Plan Administrator
403(b) Thrift Plan of Kanawha Hospice Care, Inc.
Charleston, West Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of 403(b) Thrift Plan of Kanawha Hospice Care, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, and Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan and Significant Accounting Policies

The following description of the 403(b) Thrift Plan of Kanawha Hospice Care, Inc. (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan, which was adopted November 1, 1993, and last amended September 1, 2020 to further liberalize participation start dates for deferrals and employer contributions. The plan was also amended during 2020 to implement hardship distribution provisions of the Bipartisan Budget Act of 2018. All employees are eligible to receive employer contributions once they attain one year of service (at least 1,000 hours) and are 21 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan administration: A member of the Plan Sponsor has been designated as the Plan Administrator and as such is responsible for providing participants with information regarding rights and benefits under the Plan.

Contributions: Participants may make salary reduction contributions, including designated Roth contributions, to the Plan by electing to defer a percentage of salary from 1% to 100%, subject to limits established in the Internal Revenue Code. The Plan also permits participants to make catch up contributions at age 50. The Company matches participant contributions equal to the lesser of 100% of the salary reduction amount or 2% of participant total compensation. The Company also makes a base contribution equal to 3% of each participant's total compensation. Forfeitures of employer matching and base contributions are used to reduce future employer matching and base contributions and may be used to pay certain plan expenses. The plan includes an automatic enrollment deferral feature. Unless the participant elects otherwise, a participant will be enrolled in the Plan at a deferral rate of 2% effective the participant's employment date. In addition, the Plan accepts rollover contributions from other eligible retirement plans.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: Each Plan participant has the right to direct all employee deferrals and employer contributions and earnings of their account among the various accounts provided under the Plan. Participants may transfer funds between investment options at any time. Participants should refer to the most recent annual report of each investment option for information on risk factors, asset concentrations, use of derivative financial instruments and other financial data.

Vesting: Participants are 100% vested in employee contributions plus actual earnings thereon. Vesting in the base and matching employer contributions portion of their accounts plus earnings thereon is based on years of credited service as follows:

- After 2 years of service - 20% vesting
- After 3 years of service - 50% vesting
- After 4 years of service - 75% vesting
- After 5 years of service - 100% vesting

Forfeitures: Forfeitures are applied to reduce future employer contributions. As of December 31, 2021 and 2020, the balance of unallocated forfeitures was \$0. Forfeitures totaling \$14,828 and \$12,207 were applied to reduce employer contributions for 2021 and 2020, respectively.

NOTES TO FINANCIAL STATEMENTS

Payment of benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested account balance in either a lump-sum amount or various forms of annuity. Participants meeting specified criteria may also receive in-service and hardship distributions. Participants with a vested account balance less than \$1,000 will receive an immediate, lump sum cash distribution.

Under the Coronavirus, Aid, Relief, and Economic Security (CARES) Act, qualified participants of the Plan were able to receive coronavirus-related distributions up to \$100,000 through December 31, 2020, that are exempt from the 10% early withdrawal tax and for which the income tax is deferred over a three-year period. Additionally, under the CARES Act, the participant could repay the distribution over a three-year period without incurring any additional income tax burden. The Plan has paid coronavirus-related distributions to qualified participants in the amount of \$124,307 through December 31, 2020. It is unknown as to whether or not any of these distributions will be repaid to the Plan.

Significant Accounting Policies:

Basis of accounting: The accounting records of the Plan are maintained and these financial statements are presented, on a modified cash basis of accounting, a practice permitted by the United States Department of Labor. Accordingly, with the exception of appreciation or (depreciation) in the fair value of investments and the recording of contributions receivable and contributions payable, income and expense items are recognized only as cash is received or paid. Therefore, certain receivables, certain payables and accrued expenses and deferred expenses, which would be recognized under accounting principles generally accepted in the United States of America, and general practices within the employee benefit plan industry, and which may be material in amount, are not recognized in the accompanying financial statements. Accordingly, the accompanying financial statements are not intended to present net assets or changes in net assets in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect assets and changes therein. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Pooled separate accounts

Pooled separate accounts are stated at fair value using the separate accounts' net asset value per unit which is used as a practical expedient for fair value. The value of a unit in a pooled separate account is the fair market value of investments in the account as of the valuation date, plus cash balances and accruals less accounts payable, expenses, and taxes that are allocable to the account, divided by the number of outstanding participation units in the account. The underlying securities held in the pooled separate accounts are valued based on quoted market prices. If there is no readily available market value for a particular security, the investment manager will determine the fair market value of such investment in accordance with accepted practices and applicable laws and regulations. As of any date, the value of the Plan's share of a separate account will equal the number of participation units held by the Plan multiplied by the participation unit value.

The Plan does not require collateral to secure investment instruments.

Investment income is recorded net of investment expenses charged by each of the Plan's respective investment options. Participants should refer to the latest prospectus or annual report for additional information related to investment return and fee assessments for each of the Plan's investment options.

NOTES TO FINANCIAL STATEMENTS

Benefits: Benefits are charged to the Plan when paid.

Significant New Authoritative Accounting Guidance: On October 29, 2020, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2020-10, Codification Improvements, which affects a wide variety of Topics in the Codification. The amendments apply to all reporting entities within the scope of the affected accounting guidance. More specifically, this ASU, among other things, contains amendments that improve the consistency of the Codification by including all disclosure guidance in the appropriate Disclosure Section (Section 50). Many of the amendments arose because the FASB provided an option to give certain information either on the face of the financial statements or in the notes to financial statements and that option only was included in the Other Presentation Matters Section (Section 45) of the Codification. The option to disclose information in the notes to financial statements should have been codified in the Disclosure Section as well as the Other Presentation Matters Section (or other Section of the Codification in which the option to disclose in the notes to financial statements appears). Those amendments are not expected to change current practice. The amendments of ASU 2020-10 are effective for annual periods beginning after December 15, 2020, for public business entities. For all other entities, the amendments are effective for annual periods beginning after December 15, 2021, and interim periods within annual periods beginning after December 15, 2022. Early application of the amendments is permitted for and varies based on the entity. The amendments should be applied retrospectively and at the beginning of the period that includes the adoption date.

On June 30, 2022, the FASB issued ASU 2022-03, *Fair Value Measurement (Topic 820): Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions*. The amendments of this update clarify that a contractual restriction on the sale of an equity security is not considered part of the unit of account of the equity security and, therefore, is not considered in measuring fair value. This ASU is effective for public business entities for fiscal years, including interim periods within those fiscal years, beginning after December 15, 2023. Early adoption is permitted. For all other entities, it is effective for fiscal years, including interim periods within those fiscal years, beginning after December 15, 2024. Early adoption is permitted for both interim and annual financial statements that have not yet been issued or made available for issuance.

Plan management has concluded that the adoption of these new accounting and financial reporting standards should not have a material impact on the Plan's financial statements.

Subsequent events: The Plan has evaluated subsequent events through October 11, 2022, the date the financial statements were available to be issued.

Note 2. Income Tax Status

Management of the Plan has adopted the Mutual of America Life Insurance Company Prototype Non-standardized 403(b) Plan. Mutual of America Life Insurance Company, Inc. has received a determination letter dated March 31, 2017 that the prototype plan and related amendments qualify as tax exempt under Internal Revenue Code Section 403(b). An employer who has adopted a prototype plan will also be considered to have a plan qualified under Section 403(b) provided all of the terms of the Plan are followed, and the eligibility requirements and contribution or benefit provisions are not more favorable for highly compensated employees than other employees. The Plan has been amended since the date of the determination letter; however, the Plan Administrator believes that the 403(b) Thrift Plan of Kanawha Hospice Care, Inc., has been operating in compliance with the aforementioned prototype plan and applicable provisions of the Internal Revenue Code.

NOTES TO FINANCIAL STATEMENTS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2018.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participant accounts will become fully vested and non-forfeitable.

Note 4. Assets Certified

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Mutual of America Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, and the supplemental Schedule H, Line 4(i) - schedule of assets (held at end of year) as of December 31, 2021, and the related investment activity reported in the statement of changes in net assets available for benefits for the fiscal year ended December 31, 2021 and 2020.

Note 5. Investment Contract with Insurance Company

Assets of the Plan are held under a group variable accumulation annuity contract with Mutual of America Life Insurance Company (Mutual of America). Participants may allocate their account values to the Interest Accumulation Account, a fully benefit-responsive investment contract, or to any of the funds of Mutual of America Separate Account No. 2.

Amounts allocated to the Interest Accumulation Account become part of the general assets of Mutual of America which are available to support insurance and annuity obligations of all of Mutual of America's lines of business as well as its routine business activities. All amounts accumulated are guaranteed by Mutual of America and are generally payable in full upon the participant's request, subject to Plan provisions, but assets of the General Account are subject to the claims of the general creditors of Mutual of America.

Interest is credited to deposits held in the Interest Accumulation Account at rates determined by Mutual of America (1.00 percent for both years ended December 31, 2021 and 2020).

Participants may generally execute transactions at contract value, subject to plan provisions, and there is no market value adjustment or withdrawal charge upon discontinuance of the contract. Mutual of America reserves the right to defer payment of a total withdrawal in connection with the termination of the contract for up to six months.

The Mutual of America Separate Account No. 2 (Separate Account) is registered with the SEC as a unit investment trust under the Investment Company Act of 1940. However, the SEC does not supervise the management or investment practices or policies of the Separate Account. The Separate Account is divided into distinct Funds. Each Fund invests its assets in an underlying fund, and the name of each Separate Account Fund reflects the name of the corresponding underlying fund. The assets of the Separate Account are the property of Mutual of America, however, assets attributable to participants' account values cannot be charged with liabilities from other businesses that it conducts.

NOTES TO FINANCIAL STATEMENTS

Note 6. Fair Value Measurements

Accounting Standards Codification Topic 820 “Fair Value Measurements and Disclosure” (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Restrictions may be imposed at the request of the fund company of an underlying fund as outlined in their prospectus.

It is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements, and the economic environment may significantly affect the net asset value of the pooled separate accounts and, consequently, the fair value of the Plan’s investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

403(b) THRIFT PLAN OF KANAWHA HOSPICE CARE, INC.**NOTES TO FINANCIAL STATEMENTS**

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts measured at net asset value (a)	\$ -	\$ -	\$ -	\$ 18,115,305

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts measured at net asset value (a)	\$ -	\$ -	\$ -	\$ 15,048,409

(a) Certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The net asset value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 7. Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor's Rules and Regulations (DOL) as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Administrative expenses for legal, accounting and other professional services are paid directly by the Plan Sponsor and are not charged to the Plan. Certain administrative functions are performed by officers or employees of the Plan Sponsor at no cost to the Plan. Administrative fees attributable to Mutual of America Life Insurance Company are withdrawal fees allocated to the participant. Fees for the years ended December 31, 2021 and 2020 were \$3,086 and \$1,769, respectively.

Mutual of America issues plan loans to participants in the Plan. Plan loans are issued directly from funds owned by Mutual of America and not directly from participant accounts. A portion of the participant's account is held as collateral to cover 120% of the outstanding loan in case of default. Plan loans are not assets of the Plan. Outstanding plan loans at December 31, 2021 and 2020 approximated \$273,280 and \$365,640, respectively.

The CARES Act, permitted suspension of loan repayments for new and existing Plan loans for a period of up to one year and for extension of the term of the loan for a period of up to one year without violating the maximum five year term for qualified individuals during the year ended December 31, 2020. Plan management did not alter the repayment terms of any loans to participants as permitted by the CARES Act during the year ended December 31, 2020.

Plan investments include deposits in the General Account of Mutual of America Life Insurance Company, the custodian, and various separate account funds managed by Mutual of America Investment Corporation, an entity affiliated with the custodian.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

The outbreak of the novel strain of coronavirus, COVID-19 which originated in Wuhan, China, in December of 2019 and has since spread globally, has been adversely affecting global populations, economies, and financial markets. The governments of many countries, states, municipalities, and other geographic regions continue to monitor the advancement of the virus and manage preventative or protective actions in order to minimize the socioeconomic impact of the pandemic. The ultimate impact on the Plan's net assets available for benefits and changes in net assets available for benefits continues to be affected by the continuing responses of the financial markets to the successes and failures of the socioeconomic policies enacted by all levels of governments to manage the societal and economic effects of the pandemic.
