does not believe that the occurrence of such events, which would also limit the plan's ability to transact at contract value with the participant, is probable.

Note 5 - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS

Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the plan custodians, certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Fair value of investments
- Contract value of guaranteed investment contract
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividend income
- Interest income on notes receivable from participants
- Investments, as reflected in Schedule H, Line 4(i) - Schedule of assets (Held at End of Year)

The plan's independent public accountants did not perform auditing procedures with respect to the information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become one hundred percent vested in their accounts.

Note 7 - TAX STATUS

The plan sponsor adopted a Prototype Non-Standardized Profit Sharing Plan with a deferral arrangement that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020 (as the plan was restated effective May 25, 2021), which stated the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (the code). Once qualified, the plan is required to operate in conformity with the code to maintain its qualification. The plan administrator believes the plan is being operated in compliance with the applicable requirements of the code and, therefore, believes that the plan is qualified and the related trust is tax exempt.

The plan has adopted the provisions of FASB ASC 740-10, *Income Taxes*, relating to accounting for uncertain tax positions. ASC 740-10 defines a recognition threshold and measurement process for accounting for uncertain tax positions and also provides guidance on various related matters such as interest, penalties, derecognition and disclosures. The plan does not have any plan level uncertain tax positions. The plan files income tax returns in the U.S. federal jurisdiction. The plan administrator believes the plan is no longer subject to U.S. federal examinations by tax authorities for years before 2018.

Note 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Schedule H of Form 5500:

	2021	2020
Net assets available for benefits per the financial statements	\$ 17,465,461	\$ 11,496,725
Plus: excess contributions payable	24,948	32,764
Net assets available for benefits per Schedule H of the Form 5500	\$ 17,490,409	\$ 11,529,489

The following is a reconciliation of excess contributions per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2021:

Corrective distributions per the financial statements	\$ 27,862
Plus: net change in excess contribution payable	7,816
Total corrective distributions per the Form 5500	\$ 35,678

Note 9 - SUBSEQUENT EVENTS

The plan has evaluated subsequent events through October 13, 2022, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
