Independent Auditor's Report

To the Profit Sharing Plan Committee of
Lamp Ryneearson, Inc. 401(k) Profit Sharing Plan and Trust
Omaha, Nebraska:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Lamp Ryneearson, Inc. 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate to the best of its knowledge.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 (Schedule 1), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by Seim Johnson, LLP, who joined Eide Bailly LLP on July 25, 2022. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 11, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements December 31, 2021 and 2020

(1) Description of Plan

The following description of the Lamp Rynearson, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all employees of Lamp Rynearson, Inc. (the Employer) who are at least 21 years of age. The Plan Administrator and the Profit Sharing Plan Committee determine the appropriateness of the Plan's investment offerings and monitor investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Eligibility

All employees are eligible to make salary deferral contributions upon attaining age 21. Employees that are 21 or older become eligible for Employer's discretionary profit sharing contributions on the first day of the Plan year or the first day of the 4th, 7th, or 10th month following the completion of one year of service with a minimum of 1,000 hours in twelve consecutive months. An employee must also be employed on the last day of the Plan year to share in any discretionary profit sharing contribution.

C. Contributions

Contributions made to the Plan are as follows:

Participant Contributions – Participants may contribute up to the maximum percentage allowable not to exceed limits of the Internal Revenue Service (IRS) on a before or after tax (Roth) basis. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

Employer's Discretionary Profit Sharing Contributions – Each year, the Employer may make a discretionary profit sharing contribution to the Plan. During the year ended December 31, 2021, the Employer made a \$870,000 profit sharing contribution to the Plan.

All contributions are participant directed.

D. Participant Accounts

Each participant's account is credited with the participant's contributions (including rollovers), and allocations of (a) the Employer's discretionary profit sharing contributions, (b) Plan earnings or losses, and (c) charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Lamp Rynearson, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements December 31, 2021 and 2020

E. *Vesting*

Participants are fully vested in their contributions (including rollovers), plus actual earnings thereon. Vesting in the Employer's contributions to the Plan is according to the following schedule:

<u>Completed Years of Service</u>	<u>Vesting Percentage</u>
Less than three	0%
Three or more	100%

A year of service for vesting is based upon completion of 1,000 hours of service during the Plan year. Participants become 100% vested upon death or total and permanent disability or retirement.

F. *Notes Receivable from Participants*

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Note terms may not exceed five years. However, if the note is for the purchase of a primary residence, the Plan administrator may permit a longer repayment term. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. Notes as of December 31, 2021 bear interest rates between 4.25% and 5.75% and mature between October 2023 and February 2026.

On March 27, 2020 the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to provide emergency assistance for individuals, families, and businesses affected by the coronavirus pandemic. The Plan elected to adopt provisions of the CARES Act allowing eligible participants to request loans of up to \$100,000 or 100% of the participant's vested balance for qualifying coronavirus related reasons and make extended loan repayment periods available through December 31, 2020.

G. *Payment of Benefits*

Upon separation of service, a participant or beneficiary may elect to receive the vested portion of his or her account in a lump sum payment. If the participant's account is less than \$5,000, but greater than \$1,000, upon separation of service, the Plan can automatically roll the account into a qualified individual retirement account. If the participant's account is less than \$1,000, the Plan can automatically cash out the account. Participants who have reached age 59 ½ may take a distribution of his or her vested account balance at any time.

H. *Forfeited Accounts*

Participants leaving employment with the Employer before becoming fully vested forfeit their nonvested interest in Employer's discretionary profit sharing contributions. Forfeitures of the Employer's discretionary profit sharing contributions are allocated to all participants eligible to share in the allocations in proportion to each such participant's compensation for the year. Unallocated forfeiture balances were \$18,738 and \$4,671, as of December 31, 2021 and 2020, respectively. During the year ended December 31, 2021, \$12,253 of forfeitures were reallocated to participant accounts.

Notes to Financial Statements December 31, 2021 and 2020

(2) Summary of Significant Accounting Policies

A. *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. *Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

C. *Investment Valuation and Income Recognition*

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Profit Sharing Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on the Form 5500.

D. *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan agreement.

E. *Payments of Benefits*

Benefits are recorded when paid.

F. *Administrative Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

G. *Subsequent Events*

The Plan Administrator has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

Lamp Rynearson, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements December 31, 2021 and 2020

(3) Information Certified by United of Omaha Life Insurance Company

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from the information provided by United of Omaha Life Insurance Company, the trustee of the Plan, and furnished to the Plan Administrator.

The Plan Administrator has obtained certifications from United of Omaha Life Insurance Company as of December 31, 2021 and 2020 and for the year ended December 31, 2021, that information provided to the Plan Administrator by United of Omaha Life Insurance Company is complete and accurate (to the best of its knowledge). Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following:

	<u>2021</u>	<u>2020</u>
Investments, at fair value -		
Pooled separate accounts *	\$ 28,205,773	25,156,077
Investments, at contract value *	\$ 602,251	1,075,703

** Includes investments that represent a party-in-interest*

United of Omaha Life Insurance Company also certified to the completeness and accuracy of \$3,637,793 of net appreciation in the fair value of investments (including realized gains and losses on investments bought and sold, as well as unrealized gains and losses on investments held during the year), and \$8,696 of interest and dividends related to the aforementioned investments for the year ended December 31, 2021.

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- Level 2 inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Lamp Rynearson, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements December 31, 2021 and 2020

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at fair value as determined by quoted marked prices, which represents the net asset value of shares held by the Plan at year end.

Pooled separate accounts: Valued at fair value based on the net asset value (NAV) of the units held in the account. The NAV, as provided by the custodian is used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of the underlying investments within the account less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 339,647	--	--	339,647
Pooled separate accounts (a)				28,205,773
Total investments, at fair value			\$	28,545,420

	Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 200,740	--	--	200,740
Pooled separate accounts (a)				25,156,077
Total investments, at fair value				\$ 25,356,817

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Lamp Rynearson, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements December 31, 2021 and 2020

(5) Fair Value of Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2021 and 2020:

December 31, 2021				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ <u>28,205,773</u>	--	Daily	None

December 31, 2020				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ <u>25,156,077</u>	--	Daily	None

(6) Group Annuity Contract with United of Omaha Life Insurance Company

The Plan has a fully benefit-responsive guaranteed investment contract with United of Omaha Life Insurance Company totaling \$602,251 and \$1,075,703 at December 31, 2021 and 2020, respectively. United of Omaha Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and the interest earned under the contract to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. There is no contractual minimum rate, but the principal is guaranteed. Such interest rates are reviewed at least once a month for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by United of Omaha Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include any Employer directed withdrawals, which are defined as any withdrawal from the account which does not qualify as a participant directed transfer, annuity purchase withdrawal, clone contract withdrawal or plan benefit withdrawal. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

(7) Tax Status

The Plan has adopted a non-standardized form of a prototype plan. The prototype plan has received an opinion letter from the IRS dated March 31, 2014 as to the prototype plan's qualified status. The prototype plan opinion has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Lamp Rynearson, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements December 31, 2021 and 2020

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

(8) Party-In-Interest Transactions

United of Omaha Life Insurance Company is the trustee of the Plan; therefore, transactions with Mutual of Omaha (an affiliate of the trustee) qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are paid directly by the participants from each participant's account or from forfeited account balances. Fees paid by the Plan to parties-in-interest amounted to \$2,225 for the year ended December 31, 2021.

(9) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

(10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
