INDEPENDENT AUDITOR'S REPORT

To the Trustees

Wilson-McShane Corporation Retirement Income Plan
Bloomington, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Wilson-McShane Corporation Retirement Income Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Wilson-McShane Corporation Retirement Income Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wilson-McShane Corporation Retirement Income Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Wilson-McShane Corporation Retirement Income Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wilson-McShane Corporation Retirement Income Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Other Matter — Supplemental Schedules Required by ERISA (Continued)

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Wilson-McShane Corporation Retirement Income Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WILSON-MCSHANE CORPORATION RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

1. Plan Description and Summary of Significant Accounting Policies

The following description of the Wilson-McShane Corporation Retirement Income Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General Information

The Plan is a defined contribution plan established by Wilson-McShane Corporation (the Company and Plan Administrator) under Section 401(k) of the Internal Revenue Code (IRC) for employees of the Company who meet the Plan's eligibility requirements based on age and eligible service to the Company. Participants of the Plan who receive other contributions under certain collective bargaining agreements do not participate in any contributions made by the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan's operations for the 2020 plan year were amended to adopt the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Contributions

Participants are allowed to make pretax or after-tax (Roth) contributions to the Plan through payroll deductions up to the stated limitations in the IRC. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants who have attained the age of 50 are eligible to make catch up contributions. Each year, the Plan Sponsor may make discretionary employer match or profit sharing contributions to participant accounts. All participant and Plan Sponsor contributions are invested as directed by the participant.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with his or her contribution, the Company matching contribution (only to participants not covered under certain collective bargaining agreements), an allocation of any Company discretionary contributions (only to participants not covered under certain collective bargaining agreements), and an allocation of Plan earnings, and reduced by withdrawals, allocation of expenses, if any, and any allocation of Plan losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

WILSON-MCSHANE CORPORATION RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Plan Description and Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

The Plan does not allow for participants to borrow from their fund accounts.

Vesting

Participants are immediately vested in their contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company matching and discretionary contributions of their accounts plus earnings thereon is based on years of continuous service. Participants begin vesting after two years of service, earn 20% vesting for each additional year of service and become 100% vested after completing six years of service, or upon reaching age 65, upon death, or upon permanent disability.

Forfeited Accounts

Terminated participants forfeit their non-vested balance upon the earlier of the receipt of their vested benefits or after incurring five consecutive one-year breaks in service. Forfeitures are used for paying reasonable Plan expenses, the restoration of participants' forfeitures and reducing the employer's contribution under the Plan. Forfeitures will be restored if a participant is rehired before five one-year breaks in service and repays to the Plan any prior distributions from the Plan. Forfeitures for the years ended December 31, 2021 and 2020 were \$180,109 and \$144,078 respectively. Forfeitures used to pay employer match and profit sharing contributions were \$187,620 and \$154,313 during the years ended December 31, 2021 and 2020, respectively. There were no unallocated forfeitures as of December 31, 2021 and 2020.

Payment of Benefits

Upon termination of employment, death, disability or reaching normal retirement age, participants or their beneficiary(ies) with account balances greater than \$5,000, where applicable, may receive the value of the accrued vested benefit in the form of a lump sum payment, installment or partial payments, or may elect to defer the distribution in accordance with Plan guidelines. Participant balances of \$5,000 or less will be paid out in the form of a lump sum distribution with or without the participant's consent.

The Plan allows for hardship withdrawals from the fully vested portion of the participant's account, including Roth deferral accounts. The Plan also allows for in-service distributions of all contributions if the participant has reached the age of 70 and ½ years old.

Benefit payments are recorded upon distribution to participants.

WILSON-MCSHANE CORPORATION RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Plan Description and Summary of Significant Accounting Policies (Continued)

Payment of Benefits (Continued)

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was signed into law in response to the COVID-19 pandemic.

In accordance with the CARES Act, the Plan allowed participants to take a coronavirus-related distribution from their retirement plan prior to December 31, 2020, of up to \$100,000. These distributions may be repaid to the plan over a three-year period. The Plan also allowed suspension of 2020 required minimum distributions. The Plan was not amended for these changes since it is not required to be amended until the year ended December 31, 2025. Management intends to amend the Plan for this change prior to that date.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

All purchases and sales of securities have been recorded on a trade-date basis. Income is recorded as earned. The increase or decrease in the fair value of investments represents the net difference between the current value of securities held at the beginning of the year or cost of securities purchased during the year and the current value of securities held at the end of the year.

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan. Expenses paid by the Plan are included in the statements of changes in net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants or their beneficiaries are entitled to a distribution of 100% of their account balances in all funds.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Plan Description and Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 14, 2022, the date the financial statements were available to be issued.

2. Certification of Investments

The Trustees of the Plan have appointed Minnesota Life Insurance Company (Minnesota Life) as Custodian of the Plan's assets. Minnesota Life has supplied the plan administrator with certifications as to the completeness and accuracy of total assets of the Plan invested by the custodian aggregating \$58,562,334 and \$50,232,079 as of December 31, 2021 and 2020, respectively, and the related investment income of \$7,143,829 and \$6,238,765 for the years ended December 31, 2021 and 2020, respectively. Such amounts and all related financial data are included in the accompanying financial statements and supplemental schedules based on such certification from Minnesota Life.

Under the terms of the Custodial agreement, the Custodian manages investment funds on behalf of the Plan. The Custodian has been granted discretionary authority concerning the purchases and sales of the investment of the investment funds.

WILSON-MCSHANE CORPORATION RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. Fair Value Measurements

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although not based upon quoted prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

WILSON-MCSHANE CORPORATION RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. Fair Value Measurements

The methods described may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables reflect the Plan's investments within the fair value hierarchy at December 31, 2021 and 2020:

As of December 31, 2021				
Assets Measured at Fair Value	Fair Value Hierarchy Level			
	Level 1	Level 2	Level 3	
Pooled Separate Accounts	\$ 58,562,334	\$ 58,562,334	\$ -	\$ -

As of December 31, 2020				
Assets Measured at Fair Value	Fair Value Hierarchy Level			
	Level 1	Level 2	Level 3	
Pooled Separate Accounts	\$ 50,232,079	\$ 50,232,079	\$ -	\$ -

4. Party-in-interest Transactions

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. The Plan Custodian manages certain Plan investment transactions, and the Plan auditor fees are paid from Plan assets; therefore, the transactions qualify as party-in-interest transactions and are indicated as such on the supplemental Schedule of Assets Held at End of Year. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Additionally, certain employees of the Company provide certain accounting and administrative services to the Plan for which no fee is charged.

5. Plan Tax Status

The prototype plan document utilized by the Plan obtained its latest Internal Revenue Service (IRS) opinion letter on June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States. As of December 31, 2021, the Plan does not believe that it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months.

The Plan's informational returns are subject to examination by the appropriate regulatory authorities as of December 31, 2021, and the Plan's federal informational returns generally remain open for a period of three years.

6. Risk and Uncertainties

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Reportable Transactions – Delinquent Participant Contributions

In 2021, it was determined that \$4,623 of employee deferral contributions and employer match contributions were not remitted to the Plan within the time period prescribed in the Code of Federal Regulations during 2020. These contributions and related lost earnings were remitted to the Plan during 2021.
