INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Tenova, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Tenova, Inc. 401(k) Plan, (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of assets available for benefits as of December 31, 2021, and the related statement of changes in assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP);
- and the information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of assets available for benefits of the Plan as of December 31, 2020 and the statement of changes in assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 13, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TENOVA, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following brief description of Tenova, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Plan participants should refer to the plan agreement or summary plan description for more complete information.

General - The Plan is a contributory, defined contribution plan established to provide benefits upon retirement or permanent disability to eligible participating employees of Tenova, Inc. (the "Company") or to their beneficiaries upon death of the participant. The Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CARES Act - The Coronavirus Aid, Relief and Economic Security ("CARES") Act contains several provisions related to employee benefit plans as follows:

- Allowing participants to take a coronavirus-related distribution of up to \$100,000 (not to exceed the participant's account balance) without a 10% early withdrawal penalty.
- Allowing participants to borrow the lesser of up to \$100,000 or 100% of the value of their vested account balance, as reduced by the highest outstanding loan balance during the twelve months preceding the CARES loan, from March 27, 2020 through September 22, 2020.
- Allowing suspension of loan payments due March 27, 2020 through December 31, 2020 for up to one year.
- Allowing suspension of 2020 required minimum distributions.

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of changes in assets during the reporting periods. Actual results could differ from the estimated amounts.

Risks and Uncertainties - Plan assets are composed of various investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated

with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits and the statements of changes in assets available for benefits.

Eligibility - The Plan is available to all employees of the Company. Employees become eligible to make elective deferrals on the first day of the calendar quarter following their hire date provided they have attained the age of 21.

Contributions - Eligible employees who elect to participate in the Plan may make pre-tax or after-tax contributions of 1% to 60% of their annual eligible compensation (as defined by the plan agreement) to their account, up to the limit established in the Internal Revenue Code.

The Plan provides for Company contributions equal to a percentage of employees' elective deferrals. For the years ended December 31, 2021 and 2020, the Company matched 100% of a participant's deferral up to 5% of compensation. The Company may also make discretionary profit sharing contributions, which are allocated to participant accounts in the ratio of participant compensation to total participant compensation. There were no profit sharing contributions for the year ended December 31, 2021 or 2020. Employer matching contributions are available to all participants who have completed one year of service, as defined in the plan agreement. Eligibility for profit sharing contributions also requires one year of service and employees have to be employed on the last day of the plan year.

Participant Accounts - Each participant's account is credited with participant contributions, Company matching contributions and an allocation of earnings of the elected investment fund(s). Allocations of fund earnings to the participant accounts are based upon the ratio of each participant's account balance to the total of all participant account balances in the fund. The benefit to which a participant is entitled is the value of the participant's vested account.

Vesting - Participants are immediately vested (100%) in their voluntary contributions. The Company matching and profit sharing contributions vest in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Payment of Benefits - Upon termination of service due to death, disability, retirement or other termination, participants or their beneficiaries may elect to receive an amount equal to the value of their vested account interest or direct such to an IRA rollover. If a participant's vested account balance exceeds \$5,000, he or she may elect to receive a distribution in a lump-sum payment (or rollover to an IRA) or receive partial withdrawals. If a participant's vested account balance is less than \$5,000, his or her account balance will be automatically distributed.

Benefits are recorded when they have been approved for payment and are paid by the Plan.

Plan Expense Account - A plan expense account was added to the Plan during the year ended December 31, 2020. Revenue sharing income from plan assets is credited to the plan expense account. The plan expense account may be used to pay the Plan's administrative expenses; residual amounts may be allocated to participant accounts. Revenue sharing income was \$61,184 and \$40,334 for the years ended December 31, 2021 and 2020, respectively. Administrative expenses of \$22,619 were paid from this account for the year ended December 31, 2021. No administrative expenses were paid from this account for the year ended December 31, 2020. No allocations to participant accounts were effected out of the plan expense account for the year ended December 31, 2021 or 2020. Other activity in the plan expense account consisted of interest income and a miscellaneous deduction.

The plan expense account balance, which is included in investments on the statements of assets available for benefits, was \$78,195 and \$40,499 at December 31, 2021 and 2020, respectively.

Forfeiture Account - When a participant withdraws from the Plan prior to becoming fully vested, the nonvested portion of the participant's account related to Company matching and profit sharing contributions is transferred to the Plan's forfeiture account. The forfeiture account may be used to pay the Plan's administrative expenses or to reduce future Company contributions. Forfeitures from nonvested participant accounts were \$8,956 and \$17,116 for the years ended December 31, 2021 and 2020, respectively. Forfeitures of approximately \$8,000 and \$15,000 were utilized to reduce Company matching contributions during the years ended December 31, 2021 and 2020, respectively.

The forfeiture account balance, which is included in investments on the statements of assets available for benefits, was \$6,410 and \$5,427 at December 31, 2021 and 2020, respectively.

Administrative Expenses - Administrative expenses are paid by the Company or the Plan as provided by the plan agreement; see Plan Expense Account description above. Participant loan and distribution charges are paid from the account of the participant taking the loan or distribution. Investment management fees are charged to participant

accounts. The majority of the investment management fees are reflected as a component of net appreciation (depreciation) in fair value of investments rather than as administrative expenses in the statements of changes in assets available for benefits.

Investment Valuation and Income Recognition - Investments are carried at their fair values based on published quotations or, in the absence of readily ascertainable market values, at such values as the custodian determines. The net appreciation (depreciation) in fair value of investments is determined by the change in market value from the beginning of the year (or date of purchase, if purchased during the year) to the end of the year (or date of sale, if sold during the year). Gains and losses on securities sold or redeemed are determined on the basis of specific identification. Purchases and sales of securities are recorded on a trade-date basis. Interest, dividends and capital gain distributions are recorded as earned.

U.S. GAAP establishes a framework for measuring fair value of financial assets. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. |
| Level 2 | Inputs are not quoted prices in active markets but they are observable either directly or indirectly. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments in mutual funds are valued using quoted prices in an active market (Level 1).

This method may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

The Plan's group annuity contract is reported at contract value, which is the relevant measurement attribute because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 2). Because it is reported at contract value rather than fair value, the group annuity contract is not included in the fair value hierarchy.

There have been no changes in the valuation methodologies at December 31, 2021 or 2020.

Investment Options - Participants may direct their contributions, as well as employer contributions and any related earnings, into various investment options maintained by the custodian. Participants may change their investment options at any time.

Notes Receivable from Participants - The plan administrator may generally authorize a loan to a participant for an amount not to exceed the lesser of 50% of the vested balance of the participant's account or \$50,000, as reduced by the highest outstanding participant loan balance in the prior twelve-month period (however, see CARES Act provisions previously disclosed). Loans must be at least \$1,000 and are secured by the balance in the participant's account. Loans bear interest at the prime rate on the origination date of the loan. At December 31, 2021 and 2020, the interest rate on outstanding loans ranged from 3.25% to 5.25%. Loans are generally required to be repaid over a five-year period in equal installments; however, the term of the loan may be extended if the intended use of the funds is to acquire a principal residence.

Subsequent Events - Management has evaluated subsequent events through October 12, 2022, the date which the financial statements were available to be issued.

2. GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

A portion of the Plan's assets are invested in the Great-West Trust Company, LLC ("Great-West") Key Guaranteed Portfolio Fund, a general account group annuity contract, which the Plan has determined to be fully benefit-responsive with respect to participant-initiated transactions. Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute. Contract value represents contributions made under the contract, plus earnings using the interest crediting rate, less participant withdrawals and administrative expenses. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The average and actual yield earned by the Plan was 0.90% and 1.04% for the years ended December 31, 2021 and 2020, respectively.

Certain events limit the Plan's ability to transact at contract value with Great-West. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The group annuity contract does not permit Great-West to terminate the agreement prior to the scheduled maturity date.

3. INCOME TAX STATUS

The Plan is a prototype plan for which the prototype sponsoring organization obtained a favorable opinion letter as of March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was most recently amended and restated on June 7, 2021 and is designed and continues to be operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. Management believes that there is no liability related to uncertain tax positions at December 31, 2021 or 2020. The Plan is no longer subject to tax examinations for years before December 31, 2018.

4. CERTIFIED FINANCIAL INFORMATION

Great-West, the custodian, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of assets available for benefits, as of December 31, 2021 and 2020.
- Income on investments and notes receivable from participants, as shown in the statements of changes assets available for benefits for the years ended December 31, 2021 and 2020.
- The schedule of assets held for investment purposes as of December 31, 2021, as shown on the accompanying schedule.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan. Any termination of the Plan cannot adversely affect the vested benefits accrued by the participants prior to the date of termination. The participants' interests in the Plan as of the date of the termination become fully vested and nonforfeitable.

6. RELATED PARTIES AND PARTIES-IN-INTEREST

Great-West serves as custodian of the Plan. Additionally, it is the issuer of the Key Guaranteed Portfolio Fund (see Note 2) and, accordingly, is considered a party-in-interest.

Neither the Company nor employees involved in the administration of the Plan receive compensation from the Plan.
