The CARES Act provides various forms of optional relief to the Company and participants of retirement plans.

a. General

The Plan is a defined contribution plan covering eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective March 18, 2020, Plan assets are held by Reliance Trust Company, the Custodian of the Plan, who invests cash received and income from investments based on instructions from the participants and makes distributions to participants. J.P. Morgan Chase, the Recordkeeper, maintains and administers participants accounts. Through March 18, 2020, Capital Bank & Trust Company held the Plan's assets, with the exception of the self-directed brokerage accounts, which were held by Charles Schwab Institutional Services.

The Plan's Board of Directors is responsible for the oversight of the Plan, and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

b. Contributions

Each year, participants may contribute a percentage or a fixed dollar amount of their pre-tax annual compensation to the Plan subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). In addition, participants may contribute after-tax Roth elective deferral contributions to the Plan. Contributions are subject to certain limitations as defined by the Plan and the IRC. The maximum participant deferral was $19,500 and $19,000 for the years ended December 31, 2020 and 2019, respectively. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions, up to a maximum of $6,500 and $6,000 for the years ended December 31, 2020 and 2019, respectively. Participants may also contribute rollover amounts representing distributions from other qualified plans.

Company matching contributions are at the discretion of the Company's Board of Directors. The Company may make a discretionary matching contribution of the participant's elective deferral to the extent the deferral does not exceed specified percentages, based on years of service. The Company did not make a discretionary matching contribution during the years ended December 31, 2020 and 2019.

Note 1 - Description of the Plan - Continued

b. Contributions - Continued

Company profit-sharing contributions are at the discretion of the Company's Board of Directors. The Company may make a discretionary profit-sharing contribution based on the compensation of participants eligible to receive the profit-sharing contribution. The Company did not elect to make discretionary profit-sharing contributions for the years ended December 31, 2020 and 2019.

Effective January 18, 2016, union participants employed as of the effective date and whose employment is covered by a collective bargaining agreement, are eligible to receive an employer contribution equal to $3.95 per shift. Employer contributions related to this collective bargaining agreement totaled $2,058 and $5,257 for the years ended December 31, 2020 and 2019, respectively.

Participants direct the investment of their contributions into various investment options offered by the Plan.

c. Plan Eligibility

Employees are eligible to participate in the Plan after completing three consecutive months of service from the date of employment and attaining the age of 21. Employees can participate in the Plan on the first day of the month coinciding with or next following the date the eligibility requirements are met. Employees must complete one year of service to be eligible for the Company's discretionary profit-sharing and matching contributions. To share in the allocation of the Company contributions, if any, employees must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year.

d. Participant Accounts

Each participant's account is credited with the participant's contributions, as well as the Company's discretionary matching contribution and discretionary profit-sharing contributions, if any, Company contributions pursuant to collective bargaining agreements, and Plan earnings. Participant accounts are charged with an allocation of administrative and investment expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are 100% vested immediately in their elective deferral amounts, Company contributions pursuant to collective bargaining agreements, and rollover contributions, plus actual earnings thereon.

Vesting in the Company's discretionary matching and profit-sharing contributions is based on years of continuous service. A participant is 100% vested upon: (1) disability; (2) death; (3) attaining normal retirement at age 65; or (4) termination of the Plan. If a participant's employment with the Company is terminated before age 65 for any reason other than disability or death, the participant shall be entitled to an amount equal to the "vested percentage" of his or her account balance. A participant shall have a vested and nonforfeitable interest in the employer's discretionary matching and profit-sharing contribution portion of his or her account balance determined by the number of years of credited service as follows:

Note 1 - Description of the Plan - Continued

e. Vesting - Continued

Years of Credited Service	Vesting %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

f. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance, whichever is less. This amount is further limited by the total balance outstanding on notes receivable previously issued under all plans offered by the Company. The loans are secured by the vested balance in the participant's account. Interest is charged at a rate equal to two percentage points above the prime rate. Principal and interest are paid ratably through regular payroll deductions. In general, loans must be repaid within five years.

Under the relief provisions of the CARES Act, plan sponsors could allow qualified individuals (as defined in the CARES Act) to take loans up to the lesser of $100,000 or 100% of their vested account balance between March 27, 2020 and September 22, 2020. In addition, for loans outstanding as of March 27, 2020, plan sponsors could allow qualified individuals to delay loan repayments due between March 27, 2020 and December 31, 2020 for up to one year.

g. Payment of Benefits

On termination of service due to disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments to satisfy the requirement minimum distribution amount prescribed by the Internal Revenue Service (IRS) or defer distribution until a later date. Upon termination of service due to death, beneficiaries will receive a lump-sum payment. If the vested portion of a participant's account balance is less than $5,000 but greater than $1,000, the amount will be automatically rolled over to an Individual Retirement Account (IRA) for their benefit as soon as possible following termination, retirement, disability, or to the beneficiary following death. If the vested portion of a participant's account balance is $1,000 or less, this amount will be paid as a lump-sum distribution as soon as possible following termination, retirement, disability, or to the beneficiary following death.

A participant who is still active may take a financial hardship distribution, subject to the provisions of the Plan. In-service distributions may also be made to participants who have attained age 59½, subject to the provisions of the Plan.

Under the relief provisions of the CARES Act, Plan sponsors could allow participants to take up to a $100,000 distribution from a qualified retirement plan through December 31, 2020, if the participant met certain requirements as defined in the CARES Act.

Note 1 - Description of the Plan - Continued

h. Forfeited Accounts

The nonvested portion of terminated participants' accounts, as defined by the Plan, represents a forfeiture. Forfeitures are used to reduce Company contributions or pay Plan expenses. There were no forfeitures used during the years ended December 31 2020 and 2019. As of December 31, 2020 and 2019, unallocated forfeitures totaled $6,157 and $4,038, respectively.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

b. Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and Custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses have been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

e. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Note 2 - Summary of Significant Accounting Policies - Continued

f. Payment of Benefits

Benefits are recorded when paid.

g. Administrative Expenses

Certain administrative expenses of the Plan, including custodial, third-party administration fees, professional fees for audit services, and bond costs are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

h. Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure through October 12, 2022, the date the financial statements were available to be issued.

Note 3 - Information Certified and Provided By One of the Plan's Custodians (Unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company (current Custodian) and Capital Bank and Trust Company (former custodian), that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

	December 31,	
	2020	2019
Investments, at fair value		
Mutual funds	$ 7,015,869	$ 7,002,884
Short-term investments	-	452,285
Notes receivable from participants	98,264	69,872
Investment income		
Net appreciation in fair value of investments	529,985	998,253
Interest and dividends	354,885	326,011
Interest income on notes receivable from participants	8,686	5,284

Note 4 - Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3).

Note 4 - Investments and Fair Value Measurements - Continued

The following three levels of inputs may be used to measure fair value:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2020 and 2019:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Accounts consist of cash, held for investment, mutual funds, and common stock. Mutual funds are valued as described above. Common stock is valued on the basis of readily determinable market prices.

Money Market Funds: Valued at cost, which approximates fair value.

The following tables set forth by level within the fair value hierarchy, the Plan's assets measured at fair value:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,015,869	$ -	$ -	$ 7,015,869
Self-directed brokerage accounts	138	-	-	138
	$ 7,016,007	$ -	$ -	$ 7,016,007

See Independent Auditor's Report.

Note 4 - Investments and Fair Value Measurements - Continued

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,002,884	$ -	$ -	$ 7,002,884
Self-directed brokerage accounts	336,896	-	-	336,896
Money market funds	452,285	-	-	452,285
	$ 7,792,065	$ -	$ -	$ 7,792,065

Note 5 - Related Party Transactions and Party-In-Interest Transactions

The Company paid for certain administrative expenses on behalf of the Plan totaling $12,977 and $13,479 for the years ended December 31, 2020 and 2019, respectively. Certain administrative functions are performed by employees of the Company who do not receive compensation for such functions.

Certain Plan investment options are managed by J.P. Morgan Chase, the Recordkeeper of the Plan, and Charles Schwab Institutional Services, a former custodian of the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, participants will become 100% vested in their accounts.

Note 7 - Tax Status

The IRS has issued an opinion letter dated March 31, 2014, that the Prototype Standardized Profit Sharing Plan with CODA adopted by the Plan and related trust constitutes a qualified plan under Section 401(a) of the IRC and is, therefore, exempt from Federal taxes under the provisions of Section 501(a).

The Plan's management evaluates tax positions taken by the Plan and recognizes a tax liability or asset if an uncertain tax position was taken and it is more-likely-than-not that the tax position would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Market risks include global events which could impact the value of investments, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Non-Exempt Party-In-Interest Transactions

During 2020, the Plan sponsor failed to deposit a total of $109,943 of participant contributions within the required timeframe as stated by the United States Department of Labor regulations. The Company anticipates correcting the 2020 deposit failure in October 2022. Participant accounts will be credited the amount of the investment income that would have been earned had the participant contributions been remitted on a timely basis. The corrections will be made from the Company's assets.
