Independent Auditor's Report

To the Participants and Administrator of the
Unifrax I LLC Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Unifrax I LLC Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 Financial Statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 Financial Statements, and (b) the form and content of the information included in the 2020 Financial Statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

UNIFRAX I LLC SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of the Unifrax I LLC Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan with salary reduction features as permitted under Section 401(k) of the Internal Revenue Code (IRC). The Plan is funded by employee and employer contributions and covers all eligible employees. The assets of the Plan are maintained in investment funds held by Fidelity Management Trust Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by a committee appointed by the Board of Directors of Unifrax I LLC (the Company). The Benefits Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. All costs not absorbed by the Plan are paid by the Company as the Plan Sponsor.

Effective January 1, 2021, employees of Rex Materials, LLC, Rex Materials of Kansas, LLC, Rex Materials of Virginia, LLC and Rex Roto Corporation who otherwise met the general eligibility provisions of the Plan are eligible to participate in the Plan. The assets of the Rex Materials Retirement Income Plan were transferred into the Plan effective March 1, 2021. The total fair value of the net assets transferred from the Rex Materials Retirement Income Plan into the Plan was \$10,847,162.

Effective January 1, 2020, employees of Stellar Materials, LLC who otherwise met the general eligibility provisions of the Plan are eligible to participate in the Plan. The assets of the Stellar Materials, LLC 401(k) Profit Sharing Plan were transferred into the Plan effective July 15, 2020. The total fair value of the net assets transferred from the Stellar Materials, LLC Plan into the Plan was \$2,908,586.

Eligibility: Employees of the Company who are at least 21 years of age, regardless of term of service, are eligible to participate in the Plan. All employees who have met this requirement, with the exception of those who are members of collective bargaining units or nonresident aliens, are eligible for both matching and the safe harbor non-elective employer contributions.

Contributions: Participants may elect to contribute between 1% and 60% of their compensation as defined by the Plan. All eligible employees are automatically enrolled into the Plan and have elective pre-tax deferrals withheld in the amount of 6% of compensation unless they elect otherwise. Participants with a deferral rate greater than zero will have their deferral percentage increased annually by 1% as a pre-tax deferral contribution until a deferral rate of 10% is reached. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute distributions from other qualified defined benefit or defined contribution plans. Total contributions are subject to certain maximums established annually by the Internal Revenue Service (IRS). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also elect to defer Roth contributions to the Plan.

The Company will make matching contributions in an amount equal to 50% of an employee's contributions subject to a maximum of 6% of the employee's eligible compensation contributed to the Plan beginning upon enrollment. During 2020, the Company amended the adoption agreement to make matching contributions discretionary. The Company suspended employer matching contributions in June 2020 and reinstated them in December 2020. Participants are not allowed to make non-Roth after-tax contributions into the Plan. In addition, the Plan Sponsor may make a discretionary profit-sharing contribution to the Plan. No profit-sharing contributions were made during the years ended December 31, 2021 or 2020. The Plan was amended effective February 1, 2021 to allow a discretionary matching employer contribution for all eligible participants except for any participant covered by a collective bargaining agreement between the Company and Local USW 4-4058 whose initial date of hire was prior to February 1, 2021. Employees with an original hire date before June 1, 2021 will be treated as 100% vested in his or her accounts under the Plan in the event of an involuntary layoff due to lack of work.

UNIFRAX I LLC SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

The Plan was also amended effective as of October 1, 2021, notwithstanding the foregoing, a participant covered by a collective bargaining agreement between the Company and Local USW 4-2058 who: (1) has an initial date of hire prior to February 1, 2021; and (2) made an election to freeze the pension multiplier used to determine the participant's accrued benefit under the Unifrax Hourly Defined Benefit Pension Plan, effective October 1, 2021, shall be entitled to a discretionary matching employer contribution with respect to elective deferrals made during payroll periods beginning on or after October 1, 2021.

In addition, eligible participants receive 3% of eligible compensation as a non-elective safe harbor employer contribution.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants: Participants may borrow from their accounts up to a maximum amount of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years and may exceed five years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with similar loans from commercial lending institutions. Principal and interest are paid ratably through payroll deductions.

Vesting: Participants are vested immediately in their contributions and the non-elective safe harbor employer contributions plus actual earnings thereon. Eligible employees shall be fully vested in Company matching contributions after three years of service unless credited with prior service for particular classes of participants. In the event of an involuntary layoff due to lack of work, employees hired before June 1, 2021 will fully vest in Company matching contributions. Should the Plan be deemed top-heavy, an alternate vesting schedule would apply for those top-heavy years.

Forfeitures: Forfeitures of employer contributions not vested in participant accounts because of terminations will be applied to reduce future Company contributions. At December 31, 2021, forfeited non-vested accounts totaled \$33,465 (\$35,016 - 2020). During the year ended December 31, 2021, total forfeitures used to reduce employer contributions was \$103,818 (\$126,261 - 2020).

Retirement Benefits: The normal retirement date is the later of the date a participant attains age 65 or the tenth anniversary of the date the participant commenced participation in the Plan. The retirement benefit shall be in the form of a lump-sum payment unless the participant elects one of the optional payment forms as provided for by the Plan. After Age 65, benefits shall commence by April 1 of the calendar year following the later of the employee's termination date or attainment of age 72. The Plan also allows hardship distributions under certain circumstances. During 2020, the Plan adopted CARES Act provisions to allow participants to take a withdrawal of up to \$100,000 of their vested account balance provided they experienced adverse financial consequences as a result of the COVID-19 pandemic.

Death and Disability Benefits: If an active employee should die or become totally disabled, a lump-sum distribution is made to the employee's beneficiary, or the employee, respectively. The benefit amount is the total value of the employee's account at the time of death or becoming totally disabled.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan prepares financial statements on the accrual basis of accounting.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefit Committee determines the Plan's valuation policies utilizing information provided by investment advisers and the trustee of the Plan. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation on investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. There were no administrative expenses during the years ended December 31, 2021 and 2020. Investment related expenses are included in net appreciation on investments.

NOTE 3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting standards Codification* (ASC) 820, *Fair Value Measurements*, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

UNIFRAX I LLC SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Money market fund: A money market fund is a public investment vehicle valued using \$1 for the Net Asset Value (NAV).

Shares of registered investment companies: These investments are valued at the NAV of shares held by the registered investment companies at year-end. The investments are measured at fair value using quoted prices for identical assets, which are readily available Level 1 inputs.

Common collective trusts: These investments are composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Money market fund:	\$ 12,907	\$ -	\$ -	\$ 12,907

Total assets at fair value	<u>\$114,432,093</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$122,300,373</u>

(a) In accordance with FASB ASC 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2021 and 2020, respectively.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	\$ 8,811,154	n/a	Daily	12 Months

NOTE 4. FINANCIAL CERTIFICATION

The following unaudited financial information as of December 31, 2021 and 2020, as well as income and transactions for the years then ended, has been furnished by the Plan Administrator and was derived from information provided by Fidelity Management Trust Company, and has been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent accountants.

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6. TAX STATUS

The Plan uses a volume submitter plan document of Fidelity Management & Research LLC (Fidelity). The volume submitter plan document of Fidelity has obtained an opinion letter dated June 30, 2020 from the IRS, which states that the volume submitter document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS; however, the Plan's management and counsel, believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

NOTE 8. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan. There were no administrative fees paid for the years ended December 31, 2021 and 2020. The Plan also holds notes receivable representing participant loans.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021 and 2020:
