The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the DG Smith Enterprises Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the DG Smith Enterprises Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the DG Smith Enterprises Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the DG Smith Enterprises Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the DG Smith Enterprises Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held (at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion–

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Participants are immediately vested in their voluntary contributions and employer safe harbor matching contributions plus actual earnings thereon. Vesting in the employer profit sharing contributions is based on years of service (year of service equals minimum 1000 hours of service during the plan year which is the calendar year). A participant vests twenty percent after two years of credited service and is one hundred percent vested after six years of credited service.

NOTE 1. DESCRIPTION OF PLAN (continued)

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions in one percent increments into any of the American Funds allowed for the plan (plan transferred all assets to Capital Bank and Trust). The investment choices are all mutual funds (registered investment companies). Participants may change their investments options daily.

Notes Receivable from Participants

Participants may borrow from their funds accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1-5 years. These loans are secured by the balance in the participant's account and bear interest, commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Interest rate is determined when the loans are issued. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or periodic payments over the participant's life expectancy. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or elect to leave it in the plan.

NOTE 2. DATE OF MANAGEMENT'S REVIEW

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 13, 2022, the date the financial statements were available to be issued.

NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses
The Plan sponsor absorbs some of the costs of the Plan's administration including employees and officers of the Company that perform services for the plan at no cost for the plan plus the Company pays the cost of the annual audit required by ERISA and these costs are excluded from these financial statements. Fees related to the administration of the plan along with notes receivable from participants and distributions are charged directly to the participants account and are included in contract administrator fees and other fees. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements ("ASC 820")*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Valuation methodologies used are as follows:

Level 1 Fair Value Measurements

The fair values of common stock, registered investment companies (mutual funds) corporate bonds, and U.S. Government securities are based on quoted market prices.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of:

December 31, 2021

	Level 1	Total
INVESTMENTS		
Total investments valued using the fair value hierarchy	$ 904,980	$ 904,980
Total investments at fair value	$ 904,980	$ 904,980

December 31, 2020

	Level 1	Total
INVESTMENTS		
Total investments valued using the fair value hierarchy	$ 584,666	$ 584,666
Total investments at fair value	$ 584,666	$ 584,666

NOTE 5. CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and investment income for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Capital Bank and Trust for calendar year 2021 and March 1 through December 31, 2020 and Voya Retirement Insurance and Annuity Company (VOYA) January 1, 2020 through February 28, 2020.

	2021	2020
Registered investment companies (mutual funds)	$ 904,980	$ 584,666
Net appreciation of investments	47,077	
Dividends and interest	51,078	

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7. TAX STATUS

The Plan was amended and restated effective January 1, 2021 and obtained its latest determination letter on June 30, 2020 in which the Internal Revenue Service stated that the Volume Submitter Prototype Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan Trustee and Plan Administrator believe the Plan is designed and currently being operating in accordance with all applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and California tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan assets are in pooled separate accounts held by Capital Bank and Trust with investments primarily in American Fund Registered Investment Companies both of which are part of The Capital Group Companies. Capital Bank and Trust is a Trustee and Capital Research and Management Company and American Funds qualify as party-in-interest transactions and provide recordkeeping and administration services to the Plan. The plan transferred the assets to Capital Bank and Trust effective February 28, 2020. Fees paid to investment advisor and third party administrator are also party-in-interest transactions but also qualify as exempt. Fees incurred for the investment management services and asset management are included in net appreciation in fair value of the investment as they are paid through revenue sharing or asset management charge group annuity contract sub account. Capital Bank and Trust and American Funds made the required disclosures regarding indirect compensation and all compensation paid to Capital Bank and Trust and American Funds, registered investment advisors and third party administrator qualifies as exempt transactions.

NOTE 9. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (Continued)

The plan assets for January 1 through February 28, 2020 were in pooled separate accounts held by Voya Retirement Insurance and Annuity Company and accordingly transactions with Voya Retirement Insurance and Annuity Company qualify as party-in-interest transactions according to applicable regulations. Fees paid to investment advisor and third party administrator are also party-in-interest transactions but also qualify as exempt. Fees incurred for the investment management services and asset management are included in net appreciation in fair value of the investment as they are paid through revenue sharing or asset management charge group annuity contract sub account. VOYA has made the required disclosures regarding indirect compensation and all compensation paid to VOYA registered investment advisors and third party administrator qualifies as exempt transactions.

The plan reported paying $330 in direct compensation to American Funds. The third party administrator was paid $465 from the plan for administration and fees charged to participants for and distributions.
