Independent Auditors' Report

To the Administrative Committee of the
Sierra Nevada Memorial Hospital 403(B) Savings Plan
Grass Valley, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Sierra Nevada Memorial Hospital 403(B) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Sierra Nevada Memorial Hospital 403(B) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sierra Nevada Memorial Hospital 403(B) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sierra Nevada Memorial Hospital 403(B) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sierra Nevada Memorial Hospital 403(B) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sierra Nevada Memorial Hospital 403(B) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial

statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company and Lincoln National Life Insurance Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2020, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following description of the Sierra Nevada Memorial Hospital 403(B) Savings Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General

Sierra Nevada Memorial-Miners Hospitals, Inc. (the Sponsor) established the Plan effective September 15, 1989. The Plan is a 403(b) tax deferred plan covering employees of certain Sponsor-affiliated entities. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was restated and amended at various dates through December 31, 2020 to comply with applicable laws and regulations.

Plan Administration

The Sponsor is the plan administrator and is responsible for day-to-day operations of the Plan. Lincoln National Life Insurance Company (Lincoln) is the custodian and recordkeeper of the Plan's Multi-Fund platform of investments (the MF Platform). Fidelity Management Trust Company (Fidelity) is the custodian and recordkeeper of the Plan's Alliance platform of investments (the Alliance Platform). Lincoln and Fidelity invest cash received, interest, and dividend income, and make distributions to participants. Lincoln and Fidelity also administer the payments of interest and principal on the notes receivable from participants.

Eligibility and Contributions

All employees who are not eligible for other retirement plans sponsored by the Sponsor and who are employed by the Sponsor are eligible to participate in the Plan upon their hire date. In order to be eligible to receive employer matching contributions, employees must be in a benefited position, have completed two years of service and have reached 18 years of age.

Employees can enroll into the Plan on the first day of the payroll period, provided they agree to defer at least \$200 annually. Participants may elect to defer different amounts, subject to certain limitations under the IRC, by completing an elective deferral agreement. Plan participants over age 50 may defer additional catch-up contributions, subject to the IRC limitations. Participants may also contribute amounts representing distributions from other qualified plans.

The Sponsor makes matching contributions to eligible employees at 100% of elective deferrals subject to limits applied per payroll period.

**SIERRA NEVADA MEMORIAL HOSPITAL
403(B) SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION – CONTINUED

Eligibility and Contributions – Continued

Sponsor matching contribution limits are based on the number of years each employee has participated in the Plan as described in the following table:

<u>Years participating in the Plan</u>	<u>Limit on Deferrals Matched</u>
Less than 2 years	no match given
More than 2 years but less than 6 years	5%
More than 6 years but less than 7 years	6%
More than 7 years but less than 8 years	7%
More than 8 years but less than 9 years	8%
More than 9 years but less than 10 years	9%
More than 10 years	10%

Vesting

Participants are 100% vested in their salary deferral contributions, rollover contributions, and employer contributions, plus actual earnings thereon.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan and may change their investment elections at any time directly through Lincoln and Fidelity. The Plan offers a combination of fixed and variable investment options held with Lincoln and Fidelity.

On October 1, 2015, the investment options for which participants may direct their contributions changed from the MF Platform to the Alliance platform. Participants may keep funds currently invested in the MF Platform, but contributions and transfers subsequent to October 1, 2015 may only be directed to the Alliance Platform.

Under the Alliance Platform, the variable investment options are made available through mutual funds registered with the Securities and Exchange Commission (SEC). Under the MF Platform, variable investment options are made available through Lincoln's separate accounts with underlying investments in mutual funds registered with the SEC.

Fixed investment options under both platforms are guaranteed against loss of principal, less withdrawals, charges, and adjustments. These accounts are invested in accordance with applicable state regulations and guaranteed to earn at least a minimum rate of interest, as provided in the respective contracts. The interest is credited daily and declared on a quarterly basis.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION – CONTINUED

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions (including those rolled over from another qualifying plan) and allocations of Sponsor matching contributions, if any, and Plan earnings, and charged with withdrawals, allocations of Plan losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

The Plan has no forfeitures because all accounts are 100% vested at all times.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may receive a lump-sum distribution or annuity payments of the participant's vested account balance. As of December 31, 2021 and 2020, there were no benefits payable to participants that have elected to withdraw from the Plan but have not yet been paid. Participants should refer to their Plan agreement for more information.

Notes Receivable from Participants

Participants are permitted to borrow from their fund accounts as defined by the Plan agreement, subject to certain limitations. Generally, notes receivable are repaid on an installment basis over a period not to exceed five years, except in the case where the loan is used to acquire a principal residence. All notes receivable are adequately secured by the participant's account balance and bear interest as defined by the Plan agreement.

Administrative and Investment Management Expenses

Loan origination fees associated with notes receivable from participants and the Plan's recordkeeping and trustee/custodian fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All other expenses of the Plan are paid by the Sponsor.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements, and the reported amounts of additions and deductions during the reporting period. The most important of these estimates and assumptions relate to fair value measurements of the Plan's investments. These and other estimates and assumptions are based on the best available information but actual results could be materially different from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak of novel coronavirus disease (COVID-19) as a pandemic. In response to the COVID-19 pandemic, the U.S. Congress enacted the Coronavirus Aid, Relief and Economic Security Act (CARES Act) on March 27, 2020, which among other things, includes provisions that impacted retirement plan rules for 2020. As provided in the CARES Act, the plan administrator has elected to allow qualified individuals impacted by the virus to withdraw up to \$100,000 from their retirement accounts without penalty, regardless of their age. The extent to which the COVID-19 pandemic may materially impact the Plan's investment values in subsequent periods still remains highly uncertain.

Valuation of Investments

All assets of the Plan are stated at fair value with the exception of fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts are reported at contract value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less plan withdrawals and administrative expenses.

**SIERRA NEVADA MEMORIAL HOSPITAL
403(B) SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Valuation of Investments – Continued

Plan assets invested in mutual funds are stated at aggregate fair value based upon quoted market prices.

Plan assets invested in separate accounts are valued by Lincoln at fair value, which is determined based on the fair value of the underlying mutual funds. Separate accounts have the characteristics of a structure similar to a mutual fund; therefore, as clarified by Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2015-10, *Technical Corrections and Improvements*, its value is considered readily determinable as each account publishes a daily price at the end of each day. As such, the investments in separate accounts are classified in Level 2 of the fair value hierarchy.

Investment Contract with Insurance Company – the MF Platform

Under the MF platform, the Plan has entered into a fully benefit-responsive investment contract with Lincoln through the Fixed Account, which is part of Lincoln's General Account and is reported at contract value. The Fixed Account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The terms of the investment contract require all permitted participant-initiated transactions with the Plan to occur at contract value with no conditions, limits, or restrictions.

The investment contract issuer guarantees the principal and a minimum rate of return. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and is reviewed from time to time, as determined by the contract.

Certain events, such as market value adjustment and surrender charges, could limit the ability of the Plan to transact at contract value. However, the plan administrator does not believe that any of the events that may limit the ability of the Plan to transact at contract value are probable.

Stable Value Fund – the Alliance Platform

Under the Alliance platform, the Plan has entered into a fully benefit-responsive investment contract with Lincoln through the Stable Value Fund. Lincoln maintains the contributions in its general account. The contract guarantees a minimum crediting interest rate of 1.00% for all years. The interest crediting rate is updated quarterly based upon contract provisions. Lincoln's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balances at contract value. Thus, the investment contract is considered fully benefit-responsive, as defined by GAAP.

**SIERRA NEVADA MEMORIAL HOSPITAL
403(B) SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Stable Value Fund – the Alliance Platform - Continued

The contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include termination of the contract by the Sponsor, as well as circumstances under which the issuer may terminate the contract. Examples of circumstances which would allow the issuer to terminate the contract include the balance of the contract falling below minimum specified levels, lack of deposit activity into the contract, the Plan's loss of its qualified status, uncured material breaches of responsibilities, the issuer discontinuing offering this contract to the public, Sponsor termination of the recordkeeping agreement or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Sponsor could request the market value payment option, which could result in payments to the participants at less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

Fixed-Interest Option – the Alliance Platform

The Plan entered into an investment contract with The Variable Annuity Life Insurance Company (VALIC), now known as AIG Retirement Services, through its Fixed-Interest Option (the Fund), which is a fully benefit responsive investment contract and is reported at contract value. The Fund is a group annuity contract managed by VALIC that invests in the general account assets of VALIC and offers guaranteed crediting rates specified in advance of participant investments. The VALIC general account invests in a diversified portfolio of bonds, mortgages, cash and short-term investments, equity-related investments, and policy loans. Unit price, yield, and return will vary.

The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses as allowed by the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Recognition of Income

Sales and purchases are accounted for on a trade date basis, and interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Change in Fair Value of Investments

Net change in fair value of investments includes realized and unrealized gains and losses on investments bought and sold or held during the year.

**SIERRA NEVADA MEMORIAL HOSPITAL
403(B) SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Recent Accounting Pronouncements

In the normal course of business, the Plan evaluates all new accounting pronouncements to determine the potential impact they may have on its financial statements. Based upon this review, the Plan does not expect any of the recently issued accounting pronouncements, which have not already been adopted by the Plan, to have a material impact on its financial statements.

Subsequent Events

Effective April 1, 2022, the Plan was amended to merge into the CommonSpirit Health ERISA 403(b) Plan. No other subsequent events through the report issuance date that require recognition or disclosure in these financial statements were identified.

NOTE 3 - TAX STATUS

403(b) plans currently are not required to submit plans to the Internal Revenue Service (IRS) for determination. However, the Plan is required to operate in accordance with the IRC to maintain its tax-exempt qualification. The plan administrator believes that during 2021, the Plan was designed and operated in accordance with applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In accordance with GAAP, the Plan management is required to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken. As a result, the Plan has recognized no interest or penalties related to uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - PLAN AMENDMENT AND TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan document to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA.

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians of the Plan have certified to the completeness and accuracy of investments (see table below) reflected in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, as well as the related investment activity reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three levels, with the highest priority given to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority given to unobservable inputs (Level 3). The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one level to another. In such instances, the transfer is reported at the end of the reporting period. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020 to value the Plan's assets at fair value, and there were no significant transfers in or out of Levels 1, 2, or 3.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis:

Fair Value Measurement at December 31, 2021				
		Using Input Type		
	Level 1	Level 2	Level 3	Total
