REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Trustees of the Inman Mills 401(k) Retirement Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2021 financial statement

We have performed an audit of the financial statements of Inman Mills 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2021 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2021 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2021 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2021 supplemental schedules required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2021 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedule, we evaluated whether the 2021 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2021 supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2020 financial statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 25, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Inman Mills 401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 - THE PLAN

The following brief description of the Inman Mills 401(k) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

Established January 1, 1990, the Plan is a defined contribution plan allowable under Section 401(k) of the Internal Revenue Code ("IRC") and is available to substantially all employees of Inman Mills (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Company

The Company manufactures goods for home furnishing, apparel and other end uses. The Company sells its cloth to customers in the textile industry and primarily in the southeastern United States. The Company has three manufacturing facilities, all located in Spartanburg County, South Carolina.

Participation

An employee shall become a participant on the first day of each month coinciding with, or immediately following, the date the employee completes three months of eligible service and the attainment of age 18.

Contributions

Eligible employees may elect to make pretax contributions to the Plan between 1% and 25% of their total compensation or participants can elect a specific deferral dollar amount in addition to the option to elect a specified deferral percentage.

Employee contributions may be increased or decreased at each employee's discretion; additionally, an employee may discontinue making contributions at any time. Contributions are subject to certain IRC limitations. The Company's matching contribution is 25% of the amount contributed by each employee, but no match will be made on deferred amounts exceeding 6% of the employee's compensation.

At any time, a participant may change the allocation of his or her contribution and/or reallocate his or her account balance among the various investment funds.

Participant Accounts

Each participant's account is credited with the participant's contributions and withdrawals as applicable, the Company's contributions and an allocation of Plan investment results. The allocation of Plan investment results is based on participant earnings on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from such participant's vested account.

Account Vesting and Allocation Provisions

Participants' contributions are fully vested at the time contributions are made. A participant's employer-matching contribution is 20% vested upon completion of one year of employment and vesting increases 20% over the next four years of employment until contributions are fully vested. Forfeitures of unvested participant account balances are used to reduce future employer contributions, and totaled \$5,953 and \$11,793 during the Plan years ended December 31, 2021 and 2020, respectively. As of December 31, 2021 and 2020, unused forfeitures totaled \$2,023 and \$585, respectively.

Payment of Benefits

Normal retirement benefits commence when a participant reaches the age of 65. Early retirement benefits can be obtained by a participant who has terminated his or her employment, attained age 55 and has been employed by the Company for at least five years. Upon death, retirement, disability or termination of employment, a participant, or his or her beneficiary, may elect to receive a lump-sum payment equal to the vested portion of his or her account, or may elect to roll over the asset balance directly into an individual retirement account ("IRA") or into another qualified plan sponsored by an employer. In the event that a participant terminates employment with the Company and the participant's vested account balance is less than \$1,000, and the participant does not elect to receive a lump-sum payment or rollover, then the Plan administrator will pay the distribution in a direct rollover to an IRA designated by the Plan administrator. Hardship distributions are available to a participant who is in immediate financial need and lacks other available resources. Hardship distributions may be received only from the portion of a participant's account balance derived from the participant's contributions and any accumulated earnings.

Notes Receivable from Participants

The Plan provides that a participant may borrow a minimum of \$1,000 up to a maximum of the lesser of (a) \$50,000, reduced by the excess of the highest outstanding balance of Plan loans during a one-year period ending on day before loan is made over the outstanding balance of Plan loans or (b) one half of the participant's vested interest in his account. Each participant is permitted to have a maximum of one loan outstanding at any time. The maximum term of repayment for loans, other than those utilized to purchase a primary residence, is five years. The maximum term of repayment for a loan utilized to purchase a primary residence is 15 years. Loans to participants are secured by the participant's vested account balance. The interest rate for loans is the prime rate as reported by the Wall Street Journal on the last business day of the month preceding the month in which the participant applies for the loan. Participant loan interest rates ranged from 5.50% to 3.25% as of both December 31, 2021 and 2020. Principal and interest are paid ratably through payroll deductions. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net appreciation (depreciation) in fair value of investments is comprised of realized, as well as unrealized, gains or losses resulting from investment transactions. Realized gain (loss) represents the difference between sales proceeds of plan investments and the fair market value of such investments at the beginning of the year, or the cost of such investments if investments were purchased during the current year. Unrealized gain (loss) represents the difference between the fair market value of investments at the beginning of the year, or historical cost for investments purchased during the current Plan year, and the fair market value at the end of the Plan year.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued, but unpaid interest. Any loans considered in default are treated as deemed distributions and included in benefits paid to participants on the statements of changes in net assets available for benefits.

Plan Administrative Expenses

In accordance with the provisions of the Plan, certain administrative expenses, such as trustee fees and investment management fees, are paid by the Plan and are included in the accompanying financial statements. Any administrative expenses not meeting the Plan provisions are paid by the Company and are not reimbursed by the Plan or included in the accompanying financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Inman Mills 401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

The fair value measurement level of assets or liabilities within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. For the years ended December 31, 2021 and 2020, there were no transfers in or out of Level 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value.

The Plan's investments in the money market fund and mutual funds are stated at fair market value as determined by the trustee of the Plan. The trustee primarily applies the market approach for recurring fair value measurements and endeavor to utilize the best available information. The trustee utilizes the quoted net asset values ("NAV"), as reported on national security exchanges, of the mutual funds and the money market investment held by the Plan to determine the market value of such investments.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

December 31, 2021	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,678,295	\$ -	\$ -	\$ 15,678,295
Money market fund	1,172,985	-	-	1,172,985
Total assets, at fair value	<u>\$ 16,851,280</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,851,280</u>

December 31, 2020	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,838,392	\$ -	\$ -	\$ 14,838,392
Money market fund	1,469,478	-	-	1,469,478
Total assets, at fair value	<u>\$ 16,307,870</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,307,870</u>

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the accompanying statements of net assets available for benefits.

NOTE 4 - TAX STATUS

The Plan document is designed based upon a prototype plan document written by Fidelity Management & Research Co. The prototype plan document received a favorable opinion letter from the IRS dated

Inman Mills 401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2021 and 2020

March 31, 2014, which indicates that the prototype plan document is designed in compliance with the requirements of the IRC. As such, the Plan administrator believes that the Plan is designed and operating in accordance with the applicable requirements of the IRC and that the Plan and the related trust continue to be tax exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Fidelity Management Trust Company (FMT), has certified the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Total investment income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021.

The independent accountants obtained and read the certification, compared the certified investment information with the related information presented and disclosed in the 2021 financial statements, and read the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

NOTE 6 - PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company may terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, the Plan provides that the participants will become 100% vested in their accounts and that assets will be allocated among the participants or their beneficiaries based upon the participants' account balances.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

The Plan has investments in mutual funds and a money market fund managed by the affiliates of the trustee. Accordingly, the transactions in such investments qualify as party-in-interest transactions, as defined by ERISA, which are exempt from the prohibited transaction rules. Notes receivable from participants also qualify as party-in-interest transactions.
