Independent Auditor's Report

To the Plan Administrator and Participants
Tempur Sealy 401(k) Retirement Plan
Lexington, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Tempur Sealy 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the certified investment information in the accompanying financial statements agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the accompanying table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Tempur Sealy 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General Information

The Plan is a defined contribution retirement plan established to provide retirement benefits to eligible employees of the Company, as defined below. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Participating entities of the Plan are Tempur Sealy International, Inc., Tempur-Pedic Management, LLC, Tempur Production USA, LLC, Tempur Retail Stores, LLC, Tempur-Pedic North America, LLC, Tempur-Pedic Technologies, Inc., The Ohio Mattress Company Licensing and Components Group, Inc. (formerly known as Sealy, Incorporated), Sealy Mattress Manufacturing Company, Inc., Sealy Technology LLC, Sealy Mattress Company of Puerto Rico, Sealy, Inc., Burlington Mattress LLC, Comfort Revolution LLC, and K.B. & Associates, Inc. dba Mattress Warehouse (collectively referred to as the "Company").

Plan Administrator and Sponsor

Tempur-Pedic Management, LLC, the plan administrator and sponsor, is a subsidiary of Tempur Sealy International, Inc.

Eligibility

The Plan covers all employees of the Company who have attained age 18, except union, leased, non-resident individuals, those employed by an affiliate that has not adopted the Plan, and independent contractors. Eligible employees may enter the Plan immediately following their date of hire. Participants are eligible for the Company safe-harbor matching contributions after completion of six months of service. Participants are eligible for the Company discretionary matching contribution if they made a contribution to the Plan and are employed on the last day of the year.

Contributions

Participants may elect to contribute from 1% to 85% of their annual compensation (as defined by the Plan) on a pre-tax basis and after-tax ("Roth") basis, not to exceed the annual maximum limit established by the Internal Revenue Service ("IRS"). Participants who have attained age 50 are eligible to make catch-up contributions. Participants are also allowed to contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Company makes safe-harbor matching contributions equal to 100% of the first 3% plus 50% of the next 2% of compensation each participant contributes to the Plan. However, the Company suspended its safe-harbor matching contributions to the Plan from June 1, 2020 to August 13, 2020, which led to compliance testing and excess contributions being returned in March 2021, for which a liability was recorded as of December 31, 2020. Safe-harbor contributions were made for the full year of 2021. The Company may also make an additional discretionary matching contribution to the Plan, as determined by the Company, not to exceed 3% of eligible compensation. The discretionary matching contribution is allocated to participant accounts based upon the percentage of each participant's compensation relative to the total compensation of all eligible participants. No discretionary matching contribution was made for 2021.

Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the plan year. Participants may also invest in a Self-Directed Brokerage Account ("SDA") through interfund transfers only; direct employee contributions are not permitted.

NOTE 1 – DESCRIPTION OF PLAN (CONCLUDED)

Participant Accounts
Each participant's account is credited with the participant's and the Company's contributions and an allocation of the Plan's net earnings, forfeitures, and administrative expenses. Allocations are based upon participant contributions, earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants hired on or after January 1, 2014 are generally immediately vested in all contributions plus earnings thereon. However, participants of the former Sealy Profit Sharing Plan that were terminated prior to January 1, 2014 are subject to vesting of that plan, which was 20% after two years of service and an additional 20% each year until completing six years of service. In addition, participants of the former K.B. & Associates, Inc. dba Mattress Warehouse 401(k) Profit Sharing Plan ("Mattress Warehouse Plan") are subject to vesting in the historical matching and profit sharing contributions of that plan, which was also 20% after two years of service and an additional 20% each year until completing six years of service.

Payment of Benefits
Upon termination of service due to death, disability, retirement, or separation, participants may elect to receive a lump-sum or installment payments. In-service distributions may be made to participants who have reached age 59½. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance and may only have one note outstanding at a time. Generally, the term of the note may not exceed five years. However, if the note is for the purchase of a participant's principal residence, the plan administrator may permit up to 10 years. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Principal and interest are repaid ratably through payroll deductions.

Forfeited Accounts
Forfeitures primarily relate to the former Sealy Profit Sharing Plan and the former Mattress Warehouse Plan. Forfeitures may be used to pay plan expenses or offset Company matching contributions. No forfeitures were utilized during 2021 to pay plan expenses or offset matching contributions. Approximately $280,000 and $0 in forfeited non-vested accounts were available at December 31, 2021 and 2020.

Administrative Expenses
Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. Loan and distribution fees are paid from affected participant accounts. All other administrative expenses are absorbed by the Company.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared under the accrual method of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Risk and Uncertainties
The Plan invests in various types of investment securities which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition
Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits
Benefits are recorded when paid.

Subsequent Events
Management has evaluated events occurring subsequent to the date of the financial statements through October 14, 2022, the date the financial statements were available to be issued, and has determined that no events have occurred that require adjustments to or additional disclosure in the financial statements.

NOTE 3 – CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021 was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company ("Principal") and Wells Fargo Bank, N.A. ("Wells Fargo"), the respective trustees of the Plan.

NOTE 4 – INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated July 6, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

NOTE 5 – FAIR VALUE MEASUREMENTS

Authoritative accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 5 – FAIR VALUE MEASUREMENTS (CONCLUDED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual and money market funds: Valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year-end. The NAV for these investments is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

Common collective trust funds: Valued at NAV as determined by using estimated fair value of the underlying assets held in the fund. These investments are classified within Level 2 of the valuation hierarchy because the unit value is quoted on a private market that is not active; however, the unit value is based on the underlying investments which are traded on an active market.

Self-directed brokerage accounts: Comprised of primarily mutual funds, money market funds, and common stocks. Mutual funds and money market funds are valued at quoted market prices which represent the NAV of shares held by the Plan at year-end. The NAV for these investments is a quoted price in an active market. Common stocks are valued at the closing price reported on the active market on which the securities are traded. These investments are classified as Level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the investments by level as defined within the fair value hierarchy as of December 31, 2021.

	Investment Assets at Fair Value			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual and money market funds	$266,050,700	$ -	$ -	$266,050,700

Administrative expenses	(1,233)
Benefits paid to participants	(522,399)
Net transfers in	142,666
Net decrease	$ (416,550)

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

In 2021, Wells Fargo Institutional Retirement & Trust completed the transfer of the Plan's assets to Principal Financial Group as part of a previously announced acquisition. Accordingly, effective April 2021, Principal Financial Group and affiliates now serve as the trustee and recordkeeper of the Plan. Certain plan investments are also shares of a mutual fund managed by Principal or its affiliates. Fees paid by the Plan to Principal for administrative services were approximately $150,300 in 2021, net of approximately $18,000 in origination fees added to notes receivable from participants.

Fees paid by the Plan to Wells Fargo for trustee and recordkeeping services were approximately $85,400 during 2021, net of approximately $4,200 in origination fees added to notes receivable from participants.

NOTE 8 – TRANSFERS IN

During 2021, the Company had transfers into the Plan of approximately $33,300, including loans, for participants that changed employment within the Company and moved their accounts from the Sealy 401(k) Savings Plan, another plan operated by the plan sponsor.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500.

NOTE 10 – DELINQUENT PARTICIPANT CONTRIBUTIONS AND LOAN REPAYMENTS

During the year ended December 31, 2021, participant withholdings of $1,549, including elective deferrals and loan repayments, were not remitted to the Plan within the appropriate time period by the Company. These transactions constitute a prohibited transaction as defined by ERISA. As of the report date, the Company had completed the necessary corrective actions, including the calculation and remittance of lost earnings to the affected participants' accounts.
